

# 6,000 Expected for Fall Term

## Kansas State Collegian

VOLUME LXII Kansas State College, Manhattan, Kansas, Thursday, September 15, 1955 NUMBER 1

### Got a Match?

## Faculty Senate Lights Way For Kansas State Smokers

An age-old rule at Kansas State was thrown out yesterday when President McCain approved smoking in offices of campus buildings. His action became effective immediately.

The President's action came after the Faculty Senate voted Tuesday afternoon to recommend to the President that smoking be permitted in offices and other designated areas to be determined by McCain.

The President immediately accepted the Senate's recommendations and then declared that persons may smoke in offices at the present. As soon as a set of regulations can be set up, smoking will be permitted in other designated areas.

Before issuing a formal announcement of approved areas, McCain will confer with representatives of the student body and the administrative staff.

It is expected that the regulations governing smoking on campus will be announced soon.

McCain said that smoking will be prohibited in classrooms and laboratories and other places where smoking would create a fire hazard, create unsightliness and interfere with efficiency.

Smoking was taboo on the K-State campus until the mid-1940's. Smoking had been forbidden in campus buildings, with a few exceptions, until the President's decision. The exceptions were the residence halls, the Student hospital, the Military Science building, the Cafeteria, and the temporary Student Union.

## Staff Positions Open On Collegian, RP

All students interested in working on the editorial or business staffs of the Collegian or Royal Purple should apply in Kedzie hall or call extension 283.

Prospective staff members should report to one of the following: Gary Swanson, Collegian editor; Darrel Miller, associate editor; Janet Myer, Collegian business manager; Sam Logan, Royal Purple editor; or Peggy Howard, Royal Purple business manager.

One hour of college credit is given for work on these publications.

**WASTING NO TIME** exercising their new privilege of smoking in offices are (left to right) Don Brinkman, Ag Jr, Wally Dietz, EE Fr, Henry Kramer, ME Soph, and Vernon Meinert, ME Fr. Each is doing his best to blow the biggest smoke ring.

## PO Boxes May Be Rented Now

All persons who intend to rent a box at the College post office should apply for one as soon as possible, according to the College post office.

This will insure that these persons' box numbers will appear in the Student Directory.

## Saturday Night Jamboree In Aggieville

More than \$700 in cash and prizes will be given away Saturday evening at the third annual Aggieville Jamboree, according to Bob McCool, Jamboree planning board member.

Paul Dooley, also on the board, said prizes consist of from one to twenty-five dollar prizes, depending upon the store in which the prize was won.

Sponsored by the Aggieville Merchants, the dance will begin at 7:30 Saturday evening and will continue until 11:00. Matt Betton's orchestra will play for the college approved affair.

## Sondra Tate in Finals Of Grid Queen Contest

Sondra Tate, Art Soph from Wichita, is spending this week in California competing in the Miss Football contest sponsored by the Berkeley junior chamber of commerce.

Miss Tate, one of last year's Homecoming attendants, was selected to represent this area by the Student Council last spring. Ten other coeds from across the nation are competing against her for this nationwide title.

Sondra's week began Sunday with a two-day tour of Los Angeles, including visits to Warner Brothers Studios and Disneyland, dinners, and a swimming party.

She flew to Oakland, Tuesday, and participated in a car parade through Oakland, Berkeley, and Albany. On Wednesday the contestants visited places of interest in San Francisco with a two-hour tour of San Francisco Bay.

Presentation of the queen is tonight at the Coronation Ball by a surprise film guest. Personality and beauty of the contestants while in California will determine the final selection.

## 5,838 Staters Enroll; 170 More Expected

Enrollment at K-State is expected to reach the 6,000 mark for the first time since 1949, according to E. M. Gerritz, registrar and director of admissions.

This is an 11 per cent increase over the 5,385 students who enrolled for the fall semester last year.

At the close of the regular registration period yesterday afternoon, 5,838 students had enrolled, an increase of 622 over the 5,216 students registered at the same time a year ago. Last year there were 169 late enrollees, and a similar amount of late enrollees is expected this fall. This would push the total enrollment above 6,000.

Not since the four years following World War II have more than 6,000 students enrolled. This year's enrollment should be the highest since the fall semester of 1950 when 5,900 students enrolled. K-State's highest enrollment was attained in the fall semester of 1948 when 7,430 students enrolled.

Second-semester enrollment in 1954-1955 was 5,113. On the basis of this, early estimates had been that some 5,650 students would enroll for the fall semester.

At least 300 more students than anticipated will enroll for the fall semester, Gerritz said.

"We are approximately two years ahead of the expected rate of increase in enrollment at K-State," President McCain said. "We are enrolling this fall nearly the number of students we were expecting for the fall of 1957."

A substantial increase this semester is in the number of upper class students, Gerritz said. This is due particularly to larger-than-anticipated numbers of transfer students and returning veterans.

The number of freshmen students also is up, partly because greater numbers of high school graduates are going on to college each year, Gerritz said.

This is the fifth consecutive year that enrollment has climbed at K-State, he said.

## Kappa, Farm House Top Greek Grades

Kappa Kappa Gamma sorority and Farm House fraternity topped the Greek houses in scholarship during the spring semester, according to figures released by E. M. Gerritz, director of admissions and registrar.

The Kappas led the sororities with an all-house average of 2.076.

They also were first during the fall semester of 1954 with 2.056, and were second during the 1954 spring semester with 1.948.

Farm House's 1.845 average gave it the fraternity lead for the fifth consecutive time. Not since the fall semester of 1952 had Farm House failed to top the frats in all-house average. They also were first for seven consecutive semesters previous to the fall of '52.

Farm House activities were tops among fraternity actives with a 1.807 average, and Farm House pledges were first with 1.939. The Kappa actives topped other sorority actives with a 2.097 average, while Alpha Delta Pi's pledge average of 1.583 was tops among sorority pledge averages.

Pi Beta Phi was second among sororities with a 1.999 average, and Delta Pi was third with 1.902.

The 1834 club, a colony of Delta Upsilon, was second among fraternities with 1.758, and Beta Theta Pi was third with 1.665.

Other sorority all-house averages were Delta Delta Delta, 1.879; Clovia, 1.732; Alpha Chi Omega, 1.720; Chi Omega, 1.681; Alpha Xi Delta, 1.680; Kappa Delta, 1.392.

Other fraternity all-house averages from Sigma Alpha Epsilon, 1.651; Sigma Chi, 1.638; Alpha Tau Omega, 1.638; Alpha Gamma Rho, 1.627; Acacia, 1.460; Pi Kappa Alpha, 1.406; Kappa Sigma, 1.387; Theta Xi, 1.373; Phi Kappa, 1.362; Delta Sigma Phi, 1.340; Phi Kappa Tau, 1.300; Phi Delta Theta, 1.296; Sigma Phi Epsilon, 1.269; Beta Sigma Psi, 1.258; Delta Tau Delta, 1.248; Tau Kappa Epsilon, 1.248; Sigma Nu, 1.211; Alpha Kappa Lambda, 1.209; Lambda Chi Alpha, 1.154.

The queen will ride on the theme float, "One World Through Sports," the following night in the traditional football festival highlights, the Parade of Lights, in Berkeley. The other girls will ride at the head of each division.

## School Year Promises To Be Busy, Satisfying, McCain Says

It's a great pleasure to welcome our students, both old and new, to the campus for the start of the fall semester.

The coming nine months already shape up as one of the busiest academic years in the history of Kansas State college. Fortunately, we shall all be busy with enterprises giving us cause for tremendous satisfaction: the occupancy of the new Extension building and the Memorial Chapel auditorium, the dedication of the Feed Technology building and the Library addition, and, of course, the opening of the new Student Union building.

You will find many new faces among the faculty and administrative staff of the College—persons whose personal and academic attainments will add luster to our already distinguished faculty. The programs scheduled for our student assemblies and our Artist Series will bring to the campus many celebrated artists, speakers, and scholars for the entertainment and enrichment of students and faculty members alike.

In expressing my pleasure at having you back on the campus, I take this opportunity to wish all of you students a year of success and achievement in your academic work and one of abundant happiness and satisfaction in your college life outside of your classes.

Sincerely yours,

James A. McCain  
President

## College May Be Turning Point Of Your Life, Day Tells Frosh

Welcome to the campus of Kansas State. For returning students who have attended K-State before, it is hoped that this year may be looked back upon as one of their most memorable.

For those who are attending K-State for the first time, it may well be the turning point in their lives—the point at which, through their own initiative, they will move forward as the leaders of society; or, lacking self-determination, fall behind their classmates and fail to achieve their goals.

Since all students are members of the Student Governing association, it is to their advantage to take an active interest in its many functions.

Kansas State welcomes all of you, and is confident that her contribution to your future will have very high value.

Gerry Day,  
Student Body President

## Extra!! . . . Extra!!

I hope the above eye-catching headline calls your attention to this little message. I had to do something to compete favorably with all the pictures.

It looks like it's going to be a pretty big year at K-State. The athletics picture looks pretty good, and a lot of building are going up. The biggest news, of course will be the opening of the Student Union early next year.

The Collegian staff will do its best to put out a good newspaper designed to inform, entertain and educate (idealistic words, aren't they?). We have a good variety of syndicated material in addition to campus news and world news from the United Press. These features are Pogo, Bibler's "Little Man on Campus," Herblock (editorial cartoons), and commentary on world affairs by Joseph and Stewart Alsop.

Two new local features of the Collegian will be "Crazy Auto," written by Dick Carr, the ineffectual intellectual, and a humor column by Bob (Jersey) Newlin. We hope you'll like them.

It's virtually impossible for Collegian reporters to cover every meeting on campus, so we're asking our readers to help us out with news tips. If your club elects officers or your roommate gets pinned, let us know. News that only you may know

might be important to several hundred Staters. Just call extension 283, and we'll send out a reporter.

If you have a gripe you want to express, just pen a letter to the Collegian and we'll print it providing it's in good taste, doesn't exceed 250 words, and is signed.

I'd like to remind students that anyone may work on student publications . . . and get one hour credit. If you're interested in journalism, drop into Kedzie and we'll fix you up.

Since the Collegian is the only paper on campus (and you've already paid for it), you may think you'll get a one-sided viewpoint on certain issues. But I can guarantee you that the Collegian will try to be objective and unbiased in all news stories.

Another final guarantee—the Collegian is independent and will definitely not be the mouthpiece of any organization or group. Editorially, we'll call things as WE see them. Those who care to show agreement or disagreement with our opinions should please look over paragraph 6 of this message.

If B and R doesn't cut down Kedzie's vines, causing the "building" to collapse, we'll publish on the usual five days a week.

Gary Swanson

### Books, Records, Movies

## Crazy Auto's Stiff Write Arm Pens More Uninhibited Gab

By R. R. CARR

The Ineffectual Intellectual

I suppose a brief introduction is due for those of you who are meeting this fabulous column for the first time. The insidious thing has met with thunderous acclaim since its historic beginning in this summer's Collegian. (The fan letter I got did disagree with me, but at least somebody took the trouble to write.)

But that's neither Hart, Schaffner, nor Marx. The point is, this column is for uninhibited gab about books, movies, records, and the like. And if you'll pardon a horrid pun, I intend to "column as I see 'em."

It's good to be back at school meeting old friends again, but the past week of hearty handshaking and repeated lifting of steins of golden brew has left me with a stiff write arm.

Because of this and because of the smashing success of the early "Crazy Auto" column, we're going to reprint some of them, in part, with new and original gab interspersed throughout.

My nomination for the best record buy of the year is a 33 1/3 rpm 12-incher with a full hour of some of the world's best music on it. And it sells for \$1. It's called *Hearing Is Believing*, and is slightly commercial, but the reproduction is excellent.

A Manhattan record store has for sale two different record albums that represent several years of compilation and will undoubtedly produce thousands of guffaws, chortles, and just plain belly laughs in the years to come.

The albums are *Pardon My Bloopers*, volume I and II, and they are recorded collections of radio and TV's most hilarious boners. It runs from Harry Von Zell's famous presidential introduction of "Hoobert Heever" to the poor fellow who in announcing Dickens' *Tale of Two Cities* got the

beginning of the first and last words interchanged.

I wonder if he found another job.

Two good 50-cent paperback novels are at your booksellers now, if they aren't sold out. The first of these novels to meet our critical (they're bloodshot only because we read so much) eyes, is *The Adventure of Augie March* by Saul Bellow.

Augie gets his start in Chicago and he says in the first paragraph, "I go at things as I have taught myself, free-style, and will make my own way."

And that's exactly what he does throughout the course of his life. I won't try to tell the story of his life because Saul Bellow has done it well enough to win the National Book Award for 1954 and I see no reason for my ruining it.

Probably the better known of our two recommended paperbacks is *East of Eden*, John (Shocker) Steinbeck's latest. The book covers seven decades and three generations of unusually awful persons and events tempered well with a sort of "survival of the fittest" attitude characteristic of Steinbeck.

The film of the same name was, of necessity, a poor reproduction of Steinbeck's story.

Speaking of the cinema, I thought that the J. Arthur Rank production of *Romeo and Juliet* wasn't nearly as rank a production as some of my friends seemed to think.

The criticism I heard most of the British film was that Romeo spoke his lines like a bloomin' adolescent. Well . . . Will Shakespeare has Juliet at 13 years of age and Romeo just slightly older. And Will ought to know since he wrote it.

That's a funny thing. The American people aren't used to seeing a movie that follows the book so closely.

It's too bad that Hollywood feels it has to rewrite, usually beyond recognition, everything from *The Snow of Kilimanjaro* to the Holy Bible.

**SCANNING UNION PLANS** are Bob Alexander (left), new program director for the Student Union, Loren V. Kottner, Union director, and Jack Lockett (right), new food service director. The food and play directors were appointed September 1.

## Union Chief Names Two Top Aides

Jack E. Lockett and Robert A. Alexander have recently been named to posts on the staff of the new Student Union, Loren V. Kottner, union director, said.

Lockett will be food director for the Union and Alexander will be program director.

Alexander has been assistant social director of the University of Illinois Union for the past three and a half years. Although the Union will not be open for use before next year, Alexander has already taken over direction of the social and recreational activities.

He graduated from Austin High School in Chicago in 1946 and received his A.B. in political science from the University of Illinois in 1952. He has completed course work toward his M.S. in recreation. Alexander has also served as

swimming coach at the Medinah Country Club, Medinah, Ill., and at the Riverside Gold club, Riverside, Ill. His wife is the dietitian at Southeast hall this year.

Lockett is busy this fall coordinating installation of all food equipment, setting up his food service organization, and detailing operating procedures and job descriptions. Lockett will also be responsible for selecting all the small kitchen equipment.

He graduated in 1954 from Oklahoma A and M with a B.S. degree in hotel and restaurant management. He has served as catering manager of the Oklahoma union.

An adult beaver weighs anywhere from 40 to 70 pounds but there are a few on record of nearly 100 pounds.

### WORLD NEWS

## Arctic Ice Races Ships

Ottawa—Canada's 1956 polio vaccination program may be delayed because of shifting Arctic ice.

The navy announced a week ago that Vice Adm. Francis C. Denebrink, military sea transportation service (MSTS) commander, had flown from his Washington headquarters to Point Barrow to direct personally the navy's nip-and-tuck race.

### Red Convoy Ambushed

Taipei, Formosa—A band of Nationalist guerrillas ambushed a Communist convoy on the mainland carrying winter clothing to the coastal front, killed 20 guards and burned six of 30 trucks, the Kiang Che News agency said today.

### Peruvian Cabinet Quits

Lima, Peru—The Peruvian cabinet headed by Navy Minister Roque Saldias resigned last night. Several of the ministers have announced they will be candidates for congress or the senate in the June 4, 1956 elections.

### A Friendly Gunman

Springville, Iowa (U.P.)—A young gunman apparently suffered an attack of conscience in a cafe here. First he demanded the money in the cash register, then said "This is just a joke," and left without any.

### Just Takes Persistence

Yreka, Calif., (U.P.)—A group of Apache and Zuni Indians, brought in from Arizona and New Mexico to help battle California's forest fires, stamped around in a furious "Rain Dance" here Monday night and Tuesday morning. It started raining at noon Tuesday and hasn't quit since.

To satisfy all kinds of needs, America's nail producers make more than 100 different types of iron and steel nails.

## Barbara Lowe Competes For College Queen Title

Barbara Lowe, HM Soph., is competing this week for the title of 1955 College Queen and for \$5,000 in prizes, scholarships, and a grand tour of Europe.

Barbara, who was chosen as Miss K-State this summer, recently was named as the "most beautiful and brainy" college girl in Kansas.

Barbara received an all-expense trip to Asbury Park, N.J., where she participated as a guest of honor at a College Queen cavalcade festival as part of New York City's Summer Festival celebration.

In addition to the trip, she will receive numerous gifts, including a diploma scroll, sterling jewelry, a charm bracelet, a wardrobe of blouses, and a gold hat box collection.

Brains count as much as beauty in the contest and the contestants submitted entry blanks containing information on scholastic achievements, campus activities, and an essay on the subject, "What Col-

lege Education Means to Me."

Barbara is a member of the Delta Delta Delta sorority.

North Carolina is the only state that maintains all public roads without a tax on property.

# Many Staters Announce Engagements, Pinnings

## Janasek-Tuma

An announcement has been made of the engagement of Marjorie Janasek and Harold Tuma. Marjorie is a junior in home economics and teaching from Munden. She is an Alpha Chi Omega. Harold, a member of Farm House fraternity, graduated in agriculture last May. He is from Maraka.

♦ ♦ ♦ ♦

## Kail-David

The engagement of Sandra Kail and Wayne David has been announced. They are to be married December 27 in St. Francis. Sandra is a junior in medical technology from St. Francis and is an Alpha Chi Omega. Wayne graduated in agronomy last January. He is a member of Farm House fraternity and is from Burden.

♦ ♦ ♦ ♦

## Brazil-Sherwood

Nancy Brazil and Roger Sherwood have announced their engagement. Roger is a sophomore in accounting from Wichita and a member of Pi Kappa Alpha fraternity.

♦ ♦ ♦ ♦

## Ruckert-Rumford

The engagement of Lois Ruckert and Fred Rumford was announced this summer. Fred is a junior in math from Jetmore and a member of Pi Kappa Alpha fraternity. Lois is from Dodge City.

♦ ♦ ♦ ♦

## Hosier-Shipp

Darel Lee Hosier and Bob Shipp announced their engagement recently. Bob is a junior in milling technology and a Pi Kappa Alpha. Darel Lee is a business administration junior. Both are from Manhattan.

♦ ♦ ♦ ♦

## Bruton-Collins

The engagement of Carol Collins from Salina and Roger Bruton from Wellington has been announced. Carol graduated in

history and is a Kappa Kappa Gamma. Roger is a senior in geology and a Pi Kappa Alpha.

♦ ♦ ♦ ♦

## Hassebrook-Pinet

The engagement of Nancy Hassebrook and Bob Pinet has been announced. Nancy graduated in music education last spring. She is a Tri Delt from Riley. Bob is a history senior from Concordia.

♦ ♦ ♦ ♦

## Dickhut-Seitz

The engagement of Jane Dickhut and Dick Seitz has been announced. Jane is a child welfare senior from Kansas City, Mo., and a Delta Delta Delta. Dick is a junior in Ag education from Lindsborg.

♦ ♦ ♦ ♦

## Hewitt-Parker

Dorothy Hewitt and Gary Parker have announced their engagement. Dorothy, a Tri Delt, is a sophomore in elementary education from Medicine Lodge. Gary is a sophomore at Fort Hays State. He is also from Medicine Lodge.

♦ ♦ ♦ ♦

## Randall-Playter

The engagement of Kay Randall and Bob Playter has been announced recently. Kay is a junior in medical technology from Ashland. Bob is from Great Neck, N.Y. He is now in the army and is a Phi Delta Theta.

♦ ♦ ♦ ♦

## Anderson-Adams

Carolyn Anderson, Delta Delta Delta, and Pel Adams, Sigma Alpha Epsilon, have announced their engagement. Both graduated last spring. Carolyn is from Dodge City and Pel from Topeka.

**CAMPUS CLEANERS**  
ODOR-LESS CLEANING  
DIAL 8-2323 1219 MORO

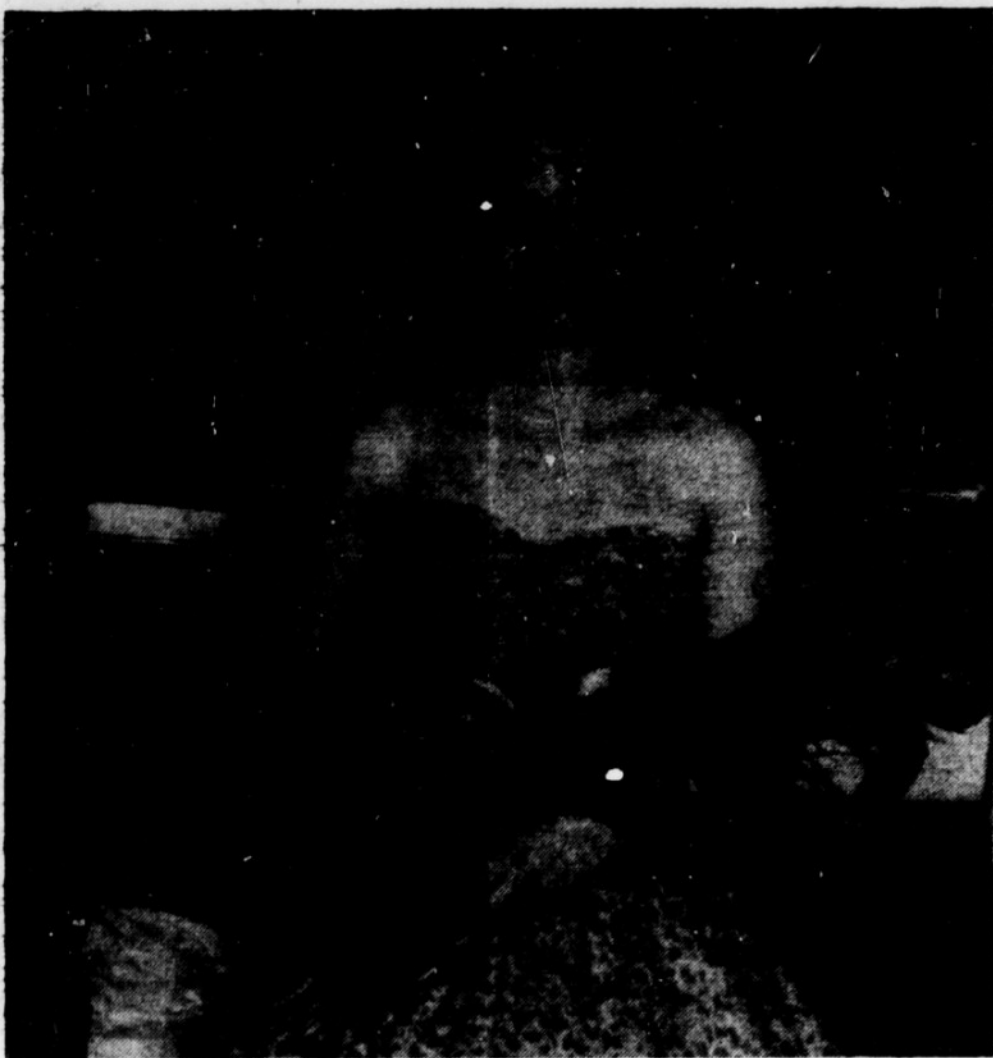

## Herd-Wells

Myrna Herdt and Kenneth Wells have announced their engagement. Kenneth is a chemical engineering sophomore and an Alpha Kappa Lambda. Both are from Russell.

♦ ♦ ♦ ♦

## Smith-Stalker

The pinning of Delaine Smith and Clinton Stalker of Topeka, has been announced. Delaine is a senior in home ec and art from Satanta and an A D Pi. Clinton graduated last spring and is a member of Sigma Phi Epsilon fraternity. He is stationed at Lackland AFB at San Antonio, Texas.

## Mrs. Ken Adamek Wins Teke Honor

Reigning over the national convention of Tau Kappa Epsilon social fraternity in Kansas City, Sept. 2 and 3, was Mrs. Kenneth Adamek, HT Sr.

Mrs. Adamek, formerly Miss Joanne Ketchum of Wichita, reigned over the "Sweetheart Dance" of the fraternity. She had numerous radio and TV appearances and presided over the final events of the convention.

Last spring, Mrs. Adamek was selected as sweetheart of the local chapter (Alpha Lambda) of TKE fraternity. Her photograph was submitted with 116 other chapter sweethearts to John Robert Powers, famed beauty author. He chose her as one of 11 finalists. Ronald Reagan, movie star and TKE fraternity member, selected Mrs. Adamek as national TKE sweetheart.

Last year Mrs. Adamek was president and style show chairman for the Clothing Retailing club, membership chairman of the Margaret Justin Home Economics club, a member of YWCA, Collegiate 4-H club, and Future Teachers of America. She represented her sorority for Royal Purple queen contest and was in charge of their rushing activities.

Aside from her schoolwork Mrs. Adamek has many hobbies. Her favorite one is designing her own clothes. For the local chapter's "Sweetheart Dance," she designed a formal of cherry and gray. She wore the same formal for the national "Sweetheart Dance" in Kansas City.

A picture of Mrs. Adamek is featured on the cover of the September issue of national TKE magazine.

## Cat Grid Mentor On TV Tuesday

K-State football highlights can be seen every Tuesday at 10:30 p.m. over WIBW-TV, channel 13. Topeka, on the "Bus Mertes Show."

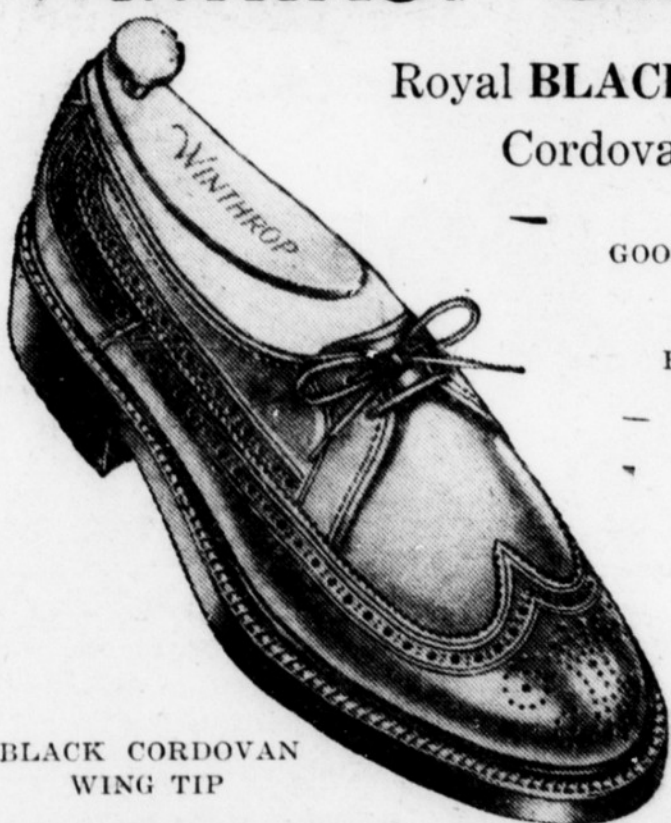

Mertes, Wildcat head grid coach, will conduct the 30-minute weekly telecast spotlighting movies of the preceding week's game, discussion about forthcoming games, and some technical aspects of football.

The show is sponsored by four Manhattan merchants and will continue throughout the football season.

Collegian ads pay.

# 'Marryin Sams' Kept Hustlin' by K-Staters

## Eckes

Virginia Scott, '55 from Bonner Springs, and Don Eckes from Zarah, were married August 13 at Bonner Springs. Virginia is a member of Clovia and Don is a student at Kansas university.

## Brunswick-Kaeberle

Berdine Brunswick, '55 from Tribune, and Merline Kaeberle, K-State instructor of vet medicine, were married June 26 in Manhattan. Berdine was a member of Clovia.

## Krauss-Garinger

Clede Krauss, a member of Clovia from Gypsum, and Dale Garinger, Salina, were married August 14 in Abilene. Clede is in nursing at the KU medical center and Dale is a geology sophomore at KU.

## Lay-Allingham

Dorothy Lay, Pi Beta Phi, and Larry Allingham, Sigma Alpha Epsilon, were married this summer in Manhattan. Both are from Manhattan.

## Slade-Webb

Lou Slade, Stafford, and Ronald Webb, Dodge City, were married May 28 in Danforth chapel. Lou is a '54 graduate and a member of Alpha Chi. Ron is a Sigma Alpha Epsilon and a graduate of '55.

## Archibald-Braddock

Dianne Archibald and William Braddock, both of Garden City, were married June 25. Dianne is a Chi Omega and Bill is a Sig Alph.

## Painter-Keefe

Terry Keefe, Kansas City, and Ann Painter, were married in Manhattan this summer. Terry is a Sig Alph and Ann attended KU.

## Stanley-Eby

Melodee Stanley, Delta Delta Delta, and Martin K. Eby, Sig

Alph, were married August 20. Both are from Wichita.

## Hart-Featherston

Barbara Hart, Hutchinson, and Bob Featherston, Michigan Valley, were married June 25 in Hutchinson. Barbara is a member of Delta Delta Delta and Bob of Phi Delta Theta. Both are '55 graduates.

## Morton-Halbert

Bonnie Morton, Tri Delt from Goodland, and Jim Halbert, Pi Kappa Alpha from Merriam, were married July 10 in Ratone, N.M.

## Patton-Smith

Patti Patton, Arkansas City, and Dean Smith, Jetmore, were married August 20 in Arkansas City. Patti, a '55 graduate, is a member of Delta Delta Delta and Dean is a Sig Ep.

## Perry-Froelich

Lois Perry, Wakarusa, and Don Froelich, Halstead, were married June 8. Lois is a Tri Delt and Don is a member of Beta Sigma Psi.

## Quinlan-Wingate

Mary Quinlan, Tri Delt from Manhattan, and Ed Wingate, Sig Alph from Wellington, were married June 12. Both are graduates of K-State.

## Roberts-Furgueson

Marya Roberts, Wichita, and Jerry Furgueson, Mulvane, were married September 3. Marya is a '55 graduate and a member of Delta Delta Delta.

## Rogers-Walters

Donna Rogers and Wayne Walters were married July 27. Donna is a Tri Delt from Manhattan and Wayne is a Sig Alph from Lawrence.

## Mordy-Schneider

Charlene Mordy, '54 graduate and a member of Delta Delta Delta, and Phil Schneider, '55, were

married June 12. Both are from Manhattan.

## Walker-Savage

Marilyn Walker, Tri Delt, and Jim Savage, a TKE at Fort Hays State, were married July 16. Both are from Goodland.

## Watkins-Loomis

Maryvern Watkins, Los Angeles, Calif., and Jim Loomis, Kansas City, Mo., were married August 9. Maryvern is a Tri Delt and Jim is a member of Beta Theta Pi.

## Bras-Ott

Jane Bras, sophomore in elementary education, and Jay Ott, a student at KU, were married August 9 in Kansas City. Jane is a member of Delta Delta Delta and Jay is a Sigma Nu.

## Cochran-Smith

Jan Cochran, Delta Delta Delta from Kansas City, and Jim Smith, a member of Beta Theta Pi from Hutchinson, were married May 28 in Manhattan.

## Dondlinger-Reinke

Ilene Dondlinger, Hutchinson, and Robert Reinke, Marion, were married August 7 in Hutchinson. Ilene is a member of Alpha Delta Pi and Bob is a Sigma Nu.

## Whittaker-Waugh

JoAnn Whittaker, '55 of Huntington Beach, Calif., and Richard Waugh, '55 of Great Bend, were married September 10 in Huntington Beach. JoAnn is a member of Alpha Delta Pi and Dick is a member of Phi Delta Theta.

## Gingrich-Schanlis

Nancy Gingrich, Alpha Delta Pi, and Bill Schanlis, Sigma Nu, were married August 14 in Wakefield. Bill is a sophomore in vet medicine. Both are from Wakefield.

## Scott-Katon

Jeanette Scott, Tulsa, Okla., and Jack Katon, McClure, Ohio, were married May 31 in Tulsa. Jack is a graduate student in chemistry. Jeanette is a member of Alpha Delta Pi.

## Hunter-Dyer

Barbara Hunter, Alpha Chi from Kansas City, Mo., and Dean Paul Dyer, TKE from Clearwater, were married August 7 in Kansas City, Mo. Dean is a '55 graduate in agronomy and Barbara was a sophomore in elementary education.

## Thompson-Braman

Janet Thompson, Alpha Chi of Leavenworth, and Weldon Braman, Acacia from El Dorado, were

married August 21 in Leavenworth. Janet was a junior in elementary education. Weldon is a junior in chemistry.

## Winterscheidt-Block

Shirley Winterscheidt, '54, and William Block, senior in architecture, were married June 18 in Seneca. Shirley is a member of Alpha Chi Omega and Bill is a member of Phi Kappa. Both are from Seneca.

## Lodholz-Spitzer

Dorothy Lodholz, Kansas City, Mo., and Howard Spitzer, Grigston, were married August 6 in Kansas City. Dorothy was a sophomore in elementary education and a member of Alpha Chi Omega. Howard is a senior in agriculture and a member of the House of William.

## Salter-Petersilie

Doris Salter, '55 from Wakefield, and Larry Petersilie, freshman in vet medicine from Ness City, were married August 25 in Wakefield. Doris is a member of Alpha Chi.

## Hills-Dollar

Diane Hills, Pi Beta Phi from Manhattan, and John Dollar, Sigma Chi from Topeka, were married September 10 in Manhattan.

Open Saturday Night Til 9:00; Other Days 9:00-5:30

## Welcome Back...

To all of you upper classmen, we wish to extend a most hearty welcome back to K.S.C. and Manhattan. We've missed you.

To you freshmen who are just entering K-State, we wish to congratulate you on your choice of schools and to welcome you to our community. We're sure you'll like it here.

We know none of you came to school in your bare feet, but we also know you're going to purchase numerous articles of footwear during your stay. We want you to know that we've been filling the footwear needs of K.S.C. guys and gals for over a decade—we like it—and this fall we've the widest spread of campus kicks ever to be shown in Manhattan. We've gone all out this season to procure for you the top brands and most popular styles in this or any town. Such favorites as Trampeze, Glamour Debs, Tweedies and Life Stride for the Coeds. And something special for the fellows in famous Roblee, Pedwin, and Allen-Edmonds—truly the right shoes for men.

Next time you're downtown, step off the bus and into the Bootery. . . . We want to serve you in any way we can. We sincerely appreciate your patronage. Make the Bootery your shoe place in Manhattan.

# State Band Practices For Saturday Debut

The K-State band, under returning director Jean Hedlund, has been preparing for its first appearance Saturday at the K-State-Wyoming game.

"Enthusiasm of the band members has been high," says Hedlund, who has returned from two years of graduate work at Iowa. The band has rehearsed twice a day since Monday. Single rehearsals are planned for today and Friday.

Program entertainment by the band will be a traditional New Orleans march, "When the Saints Go Marching In." Special arrangements of the march have been written by graduates Robert B. Smith.

Halftime ceremonies will be highlighted by a special formation recognizing the rotation of the U.S. First Infantry division from Germany to Fort Riley. The

band, made up of upperclassmen, also will do salutes to the Wildcats and to the Wyoming Cowboys.

A separate band, made up of freshmen and under the direction of assistant band leader Grady Green, will play informally at the game. Green, making his first appearance with the band, received his bachelor's degree from the University of Arkansas. The freshmen will be combined with the regular band later in the season.

Drum major Marlene Young again will direct the band in its intricate marches.

K-State bandmen will appear at the four home football games this fall, and will make the trip to the KU game November 5. Other home dates include the Nebraska game October 1, the Colorado game October 15, and the Oklahoma game October 29.

## 'Days of Awe' Begin Friday At Fort Riley

Friday evening, Sept. 16, ushers in the "Days of Awe" for Jews around the world. Jewish students at Kansas State college and the Jewish community in Manhattan will join the service personnel at Fort Riley for these communal services. Services are scheduled for the following times:

Rosh Hashanah: Friday, Sept. 16, 7:30 p.m. Sept. 17 and 18, 8:30 a.m. and 7:00 p.m.

Yom Kippur: Sunday, Sept. 25, 5:30 p.m. Sept. 26, 8:30 a.m., Yizkor, 10:30 a.m.

All services will be held in Chapel 5, 10th and E St., Camp Funston, Fort Riley.

## Artist Series Tickets On Sale Now

Season tickets for the Manhattan artist series are now on sale at the music office at the Kansas State College auditorium, announces Luther Leavengood, head of the K-State department of music and manager of the Artist series.

First performance of the four number series this year will be an appearance of the "Dance Theater-Berlin," at the College Au-

ditorium Wednesday night, October 19.

"This is the finest thing to come out of Berlin since the war," Leavengood says. The Berlin group has been touring festivals of Europe, and will be making their first American tour this winter.

Other numbers in the Artist series include the Boris Goldovsky opera theatre presentation of

Donizetti's "Don Pasquale" Friday, November 11; Seymour Lipkin, noted young pianist, Monday, February 27; and the Calypso Carousal. Tentative date for the last group is Tuesday, March 13.

Season tickets may be secured at the K-State music office, or by mail from Leavengood. Prices are \$7.50, \$6, and \$3 for the four performances.

# Enter Anderson—3½ Hours Later 'I'm Done'

"I HOPE it's in there," thinks Miss Roberts as she waits to get her dean's card in the first step of enrolling.

HAVING "FORCED" her way inside Rec center, Pat gets ready to scan her IBM cards to make sure that all-important activity ticket is there.

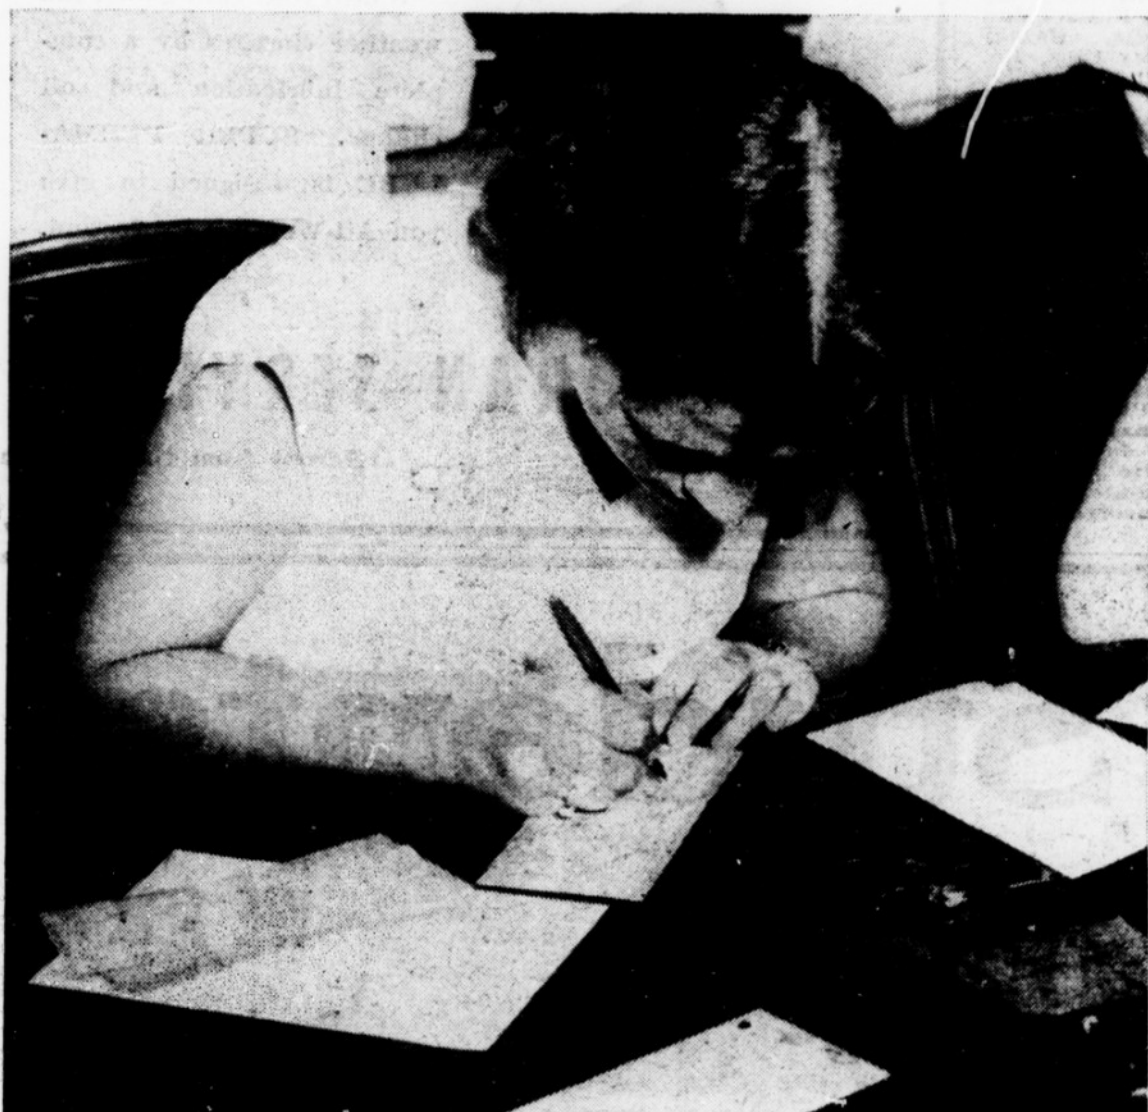

Proving that enrollment is a long and arduous process is Patricia Roberts, SS Soph, who spent the better part of four hours enrolling Tuesday.

Her spirits were high as she began enrolling at 1:30 p.m. By the time she finished late in the afternoon, she was glad it was all over for a few months.

Despite a few enrollment bottlenecks, everything went along fairly smoothly. Students who pre-enrolled last spring found they could get through enrolling faster than in the past.

Adding no little confusion to the enrollment process was the influx of new enrollees who were not expected this year.

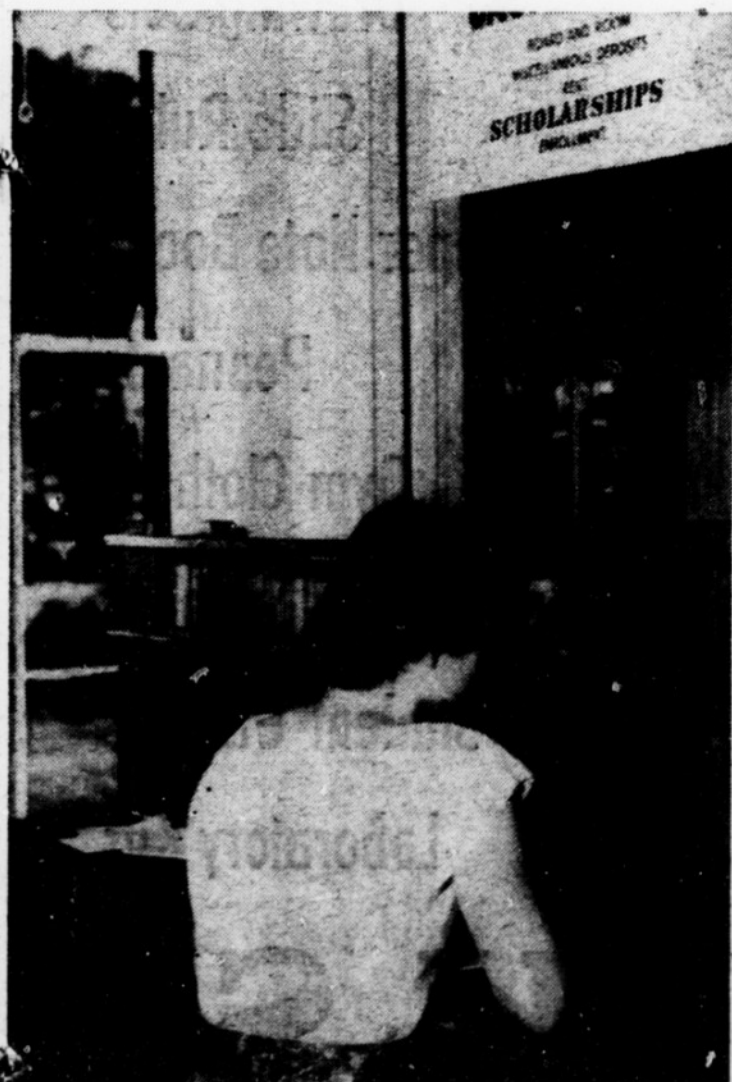

The Collegian photographer has a very good reason for not showing Miss Roberts emerging from Nichols after completion of enrollment. He managed to stick it out for 3 1/2 hours before giving up and going home. Collegian Photos by Elmer Karstensen.

ALL ALONE for a few minutes, she hurries to get the many cards filled out so she can pay her fees and be on her way to Nichols to "grab" cards.

HERE, SHE begins passing the various tables at which she's relieved of most of her cards.

NOW SHE GOES to the cashier's window to pay fees. Pat is the holder of a LaVerne Noyes scholarship this year.

MISS ROBERTS talks over her proposed schedule with an adviser. It looks like she's watching so she can avoid a Saturday class.

NOW ON THE last big step she consults her schedule so she can pull her cards. Enrollment is nearly over for her.

# K-State Sororities, Fraternities

Eight K-State sororities pledged a record 247 girls, Katherine Geyer, adviser of the Panhellenic Council, announced at the close of rush week.

More than 300 girls went through rush week activities—also a record high. K-State sororities pledged 222 last year, 187 in 1953, and 219 in the fall of 1952. One sorority, Clovia, is restricted to former 4-H girls, and does not participate in rush week activities.

Alpha Delta Pi sorority led all groups with 39 pledges. ADPi is followed by Chi Omega with a pledge class of 37 and Delta Delta Delta with 36.

The sorority pledges:

**Alpha Chi Omega**—Marion Barr, Topeka; Joeline Ben Bochner, Coffeyville; Noema Braman, El Dorado; Meredith Brink, LeRoy; Carolyn Chappell, Mission; Emma Lou Douglass, Burlington; Marcia Eggers, Brewster; Diane Higley, Atwood; Patricia A. Hunter, Kansas City, Mo.; Sharon Koch, Glen Elder; Gaillynn Krey, Montezuma. Edith Lancaster, Sabetha; Judy Louis, Peabody; Elin K. McCandless, Cottonwood Falls; Madelon Neff, Spring Hill; Marilyn Pence, Topeka; Marcia Petracek, Jennings; Sandra Gayle Radotinsky, Kansas City; Gayle Smith, LeRoy; Nancy Lou Smith, Bonner Springs; Beverly Stetina, Mission; Naomi Alice Trumbull, St. Francis; Janice Marie Wolverton, Barnes.

**Alpha Delta Pi**—Karen Alstrom, Wichita; Alice Jane Austin, Bennington; Carole Backman, Manhattan; Lowanda Ballard, Kansas City, Mo.; Betty Ann Benson, Russell Springs; Karen Blume, Wichita; Nancy Bobbitt, Kansas City; Eliza Beth Bridges, Manhattan; Dixie Lee Brown, Mission; Caroline Buchanan, Mission; Ann Chance, Yates Center.

**Carol Cilek, Hutchinson; Shiela Cromwell, Lincoln; Carolyn Sue Downer, Kansas City, Mo.; Louise Fager, Topeka; Janet Sue Gaston, Wichita; Glenda Goodwin, Great Bend; Ellis Gorman, Hartford; Jean Deloris Gormley, Abilene; Marcia Grokett, Neodesha; Ann Hall, Lindsborg; Carol Hansen, Ft. Riley; Sandra Hodgson, Manhattan; Carole Ann Holmquist, Norton; Carol A. Hudiburg, Independence.**

**Sue C. Johnson, Wichita; Barbara Kethcart, Beloit; Carol Knott, Hesston; Shirley Ann Lambert, Wichita; Barbara Parret, Neodesha; Nancy Jeanne Paulsen, Fredonia; Charlotte Sue Riley,**

**Winfield; Susan Schober, Topeka; Beverly Sharp, Overland Park; Phyllis Gail Shook, Chanute; N. Penny Stafford, Leonardville; Barbara Starnes, Coffeyville; Janet Teague, Chapman; and Corrine L. Wright, Abilene.**

**Alpha Xi Delta**—Nancy L. Andrick, Carlisle Barracks, Pa.; Ann Louise Anset, Kansas City, Mo.; Janice Arnold, Manhattan; Elaine Arnote, Topeka; Nancy Baehr, Manhattan; Paula Beason, Smith Center; Nancy Cardwell, Manhattan; Edith M. Ely, Webster Groves, Mo.; Peggy Emel, Winona.

**Dee French, Salina; Patricia Gaston, Wichita; Leann Jane Graber, Arlington; Elizabeth Grimble, Turon; Marcia A. Gronis, Leavenworth; Virginia Herzog, Ellsworth; Marguerite Jahnke, Junction City; Nancy Johnson, Wichita; Joyce Johnson, Wichita; Carol Jean Kaufman, Moundridge; Ruth Susanne Kirtland, Hays; Sharon Knox, Leon; Rhea A. Lake, Kansas City.**

**Margaret McKnight, Alma; Lois Lorraine Nelson, Manhattan; Naomi Nickelson, Salina; Nancy Kay Nicolay, Abilene; Judy Perine, Topeka; Nancy Peters, Tonganoxie; Joyce Slaven, Beloit; Karla Kay Welty, Hill City; Ann Williamson, Salina; Ann Williston, Independence; Carol Wilmore, Topeka; and Ruth Ann Woelhof, Clay Center.**

**Chi Omega**—Mary Beth Baker, Holton; Pam Joan Bowman, Concordia; Joyce Brower, El Dorado; Sonia Sue Brown, Manhattan; Kay Channessa Topeka; Janice Cheatnam, Beloit; Marilyn Joy Clark, Barnes; Paula Gail Compton, Kansas City, Mo.; Carol V. Cooper, Kansas City, Mo.

**Margaret Crouch, Mission; Janet Easson, Carthage, Mo.; Janet W. Engwall, Courtland; Jeannie Fagerberg, Salina; Jannene D. Foust, Hutchinson; Joanne Francisco, Kansas City, Mo.; Mary Faye Frazier, Topeka; Carolyn Guard, Asherville; Sonja Hanson, Wichita; Jan Jackson, Newton; Carolyn James, Wichita; Carol King, Wichita; Connie Sue King, Wichita.**

**Ardith Ann Lehman, Topeka; Leilani Rusho, Wichita; Frances Meegan, Manhattan; Jane Ann Moore, Scott City; Sally Jo Newman, Holton; Veon L. Nichols, Kansas City, Mo.; Barbara Jo Rhoades, Cawker City; Georgiana Rundle, Axtell; Carol Sitz, Manhattan; Carolyn Sue Smith, Lyons; Janie Stivers, Pratt; Judy Thatch, Marion; R. Annette Tighe, El Dorado; Jo Ann Wittenberg, Kansas City, Mo.**

**Delta Delta Delta**—Jo Ann Baird, Minneapolis, Minn.; Suzanne Bates, Wilmette, Ill.; Betty Britton, Wichita; Barbara Brown, Salina; Shirley Cameron, Winfield; Sally L. Carney, Larned; Sally Coleman, Topeka; Jeanne Collins, Kansas City; Rowena Cook, Co-

**lumbus; Sarah Cullins, Overland Park; Sandie Culver, Kansas City; Barbara Fausler, Garden City.**

**Cynthia Fisher, Kansas City; Jane Fulton, Manhattan; Judith Jean Gladish, Overland Park; Lois Graeff, Scott City; Linda Hamm, Salina; Rogena Long, Wichita; Helen Lutz, Sharon Springs; Charlotte Lybarger, Coffeyville; Carol Morford, Topeka; Midge Mulkey, Topeka; Dee Anne Oberg, St. John; Judith Elaine O'Hara, Partridge; Anne Pederson, Idana; Judith Nell Peebles, Stockton; Marcia Rinkel, Cheney.**

**Beverly Sanford, Columbus; Dorothy Serrault, Salina; Lou Ann Sheldon, Caney; Patricia Anita Smith, Hutchinson; Sharon Kay Stiles, Hutchinson; Joan Strohmeyer, Wichita; Dixie Viar, Topeka; Phyllis D. Walker, Goodland; and Ann Weelborg, Salina.**

**Kappa Delta**—Janice Ames, Sloan, Iowa; Nyla J. Arents, Leonardville; Sondra Cool, Glasco; Ann L. Cook, El Dorado; Caroline Davis, Ferguson, Mo.; Barbara Ann Duncan, Westmoreland; Esther E. Edwards, Goodland; Helen English, Hutchinson; Winnie Lee Fellers, Hays; Sonia Sue Greene, Lincoln; Carolyn Hughes, Dodge City; Rhonda Rae Johnson, Larned.

**Marjorie Mallisee, Wichita; Mary Beth McCoy, Hiawatha; Beverly Jean Miller, Twin Fall, Idaho; Peggy Missimer, Abilene; Linda Elaine Paulson, Charleston, S. C.; Mary Rose, Clay Center; Sally Smith, Topeka; Carol Stephenson, Kansas City, Mo.; Peggy Tillotson, Shields; Joan Tollefson, Manhattan; Judy J. Williams, Hutchinson.**

**Kappa Kappa Gamma**—Judith Baker, Peabody; Kay Benjamin, Wichita; Catherine Blanford, Kansas City; Joan Lyndall Craig, Olathe; Peggy Daniels, Kansas City, Mo.; Barbara Gail Denton, Topeka; Rosemary Derks, Norton; Margaret Edwards, Westmoreland; Kay Epilee, Fredonia; Trudy Foltz, Manhattan; Sylvia Gaddie, Bazaar; Annette Galyon, Kansas City, Mo.; Virginia Gorman, Chapman; Sue Holland, Olathe; Judy Jorm, Wichita; Sally Ingle, Wichita; Adella Johnson, Wichita; Nancy Lee Kelly, Manhattan; Lynn Mechesney, Shawnee; June Peacock, Great Bend; Glenda Robertson, Kansas City, Mo.; Rosalyn Rowell, Valley Center; Elenita Royer, Manhattan; Jean Shenk, Merriam; June Shenk, Merriam; Judy Sortor, Kansas City; Mary Lou Vose, Kansas City; and V. Jane Warner, Dodge City.

## Student Council To Meet

Reports on freshmen representation amendments and on a plan for a student-owned co-operative bookstore will be presented at the first meeting of the Student Council.

This meeting will be held on Monday, September 19, in Anderson hall, room 211, at 7:15 p.m. All those who are interested are invited to attend.

The SGA cards that were filled out at enrollment will be filed and used for appointing students to

the following committees:

Campus Development, 2; Residence Halls, 2; Campus Beautification, 3; Marlatt Memorial Park, 2; Traffic Control Board, 4; Relations with High Schools and Junior Colleges, 2; Artists Series, 2; Assemblies and Forums, 2; Calendar College Activities, 2; and Friends of Art, 2.

Anyone who failed to fill out a card at enrollment may apply by writing a letter of application to SGA, CPO 134.

# Pledge 589 As Rush Week Ends

K-State fraternities pledged 342 men, just one less than were pledged in last year's record-breaking rush week, V. D. Foltz, faculty adviser, announced Monday.

A total of 412 boys participated in rush week activities—exactly the same number as took part a year ago.

Sigma Alpha Epsilon and Delta Tau Delta paced fraternities with pledge classes of 35 and 32, respectively.

Pledged by fraternities were:

Acacia—James K. Banks, Manhattan; Robert L. Clark, Topeka; Donald P. Edson, Topeka; Garold E. Hodge, Reading; Leeman D. Lazarus, El Dorado; Gary Morris, Kansas City, Mo.

J. L. Neal Jr., Concordia, Albert B. Padon Jr., Prairie Village; James H. Parker, Manhattan; William H. Parshall, Manhattan; Thomas K. Rogler, Kincaid; and Eldon E. Yeager, Mission.

Alpha Gamma Rho—Arthur E. Benson, Clay Center; Linus I. Berens, Monument; Bob W. Ljungdahl, San Antonio, Texas; Allen D. Millen, Republic; Donald L. Peter, Brewster; Loy D. Reinhardt, Erie; Thomas H. Swearingen, Horton.

Alpha Kappa Lambda—Larry L. Fager, Topeka; Ronald K. Garlow, Wichita; Kenneth D. Heidebrecht, Wichita; John W. Johnson, Chanute; Silas D. Spencer, Russell.

Alpha Tau Omega—LaRue L. Anderson, Osage City; Richard L. Benton, Liberal; William C. Dawe, Bethel; Ronald K. Edwards, Wichita; Lynn H. Grafel, Council Grove; Clayton L. Griffin, Liberal; Scott M. Hartman, Kechi; Bruce B. Irwin, Kansas City; Robert E. Krizman, Kansas City; Jim L. Leibler, Greenleaf.

George W. Long Jr., Manhattan; James D. McFarlane, Manhattan; E. Bruce Nauman, Kansas City, Mo.; Jon I. Neas, Muncie; William J. Painter, Mende; Joseph L. Reese, Elizabeth, N.J.; Chester D. Shupe, Ashland; Norman H. Staats, Sylvia; Ronald R. Thompson, Manhattan; Walter J. Wirtz, Mende; Merlin W. Worcester, Hill City; Jay E. Workman, Manhattan.

Beta Sigma Psi—Eldon C. Buss, Carl W. Dietz, Otis; Vernon O. Meiner, Easton;

Beta Theta Pi—Donald P. Adeo, Phillipsburg; Thurston E. Banks, Hutchinson; Richard D. Boyd, Manhattan; Clayton A. Buck, Stafford; Charles L. Burgat, Holsington; Donald R. Carlson, Manhattan; Darrell Deloss Dodds, Riley; Charles R. Hall, Medicine Lodge; Jack House, Olathe; Larry L. Jones, Hutchinson; Ernest W. Larson Jr., Clay Center; Larry K. Larson, Wamego; James P. Lindsay, Manhattan; Gary E. Luck, Fort Scott; Duane K. Ramsey, Scott City; Leland C. Reitz, Manhattan; George R. Serpan, LaCrosse; Dean A. Skaer, Augusta; Michael R. Smith, Hutchinson; Howard L. Teaford, Manhattan; Kenneth A. Van Sickle Jr., Emporia; Gene D. Westhusing, Plainville.

Delta Sigma Phi—Francis M. Carroll, Norton; Fred V. Dellett Jr., Pretty Prairie; Terry J. Golder, Independence; Richard L. McNitt, Augusta; Richard B. Morley, Atchison; Melvin L. Morton, Wamego; Thomas E. Ruhlmann, Atchison.

1834 Club (colony of Delta Upsilon)—Henry L. Andrade, Liberal; James D. Barber, St. John; Donald L. Kearns, Atchison; Glen E. Lewallen, Manhattan; Ronald C. Tonne, Lincoln; Larry P. Wills, Beloit.

Delta Tau Delta—Richard L. Adelson, Wichita; Douglas T. Ayers, Webster Groves, Mo.; Dwight E. Bennett, Sterling; Donald A. Bowers, Joplin, Mo.; Melvin L. Burdorf, Peabody; James H. Carpenter, Phillipsburg; Carl E. Collingwood, Garden City; David W. Craig, Peabody; R. Michael Dole, Phillipsburg.

Craig L. Fischer, Manhattan; Ronald J. Francis, Wiley; Marvin L. Giersch, Abilene; John W. Gorman, Chapman; Jay A. Grubb, Neodesha; James W. Guthrie, Peabody; Stanley W. Hansen, Peabody; Richard W. Hotz, Almena; Melvin L. Huser, Syracuse; Joe Kashner, Lebanon, Ind.

Norman V. Keyse, Scott City; Leroy D. Klein, Phillipsburg; James L. Mariner, Kansas City, Kans.; Walter I. Mayden, Abilene; Pat L. McMahon, Abilene; Larry L. McWhorter, Wichita; Wilbur C. Newman, Wichita; Larry G. Nimmo, Emporia; Lowell L. Novy, Friend; Karl R. Stutterheim, Phillipsburg; Dale E. Tipton, McPherson; David C. Yerkes, Canal Zone; Curt O. Zeigler, Abilene.

Kappa Sigma—Gary A. Cassetty, Junction City; Donald E. Dailey, Junction City; David L. Eslinger, Junction City; John B. Farley, Kansas City, Kan.; Glen E. Kruger, Solidier; Eddie O. Miller, Junction City; Norman K. Moore, Muscotah; C. Alan Morris, Dighton; J. Bradley Moser, Topeka; John A. Ross, Sabetha; Cedric E. Seley, Junction City.

Lambda Chi Alpha—Elmore J. Ackley, Manhattan; Gary F. Bergmeier, Wakefield; Paul N. Cassetta, New York City; Edward S. Grigg, Wichita; John F. Kaltner, Pleasantville, N.Y.; Robert E. Schrepel, Coats; Robert D. Scott, Kansas City, Mo.; Richard R. Streets, Altoona; Frederick J. Tober, Mt. Vernon, N.Y.

Phi Delta Theta—Richard A. Brantingham, Fort Wayne, Ind.; Jack Breedlove, Lebanon, Ind.; Kent G. Heintz, Quincy, Ill.; Robert H. Johnson, Beloit; Robert S. Jury, Topeka; Robert C. Key, Wichita; William M. McCabe, Topeka; Robert E. Carlson, Salina; Sam R. Cliff, Wichita; Joe E. Headley, Lebanon; Charles F. Moggie, Manhattan.

Clarence W. Norris, Leavenworth; Jarrell D. Nuss, Jetmore; John H. Reynolds Jr., Junction City; Kenneth W. Schafer, Conway; James A. Schmitz, Fort Scott; Ronald E. Sims, Richmond; Andy Sorkin, Kansas City, Mo.; Guy E. Stanley III, Kansas City; Ronald L. Stansbery, Salina; Bruce L. Stover, Manhattan.

Phi Kappa—Steven R. Beffort, Salina; Larry L. Deslett, Aurora; John L. Dimond, Seward; James W. Douthitt St. Francis; Francis F. Drees, Salina; Earl E. Elmerode, Kansas City; Michael J. Esterl, Salina; Jerome P. Farrell, Manhattan; Richard B. Heigle, Salina; Robert P. Helse, Scranton; Jerome J. Johnson, Salina.

KANSAS STATE COLLEGIAN

Thursday, September 15, 1955-10

## Tough Grid Slate Ahead for Cats

Scanning K-State's 1955 football schedule, said to be the toughest Wildcat schedule ever.

K-State's dueling with Wyoming, the Cats' opponent Saturday, consists of only two meetings. Last fall at Laramie, Wyo., the Wildcats earned a 21-13 win on the strength of long runs. Two years earlier, the Cowpokes took a 20-7 decision here.

Briefest series in the book is K-State's first and only previous game with Iowa U in 1951 when the Hawkeyes took a 16-0 decision.

Adding interest to this season's game is the fact that new K-State coach Bus Mertes will be challenging his alma mater. Bus played at Iowa U in 1941 and received both his bachelor's and master's degrees from there.

In the 39 years K-State and Nebraska have competed, K-State has never compiled a three-in-a-row set of grid wins over Nebraska. Twice the Wildcats have scored doubles—winning in 1941 and 1942 and repeating in 1953 and 1954. This season K-State will again try a "third time charm" on the Cornhuskers.

The Wildcats own only 6 wins over the Huskers since the annual scuffle began in 1911.

Last fall's K-State-Nebraska game was a low-scoring classic that saw the Wildcats score on a 66-yard drive late in the final quarter to win 7-3, handing the

Huskers one of their two Big Seven losses.

The 12th meeting of K-State and Marquette U to be played the night of October 8, marks the renewal of a rivalry which began in 1925. Last grid game between the two was in 1950 at Milwaukee.

Colorado dumped K-State's "Orange Bowl" hopes with a 38-14 win at Boulder last fall. That win gave the Buffaloes a 6-4 advantage in the short series.

Last K-State victory was the 28-14 surprise handed Colorado at Manhattan in 1953. Sporting breakaway runners at most backfield spots, the 'Cats scored all four of their touchdowns on long runs. In the '54 game at Boulder the Buffaloes turned the tables, using the same long-run weapon to spoil Wildcat hopes for a victory.

Iowa State and Kansas State, the Big Seven's two "Colleges," began football competition with each other in 1917 and haven't missed the annual get-together in the 38 years since. K-State holds 12 wins in the series and has tied the Cyclones three times.

K-State has won the last two meetings, defeating the Cyclones 20-12 at Ames in 1953 and again last season 12-7 at Manhattan.

Oklahoma has rolled to 12 successive Big 7 titles and is

## 1955 SCHEDULE OF KANSAS STATE'S OPPONENTS 1955

Dec. 3											

\* Night games.

named favorite again this year. OU's crushing superiority has netted 18 wins over K-State since the Wildcats won in 1934. Held scoreless against Oklahoma the past two seasons, the Wildcats nevertheless, have narrowed the gap a little. Last fall at Norman they trailed 0-21 at half-time, but blunted every Sooner scoring drive in the last two periods.

No other K-State grid series is as old as the Wildcat-Jayhawk affair. Beginning in 1902 the two Kansas schools have honed the rivalry to a sharp edge.

This game annually attracts more attention of Sunflower grid fans than any other, and it never fails to pay off in excitement. It

is an event at which anything can happen and usually does.

Since 1909 K-State and Missouri have been holding grid scraps, and the long series has netted K-State only 11 wins. The Wildcats have to look back to 1938 for their last victory over Missouri. However, the rivalry has not always been that rough on the 'Cats. In the early '30's they dominated the Tigers for six straight wins (1929-1934), leaving hope that history can and may repeat.

After winning 7 of their first 8 games with Oklahoma A&M, the Wildcats hit a streak of 4 losses to the Aggies in the last four meetings.

A&M returns its backfield strength from '54, including full-back Earl Lunsford, the Missouri Valley's top ground-gainer for the last two seasons, but must replace its line where seven top lettermen graduated.

# Grid Staff Makes Debut Saturday

The K-State football coaching staff, facing the toughest grid schedule in Wildcat history, is striving to develop a team that will better last season's 7-3 record and fifth place in the conference.

At the helm of the Wildcats for the first time is Bernard (Bus) Mertes, who steps up to the top spot after two years as assistant coach.

Mertes' football background dates back to his high school days in Chicago. He was a standout halfback for Iowa university, K-State's second foe, in 1941 and 1943. During World War II he played service ball with the Navy's Iowa Pre-Flight Seahawks, national service champs.

Following the war, Bus played professional football for five seasons, splitting his time among the Chicago Cardinals, Los Angeles Dons, Baltimore Colts, and New York Giants.

In 1951, Mertes was appointed head coach at Bradley university following a season as assistant. Bus coached the Braves, with their thinnest talent list in history, to 9 wins and 10 losses over two seasons.

He was a popular choice of K-State alums, students, and fans for the Wildcat coaching post to succeed Bill Meek. K-State football players circulated a petition stating their approval of the new Cat head man.

Assistant coach Sol Kampf sports as much poundage at 220 as any of the Cat linemen he coaches. His coaching past includes line coach positions at Western Michigan, North Dakota university, Winnipeg, and Bradley university.

He was assistant to Bus Mertes at Bradley in 1951. Sol also helped coach the Winnipeg Blue Bombers to Canada's Western Conference championship in 1950.

A native of New York, he was graduated from Davis and Elkins college, W.Va., with a degree in physical education. He received his master's degree in 1948 from Indiana university.

When Herb Cormack joined the Wildcat coaching staff last spring, he brought with him an impressive record of coaching achievements.

He graduated from Pittsburg teachers college in 1928, then spent 7 years coaching high school teams at Mound City (1928-29), and Pleasanton (1929-34). He moved on to Iowa City high school in 1934 and built a grid team that went undefeated through four seasons.

After taking time out from 1943 to 1945 for Navy duty as a Lieutenant Commander, Herb returned to Iowa City high and was named Iowa high school "Coach of the Year" by the Des Moines Register after the 1946 season.

Cormack became frosh coach at Iowa State in 1947 and was promoted to end coach on the varsity staff in 1949. He is credited for developing all-America end Jim Deran in 1950, and all conference ends Dean Laun and Mal Schmidt.

Steve Susic, a former Illinois university grid star, followed the same road as Bus Mertes when he shifted from the head coaching spot at Bradley to a job as Wildcat assistant.

Steve starred at fullback and halfback for Illinois in 1941 and 1942, played for the air force in 1943, 1944, and 1945, then played professional football three seasons

with the Detroit Lions and Los Angeles Rams.

In 1949 he became freshman coach and varsity assistant at Illinois, a position he held until becoming head coach at Bradley in 1953.

Pat Naughton joined the coaching staff last March just before spring practice and went right to work coaching Cat linemen.

A native of Chicago, Pat graduated from DePaul university in 1951 and spent that grid season as line coach of DePaul high school in Chicago. He then moved to a similar post at Fenwick high in Oak Park, Ill., in 1952 and 1953. He was line coach at Detroit university last year.

As a navy athletic instructor and recruit-training commander during World War II, Naughton played service football and in 1945 played professional ball with Rochester, N.Y.

A product of Duke university and navy football, Ed Cavanaugh is the Wildcat freshman coach. Ed played four years of varsity football from 1947 to

**FACED WITH** the toughest schedule in Wildcat history these K-State grid coaches are working hard to field a winner. Left to right: Steve Susic, Sol Kampf, Pat Naughton, Herb Cormack, Ed Cavanaugh, and Bus Mertes, head coach.

1950 under Wallace Wade at Duke, lettering two years at guard.

Following his graduation from Duke in 1951 with a degree in history, Ed was called into the navy.

Released from the service, Cavanaugh coached at Petersburg, Va., high school in 1953. He came to Manhattan ahead of the 1954 season as a graduate assistant and athletic dormitory supervisor. He was moved up to freshman coach by Mertes last spring.

# Zickefoose Wins Annual Koefod Scholar Award

Charles E. Zickefoose, Ar 03, is the first annual winner of the James Richard Koefod Memorial award for scholastic excellence, according to Prof. Paul E. Koefod who established the award.

Zickefoose's name, cast in bronze, will be fixed to the Athletes' Scholastic honor roll. The honor roll is on the east wall of the main entrance to Ahearn gymnasium.

Zickefoose has received a letter certifying his award from President McCain. The letter is countersigned by E. M. Gerritz, registrar, and Laurence Mullins, director of athletics.

The award is made only to varsity lettermen in the major sports who attain a scholastic average above 2.25 during the two semesters of a regular school year.

Three other boys, Gary Pottorff, Cletus Wilson, and Bob Boyd, who lettered in track, football and baseball respectively, qualified for the award by attaining grade averages in excess in 2.25.

Zickefoose lettered at center on the football team and attained a two-semester grade point average of 2.538 during the 1954-1955 school year.

Zickefoose is the first winner of the award established last spring by Prof. and Mrs. Koefod as a memorial to Professor Koefod's brother, James, who died in World War II.

The recognition is to continue annually for the next 31 years. If no varsity letterman has a grade average in excess of 2.25 for any given year, the space for that year will be left vacant.

As winner of the award, Zickefoose will be honored in the programs for the K-State-Wyoming football game. There will be a two page picture spread of Zickefoose's life, Paul DeWeese, sports publicity director, said.

Purpose of the award is to emphasize to athletes the importance of good scholarship and to inspire scholastic achievement among athletes. The award serves also to increase public awareness of athletes' scholastic achievements.

During the 1954-1955 school year 21 percent of the 79 varsity lettermen in the major sports attained a "B" or better average. These lettermen include representatives from football, basketball, track and baseball.

In comparison, only 19 per cent of the general student body attained a "B" or better average.

CHARLES ZICKEFOOSE is shown receiving from President James A. McCain, the recognition plaque for being the first winner of the James Richard Koefod Memorial Award.

## Three Cat Gridders On Academic Squad

Three Kansas State football players have been named to the 1955 all-American academic pre-season squad selected by Southern Methodist university.

Honored for their high grade averages, as well as grid ability, were Chuck Zickefoose, first string end; Jim Furey, Wildcat captain and starting center; and Ellis Rainsberger, sophomore lineman who plays both tackle and guard.

Zickefoose rates top billing for classwork with an A-minus record in architecture. His average for the past two semesters is 2.5.

Other Cat gridders who rank as top men with the books include Ted Heath, center, who sports a

2.3 average; George DeBitetto, guard, who averages 2.0; Harold Riechers, sophomore end, sporting a 2.7 mark; Andy Stewart, sophomore guard, a 2.8 average; and Kenny Nesmith, halfback, with a 1.9 average.

# Five Buildings To Be Dedicated This Term

Opening of the \$1,650,000 Student Union at the beginning of the second semester will be the highlight of five building dedications during the coming school year.

Dedications also are planned for the library stacks addition, the extension building, the feed technology wing of Waters hall, and the chapel auditorium—and other buildings are on the way.

Work began in July on a \$1,400,000 animal industries building which is expected to be finished during the summer of 1957. Grading on a plot of land for married housing also began in July, and the contract for its 192 units is expected to be let in October, according to R. F. Gingrich, physical plant superintendent.

In November, Gingrich expects to let a contract for a \$50,000 ag engineering wing. A \$1,500,000 home economics building is in the planning stage, he said.

Specifications for furnishings in the new Student Union will soon be completed, and contracts for the furnishings will be let within the next 30 days, director Loren Kottner said. He said he is shooting for a February 1 opening date.

The \$1,650,000 structure was begun in April of 1953 and has been financed by student fees. In addition to furnishing recreational facilities for K-Staters, its completion will create more space in other buildings.

Dedication dates have not been set for the Union and for the \$220,000 chapel auditorium, which is to be finished in April. Dates have been set for the dedication of extension, library stacks, and the feed technology wing.

The \$340,000 library stacks addition, which has increased stack capacity from 160,000 volumes to 600,000 volumes, will be dedicated October 5. At that ceremony, the library building will be named Farrell library in honor of President Emeritus F. D. Farrell.

The \$695,000 extension building will be dedicated and named for H. J. C. Umberger, former dean, on November 1 as part of the annual extension conference. Some fixtures are not yet completed, but the extension staff should be able to move in by October 15, Gingrich said.

The \$400,000 feed technology wing is ready for use except for some minor equipment, Gingrich said. Tentative date for its dedication is November 10. It has been built and equipped with gifts from feed and flour milling companies.

The animal industries building is being erected east of the new extension building by Martin K. Eby Construction company of Wichita. The building will include an L-shaped, two-story wing, 48 feet by 300 feet, plus an oval-shaped arena.

The wing will house classrooms, offices, an auditorium, and a small packing plant with facilities for meat processing and storage. The arena will have balcony seating for about 3,500 persons. Animal pens will be located beneath the balcony.

Eight married-housing apartment buildings are to be built on a plot of ground 1½ blocks northwest of the military science building. Plans for the project were sent to the state architect the past week end for approval, Gingrich said. The College plans to get a federal loan to finance construction, and Gingrich hopes to let the contract in October.

## KS Polio Victim Regaining Health

Rod Booth, Riley county's first polio casualty of the year, is on the way to recovery. The 20-year-old K-Stater from Osage City suffered no paralysis or muscle damage, according to the Riley county hospital staff.

"I expect to be released from the hospital this week end and be in school Monday," Booth said.

The 192 married-housing apartments are scheduled to be completed by the fall of 1956. They will be of frame and masonry construction. Furnishings will be conventional wooden furniture. Drapes and carpets will be included.

One-bedroom units will rent for \$60 a month; two-bedroom apartments will rent for \$65, according to A. Thornton Edwards, housing director. This price includes utilities up to 140 kilowatt hours of electricity.

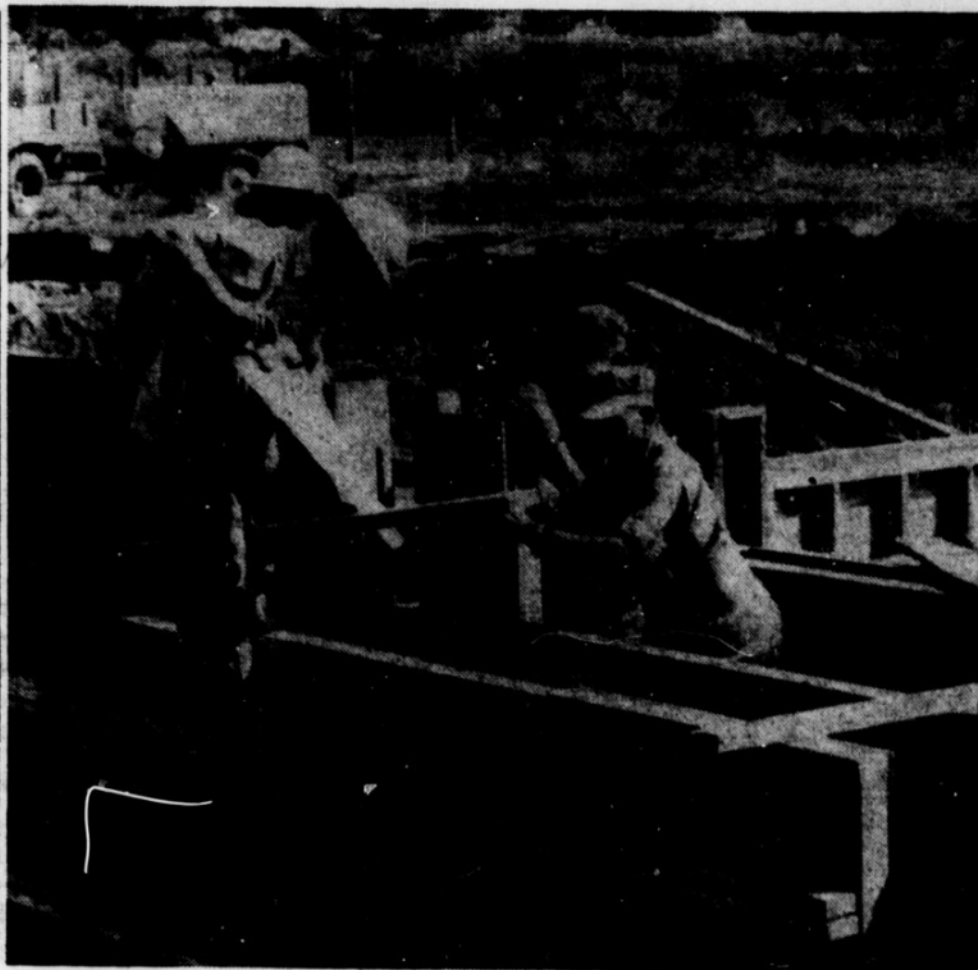

Soil tests for the footings of the ag engineering and home economics buildings are being made, Gingrich said. The ag engineering building is to be attached to the north end of the engineering wing. The home economics building will be on the eastern edge of the campus and north of President McCain's home.

While the \$50,000 ag engineering contract will be let in November, the \$1,500,000 home ec building still is in the planning stage, Gingrich said. Both buildings will be financed with a \$2 million allocation by the 1955 Legislature.

This allocation comes from a state ad valorem tax levy that accumulates about \$6 million every two years. K-State receives about one-third of this sum, or \$2 million. The animal industries building and the extension building were financed from a similar \$2 million allocation in 1953.

In addition to the new construction, the school faces the problem of replacing a large barn that burned recently. This barn was located north of the site of the animal industries building. Work now is being done on estimates and plans for replacing it, Gingrich said.

In Dutch Guinea there is a road made of aluminum and solid mahogany, notes the National Geographic Society. The road is based on a corduroy of mahogany logs, common in the area, and is surfaced with bauxite, the ore from which aluminum is extracted.

CARPENTERS ARE constructing forms for the footings at the new animal industries building site northeast of the campus.

The building will include an L-shaped, two-story wing, 48 feet by 300 feet, plus an oval-shaped arena.

The \$1,400,000 structure will have balcony seating for 3,500 persons.

The wing will house classrooms, offices, and an auditorium.

North Carolina abolished the poll-tax requirement as a prerequisite to voting in 1920.

# Plays, Assemblies, Queen Added to Busy Summer

A lot of things happened on the K-State campus this summer besides new construction, faculty changes and leisurely-spent afternoons in the swimming pool. So, to bridge the gap from last May to the present, here is a brief run-down on the highlights of the summer at Kansas State.

Summer school began on June 7 with an enrollment of 1,352 students, an increase of about 200 from the previous summer.

Vaden E. Davis Jr., George E. Shute and Lowell Socolofsky were named distinguished military students in air force ROTC. They will receive their commissions in January, 1956.

The Kansas Industrialist, official Kansas State college organ ceased publication with the June issue. It has been circulated to Alumni association members when published.

Forty-four athletes received letters for participation in spring sports. Heading the list were two seniors, Jerry Mershon and Jim Loomis, who received their fourth letters.

Gurdasmal Shivanani, graduate student from India, was named winner of the first B'nai B'rith Hillel foundation award at K-State.

Miss Jean Ritchie, folk singer, presented a program of authentic folk music in an assembly.

On July 14-15 the K-State Players presented "Sabrina Fair." Rachel Pickett was cast in the lead as Sabrina Fairchild.

Dr. Harold E. Myers, associate director of the Agricultural Experiment station, and Dr. Roger C. Smith, former head of the entomology department, left for India to make a two-month survey of central India's needs

for agricultural research and education.

Daniel Reed, actor, director, and dramatist spoke at an assembly and declared that the world is not poetic enough.

Robert J. Havighurst, educator, told K-Staters at assembly that the world's future depends on youth.

"Years Ago" was presented in an ancient Greek fashion with the audience sitting on three sides of the stage. In the lead was Virginia Eaton cast as Ruth Gordon Jones, a 16-year old girl with ambitions to become a stage star.

Donald Grant, British lecturer,

spoke at an assembly and praised President Eisenhower for greatly improving the outlook for world peace.

Barbara Lowe, HE soph, was crowned "Miss K-State" in a campus contest. Phyllis Evans, ChW Jr, and Sue Hostinsky, ChW Jr, were chosen attendants.

Work began on married housing units. There will be 192 units. They will be ready for occupancy next fall.

A new Canteen owner, Charles Ramey, took over ownership of the Canteen from Dale Simmons. Ramey was a student at K-State during the 1930's.

**M-M-MM GOOD** say Duane Kimball, Ag Jr, and Sue Green, HEc Fr, as they sample the watermelon at the chamber of Commerce watermelon feed for new students at Memorial stadium last night.

## 1,000 Attend Melon Feed

More than 1,000 students attended the 35th annual watermelon feed at East stadium Wednesday evening.

The feed sponsored by the chamber of commerce, was preceded by a short program. Clarence Skaggs, president of the chamber of commerce, gave the welcome address.

Ed Cavanaugh, freshman coach; Ward Haylett, track coach, Howard Shannon, assistant basketball coach, and Fritz Knorr, assistant athletic director, each gave a short speech.

Freshmen were encouraged to participate in football, basketball, track, wrestling, and other athletic activities.

## Grad Students Elect President

Victor E. Adler was elected president of the Graduate Student association at a meeting and watermelon feed held Friday evening at the Top of the World.

Other officers elected are Raimo Bakis, vice-president; Ralph W. Delterne, treasurer, Richard A. Anderson, secretary; Lucille Nelson, social chairman and Jane Wrenn, program chairman.

South Carolina was the eighth state to enter the union. It ratified the constitution May 23, 1778.

## Freshmen Choose Jannene Foust Orientation Queen

Jannene Foust, HEJ Fr from Hutchinson, was crowned Orientation Queen Monday night at the Freshman Mixer held on the tennis courts.

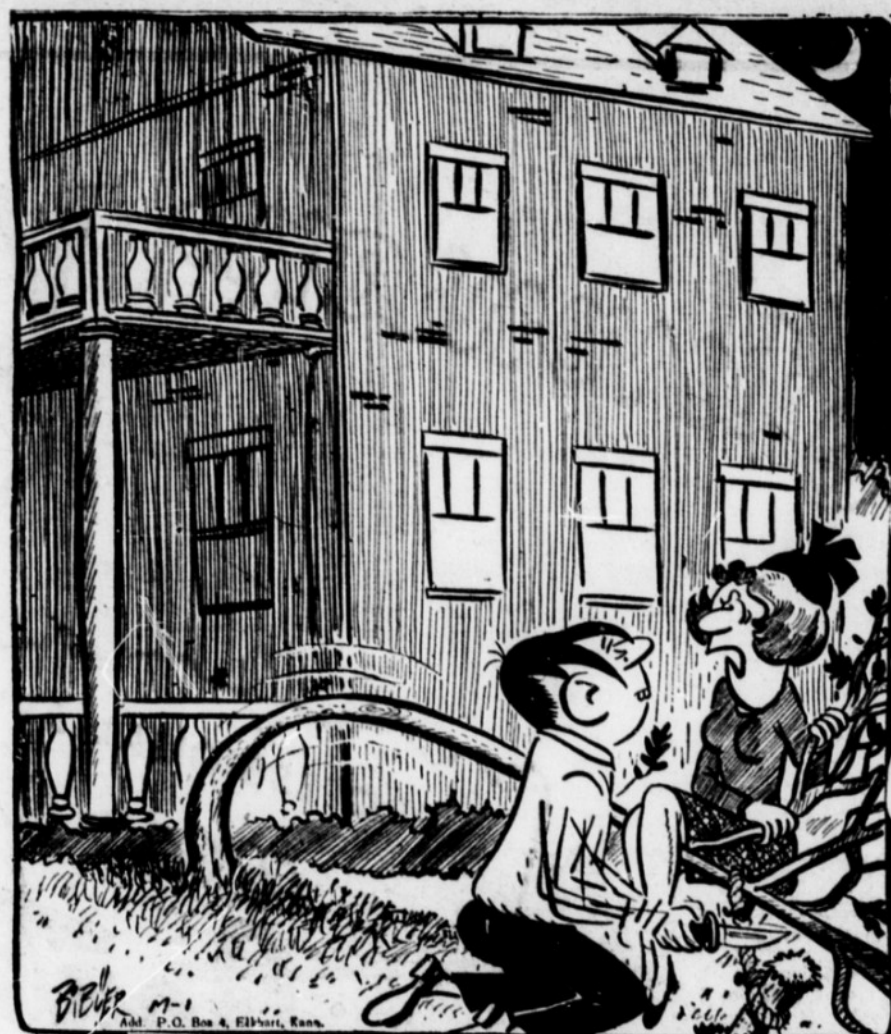

Her attendants were Beverley Sharp, HE Fr, Overland Park; Marcia Gronis, EEd Soph, Leavenworth; and Nancy Peters, Hum Soph, Tonganoxie.

This fall, for the first time, all new students were organized into club groups of approximately 40 students in each group. These clubs have elected their own leaders, held discussion sessions on general matters pertaining to college life, and elected their own candidates for "Orientation Queen." Miss Foust was selected over 30 other candidates.

Approximately 1,000 students attended the Student Governing association-sponsored mixer, Bob Alexander, new Student Union program director estimated. In addition to the queen contest, the new students danced to the music of Matt Betton and his orchestra, the film, Football Highlights of 1954, was shown in the Temporary Student Union, and Wildcat cheers were led by Jack Barrett, Phil Robertson and Robbie Guy.

Among the contestants in the queen contest were Sammy Hamilton, Sharon Plummer, Emma Lou Douglass, Sarah Cullins, Janice Humble, Maxine Wempe, Jean Althaus, Nancy Irvine, Elenita Royer, Mary Lou Skinner, Mary Butler, Barbara Train, Janice Gaddis, Helen Lutz, Sandie Culver, Diane Higley, Karen Jo West, Anna Belle Chilcott, Mardy Edwards, Leilani Rusho, Lou Ann Sheldon, Sandy Arnold, Connie Benjamin, Jane Franz, Kathy Horridge, Doris Kaye Geis and Diane Whitley.

Open Thursdays Till 9 p.m.

# Cats Favored To Beat Wyoming

A slightly favored K-State football team will swing into action against the Wyoming university Cowpokes from Laramie tomorrow at 2 p.m., before an expected crowd of 12,000 in Memorial stadium.

Coach Bus Mertes' gridders will utilize the familiar split "T" formation against Wyoming's offensively-strong single wing team that won six and lost four games last year.

The contest tomorrow will be the rubber game between the Cats and the Cowpokes. Wyoming won 20-7 in 1952 but the Wildcats gained a 21-13 decision last year to even the series.

Picked to win the Skyline conference, Coach Phil Dickens' Cowpokes are rated stronger both offensively and defensively.

Spearheaded by quarterback Joe Mastrogianni, the Pokes' nominee for all-American honors, Coach Dickens can field an all-letterman team most of whom saw action against the Cats last year.

K-State will run offensively from the split "T" formation utilized in recent years but will add new twists opening up the formation placing the ends and flankers a little wider than normal.

With pre-season practice behind, the first-string Cat lineup includes ends Jim Rusher and Chuck Zickefoose, tackles Ron Nery and Frank Rodman, guards Bob Hilliard and Rudy Bletscher, center Jim Furey, quarterback Bob Whitehead, halfbacks Kenny Nesmith and Bill Carrington, and fullback Doug Roether.

All are lettermen except Bletscher, 5-11, 196-pound sophomore. Bletscher at present holds an edge over George DeBitetto, 200-pound junior at the right guard spot.

In the line, the Cats top the listed weights of the Cowboys. The K-State line's lightest man is Bletscher. His counterpart, Wyoming's John Maffioni, 204-pound senior, is the Cowpokes' heaviest lineman.

Mertes tags quarterback, end, and center as thin spots in the 1955 squad. Whitehead represents the only quarterback letterman on tap since Jim Logsdon, who alternated with Whitehead last season, is nursing a shoulder injury.

Chuck Zickefoose, letterman center, was moved to right end and stuck. At the other terminal

will be Jim Rusher, senior letterman. Behind these two the Wildcats have no experienced help. The same is true of the center spot where the picture is all sophomores behind the first string.

Lack of seasoned halfbacks presents Mertes with another problem. Carrington, a fullback last year, has been shifted to the halfback slot. His running mate will be Nesmith. Several promising sophomores Ray Glaze, Dick Allen, Ralph Pfeifer, and Keith Wilson will be called on for heavy duty this year.

Mertes can also call on Tony Addeo, 175-pound junior and Jerry Hayes, 165-pound junior transfer student from El Dorado for halfback duties.

K-State will also have a weight advantage in the backfield since

the first stringers average 186 pounds despite Whitehead's meager 160. The high-speed Cowboy backs will average only 167 pounds.

The Pokes will leave Laramie this afternoon traveling by train. They will arrive in Manhattan at 9 a.m. tomorrow morning.

Gov. and Mrs. Milward Simpson of Wyoming and Gov. and Mrs. Fred Hall of Kansas will be guests of President McCain at the game tomorrow and for a luncheon and dinner.

Other guests will include John McCuish, Kansas lieutenant governor, and Mrs. McCuish; Martin Kiger, director of the state department of administration, and Mrs. Kiger; Willis Kelly, Mrs. Beth Haughey, Hubert Brighton, and Huck Boyd, all members of the Board of Regents.

## Kansas State Collegian

VOLUME LXII

Kansas State College, Manhattan, Kansas, Friday, September 16, 1955

NUMBER 2

### C. A. Dorf Passes Away At 8 A.M.

C. A. Dorf, 59, a member of the chemistry staff at K-State for more than 24 years, died at the Riley county hospital about 8 a.m. today.

Following summer school, Dorf had undergone major stomach surgery at the Mayo clinic at Rochester, Minn., and was thought to be recovering nicely when he became ill Wednesday and was taken to the hospital.

A native of Austin, Texas, where he was born June 24, 1896, Dorf received his A.B. degree in 1920 from Bethany College, Lindsborg, and his M.S. in 1932 from Kansas State. Before joining the K-State chemistry department in 1931, Dorf had taught at Bethany Academy and the Randolph and Moreland, Kan., and the Casper, Wyo., high schools.

### Jazz Show Scheduled October 16

"Jazz at the Philharmonic" is scheduled to be at K-State October 16, Robert A. Alexander, Student Union program director, said today.

Last year 2,800 persons attended the jazz concert which was presented in the Field House.

Gene Krupa has been added to the crew of jazz artists since its appearance at K-State last year.

Ella Fitzgerald, vocalist, Buddy Rich, drums, and Dizzy Gillespie, trumpet, will be among the returning stars.

"Jazz at the Philharmonic" was organized as a jazz session after working hours in 1944. The organization put on its first concert at the Los Angeles Philharmonic auditorium the same year.

In its 15th year, "Jazz at the Phil" annually plays 60 major cities, and presents concerts in Hawaii, Canada, Australia, Japan, and Europe.

### Enrollment Totals 5,890 at 10:30

Enrollment reached the 5,890 mark late this morning as late enrollees are continuing to register.

We'll probably reach the 6,000 mark by the end of next week," Registrar Ellsworth Gerritz said.

Fairly high totals of enrollees are coming in every day, he said. Enrolling yesterday were 44 students, and 35 are expected to enroll today. Several late enrollees are expected Monday.

### Vets Up Enrollment Total

Veterans are largely responsible for the upsurge in enrollment at K-State this fall, E. M. Gerritz, registrar and director of admissions said yesterday.

Approximately 1,300 veterans will have enrolled when final tabulations have been completed, Wendell R. Kerr, veteran service officer said. This will be an increase of more than 50 per cent over last year's total enrollment of 845 vets.

To date, 1,223 Korean veterans, 29 World War II veterans and 30 disabled veterans have enrolled, Kerr said.

Forty more students enrolled

Thursday bringing the total enrollment for K-State to 5,878. Nearly 130 more students are expected to enroll before the deadline which will push K-State's enrollment over the 6,000 mark for the first time in six years, according to Gerritz.

This fall's enrollment shows an increase of more than 600 over last year's total. Out of the 600 additional students only about 150 are new to the campus and the rest are returning veterans, Gerritz said.

Out of the 600 additional only 28 more are freshmen while in contrast there are 215 more

sophomores, 149 juniors and 122 more seniors.

Since very few more women are enrolled, no housing problem is expected for women students, although the dormitories are overloaded about 10 per cent at the present time, A. Thornton Edwards, housing director said.

About 20 men are being housed in the old hospital annex until vacancies in the men's dorms or in rooming houses can be found.

Edwards said yesterday that there are a few vacancies listed at the housing office for men students, but more could be used.

**CIRCLE ROUND**—Nearly 450 students attended the 4-H Fall Mixer at the tennis courts last night. The dance is an annual event and is designed to give K-Staters an opportunity to join Collegiate 4-H.

### Frosh Talent Show Set for 8:15 Tonight

An annual, freshman talent show, sponsored by the K-State Players will be tonight at 8:15 in the Auditorium.

Emcees for the show, will be Baird Miller, Sp Sr, and Dave Winter, PEM Sr.

Matt Betton and Bill Heptig in combined band, will start the evening's program with

the Wildcat Victory March. Vocal solos will be by Bobby Paulson who will sing, Love is a Many-Splendored Thing; Don Goeckler will sing, Serenade.

Allen Tilley will sing, Unchained Melody; Judy Horn will sing, There Goes My Heart; and Jack Hurtle will sing, Poor Man's Garden.

Instrumentals will be by Don Matsuoka, playing Malaguena on the uke. Don, a student from Hawaii, has been playing the uke since he was 12 years old, and has been playing for the last eight years. He became interested by watching other people in his country play. He plays by ear and has never taken any lessons.

Also will be a piano solo, After You've Gone, by Peggy Missimer; Kathy Schultis impersonating Liberace; a trumpet trio consisting of Drexel Warren, Larry Northway, and Terry Fanning, playing Three Cardinals; and the K-Notes, a combo with Royce Johnson, Larry Delahooke, Wendell Cowan, and Owen Sherman.

### 'Miss Football' Title Goes to Oklahoma Girl

Miss Football, as chosen by the Berkeley (Calif.) Chamber of Commerce last night, is an Oklahoma university coed, Miss Ann Campbell. She will ride on the theme float, "One World Through Sports," in the Parade of Lights in Berkeley tonight. Miss Campbell was fifth in the Miss America contest last week.

Sondra Tate, K-State's contestant for the title, will ride in the parade at the head of one of its divisions. Sondra, an art sophomore from Wichita, was one of 11 finalists in the contest.

Miss Football was presented as queen at a Coronation ball last night. The coronation and tonight's parade are climaxes of a week of activities in California that began Sunday.

Sondra is expected to return to K-State Sunday night.

Freshmen . . .

## KS Fees Pay For Services

If you're a K-State freshman, you're probably full up to here with advice on how to succeed in life and live happily ever after. But perhaps you would be interested in a few fairly-well-chosen words on how to make out around the K-State campus.

Tomorrow you can see your K-State football team clash with Wyoming in what promises to be a close and exciting game . . . that is, you can see the game if you didn't throw away that yellow piece of cardboard that you were given on enrollment day.

You were expected to cut out the upper left-hand section of the card and keep it, and we hope you did. It's the little jewel that gets you past the ticket-taker all semester, and if you lose it, that's tough. It can't be replaced. So guard it with your life.

If you kept your activity ticket you probably think it's odd that anyone would throw his away. But you haven't heard anything yet. One K-State freshman, who prefers to remain anonymous, kept his ticket but didn't know what it was for. He paid his way into one home football game and missed four others, but did learn the facts of life in time to see some basketball games.

Which finally brings us to our point . . .

When you enrolled here you paid your money, and the College owes you something in return for that money. It is to your advantage to know and use the services provided.

Your enrollment fees entitle you to a copy of the Collegian, the Student Directory, and the Royal Purple. You'll find the Directory invaluable, and the Royal Purple—K-State's perennial all-American yearbook—will be a priceless memento of your college days.

Emergency medical service 24 hours a day was provided by your student health fee, and hospitalization is available. The purpose of Student Health is to serve your health needs whenever possible.

A part of your fee will be used to help pay the cost of the new Student Union which will open about February 1. Another part of the fee will be used to pay operating costs of the Union. This building is a dream come true for K-Staters and will offer you many things. Be sure to use it.

Until it opens you can use the temporary union south of the student parking lot, and the College cafeteria in Thompson hall just east of Nichols gym. There is a post office in Anderson hall, a dairy snack bar in the basement of West Waters hall, and plenty of room for study in the College library.

These are some of the more important things available to you. You can find more information about them in the K-Book you received. Be sure to read it. It's easily read and gives you most of the lowdown on life at K-State.

You may wander around lost for a few days, but with the help of the map in your K-Book you can find your way around, and in no time should feel at home. We hope you do.

## K-State Grass Is Lawn Gone

Welcome back to the beautiful campus of Kansas State college, covered with spacious shade trees, most of which are still alive.

This year there are a few new buildings, a few new deans, and a few dead spots on the lawn.

We have to congratulate somebody. Always before someone had to fight a constant campaign to keep students from making paths across the lawns. This problem is being whipped. No lawns.

We might ask why someone didn't think of watering the grass and trees this summer when everything was so dry. But that seems a silly question; anyone would think of that.

What we would like to know is why is everything drying up. Is someone running an experiment to see how soon everything on the campus will die without water?

We did notice a sprinkler during registration spraying water across a sidewalk and we wondered if someone was testing erosive effects on dead lawns or if they just plan to wet down the freshmen every enrollment.

After all this is a college that is teaching such things as landscaping and making things grow. Are we able to practice this art at home?

Somewhere, somehow, someday, somebody should figure out something so that we will know what to tell visitors to this campus.

And, if all else fails, we would like to recommend watering.—Lee Ruggels.

## Foo Lin with Noo Lin

By BOB NEWLIN

Greetings, fellar K-State Collegians,

This are being first reel honest efforts at journalistic displays, and I are sin cerely hoping you are finding it in ur honorable and genroos hearts to carefully scrutinizing all which I are having to say. Are remembering, pleez, "Love is a many splintered thing," Soo Yin.

Are finding it grate sports to watching all feverish activity around the campus, especially parts which are involving cute lil coeds. Are building great and fabulous noo invention which are certain to astounding even such esteemed brains as Bus Mertes (he are not to be confused with a stret car named Desire) as it are definitely being honorable cat's whiskers.

Envention are coming to me all of a sudden one night as I are trying to figger some sneaky way to getting my goorl in after closing ours. Now if you thinking I are being guy who giving way such valuable secret free of charge, you are please to giving lil more thought to subject.

Ole Noo Lin are not so dumb, boys; also girls. Contacting me are reel easy thing, just drop a line (silk), in care of this noospaper. Are thinking of absconding with all funds are finding around here, so please hurry.

Say, are also having reel big time with delicious noo drink which are also discovering purely by chance. Are called Noo Lin juice. This are also coming to me all of a sudden, as I are casually strolling along alley in back of certain well-known establishment about Aggieville. All of at once, I are spotting terrific pile of emptied beer cans. . . a ha! It are turning out cans are not so durned empty after all. Now, brothers and sisters (I are also inclooding anyone else reeding) this are being one of gratest discoveries since Alexander Graham Bell are inventing steem boat. . . and I are not kidding U one bit when I are saying that some time and many completely emptied beer cans later I are feeling like entirely different persons. At once feeling very gung ho for honorable program.

However, this are all so creating some what of a problem as what are nice stooitent like me going to do with huge stack nothingless ber cans. Pleez dew not to go away! Honorable Noo Lin are even having solutions to such tech-nickel problems as this. Are merely soldering all cans end to end and having one jim dandy mast for the vee antennae. Can even be installing spring on bottom and having king-sized Pogo stick which are providing reel crazy way to get around. This are having commersshul possibilities, huh?

See, Noo Lin are hastening to letting you in on all poop about college life, but are now suffering from a cute problem of own, and o gee, o gosh, are I ever hoping are finding quick answer. Noo Lin's gurl fiend are getting terrific cold shoulder all of a sudden, and I are sum-how at a loss for wurdz, among other things.

She are keep mumbling something about "even your best friends won't tell you," so if any one does are out there with correct dee siphers for such tuff code, I are being internally grateful fer help. Remembering pleez, that love are a many suspended thing, and ole Noo Lin are really fed up to hear with whole cotton pickin mess.

Wee are all goooing to have wonderfool time this year, stoo-dents, but honorable editor are breathing down Noo Lin's shirt collar (even your best friends won't tell you) and saying get lead out and finish, so must jump on motor scooter and scoot over to Collegian office.

Well, are c-ing u round like doughnut..

"I'll Help You Paste 'em Up on the Barns"

### About Time!

## Daring KS Faculty Senate Makes Tobacco Legitimate

A venturing and brave group are they.

Yes, the Faculty Senate has dared brave tradition, and has taken a dramatic stand for smoking. After all, how many American colleges allow smoking in buildings. (Next week, after you get through counting, drop in and give us the answer.)

The smoking rule will upset the daily routine for many at K-State. Persons used to sandwich in a little work between cigarette breaks. Now there won't be any cigarette breaks. Perhaps a campus committee will be appointed to determine whether persons should smoke at their desks and work little, or take several cigarette breaks and work little.

Hardest hit by the new ruling probably will be the local coffee joints. It has been estimated that within a short time the coffee market will drop sharply.

Floating around the campus now is a rumor that a certain tobacco company will come out soon with a brand containing 31,000 tiny filters. "We're doing it to show our appreciation to those fag-smoking K-Staters," the company's president was quoted as saying.

Already, Kansas State College has been regarded as a pioneer in the fight for smoking in buildings. Several out-of-staters have indicated a desire to matriculate immediately at K-State.

And no longer will pipe-smoking profs have to be embarrassed by the wisps of smoke emitting from their coat pockets when persons come around.

But in conclusion—Please be careful while smoking in Kedzie. If it burns down, they'll probably fill up the hole and plant flowers.

Gary Swanson

Today's World News

## 'Germany Bound By Potsdam,' Reds

Moscow—The Soviet government said last night that it considers the question of Germany's frontiers settled by the 1945 Potsdam agreement.

The Soviet Union also declared, through an official Tass news agency statement, that the West German government exercises jurisdiction only over the territory placed under its sovereignty.

The Soviet declaration constituted a blunt reply to West German Chancellor Konrad Adenauer's claims in Moscow after agreeing to restore diplomatic relations with Russia.

Adenauer said the agreement—linked to a verbal promise by Russia's leaders to repatriate German prisoners—did not constitute recognition of the present territorial situation by either side, and final determination of borders had to await a peace treaty.

Adenauer also stressed the Moscow agreement did not change his government's view that it had the right to speak for all of Germany—East and West.

### Bulganin Ill in Moscow

Moscow—Premier Nikolai Bulganin was reported ill last night on the eve of top-level talks with Communist East German leaders.

There was no indication of the seriousness of the illness, reported by Tass news agency.

Radio Moscow, in broadcasting a report to Soviet listeners, used the word "indisposition" in describing the condition of the 60-year-old white-goated premier.

His illness in the midst of a flurry of Soviet diplomatic moves, followed by one day the departure of West German Chancellor Konrad Adenauer from Moscow. Bulganin looked tired Wednesday when he said goodbye to Adenauer.

### Prince Sails for US

Brussels, Belgium—Prince Albert of Belgium, 21-year-old brother of King Baudouin, leaves today aboard the luxury liner Ile de France for a 10-week tour of the United States.

The prince will be received by President Eisenhower September 27.

## X-Ray Unit In Aggieville Next Week

A Kansas board of health X-ray unit will be set up in Aggieville September 22, 23, and 26. The state board of health urges all college students to have a chest X-ray made on one of these days.

The board said the X-rays will be given free of charge and no appointment is necessary.

The X-rays check for tuberculosis, lung cancer, and other chest diseases. The board of health recommends that each person have a chest X-ray at least once a year.

The X-ray unit will be open on September 22 from 1:30 to 4:30 p.m. and from 7 to 9 p.m.; on September 23 from 9:30 to 11:30 a.m. and from 1:30 to 4:30 p.m.; and on September 26 from 9:30 to 11:30 a.m. and from 1:30 to 4:30 p.m.

Free transportation to and from the X-ray unit on September 22 and 23 by members of the Alpha Tau Omega fraternity.

Any student wishing a ride may contact the Alpha Tau Omega members at their house, or call 8-4377.

## Politicos To Have Meeting Tuesday

The Political Science club will hold its first meeting at 4 p.m. in the Student Union on Tuesday, September 20, according to Dr. Louis H. Douglas, professor of history and government.

Plans for the fall meetings will be discussed, Douglas said.

All students who are majors in government or are interested in politics are urged to attend.

The first barbed wire fence, patented in 1867, had wooden pegs strung along a length of plain wire, with sharpened points of wire protruding from each peg.

## Debaters To Meet; Wages To Be Topic

Students interested in debate, discussion, or single events such as orations or declamations should attend a meeting Tuesday at 7 p.m. in room 20 of Eisenhower hall, Charles Goetzinger, debate coach, said today.

This year's debate topic is "Resolved: That All Non-Agricultural Employees Be Guaranteed an Annual Wage."

The discussion question is "How Can We Best Carry Out the Decision of the Supreme Court on Segregation of Schools?"

Goetzinger said the schedule of debates would be similar to last year's when K-State participated in 239 debates with 86 different colleges.

"We hope to be able to take more people to the tournaments this year and participate in more single events," Goetzinger said.

K-State's debate team will start the year with an audience debate

with Kansas university at Lawrence November 4 and 5.

K-State will be host at a novice tournament November 11. Twenty-five to thirty schools are expected to compete in this tournament.

The debaters are also planning audience debates with the Maritime academy and the University of Notre Dame sometime this year.

The Forensics union which works closely with the debaters is planning an extemporaneous speaking contest for sometime in November. There will be a men's division and women's division with rotating trophies that will be presented to the organizations sponsoring the winners.

## Jobs Still Open For Coeds Who Want to Work

There are still a few waitress and light housework jobs open, Miss Helen Moore, dean of women, said today. Any girls who are interested should get their applications in as soon as possible, Dean Moore said.

In the past three weeks, 150 jobs for men have come into the placement bureau. Some of these jobs require special skills or practice, and any student with experience along these lines can probably be placed, Dean Moore said.

On September first, 800 letters were sent to the campus and community requesting that anyone who needed workers list their available jobs with the placement bureau.

## Square Dancers To Meet Monday

Promenaders, K-State's square dance club, will have an organizational meeting Monday, September 19, at 7:30 p.m. in Nichols 107, Virginia Devinish, publicity chairman, announced today.

"All students interested in square dancing are welcome," said Miss Devinish. "A member needn't be a skilled or experienced dancer," she said.

Promenaders meets alternate Monday evenings. The club's activities will probably include several off campus exhibitions, said Miss Devinish.

# Is There No End to the Weddings?

## David-Drake

Joan David, junior in elementary education from Winfield, and Don Drake, '55 from Rock, were married in Winfield June 3. Joan is a member of Alpha Chi and Don is a member of Alpha Gamma Rho.

♦ ♦ ♦ ♦

## Dickinson-Neal

Mitzie Dickinson, Junior in home ec and teaching from Home-wood, was married to Lt. Richard Neal June 18 in Williamsburg. Mitzie is an Alpha Chi.

♦ ♦ ♦ ♦

## Lee-Neuer

Beth Lee, Kansas City, Mo., and Bill Neuer, senior in agriculture, from Kansas City, were married July 30 in Kansas City. Bill is a member of Alpha Kappa Lambda.

♦ ♦ ♦ ♦

## Talbott-Goss

Sharon Talbott and Max Goss, both of McPherson, were married September 13 in McPherson. Sharon is a Pi Beta Phi and Max is a member of Sigma Chi.

♦ ♦ ♦ ♦

## Hannaford-Exline

Mary Hannaford, EEd Sr from Marion, and Bob Exline, IA Sr from Salina, were married August 14 in Marion. Mary is a member of Pi Beta Phi and Bob is a Sigma Phi Epsilon.

♦ ♦ ♦ ♦

## Lundberg-Cordes

Ann Lundberg, Pi Beta Phi from Manhattan, was married to Don Cordes, Beta Theta Pi from Manhattan, June 5 in Manhattan. They both graduated in '55.

♦ ♦ ♦ ♦

## Hoff-Hufnagel

Barbara Hoff, '55, was married to David Hufnagel, West Point, '55, June 25 in Kansas City, Mo. They are both from Kansas City, Mo., and Barbara is a member of Pi Beta Phi.

## Pep Clubs To Sit Together at Game

The Wampus Cats and Purple Pepsters are asked to sit in the pep section at the Wyoming game tomorrow, according to Dean Nehrig, Wampus Cats president.

Nehrig added that members of the clubs should wear their sweaters if it is not too warm.

The Purple Pepsters will meet Monday, September 19, at 5 p.m. in J-115 and the Wampus Cats will meet at 5 p.m. the same day in A-211, Nehrig said.

## Foreign Students To Be Welcomed At Picnic Monday

A picnic for foreign students will be Monday evening at Sunset park. The picnic, sponsored by the Cosmopolitan club, the YMCA, and YWCA will be held as a welcome to foreign students, Warren Remple, YMCA secretary, said today.

The theme of the picnic will be County Fair, Remple said. Anyone interested in extending friendship to students from abroad is welcome.

The group will meet at the east door of Anderson hall at 5:30 p.m., and transportation will be provided to Sunset park.

You'll be pleased with a Collegian want ad.

## Hills-Dollar

Diane Hills, '55, was married to John Dollar, electrical engineering senior from Topeka, September 4 in Manhattan. Diane is from Manhattan and a member of Pi Beta Phi. John is a member of Sigma Chi.

♦ ♦ ♦ ♦

## Ramsey-Peterson

Diane Ramsey, '55, was married to Lowell Peterson, '55, July 30 in Kansas City, Mo. Diane is from Kansas City, Mo., and is a member of Pi Beta Phi. Lowell is from Joliet, Ill., and is a member of Sigma Chi.

♦ ♦ ♦ ♦

## Johnson-Murray

Beverly Johnson, Pi Beta Phi from Corpus Christi, Texas, were married to Bill Murray, Beta Theta Pi from Menlo Park, Calif., August 20 in Manhattan. Bill is a junior in veterinary medicine. Bev is a '55 graduate.

♦ ♦ ♦ ♦

## Bettis-Dunn

Beverly Bettis, Pi Beta Phi from Kansas City, Mo., was married to William Dunn, June 5, in Kansas City, Mo. Dunn was a member of Alpha Tau Omega at Bowling Green.

## Potwin-Habercorn

Ann Potwin, Pi Beta Phi, from McPherson, was married to Charles Habercorn, Phi Delta Theta, '54, in McPherson, June 11.

♦ ♦ ♦ ♦

## McMullen-Hutchins

Phyllis McMullen, Pi Beta Phi from Phillipsburg, was married to Sidwell Hutchins, Sigma Nu at K.U., in Phillipsburg June 5.

♦ ♦ ♦ ♦

## Mase-Craft

Norma Mase, HE Sr from St. John, was married to Roger Craft, PEM Sr from Garden City, September 1, in St. John. Mrs. Craft is a member of Pi Beta Phi and Craft is a Sigma Phi Epsilon.

♦ ♦ ♦ ♦

## Schneblin-Galousha

Gloria Schneblin, '55, Pi Beta Phi, from Peoria, Ill., was married to James Galousha, August 27, in Peoria. Galousha was affiliated with Sigma Alpha Epsilon at Cornell university.

♦ ♦ ♦ ♦

## Ottawa-Gerlach

Lucille Ottawa of Viola and DeWayne Gerlach of Garden Plain were married September 4 in the Methodist Church at God-

dard. Lucille was in elementary education at K-State last year.

♦ ♦ ♦ ♦

## Branda-Allison

Futh Branda of Lucas and William Allison of Luray were married in Danforth Chapel on July 25. Mrs. Allison has been employed in the physical plant department and Allison works for the Union Pacific railroad.

♦ ♦ ♦ ♦

## Miller-Ohse

Beverly Miller, Kansas City, Mo., and Dave Ohse, Sigma Chi from Topeka, were married May 29 in Manhattan. Dave is a '55 graduate.

♦ ♦ ♦ ♦

## Conboy-Mansfield

Phyllis Conboy, '55 from Larned, and Charles Mansfield, '55 from Clay Center, were married June 1 in Larned. Charles is a Phi Kappa Tau.

♦ ♦ ♦ ♦

## Fitzgerald-Salter

Barbara Fitzgerald and Dick Salter, both of Turon, were married July 17 in Turon. Barbara is a Kappa Delta and Dick, a senior in business administration, is a member of Lambda Chi Alpha.

## Donaldson-Swanson

Lola Donaldson and Gary Swanson, senior in business administration, were married June 25 in Kansas City, Mo. Lola is a member of Alpha Delta Pi from Kansas City and Gary is a member of Alpha Kappa Lambda from Council Grove.

♦ ♦ ♦ ♦

## Siemers-Darby

Diana Siemers, Wakefield, and Al Darby, Kansas City, Mo., were married June 19 in Wakefield. Diana, a '55 graduate is a member of Kappa Delta.

♦ ♦ ♦ ♦

## Ketchum-Adamek

JoAnne Ketchum, senior in home economics and teaching, and Kenneth Adamek, senior in electrical engineering, were married August 27 in Wichita. JoAnne is a member of Kappa Delta and Kenneth is a TKE. Both are from Wichita.

♦ ♦ ♦ ♦

## Boettcher-Wesselowski

Janet Boettcher, MEI senior, and Tom Wesselowski, senior in geology, were married September 10 in Beloit. Janet is a member of Alpha Chi Omega and Tom is a Sigma Nu. Both are from Beloit.

## Two Church Fellowships Plan Week-End Socials

The Roger Williams fellowship will meet at the First Baptist church at 5 p.m. Sunday for transportation to a picnic at Top of the World. Food will be served, and a program will be presented.

Church school will be at 9:45 a.m. Sunday and morning worship at 11 a.m. The RWF cooperates in the devotions in Danforth Chapel at 7:30 a.m. daily. Those needing transportation to any event can call Ray Fritzemeyer, 8-5341.

The Westminster house is at 315 North 14th.

The beginning series on the Bible "Our Knowledge of God" will be held at the college class at 9:30 a.m. Sunday, September 18.

There is an open house that evening with a recreation clinic at 4:30 and a fellowship supper at 5:30. The program, "A Biblical Parable and You," will be presented.

## Staters Announce Engagements

Ecord—Barrett

Mickey Ecord, PEW Sr from Topeka, and Jack Barrett BA Sr from Topeka, have announced their engagement. Mickey is a member of Pi Beta Phi, and Jack is a Sigma Phi Epsilon.

♦ ♦ ♦ ♦

Myer—Hotchkiss

Janet Myer, MTH Sr from Kansas City, and Jim Hotchkiss, TE Jr from Topeka, have announced their engagement. Janet is a member of Pi Beta Phi, and Jim is a member of Beta Theta Pi.

♦ ♦ ♦ ♦

Brooks—Yapp

The engagement of Charlene Brooks and George Yapp has been announced. Charlene HE Sr is from Manhattan and is a member of Pi Beta Phi. George is a milling technology senior from Manhattan and is a member of Beta Theta Pi.

♦ ♦ ♦ ♦

Larson—Hicks

Janet Larson, Wamego, and Russ Hicks, Larned, have announced their engagement. Both

are KSC graduates. Janet is a Tri Delt and Russ a Beta Theta Pi.

♦ ♦ ♦ ♦

Pinning

McNutt—Jung

The pinning of Janet McNutt, EEd from Winfield, and Jerry Jung, business administration senior from Hutchinson, has been announced. Janet is a member of Alpha Xi Delta, and Jerry is a Sigma Alpha Epsilon.

♦ ♦ ♦ ♦

Ahlstrom—Woodward

The pinning of Pat Ahlstrom and Paul Woodward was announced September 4. Pat is a senior in home ec and teaching from Durham and an Alpha Delta Pi. Paul is a pre med senior from Hutchinson. He is a member of Sigma Nu fraternity.

♦ ♦ ♦ ♦

Marcotte—Chizek

The pinning of Marcelline Marcotte from Salina and Gaylord Chizek from Ramona has been announced. Gaylord is an Alpha

Kappa Lambda and a junior in agricultural education.

♦ ♦ ♦ ♦

Sanborn—Beazer

Cigars at the Phi Kappa Tau house September 9 announced the pinning of Vereng Sanborn and Charles Beazer. Charles is a senior in industrial engineering from Sedan. Vereng is working as a nurse in Winfield.

♦ ♦ ♦ ♦

Sanborn—Beazer

The pinning of Kathryn Regier and Butch Gough has been announced recently. Both are from Hampton, Va. Kathryn is a junior in home ec and teaching. Butch is in his second year at Annapolis.

## Home Ec Council To Meet Monday

The Home Economics council will have an executive meeting at 4 p.m. in Calvin lounge, Monday, September 19, according to Kathleen Burns, president.

Plans for membership drives will be discussed, Miss Burns said.

# Golf Tourney Set For September 24

The fall intramural athletic program is scheduled to begin September 24, with the annual golf tournament to be held at the Stag Hill golf course, according to Frank L. Myers, director of Intramural athletics.

Myers also announced the swimming meet to be held September 27, 28, and 29 in

Nichols gymnasium pool. Preliminaries will be held the first two nights with the finals to be held the third night. The pool will be open for practice from 6 to 7 p.m. beginning September 19.

Last year Sigma Alpha Epsilon had a total of 935 points to capture first place among the fraternities in all sports. The Hillbillys won in the independent

division with a total of 872 points.

In the fraternity division, Sigma Alpha Epsilon won the title in touch football, swimming, track, golf, and free throws event. Beta Theta Pi won the basketball crown, Sigma Chi in volleyball, and Alpha Gamma Rho in softball.

Among the independents the Hillbillys won titles in basketball, softball, swimming, track, and the free throw event. Titles were won in volleyball and golf by Jr. AMVA, while the Jones Boys took the title in touch football.

## IM Managers Meet Monday

A meeting of all intramural managers will be held at 7 p.m., September 19, on the third floor of Ahearn gymnasium. Golf, swimming, touch football, and singles in tennis, horseshoes and handball will be discussed. All independent organizations or students interested in forming teams, are invited to attend.

## Rules Altered For 1955 Grid Season

Major rule changes for the 1955 football season have been announced by Ed Cavanaugh, freshman football coach.

The new substitution rule, which allows for more liberal substitution, allows any player to leave the game and re-enter once in that same period, after at least one play has elapsed.

Under the old rule a player was allowed to return in the last four minutes of the 2nd or 4th quarters if he had been removed in those quarters. If he left in the 1st or 3rd quarters he could not reenter in those quarters.

"This rule should help the schools with the smaller squad," Cavanaugh said.

Another rule change is the fair catch signal. Previously the safety man was required to raise his arm in a waving motion. This year all that is required is the raising of the arm.

This year the extra-point holder is now eligible to run with the ball even though his knee has been touching the ground when he receives the ball. Last year his knee had to be raised off the ground if he intended to run or pass the ball.

Interior linemen, eligible for a pass, may not be outflanked by a teammate. Last year anyone eligible for a pass could be outflanked by a flanker.

The "sleeper play" has been eliminated by the new rule which states that the team must be within fifteen yards of the ball before it is declared in play.

## Big Seven Football To Begin Saturday

Big Seven football gets under way this Saturday as all loop members go into action with the exception of defending champion, Oklahoma. The Sooners are scheduled to open the season September 24, against University of North Carolina.

In grid practice yesterday the Sooner powerhouse showed its best polish of the practice season as the varsity scored four out of the five times they had possession of the ball.

Missouri's hopes were bolstered somewhat yesterday when Terry Roberts returned to for more than a week with a knee injury.

Saturday the Tigers tangle with Maryland. Maryland has been selected by some writers as the number one team in the nation this year.

Up at Lincoln, Bill Glassford, Nebraska head coach, has offered a word of caution to the fans regarding Saturday's opener with Hawaii. Last season the Cornhuskers rolled over Hawaii 50-0, but Glassford has announced, "There is no such thing as a sure thing."

Saturday night Kansas university will tangle with Texas Christian university at Fort Worth.

KU will be trying to break a losing streak of 16 games.

## Frosh Gridder Issued Invitation

All freshman men interested in playing freshman football are asked to report to freshman coach Ed Cavanaugh in his office at Ahearn gymnasium or in the equipment room under East stadium any time through next week. All freshmen are eligible for the team and are urged to try out.

# Probable Lineup

K-State	Pos.	Wyoming
Jim Rusher (207)	LE	(185) Buster Elder
Ron Nery (218)	LT	(187) Ray Lutterman
Bob Hilliard (220)	LG	(175) Leo McClellan
Jim Furey (215)	C	(188) Vince Guinta
Rudy Bletscher (196)	RG	(204) John Maffoni

The K-State football expert of the week will be announced Monday.)

# Furey, Roether Are Cat Captains

By CECIL KETH

K-State's grid squad will be headed this season by Jim Furey of Newark, N.J., and Doug Roether of Milford, Kan. Both are seniors on the Wildcat squad and are captain and co-captain of the team respectively.

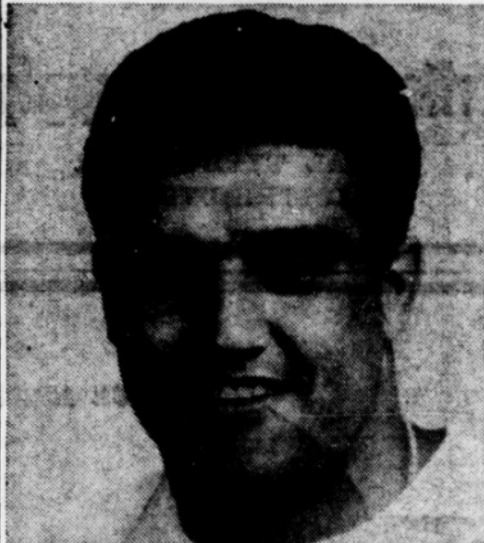

Furey, 210 pound hard-charging senior, has received honorable mention on several all-American teams and was selected on a pre-season all-Big Seven team. Bill Meek, former K-State football coach, considers Furey one of the best centers in the country.

"Big Jim," as he is called by his teammates, has terrific speed which enables him to get down field quickly. An outstanding blocker, he has been an important factor in Kansas State's football rebuilding program.

Jim is majoring in history and government and is a member of Sigma Nu fraternity.

In Roether, the Wildcats have one of the best blocking backs in the conference. Besides being a terrific blocker, he was second only to Corky Taylor in yardage gained by a K-State back last fall. Doug gained 498 yards for an average of 6.4 yards per carry and ranked among the national rushing leaders.

Until last Saturday's scrimmage, when he suffered a back injury, Doug had not missed a practice or game due to injuries.

Jim Furey  
Captain

Doug Roether  
Alternate Captain

## Indian Lead Cut To One In A.L. Race

Once again the New York Yankees are closing in on Cleveland for first place in the tight American league pennant race. Going into today's games the Yankees trail the Indians by one game and have ten more games left on their schedule. Cleveland has eight remaining to be played.

All teams in the American league were idle yesterday but are scheduled for action today. At Cleveland the Indians are host to the Detroit Tigers with Early Wynn scheduled to oppose Tiger left-hander, Billy Hoelt.

At New York the Yanks will take on Boston, who is just seven games out of first place, with Whitey Ford opposing Frank Sullivan of the Red Sox. Sullivan is the American league leading hurler in number of victories, with 18.

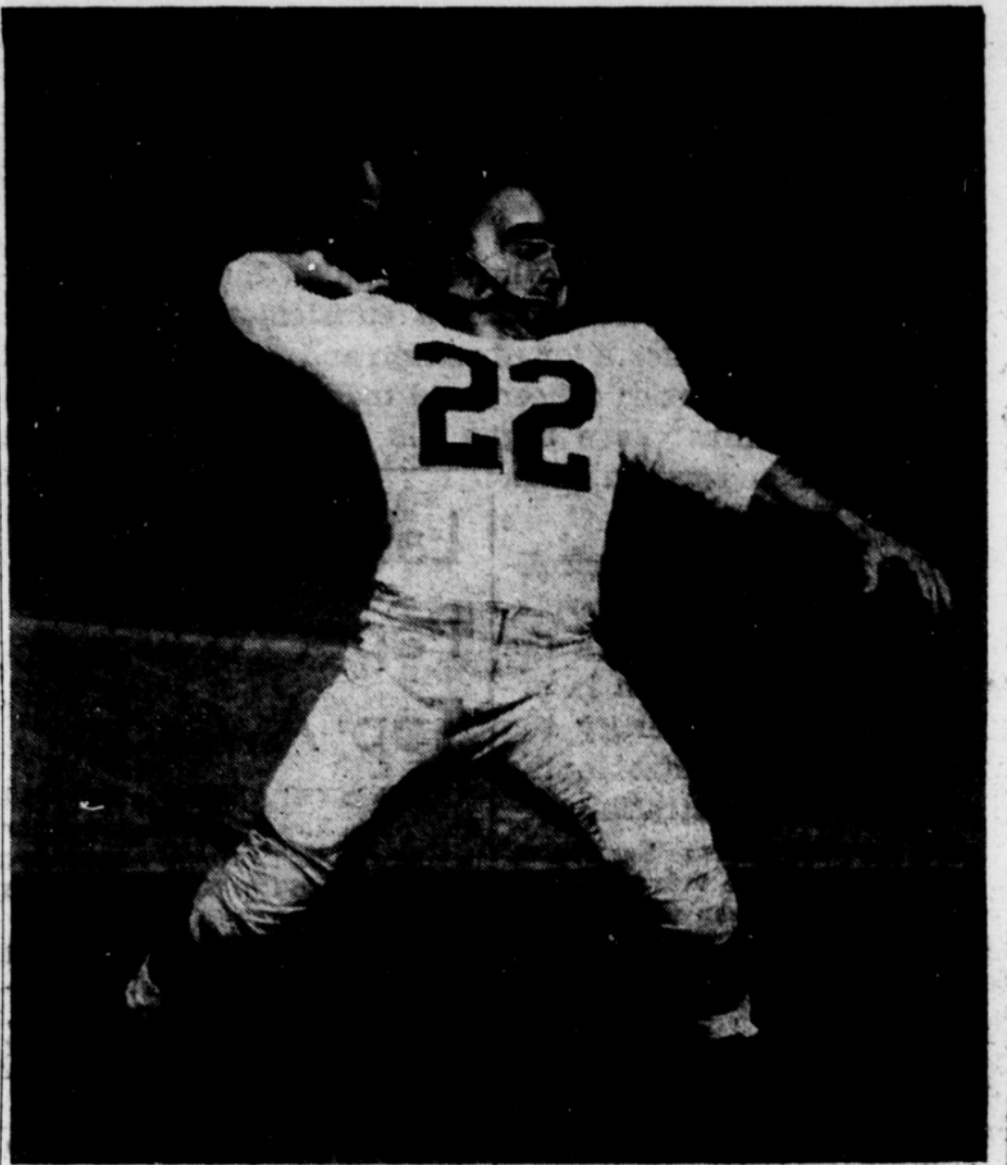

Other action in the American league finds the third place Chicago White Sox at Kansas City and Washington at Baltimore.

Only action in the National league yesterday found the league-leading Brooklyn Dodgers going down to their fifth straight defeat as Ben Flowers and Larry Jackson of the St. Louis Cardinals combined to give the Cards a 3-2 win in 12 innings.

Three games are scheduled in the National league today, with Brooklyn invading the Polo grounds for a game with the New York Giants. Jim Hearn of the Giants and Billy Loes of the Dodgers are the probable starting pitchers.

At Philadelphia, Robin Roberts of the Philadelphia Phillies will be gunning for his twenty-third win of the season, as the Phillies take on last-place Pittsburgh.

After taking the three game series from Brooklyn, the St. Louis Cards invade Milwaukee with Brooks Lawrence slated to pitch for St. Louis and Chet Nichols for the Milwaukee club.

THE "BROOKLYN COWBOY," Joe Mastrogiorganni, ace quarterback of Wyoming university is set to throw one of his deadly passes that spearhead the Cowboy's offense. Mastrogiorganni is Wyoming's candidate for all-American honors this year and will be seen in action against the Wildcats tomorrow afternoon.

## Pokes Strong In Backfield

K-State's dueling with Wyoming U. consists of only two meetings. Last fall at Laramie the Wildcats earned a 21-13 win on the strength of long runs. Two years earlier the Cowpokes took a 20-7 decision.

Rubber game in the series finds Wyoming with a stronger-than-'54 squad with good backfield experience and speed. The Pokes' passing attack is spearheaded by Joe Mastrogiorganni, the "Brooklyn Cowboy" who last season completed 50 tosses to gain 798 yards.

Wyoming will be playing their third season of single-wing football under Coach Phil Dickens.

Last season they fought down to the wire before losing the Skyline crown to Denver U. Veteran stars returning from the '54 squad along with Mastro are tailbacks Jerry Jester and Jim Crawford, wingbacks Butch Wilson and John Watts, tackles Ray Lutterman and Dick Pilch, and end Clarence Carter.

The Cowpokes are rated stronger both defensively and offensively. The linebacking positions are definite question marks, however, and much of the Cowpokes end play will be in new hands.

# Veterans Must Fill Out Proper Papers

Although enrollment is almost completed, any new veteran student in order to receive entitlement must have applied for a certificate for education and training, Wendell Kerr, Veteran Service officer, said today.

A veteran must have begun his training within three years after separation from service, Kerr said.

The veteran, upon enrolling, should furnish the veterans service office with the necessary information in order for them to certify the veteran's enrollment to the veterans administration.

After this form has been processed by the vets administration the veteran will receive an authorization for education and training, VA form 7-1997.

Upon receiving this authorization of education and training the veteran should check the following points for verification:

Mailing address; training objectives; curriculum you are entered in; dependency status; beginning and ending date of current term (you are carried for both semesters unless otherwise stated); subsistence or amount you expect to receive; load you are carrying; your remaining entitlement (balance of time left at end of term).

"All veterans under public law 550 should sign up the monthly certification form at the veterans service office on the last day of each month or the first day of the following month," Kerr said.

Enrollment figures also indicate there are 37 disabled persons enrolled on public law 113 of the state rehabilitation program.

## Grad Student To Europe For Study

Jane Compton, graduate student in child welfare, left Wednesday on the Queen Elizabeth from New York for England where she will study at the University of Bristol.

Miss Compton will be studying social work at Bristol for one year under the terms of a Fulbright scholarship which she received here a year ago.

At the end of her school year in late August Miss Compton plans to go to the continent of Europe and do some traveling and sightseeing.

## Labs, Sidewalks Built This Summer

Construction of two laboratories in engineering and two new sidewalks and paving in front of the new Student Union were important projects which the physical plant completed this summer.

"Work was just about the same as usual this summer except that the College had no major construction going," R. F. Gingrich, superintendent of the physical plant, said.

The veterinary science building remodeling was continued and will probably be completed next spring. This building will be used for the basic vet science courses, Gingrich said.

Curbs, gutters, and sidewalks are being put in for the next extension building, and will be finished in the next 30 or 40 days.

The men's gym floor was refinished and painting in many buildings was done, Gingrich said.

The American golden-eye duck is commonly known as the whistler because of the sound made by its wings during flight.

## Lambda Chi's Paper Wins Top Award

Lambda Chi Alpha was awarded first place honors this summer for having the best printed newspaper of all Lambda Chi chapters for the school year, 1954-55.

At the Lambda Chi National seminar on the DePaul University campus in Greencastle, Ind., August 21-26, a 24-inch trophy was awarded the K-State delegation.

LeRoy Bosko, Ar 04, and Lance Gilmore, TJ Soph, represented the K-State chapter. Both were editors of the winning publication, "The Gamma Ray."

## Many Outstanding Persons To Speak at KS Assemblies

Dr. Ralph Bunche, Nobel Peace prize winner, and Norman Cousins, editor of the Saturday Review of Literature, are among the speakers who will be featured in K-State assemblies this year.

Dr. Bunche, under secretary of United Nations, will speak at the activities recognition assembly in May. Mr. Cousins will speak at an assembly December 2.

Clarence H. Faust, president of the fund for the advancement of education of the Ford foundation,

will speak at the Farrell library dedicatory assembly October 5. President Emeritus F. D. Farrell will be presented a citation at the assembly.

Stephen Potter, described by Time as one of Britain's top satirists, will be featured speaker at an assembly November 4. He is the author of several books of humor and will be in the United States for two months on a speaking tour.

On November 17 Dr. Haridas T. Muzumdar will discuss problems of Asia and particularly of India. Dr. Muzumdar is a native-born Indian who has distinguished himself as a sociologist and educator. He was a personal friend and biographer of the late Mahatma Gandhi.

Willie Ley, scientific adviser to Walt Disney's television series, "Land of Tomorrow," will be the guest speaker December 12. Ley, an authority on rockets, was one of the founders and later the vice-president of the German Rocket society. He left Germany in 1935.

Franz Polgar, famed for his feats of memory, mental wizardry, and hypnotism, will be the assembly speaker January 9. Dr. Polgar appeared on the Steve Allen and the Strike It Rich TV shows during the summer.

LIFT Week speaker will be Lewis H. Evans. Dr. Lewis was recently selected as one of the country's 12 most eminent preachers in a poll conducted by Life. He was minister at the First Presbyterian church in Hollywood for 12 years.

Other speakers who will appear in assemblies throughout the year are Detlev W. Bronk, one of America's leading scientists, and Doris Fleeson, nationally known columnist.

Dr. Bronk has been president of the Rockefeller institute since 1953 and was president of Johns Hopkins university from 1948 to 1953. He was honored with the atomic energy commission award for outstanding civilian service in 1946. He will speak during Engineers' Open House.

Miss Fleeson, who will speak during Hospitality Days, has twice been awarded the New York Newspaper Women's club prize. Her syndicated columns appear in many newspapers.

Other assemblies scheduled throughout the year include the annual Christmas, Easter, and Student Governing association assemblies.

**DON MATSUOKA** strums the last note of "Malaguena" on his ukulele at the freshman talent show Friday night. A round of applause brought Don back with an encore of "Stars and Stripes."

## McCain To Speak At First Assembly

First all-College assembly of the school year will be tomorrow at 9:30 a.m. Morning classes will be shortened.

The class schedule for assembly mornings is:

Eight o'clock classes meet from 8 to 8:35. Nine o'clock classes meet from 8:45 to 9:20. Ten o'clock classes meet from 10:30 to 11:05. Eleven o'clock classes meet from 11:15 to 11:50.

The assembly will feature a talk by President McCain. The President will discuss some of the problems facing students and how they may best adapt themselves to college life.

McCain will also introduce new department heads, deans and other administrative officials.

Two new deans who will be introduced by the president are Herbert J. Wunderlich, dean of students, and John Weaver, dean of the School of Arts and Sciences.

### PO Box Rental Due Tuesday

Deadline for renting a box at the College post office is Tuesday. Anyone interested should apply before the deadline if they want their box number in the Student Directory.

All organized houses are asked to submit an alphabetical list of their members who would like to receive their mail through the house box.

## Dance, Prizes Lure K-Staters To Aggieville

Several hundred Kansas-Staters danced to the music of Matt Betton and his orchestra Saturday night at the Aggieville Jamboree. During the dance, cash prizes were given to persons from different counties, states, and nations who reported first to the dance to collect.

A total of \$700 worth of prizes were given away. Prizes consisted of typewriters, cigarette lighters, a sports coat, and several set amounts of merchandise.

Winners of the store prizes were determined by drawing names. Some stores had the contestants guess the number of articles in a jar. The contestant whose guess was the closest was announced the winner.

Paul Dooley, Aggieville jeweler and member of the Jamboree planning committee, said "the crowd was too large to try to estimate, but I can safely say that there were as many people here, if not more, than last year."

## Barbara Lowe in Top 15 At Coed Queen Contest

Barbara Lowe, HM Soph, was selected as one of the 15 top coeds in the 1955 College Queen contest at Asbury Park, N.J., this week.

This summer Barbara was chosen as "Miss K-State" and was then selected as the Kansas representative to the national contest.

Barbara flew to New York where she was met by the contest managers and taken to Park Chambers hotel. The next day she toured Fifth Avenue, Central Park, Carnegie Hall, the Radio City music hall, NBC television studio, and the Empire State building.

A formal dinner was held the

following night and judging of the coeds began. They went to the Shriners convention later that evening.

The third day they worked on skits and individual talent acts to be given that night at the final judging. Different stage settings and positions for each girl were worked out.

During the final judging they wore three outfits. These were shorts and T-shirt with the name of college represented on it, formals, and bathing suits.

From the top 15 selected from the 37 candidates, the final choice was made. The winner was the coed representing Mississippi.

## Planning Meeting To Be October 19 On KS Campus

Walter Blucher of Chicago, nationally-known consultant with the American Society of Planning Officials, will be principal speaker and consultant at the second Kansas Conference on Planning October 19 at K-State.

Theme of the conference will be "The Value of Planning in the Rural and Urban Development of Kansas."

The event is being sponsored jointly by K-State and the University of Kansas. The first conference was held March 30 at Lawrence to consider how planning affects Kansas.

Objective of the conference is to help leaders in various fields focus attention on social, civic, and economic problems of the state which might be solved through planning.

## Heavy Rains Hit Mid-state

Topeka, (U.P.)—Kansas' damaging, persistent drought was dented today in a favored mid-Kansas area where rains measuring up to nearly 5 inches fell in the last 24 hours.

The dry spell remained untouched in many Kansas areas, but the U.S. Weather Service forecast the strong possibility of additional showers late today, tonight, and tomorrow.

Up to 6:30 a.m. Hays measured 4.90 inches of rain. An even 4 inches fell at Loreta, to the southeast of Hays in northern Rush county. Wilson in Russell county had 3.99, Lincoln 2.90, Ellsworth 2.40, Barnard 2.25, and Miltonvale 2.15.

Minneapolis and Clafin measured 1.73 inches each. Blue Rapids 1.61, Beloit 1.58, Russell 1.52, Brookville 1.38, Tescott and Luray 1.37, Cawker City 1.29, Clifton 1.08, Concordia 1.07, and Salina 1.

## Day To Name Heads Tonight

The Student Council will meet tonight in Anderson 211 at 7:15. Gerry Day, president, announced. In addition to the committee appointments listed in Thursday's Collegian, a Tribunal chancellor will be appointed and color pictures for the 1956 Royal Purple will be taken. The meeting is open to all students, Day said.

## K-State Players To Meet Tuesday At 7 P.M. in G206

A Kansas State Players meeting for all students interested in dramatics on Tuesday, September 20, at 7 p.m. in G-206.

Tryout dates will be named for coming productions, according to Professor Earl Hoover, faculty adviser.

The Players will present a program of one-act plays October 20 and 21. The first major production will be "My Three Angels" November 17 and 18. This is the original play from which the motion picture "We're No Angels" was taken.

## Dorf Funeral Rites Set for 2 p.m. Today

Final rites for C. A. Dorf, K-State chemistry professor who died Friday morning at Riley county hospital, will be at 2 p.m. today at the Courser funeral home chapel. Interment will follow at Sunset cemetery.

The Rev. Phil Eckblad, former pastor of the First Lutheran church of Manhattan, will be in charge of the service.

The Dorf family is asking that, in lieu of flowers, friends contribute to a scholarship fund which the family plans to set up.

This scholarship fund will be to aid students in medical technology. Contributions will be taken at the K-State chemistry office.

He is survived by his wife, the former Ruth A. Gustafson, and two daughters, Mrs. G. O. (Doraine) Shannon, 200 Courtland, Topeka; and Mrs. J. R. (Charlotte) Blackshear, Gallatin, Tenn. Also expected for the funeral are four brothers and one sister.

Courser funeral home is in charge of arrangements.

Dorf, an assistant professor of chemistry, was an active member of the American Chemical society and Phi Lambda Upsilon, honorary scholastic fraternity for chemists. He also was faculty adviser for Alpha Delta Theta, honorary medical technicians club.

Sour Note in the Horn of Plenty

## We Lost the Football Game, But It Did Rain a Little

Well, I guess all in all the week-end could be termed a success. We lost our first football game, but we did get a little moisture (very little).

The school year got started off with a big bang with all the activities Friday and Saturday. The best frosh talent show in recent years was given in the Auditorium Friday evening. All the talent was really high class. The emcees Bird Miller and Dave Winter, did a fine job.

Although we lost the first game, the Cats showed sparks of flashiness and, we hope, will improve with age. Anyway, a lovely suntan was acquired by all.

The annual Aggieville stomp produced the usual large crowd. If you threw that many students in the same amount of square feet at a basketball game, you'd never hear the end of the squawking. But just put

them together on a dance floor. . .

One thing I particularly liked about the game was the rendition of "When the Saints Go Marching In" by the Wildcat band. It sounded real good. It ought to sound good, it's about the only song the band has played the past four years.

This little item is mainly for the benefit of the freshmen, but certainly should be considered by all. Tomorrow morning is the first assembly of the school year. President McCain will give his annual State of the Union message.

All K-Staters should attend this and all other assemblies. Several outstanding speakers have been contracted to present assembly programs. You'll find the programs worth your time. Why not go, even if you're not a fraternity or sorority pledge. —Gary Swanson

## Reds Not So Dumb

# Soviet Union's Sweet Talk Has Yugoslavia Wavering

By STEWART ALSOP  
The Kremlin's Ace

**BELGRADE**—If you want to see how dangerous the new Soviet policy of sweet reason can be to the West, this is the place to come.

In the good old days of Josef Stalin, Yugoslavia was, in every practical sense, a staunch ally of the United States. This was not because the Yugoslavs loved us. When the Soviets were daily threatening the "Fascist beast, Tito," the Yugoslav dictator led his country into an alliance with the West because there was nothing else he could do.

Consider the difference now. Yugoslavia is not now an ally of the Soviet Union. But Yugoslavia is most definitely no longer an ally of the United States either.

An East-West contest has been joined here, in which the new Soviet rulers hold some very high cards indeed. When Messrs. Khrushchey and Bulganin came here a few weeks ago, they were much laughed at in America as ridiculous characters in baggy pants. But the ridiculous characters in baggy pants already have succeeded in pulling Belgrade much nearer to Moscow and much further from Washington than at any time in the last seven years.

This is not to suggest that Yugoslavia is about to become again a satellite of the Soviet Union. On the contrary, the Yugoslavs will fight rather than knuckle under to the Kremlin. On this one point, the disputations Yugoslavs, from Marshal Tito down to the ragged drivers of the incredibly decrepit Belgrade taxis, are all absolutely in accord.

Nor does it mean that Yugoslavia is at all likely formally to rejoin the Eastern bloc. The Yugoslav leaders are anything but fools, and there would be nothing for them to gain and a great deal to lose in a formal alliance with the Soviets.

The real danger is different. The real danger is that Yugoslavia will become not a formal member of the Eastern bloc, but a kind of fellow-traveler of the East

—sometimes criticizing Soviet policy, but generally supporting the Soviets and running interference for them.

In this capacity Yugoslavia could be a great deal more useful to the Kremlin than in the old satellite status. To the end of establishing just this sort of relationship with Yugoslavia, the ridiculous characters in baggy pants have been playing their cards carefully and well. r.ve

The opening play, of course, was the visit to Belgrade. Since then, there have been all sorts of exchanges of missions and protestations of mutual regard. But the Kremlin's ace of spades was the economic deal which Yugoslav economic czar Vukmanovic proudly brought back from Moscow a few days ago.

The real significance of this deal can only be understood against the background of Yugoslavia's economic situation.

When Stalin slapped the economic blockade on Yugoslavia after the break, Tito desperately borrowed money from the West on any terms he could get. He now owes money to most of the countries in Western Europe, and most of the debts come due next December 31.

The sums involved are not huge—the total comes to around \$130 million. But Yugoslavia's economic situation is still just short of desperate, and Tito's "capitalistic-minded" creditors—to use Tito's own phrase—are pressing for their money.

In this situation, the Soviets—who of course caused Yugoslavia's worst troubles in the first place—have come dashing to the rescue.

The Kremlin has the deserved reputation of being more tightfisted than an American rug dealer. But now the Soviets have cancelled \$90 million in Yugoslav debts, and they have given Yugoslavia long-term credit coming to nearly another \$90 million.

The terms are really generous, which suggests how far the Russians are willing to go in their courtship of Tito.

## Germans Soon May Know

# Did 1½ Million Nazi Soldiers Perish in Russian Prisons?

By JOSEPH W. GRIGG  
U.P. Staff Correspondent

**BONN Germany**—The Germans soon may be forced to accept a terrible certainty they have tried for more than ten years not to believe.

It is the certainty that between 1,250,000 and 1,500,000 members of Hitler's once-proud Nazi Wehrmacht perished behind barbed wire in Russia's frozen northland.

West German officials estimated that nearly 140,000 Germans are still rotting behind barbed wire in Soviet slave-labor camps more than ten years after the end of World War II. For them Chancellor Konrad Adenauer's Moscow mission meant only one thing—the early hope of freedom.

But they are only the last broken remnants of the millions of Germans who trooped into the Red Army's prison cages. At least a third of the original millions never have been heard of again.

When they are returned to their homes under agreement Adenauer announced between himself and the Soviet leaders, all hope for the remainder will have died. Then hope will die for the relatives of these 1,250,000 to 1,500,000 missing soldiers.

How many German civilians died in slave labor camps is something the Bonn government has hardly dared to estimate. Whole populations were engulfed by the Red Army and this figure also is believed to run into millions. The grim bookkeeping of this toll of human lives never has

been fully straightened out. Probably it never will be. German and Soviet figures are millions apart, and even the different Soviet figures do not jibe.

But this much seem certain. At the end of World War II, according to Soviet claims which the Germans never seriously disputed, between 3,250,000 and 3,500,000 German soldiers were prisoners of the Red Army. They fell into Soviet hands when whole armies began surrendering at Stalingrad and the Soviets began the long march to Berlin. Husbands and fathers in entire German communities were swept up by the advancing Russians.

Roughly 2,000,000 war prisoners are estimated to have been released and sent home to West and East Germany in the intervening ten years. The Bonn government can only assume that most of all of the remainder must have died in Soviet captivity, a figure estimated at more than 1,250,000.

The surviving 140,000 known by the Bonn government still to be alive in Russia include about 130,000 civilians, mostly political deportees from East Germany, plus 9,626 war prisoners described by the Soviets as "war criminals."

The figure of 9,626 jibes almost exactly with Bonn government lists of prisoners who are in regular contact with their families in Germany.

In addition, at least another 92,000 soldiers and civilians are known to have entered Soviet prison camps alive, never to be heard of again. Most, if not all of these are assumed by the Bonn government to be dead.

Today's World News

## Peron Forces Seem Beaten

Compiled from the Wires of United Press  
By DICK CARR

Washington.—Informed diplomatic sources here speculate today that Loyalist military leaders in Buenos Aires may soon ask for Argentine President Juan D. Peron's resignation.

These sources said Peron's ranking generals may try to seek an armistice with rebel forces to avoid further bloodshed.

Observers here believed that unless Peron's government forces can win some decisive victories over the rebels in short order Gen. Franklin Lucero supreme commander of Loyalist forces may ask Peron to resign. They believe Lucero would then seek to reach terms with the rebels.

Speculation on Peron's possible resignation was touched off by the announcement late yesterday that the Argentine second army had defected to the rebels. The second army composed of both army and air force units is one of Argentina's major army groups.

### Four Power Diplomats Seek German Solution

Washington.—American British French and German diplomats searched today for strategy capable of breaking down Russia's objections to early reunification of Germany.

There was open pessimism that any such plan could be developed.

Diplomats of the four powers began meeting at the state department to "study the whole concept of German unification and European security as ordered by the July big four "summit" conference at Geneva.

### Russians Want US Farm Equipment

Washington.—Russian trade officials have revealed they are trying to buy American farm equipment ranging from "tractors to hay balers."

Armantrout, a straight-A student in architectural design, is the first recipient of this scholarship. M. A. Durland, dean of the School of Engineering, looks on as the presentation is made.

## New Record Set In National League

Cincinnati, (U.P.)—The National league entered a new all-time major league record into the books Saturday with a total of 1206 homers in a single season. The former record of 1197 homers in one season was set by the National league in 1953 but that mark was broken with nine homers Friday night. The American league record of 973 homers in a single season was established in 1950. So far this year, 933 homers have been hit in the junior circuit.

Hundreds and hundreds of students earned \$25 in Lucky Strike's Droodle drive last year—and they'll tell you it's the easiest money yet.

Droodles are a snap to do—just look at the samples here. Droodle anything you want. Droodle as many as you want. If we select your Droodle, we'll pay \$25 for the right to use it, with your name, in our advertising. And we always end up paying for plenty we don't use!

Send your Droodle, complete with title, to Lucky Droodle, P. O. Box 67A, Mt. Vernon, N. Y. Include your name, address, college and class. Please include, too, the name and address of the dealer in your college town from whom you buy cigarettes most often.

While you droodle, light up a Lucky, the cigarette that tastes better because it's made of fine tobacco . . . and "It's Toasted" to taste better.

# FLASH! COLLEGE STUDENTS PREFER LUCKIES

Luckies lead all other brands, regular or king size, among 36,075 college students questioned coast-to-coast. The number one reason: Luckies taste better.

# Many More K-Staters Get Married, Engaged

## Weddings

### Swaffar-Schrader

Jerry Swaffar, EEd Sr from Kansas City, Mo., and Jerry Schrader, VM Jr from Great Bend were married September 4 in Manhattan. Jerry is a member of Kappa Kappa Gamma and Jerry is a Sigma Phi Epsilon.

### Carter-Cousins

Martha Nell Carter, Kansas City, and Kenneth Duane Cousins, Kansas City, were married June 25 in Kansas City. Martha Nell is a '55 graduate and a member of Kappa Kappa Gamma. Duane is a Sigma Phi Epsilon and a graduate of '55.

### Bernhardt-Meyers

Carol Bernhardt, Kansas City, Mo., and Ray Meyers, Kansas City, Kan., were married June 11 in Kansas City. Carol is a member of Kappa Kappa Gamma and Ray is a Pi Kappa Alpha.

### Lyon-Coffin

Anne Lyon, Wichita, and Ben Coffin, Prairie View, were married July 31 in Wichita. Anne is a '55 graduate and a member of Kappa Kappa Gamma. Ben is a '55 graduate of K-State.

### Riley-Kelley

Marilyn Riley, Alpha Xi from Holton, was married June 28 to Paul Kelley, ATO from Holton. The couple is living in New Orleans. Both are K-State graduates.

### Bullock-Yancey

Pat Bullock, Norton, and Lt. Jay D. Yancey, Santa, were married August 9 in Norton. Pat is a member of Kappa Kappa Gamma and Jay D. is a Sigma Phi Epsilon. Both are graduates of K-State.

### Schneeberg-Geiger

Marilyn Schneeberg, Kansas City, Mo., and Willard Tyler Geiger II, Topeka, were married September 3 in Kansas City, Mo. Marilyn is a member of Kappa Kappa Gamma and Willard is a member of Beta Theta Pi. Both are graduates of K-State.

### Rasic-Trout

Lily Rasic, Lima, Peru, and John Trout, Des Moines, Iowa, were married in Seven Dolors Catholic church in Manhattan on September 3. Lily is a former K-State student who majored in social science.

### Schlegel-Brack

Lois Schlegel and Garry Lee Brack were married June 19 in Otis. Garry is an Acacia.

### Campbell-Thies

Elmora Ann Campbell and Wayne Thies were married June 18 in Kansas City. Wayne, AH Sr from Mission, is an Acacia.

### Cutting-Brown

Kay Cutting and Don Brown were married June 26 in Lenora. Don is an Acacia from Topeka.

### Spencer-Beaver

Gloria Spencer and Earl Beaver were married in Woodward, Iowa, on July 15. Earl is an Acacia.

### Deardorff-Stehley

Judith Deardorff, Alpha Xi from Smith Center, and Donald Stehley from Phillipsburg were married June 5 and are now living in Salina. Both are K-State graduates.

### Hunsberger-Chance

Joan Hunsberger, Eng Sr, and Lt. Bill Chance were married July 24 in Mount Hope. Joan is a member of Kappa Kappa Gamma and Bill is a '55 graduate of West Point. They are both from Mount Hope.

### Leeper-Lindsey

Marilyn Leeper, Alpha Xi from Topeka, was married August 27 to Homer Lindsey of Lyndon. Marilyn is a senior in commercial demonstration and Homer is a business administration student. The couple is attending Washburn university.

### Johnson-Baehr

Gloria Johnson, Alpha Xi from Dwight, was married this summer to David Baehr from Manhattan. Gloria is a senior in elementary education. David is in the armed forces.

## Engagements

### Ross-Schneider

Karen Ross, senior in English from Pawnee Rock, was engaged to Fritz Schneider, junior in physical education from Crystal Lake, Ill., August 13. Karen is a member of Alpha Xi Delta.

### Evans-Long

Phyllis Evans, senior in child welfare from Fort Leavenworth, was engaged to Kenny Long, senior in business from Manhattan, May 26. Phyllis is an Alpha Xi Delta and Kenny is a Sigma Alpha Epsilon.

### Stewart-Ayers

Joyce Stewart, senior in elementary education, was engaged to Orville Ayers, a student at Loras college in Dubuque, Iowa, August 4. Joyce is an Alpha Xi Delta. Both are from Minneapolis.

### Larson-Moss

The engagement of Beverley Larson, Alpha Xi Delta from McDonald, and Joe Moss, Sigma Chi from Beloit, has been announced. Both are 1955 graduates of K-State.

### Humble-Jones

The engagement of Pat Humble and Howard Jones has been announced. Pat is a senior in home economics and education and is a member of Alpha Xi Delta.

### Deewall-McCully

The engagement of Judy Deewall and Larry McCully has been announced. Judy is a junior in medical technology and a member of Kappa Kappa Gamma. Larry is a junior in agriculture and a member of Phi Delta Theta. Both are from El Dorado.

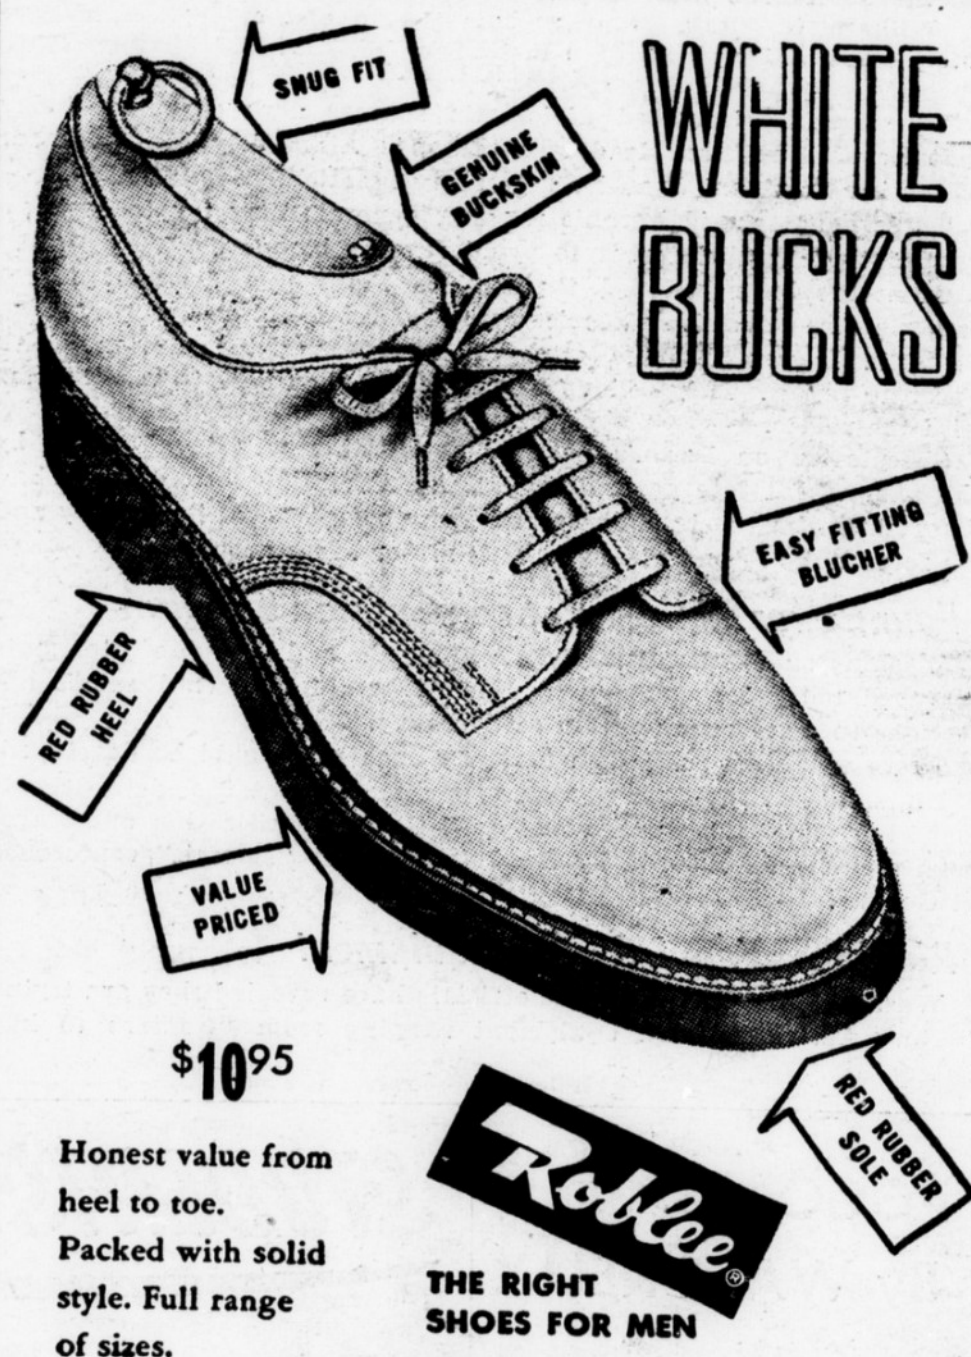

### Olson-Deschner

The engagement of Elaine Olson, Council Grove and Norval Deschner, Halstead, has been announced. Elaine is a junior in ag journalism and is a member of Kappa Kappa Gamma. Norval, a '55 graduate of K-State, is a member of Farm House fraternity.

Sea level in the distant past dropped many feet when untold tons of water were locked up in advancing glaciers. In the last 100 years, says the National Geographic society, water released from melting glaciers and ice sheets has raised sea level above 2 1/2 inches all over the world.

# Many New Faces on College Faculty This Year

Herbert J. Wunderlich, dean of students at Montana university since 1948, was named dean of students at Kansas State replacing William G. Craig, who accepted a position as dean of men

at Stanford university. Graig had been here since 1951.

Wunderlich holds his BA in history from the University of Idaho; his MA in history from Harvard and his PhD from Stanford uni-

versity. He was dean of students at Montana until his appointment here.

John C. Weaver, head of the department of geography, succeeded Rodney W. Babcock as

dean of the School of Arts and Sciences this summer. Babcock had been dean for 25 years.

Weaver joined the geography department at Minnesota in 1946. He gained the rank of professor in 1948 and later became chairman of his department.

Charles A. Jacot of the University of Delaware is the new assistant dean of students replacing Phil Sorensen, who resigned in May to continue work toward a PhD degree at Stanford.

Jacot received his BA in secondary education from Cornell in 1948 and his MA in higher education from the University of Iowa in 1953. Before his appointment to the K-State post he was head resident adviser at Delaware.

Thomas D. O'Brien of the University of Minnesota was named head of the chemistry department replacing Ralph Silker, who resigned from administrative duties July 1 to devote full time to research and teaching.

O'Brien holds a PhD in inorganic chemistry from the University of Illinois. He will also be chemist in charge of the Agricultural Experiment station. Until O'Brien reports later this year, Howard Mitchell will be acting head of the department.

Named to succeed Col. Milford Itz as head of the air force ROTC program is Col. Charles H. Wilkins, a native Californian. Colonel Itz was at K-State since 1951 and has been assigned to the Air War college, Air university, Maxwell Air Force base.

The new PAST is a graduate of Southern California university, has had several years of overseas duty, and is the holder of many decorations.

Col. William W. Harvey Jr., a native of Missouri, is the new professor of military science and tactics at K-State, replacing Col. Laurence C. Brown. Colonel Brown is now attending the Army War college at Carlisle Barracks, Pa.

Colonel Harvey is a Missouri U. grad and saw 34 months overseas duty in the African and Italian campaigns during World War II. He also holds many military decorations.

Dr. Dorothy Harrison, who has been in charge of home economics research for the past two years, is the new head of the department of foods and nutrition.

Dr. Harrison joined the K-State staff in 1947 as an assistant professor of foods and nutrition and as an assistant home economist in the Agricultural Experiment station. She advanced to the rank of professor in 1952 and was placed in charge of the research program in 1953.

Joseph R. Chelikowsky was promoted from acting head to head of the department of geology and geography the last of May.

Named associate dean of the School of Engineering and Architecture was Richard C. Potter. Before his promotion he was assistant dean in engineering.

John A. Johnson was promoted to full professor in milling industries.

Promoted to associate professor from assistant were James Bray, agricultural economics; Roscoe Ellis Jr., agronomy; Basil F. Curnette Jr., physics; Milton Raville, applied mechanics; Alden Krider, architecture and allied arts; and William R. Kimel, machine design.

Dr. Grayce Goertz, an assistant professor in foods and nutrition at Oregon State college the past three years, was named an associate professor in foods and nutrition at K-State.

Dr. James V. Craig, animal geneticist at the University of Illinois, was appointed associate professor of poultry husbandry at K-State succeeding Dr. Clyde Mueller, who resigned.

Bert C. Cross, who had been associate professor of journalism here since 1952, accepted a position as assistant professor of communication arts at Michigan State college.

Wallace Harris of Olathe is a new assistant agronomist at the Colby branch of the Agricultural Experiment station.

Four more new appointments

made recently are: Virginia Combs, residence hall director and instructor in the department of housing; John Edward Scott, instructor in the library; Carroll K. Reece, instructor in civil engineering; and Charlotte F. Bartels, instructor in institutional management.

Promoted to the rank of assistant professors were Frank P. Graham and John Brenneman, architecture and allied arts; Clinton Jacobs, agricultural engineering; Lois Turner, history, government, and philosophy; Fritz Knorr, athletics; and C. C. Burkhardt, entomology.

Elis R. Lippincott, associate professor at K-State since 1951, accepted an appointment as professor of chemistry at the University of Maryland.

Janet Wilson was named assistant professor in Household economics at K-State, effective September 1.

G. E. "Skip" Landen, program director of the University of Oklahoma radio station WNAD, was named to the newly-created post of radio-television specialist at K-State.

Dr. William Haskett, associate pathologist with the USDA agricultural research service, is a new member of the Agricultural Experiment station staff.

Named instructors and assistant instructors this summer were: Hallie Thompson, library; Mrs. Elaine Berndt, pathology; John Eriksson, surgery and medicine; Mrs. Mary Heath Gibson and Mrs. Arloa Summers, housing; Samuel Behner, dairy; Jerry Phares, psychology; Muriel Herband, physical education for women; Raymond Shaw, civil engineering; Henry D'Angelo and Kermit Reister Jr., electrical engineering.

Paul L. Roth of Purdue university was recently employed to fill a newly-created position in the department of horticulture at K-State.

Pil Nyi Kwak will be an assistant instructor in the department of institutional management, working in one of the residence halls.

Kay Ohata will be a graduate research assistant in institutional management for the Agricultural Experiment station.

Mrs. Constance C. Alexander will be a dietitian in one of the residence halls.

Doreen L. Low will be a graduate research assistant in the department of foods and nutrition for the agricultural experiment station.

Ruby Franklin will be a graduate research assistant in foods and nutrition.

Joann Kannarr will be an assistant instructor in foods and nutrition research for the Ag Experiment station.

Mrs. Alberta Johnston will be a graduate assistant in household economics.

Ann Marie Sullivan will be a graduate research assistant in household economics for the Ag Experiment station.

Marth Garrett will be on the Ag Experiment station staff as a graduate research assistant in family and child development.

Lucille Nelson will be a graduate assistant in family and child development.

Mrs. Miriam Houston is doing research for the Agricultural Experiment station.

Maj. Erland Johnson of the AFROTC staff has been selected by the United States Air Force headquarters to attend the Air Command and Staff college at the Air university.

Dale Edelblute has been appointed extension area agriculturalist with headquarters at Garden City. The appointment was effective September 1.

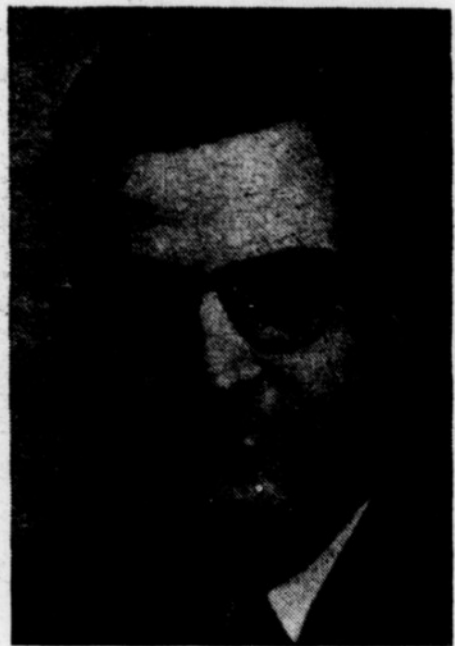

A second man, Kirk Matzdorf, has been added to the 71-woman staff of the School of Home Economics.

He will be an instructor in art. Last year he was a teaching assistant and did post-graduate work at Iowa university.

One of Kansas State's most well-known members, Dean L. C. Williams of the Extension service, died August 25 in Chicago. Paul Griffith was appointed as acting dean and director.

## Chancery Club Meeting Tuesday

The Chancery club will hold its first meeting of the year at 7:30 p.m. Tuesday, in T206, according to A. D. Miller, faculty adviser.

The program for the year will be discussed at the meeting, Miller said.

One item that will be discussed at the meeting will be the fall national meeting of the Chancery clubs to be held at Oklahoma university in October, he said.

There are four Chancery clubs in existence. The first club was founded at K-State by Mr. Miller in 1950. The other clubs are at Texas University, North Texas State, and S.M.U.

The Chancery club is open to all students who are taking pre-law or who plan to enter law in the future, he said.

### Five-Year Fight Fails

Washington (U.P.)—A carpenter recently lost a five-year battle with the army over \$20.

As a result, the carpenter won't get back his \$4,500-a year job. Federal Judge Alexander Holtzoff ruled "with some regret" that the carpenter's request for reinstatement wasn't valid because too much time had elapsed since he was fired in 1950.

# Pokes Convincing In 38-20 Triumph

"They were more ready than we were. Wyoming is a good team," Coach Bus Mertes stated after his football debut in Memorial stadium Saturday found the Wildcats losing 38-20 to the University of Wyoming.

"This might be just what we needed to make us work harder. It is better to learn that lesson now, than later in the season in the conference games," Mertes said.

An estimated 12,000 fans sweltering in 95-degree heat watched as repeated thrusts of Jerry Jester and Ova Stapleton, Cowboy left halfback and fullback respectively, wrought havoc on a heavier Kansas State line in a fumble-marred afternoon of football.

An intercepted K-State pass and two Cat fumbles in the final stanza led directly to three Cowboy touchdowns that broke a third quarter 20-20 tie and spelled the margin of victory for Wyoming.

Wyoming kicked off to start the game but promptly regained possession on K-State's 49-yard line after forcing Quarterback Bob Whitehead to punt.

On Wyoming's first offensive play Kenny Nesmith, Wildcat left halfback, intercepted a Mastrogiovanni aerial on the Cat 41-yard line. Again the purple team failed to move the ball and was forced to punt.

A clipping penalty against Wyoming gave the Cowboys the ball on their own 19 and they marched 81 yards in 16 plays, capped by a one-yard plunge by Stapleton, for the first tally of the game. Mastrogiovanni converted and Wyoming led 7 to 0 with 3:20 minutes left in the first period.

Ralph Pfeifer, sophomore halfback, fumbled the kickoff in the Cat end zone but recovered and returned to the six. One more the Wildcat offense failed to roll and Nesmith lifted a 40-yard punt that rolled dead on the Cowboy 45.

A roughing penalty forced Wyoming to quick-kick into the Cat end zone and K-State took over on their own 20. On the next play Whitehead fumbled and left half Jim Crawford covered the ball for Wyoming on the Cat 25.

When the quarter ended the Cats had pushed Wyoming back to the 41-yard stripe.

On third down with 22 yards to go, Mastrogiovanni heaved his second aerial of the game and again Nesmith intercepted, giving the Cats possession on their 18.

Fumbleitis struck again as Nesmith lost the ball and Carter recovered for Wyoming on the Cat 26. Two plays later Jester went around his own right side on a 25-yard scoring dash with 11:50 left in the second stanza. Mastrogiovanni converted and Wyoming led 14 to 0.

K-State's initial first down came on a 22-yard pass play from Whitehead to Chuck Zickefoose. The Cats were unable to gain more and Whitehead punted out-of-bounds on the Cowpoke 25.

The Cats' first real break of the game came on the next play as Wyoming's Jim Crawford fumbled and Whitehead covered the ball for the purple on the Poke 27. Whitehead then took to the air

and connected with Pfeifer who went all the way for the first Wildcat tally. Zadnick's conversion try was blocked and the score was 14-6 with 8:39 left in the first half.

Six minutes later, Ron Nery, Cat left tackle, recovered a Jester fumble on Wyoming's 15-yard line. Bill Carrington then took off around his own left end to score with 2:17 minutes left in the period. Jim Rusher converted and the score stood 14 to 13 at the half.

Wyoming came back strong to start the third quarter as Stapleton took the kickoff on the Wyoming 10-yard line and returned to the 34. On the next play he scooted 50 yards for a first down on the Cat 16. Doug Roether made the tackle and was injured. Jester then made nine yards to the seven-yard line and Stapleton carried the ball over. Mastrogiovanni's conversion attempt was no good and Wyoming led the Cats 20-13.

Nesmith took the ensuing kickoff and returned to the Wildcat 24. An illegal use of hands penalty moved the ball back to the 9. Whitehead lost four yards then quick-kicked a tremendous 90 yards to the Wyoming five.

With 7:36 minutes remaining in the third period the Cats got possession once again on the Wyoming 36. Nesmith skirted the Cat's right side to the Wyoming two. He then carried across with 6:11 left. Rusher's boot was good and the score was tied.

Neither team did much but fumble during the remainder of the third period as four fumbles in 5 minutes gave Wyoming the ball on their own 18 to open the final frame.

Jester punted to the K-State 9. Two plays later Doug Roether fumbled and Mitchel recovered for the Cowboys on the Wildcat 16. Then the scoring parade began as Jester smashed over from the 5 with 10:44 left in the game.

Wyoming hit paydirt just 6 minutes later after intercepting a Corbin pass on the Wildcat 49. Eight plays later Crawford plunged over from the 2 to score standing up.

Pfeifer took the kickoff on the Wildcat 2 and returned to the 18 where he was hit hard and lost the ball to Rudy Magagna, right halfback of the Cowpokes.

Wyoming lost no time in pushing across the final tally as Jester made 13 yards to the Wildcat 5. Stapleton took the ball the rest of the way in three line smashes scoring with 1:59 left in the game. Mastrogiovanni's conversion attempt was no good and the final score stood at 38 to 20 in favor of the Cowpokes.

The coach singled out the Wildcat game as a major weakness. K-State gained only 117 yards rushing to 297 for the Cowboys.

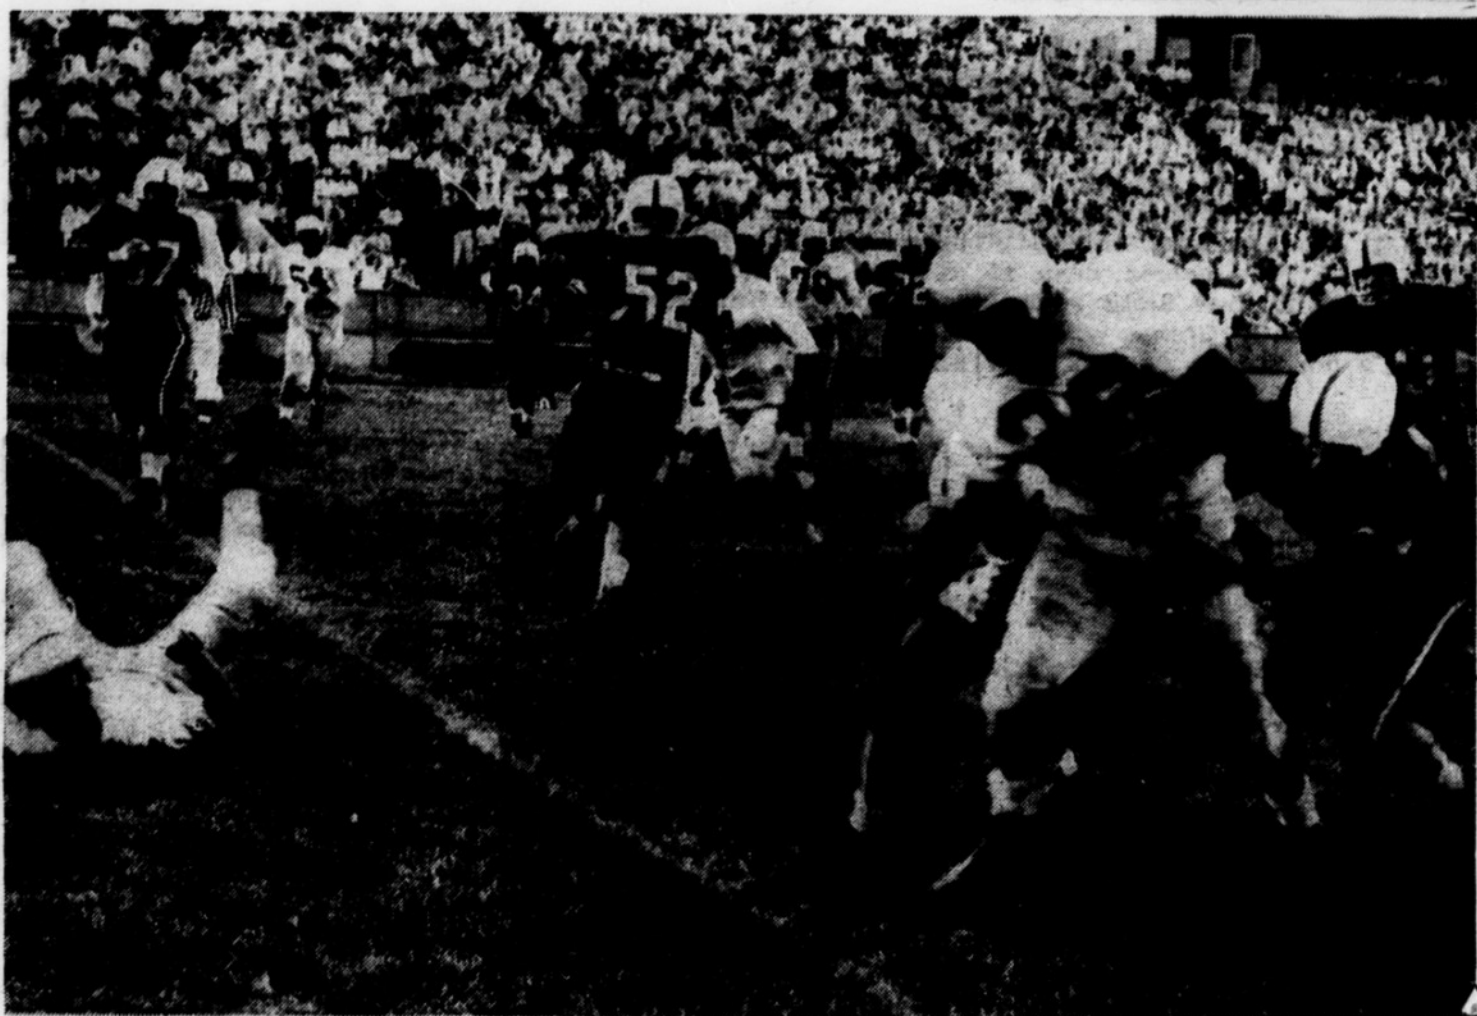

Photo by Dick Carr

**TWO CAT TACKLERS** failed to stop Ova Stapleton (32) as the Wyoming fullback is set to cross the goal line for the third Cowboy touchdown at the start of the second half. Other Wildcats in the photo are: Schmidt (67), Furey (52), Zickefoose (89), Nery (72), and Carrington (34).

Ron Nery, Wildcat all-Big Seven tackle, was a sure tackler, partially blocked one punt, and just missed on another. Center Jim Furey also stood out for the Wildcats.

In other Big Seven games, Missouri spotted high-ranked Maryland 13 points in the first half then came back to score 12 points the second half, to pull one short of tying Maryland. Last year Maryland ran rough-shod over the Tigers 74 to 13.

Down at Fort Worth, TCU extended KU's losing streak to 17 games as the Jayhawks were defeated 47 to 14.

After defeating Hawaii 52-0 last year, Nebraska had to take a back seat Saturday as Skippy Dyer lead the Islanders to a 6-0 victory. Nebraska had been made the game favorite by some 40 points after

their one-sided victory of last year.

Iowa State made it unanimous by losing to Denver, Skyline conference champions, 19 to 7. I-State's only touchdown came with 27 seconds gone in the second quarter.

# Yanks Boost Lead As Indians Lose

New York (U.P.)—Casey Stengel and his New York Yankees had the American league pennant virtually locked up today—and they “won the big one” just a year to the day after their fabulous five-year reign as world champions ended.

With Bob Grim, the rookie of the year in 1954, hurling no-hit relief ball for seven innings, the Yankees beat the Boston Red Sox, 3-2, yesterday and went two full games ahead when the collapsing Cleveland Indians dropped their fourth straight game, 10-3, to the Detroit Tigers. It was on September 18, 1954 that the Indians mathematically clinched the flag and ended the Yankees' record string of five consecutive world championships.

The Yankees, who've won 13 of their last 17 games, can stretch their lead to 2½ games tonight by beating the Washington Senators and they'll clinch the flag mathematically if they cop five of their last seven games. The Indians can finish with 95 victories if they win all their last five games but the Yankees already have won 91 games with seven to play.

The third-place Chicago White Sox, who've lost seven of their last 12 games including an 8-1 decision to the Kansas City Athletics yesterday, will be mathematically eliminated with the Yankees' next victory.

Grim, who had won only five previous games this season, replaced wild and ineffective Bob Turley after the Red Sox tied the score at 2-2 in the third inning and turned in the most brilliant pitching effort of his two-year career. With a crowd of 54,501 looking on, Grim struck out four batters, walked only one and retired the last 16 batters in order.

The Yankees scored the winning run against Willard Nixon in the fifth inning when Gerry Coleman singled, moved to second on Hank Bauer's single, to third on a walk to Irv Noren and crossed the plate as Gil McDougald bounced out. The victory made Grim's record 6-5 compared to his brilliant rookie campaign in which he won 20 games and lost six.

The Indians, meanwhile, suffered a humiliating defeat at the hands of 20-year-old rookie Bob Miller, the kid pitcher the Yankees had at last week and whom Detroit manager Bucky Harris promised to hurl against Cleveland, too. Miller, gaining his first victory, yielded two runs and six hits in seven innings and Dick Marlowe finished up.

Gus Zernial's grand-slam homer was the big blow for the Athletics, who took two out of three from the White Sox. Art Ditmar went the route for his 12th victory while Dick Donovan suffered his ninth defeat.

In the other American league game, the Baltimore Orioles tied the Washington Senators for seventh place when they beat them, 9-0, behind Jim Wilson's five-hit pitching. The win made Wilson's record 12-17.

In the National league, the Brooklyn Dodgers beat the New

York Giants, 7-5, as Clem Labine made his 57th relief appearance but Willie Mays hit his 48th homer to retain his two-homer lead over Cincinnati's Ted Kluszewski. Kluszewski hit No. 46 as the Redlegs crushed the Chicago Cubs, 12-5.

The Milwaukee Braves beat the St. Louis Cardinals, 2-1, while the Philadelphia Phillies downed Pittsburgh, 2-1, after the Pirates won the opener of their double-header, 5-2.

## Eshelbrenner Wins First Grid Contest

The results of the Collegian's first “Pigskin Prognostications” contest point up one thing—don't put too much stock in the predictions of the experts or in past performances this early in the season.

First of all, 15 of the 17 entries went along with the experts and picked K-State to win. The margin of victory given to the Cats varied from 2 to 4 points.

Secondly, all but one of the entries went along with the press releases in giving Wyoming a better passing attack than K-State's. Marvin Taylor, Ag Sr, picked the Cats to win but was alone in his prediction that the Cats would outpace the Cowpokes. He predicted K-State would lead in this department, 90 yards to 60; the actual figures were 62 to 9.

All of the prognosticators were surprised by the Wyoming running game. K-State was picked by all 17 to lead in rushing though some of the guesses had the two teams almost even. The Pokes outclassed the Cats, 297 to 117, in this phase of the game.

Bob Eshelbrenner, PEM Sr, was determined the winner on the basis of his choice of Wyoming. He was hard pressed for the honor though as Steven Eddy also picked Wyoming to win but Eshelbrenner was closer on the score and also on the net yardage than was Eddy.

## IM Managers To Meet Tonight

A meeting of all intramural managers will be held at 7 p.m. tonight on the third floor of Ahearn gymnasium. Golf, swimming, touch football, and singles in tennis, horseshoes and handball will be discussed. All independent organizations or students interested in forming teams, are invited to attend.

## Grid Practice To Open Today For Freshmen

Football practice for Kansas State college freshmen swings into high gear today as new Wildcat freshman coach Ed Cavanaugh starts working with 71 frosh candidates.

Included in the oversized squad of freshman hopefuls are 15 members of all-State high school squads—7 of them first-team all-Staters.

Bus Mertes, head football coach at K-State, declined a positive evaluation of the new crop of Wildcat talent, reserving the right to see the frosh in action first.

“No questions but that we have some excellent men, and we don't see how we can miss having some outstanding gridgers,” Mertes said.

Cavanaugh, too, asked for more time before offering a forecast on the young Wildcats' abilities. “I do know this, however,” the frosh coach added, “if we can hang on to the hustle and spirit the men showed in two brief workouts last week, we will be okay. I would rather have a week or two with them, however, before predicting how well they will do as individuals.”

First-team all-Staters listed with the Wildcat frosh include ends Gene McCurdy of Hays, Bill Lazonde of Pittsburgh, and Jim Luzinsky of Chicago; guards Don Martin of Broughton and Dale Carruthers of Pittsburg; center Jerry Sand of Beatrice, Neb., and halfback Mike Kinsella of Moorhead, Minn.

Others include second-team all-State end Neil Dreiling of Hays; third-teamers Bill Brown, tackle from Pittsburg; Dick Boyd, fullback from Mankato, and Fred Kaiser, quarterback from Ottawa.

Harpooned sperm whales are highly dangerous. One charged and sank the American bark Kathleen in 1902.

# Rocky and Archie Ready for Scrap

New York (U.P.)—Rocky Marciano and Archie Moore broke camp Sunday and headed for New York, where more than 100 workmen at Yankee stadium were arranging seats and electing the ring for tomorrow night's heavyweight championship fight.

Unbeaten Marciano was still a 16-5 favorite in the betting to keep his title. But he was a much heavier favorite among the sports writers. A poll of 34 disclosed today that only one picked Moore. The other 33 forecast a kayo victory by Rocky.

The weather bureau's “outlook” for tomorrow night was “fair and cooler.” That boosted the hopes of International Boxing club officials that 50,000 fans might provide a gate of \$800,000. Managing director Harry Markson reported cash sales of \$517,000, plus “\$100,000 worth of tickets out on consignment.”

Champion and challenger expressed confidence as they finished training yesterday in their mountain camps—Rocky in the Catskills and Archie in the Berkshires. Each sparred two rounds in his final workout.

At North Adams, Mass., Moore told members of the chamber of commerce, “I'll go into New York and win that title; then I'll come right back here to rest.”

Archie sharpened his long left jab and left hook in one round with Gorilla Brown and one with Johnny Jenkins.

## Athletics Cinch For Sixth Spot

Kansas City, Mo., (U.P.)—The Kansas City Athletics Friday clinched sixth place in the American league in their first season as a Kansas City ball club, and celebrated the occasion Friday night by pounding the skidding Chicago White Sox out of all but mathematical contention in the pennant race.

The A's smashed two three-run homers for a 13-7 victory over the desperate but tiring Sox.

Earlier, Washington's loss to Baltimore guaranteed a sixth place finish for the A's. Kansas City was unanimously slated for a cellar finish by pre-season prophets.

Veterans Hec Lopez and Joe Astroth were the night's heroes with their timely homers that put the contest out of Chicago's reach.

# 140 Scholarships Awarded Since May

Grants of \$3,000 and \$2,000 to two K-State freshmen top a list of 140 scholarships awarded to K-Staters since the close of the spring semester.

The \$3,000 scholarship went to Curt Zeigler of Abilene, a 1955 graduate of Dickinson County community high school. This grant by J. B. Ehrsam and Sons Manufacturing company of Enterprise will give Zeigler \$750 a year to study mechanical engineering.

The \$2,000 scholarship was won by Sandra Hodgson, a 1955 graduate of Manhattan high. It was awarded by AMVETS National Service Foundation, and Sandra will use the grant to study medical technology.

Boeing business and accounting scholarship for \$400 to Floyd Grills of Deerfield.

Boeing engineering scholarships for \$400 to Albert Bemis of Waverly; Ralph Fagen of St. John; Ray Fritzemeyer of Stafford; Donald Knudsen of Menlo, Iowa; and Edmond Young of Stilwell.

**Fine arts scholarship for \$100 From First National Bank of Manhattan to Nancy Irvine, Julia Jorgenson, Robery DeCou, and James McFarland, all of Manhattan.**

Berry Memorial scholarship for \$200 to Richard Frank of Frankfort.

Boeing business and accounting scholarship for \$400 to Floyd for \$400 to Albert Bemis of Waverly; Ralph Fagen of St. John; Donald Knudsen of Menlo, Iowa; and Edmond Young of Stilwell.

Graduate scholarship in meats for \$250 from Kansas Cow-Belles to Ruby Franklin of Oxford.

Dowell petroleum scholarship for \$500 to Charles Hudson of Kansas City, Kan.

Electrical engineering scholarships for \$250 from the Kansas chapter of National Electrical Contractors association to George Serpan of La-Crosse; Russell Case of Highland Park, Topeka; Larry Jones of Hutchinson; and Paul Bader of Wyandotte.

Feed technology scholarships for \$400 to Alfred Broddle of Reece, From Nutrena mills; Arthur Fromm of Kansas City, from Ralston-Purina; Harry Kaper of DeMotte, Ind., from Pillsbury Mills; Robert Wallace of White City, from Superior Milling company; and R. Bill Billiar of Crete, Neb., from Ralston-Purina.

Fine arts scholarships in painting for \$100 to Cecil Howard of Mulvane; Martha DeGraff of Manhattan; and Harvey Rundquist of Assaria.

Fine arts scholarships in painting for \$50 to Carolyn Dyer of Riley; and Marilyn Kulp of Manhattan.

**O. M. Franklin veterinary medicine scholarship for \$100 to William Kvasnicka of Lucas.**

Foster A Hinshaw memorial scholarship in engineering and architecture to LaRue L. Anderson of Osage City.

Home economics scholarship for \$200 from Home Economists in Business of Greater Kansas City to Charlotte Henry of Clay Center.

H. H. King chemistry scholarships for \$150 to \$300 to Donald Thayer of Manhattan; Janis Bro-

man of Salina; Ronald Butler of Manhattan; Stanley Cowan of Hiawatha; Wayne Fowler of Liberal; Howard Bradley of Manhattan; Wesley Hedden of Wichita; Joseph Jones of Manhattan; Duncan Dodd of Washington; Keith Penner of Great Bend; Donald Setser of Hudson; Dennis Ripley of Independence; and Clair Schmidt of Larned.

Kroger home economics scholarships for \$200 to Peggy Bunyan of Ottawa, and Sandra Sue Jones of Jetmore.

**Kroger agriculture scholarships for \$200 to Thomas Appleby of Cedar Vale, and Laurice Margheim of Ness City.**

J. E. McManis Memorial scholarships for \$200 to Richard Evers of Onaga; and Dale Schilling and Lewis Dillner of Havensville.

Mortar Board scholarships for \$100 to Mary Booth of Baldwin, and Geraldine Woodward of Downs.

LaVerne Noyes scholarships to pay enrollment fees for the fall semester to John Bannon of Newton; Lowell Griffith of Salina; Mrs. Carole Herbel of Manhattan; Woodrow Holland of Walnut; Patricia Roberts of Coffeyville; Janet Robinson of Eskridge; Mary Lou Sawyer of Everest; and Charles Wingert of Belleville, Ill.; Frances Meegan of Manhattan; Frank Meegan of

Manhattan; Patsy McClenahan of Clay Center; John Young of Junction City; and Max Sutton of Beloit.

**Teaching scholarships for \$150 from the Kansas Congress of Parents and Teachers to Patsy Humble of Sawyer; Treva Moss of Atlanta; Stanley Larson of Effingham; Lowell Socolofsky of Ramona; Della Kraft of Natoma; and Barbara Root of Junction City.**

Pi Beta Phi \$160 scholarship to Joan Albers of Oakley.

A. A. Potter mechanical engineering scholarships for \$250 to Bob Nelson of Altoona, and Roland Turner of Wichita.

Henry J. Putnam Memorial scholarships to Larry Boone of Toronto; Anna Belle Chilcott of Hugoton; Robert Conover Jr., James Lindsay, and Howard Teaford, all of Manhattan; Carol Cilek and Helen English of Hutchinson; Walter Eustace of Topeka; Dean Fritzler of Russell; Lorna Gayle Gotchall of Goodland; John Hassler of Chapman; Rogena Long of Wichita; Cynthia Jean Low of Leavenworth; Patricia McShane of Haviland; George Malone of Chase; LeAnne Olson of Everest; Gene Westhusing of Plainville; Margo Ellen Widner of Salina; and Elsie York of Garden City.

Ralston-Purina dairy husbandry

scholarship for \$500 to Lloyd Christie of Rantoul.

**Sears, Roebuck Foundation home economics scholarships for \$100 to Gearolyn Diehl of Liberal; Sondra Peirce of Hutchinson; Joan Lindsay of Girard; Phyllis Viergever, Jayne David, Dixie Good, all of Topeka; Kathleen Schultis of McPherson; and Irene Hollingsworth of Eureka.**

Sears, Roebuck Foundation agriculture scholarships for \$150 to Douglas Battershell of Erie; Walter Douthit of St. Francis; Gerald Fortner of Fredonia; Loren Henry of Colby; Dale Lavender of Altamont; Rae Luginsland of Dunlap; Keith McCluskey of Junction City; James Pugh of Eureka; Thomas Rogler of Kincaid; Robert Scherman of Paola; Donald Schick of Gridley; Donald Schneider of Logan; Gary Sonderlund of Oberlin; and Gary Sullivan of Yates Center.

Fay N. Seaton journalism scholarship for \$150 to James Bell of Kansas City, Kan.

Staley feed technology scholarship for \$400 to Larry Vincent of Wichita.

Stanolind Fellowship in chemistry for \$1,500 to Thomas A. Neely, teaching assistant in the department of chemistry.

Richard James VanWinkle Memorial chemistry scholarship for \$300 to Robert Clark of Topeka.

Kansas GAR Auxiliary scholarship for \$100 to Joyce Graham of Eldorado.

**Dow Chemical Company scholarships for \$300 to Larry Foulke of Kiowa; Miles Funk of Delphos; Clayton Griffin of Liberal; Larry Harding of Goodland; and James Mailen of Wichita.**

Dow Chemical company scholarships for \$250 to Darold Barb of Augusta; Richard Livingston of Marysville; Gerald Mase of St. John; and Gary Rogers of Manhattan.

Kiwanis home economics scholarships for \$180 to Joy Dianna Allen of Centralia, and Nancy McLeod of Marysville.

First National Bank of Manhattan business administration scholarships totaling \$1,000 ranging from \$100 to \$250 to Dorothy Crotinger of McCracken; Mildred Mulkey of Topeka; Wendell Cowan of Natoma; Bobby Dean Sellberg of Lindsborg; and Charles Smith of Vesper.

Sears, Roebuck Foundation sophomore scholarship for \$250 to Allen Fort of Ulysses.

## First ISA Meeting

The first meeting of the Independent Students association will be Wednesday, at 7:30 p.m., in Rec center, Carol Wilkins, president, said today. All independents are welcome to the meeting and memberships will be sold at the meeting.

ISA was started at K-State in 1948 in an effort to bring student representation to the independent students, Miss Wilkins explained. An independent student is any student not directly affiliated with a Greek organization.

Purposes of ISA are to spur independent students to strive for higher grade averages and to give them an opportunity to take more active participation in school affairs, Miss Wilkins explained.

# 'It Won't Be Like That in 1975'

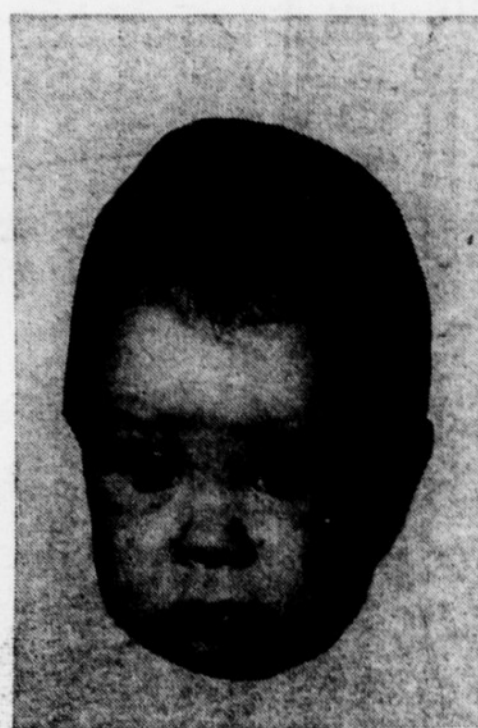

"Man! What a kickoff!"

"Wouldn't that curlle your Ovaltine?  
... behind, 14-0."

"Doggone! All tied up again."

"Oh, no. Not 38-20."

Probably no K-State football fan was more visibly and conclusively shook up than little Gregg Davis when Kansas State lost to Wyoming Saturday, 38 to 20.

Gregg, who at two months of age probably ranks as one of the Wildcats' youngest fans, was photographed by his daddy as he registered his own private reactions of disappointment, glee, and complete unbelief during the course of the game.

An ardent fan and student of football already, Gregg says that with his daddy's help he hopes to learn enough of the game to appear on the \$64,000 Question. His father, Alfred Davis is a pre-vet sophomore.

Gregg is hoping for cooler weather, less sunburn, and a more satisfactory score on October 1 when he attends the Nebraska game.

## Kansas State Collegian

Kansas State College, Manhattan, Kansas, Tuesday, September 20, 1955  
VOLUME LXII NUMBER 4

### President McCain Says

## Today's Problems Important at KSC

"We at Kansas State college should have little patience with those educators who would confine higher institutions to an ivory tower," President James A. McCain told K-Staters at the first all-college assembly.

"There is no denying our obligation for conserving and imparting the knowledge of the past and those humane ideals which are a precious heritage of our western civilization," McCain said.

However, if our college is to provide its full measure of service we must come to grips with the problems of today and the requirements of the future, functions by no means incompatible with our traditional responsibilities, he continued.

The campus of a land-grant college must be a little world of its own communities, McCain said. Activities at K-State reflect the most significant characteristics of the community and therefore offer a fuller educational opportunity to students enrolled this fall, McCain said.

Students face an overwhelming challenge to improve their training because of the critical shortage of persons trained for scientific and technical occupations, McCain said.

At K-State every student has access to an education which will equip him to be at home in a world transformed by science and technology, he said.

"The college is fortunate that a farsighted Board of Regents and Legislature have made commitments to provide the physical plant facilities demanded by this expansion," McCain said in commenting on the fall enrollment of 6,000 students—400 more than were anticipated.

McCain noted that in the next 1 1/2 years K-State will dedicate, occupy for the first time, or commence construction on 16 major building projects costing more than \$9 million.

## No More Money For Scholarships

The funds allotted for awarding scholarships have been exhausted and no scholarships remain open at this time for the fall semester, Max Milbourn, director of Public Service, has announced.

Scholarships are usually applied for in the late spring or early summer, he said.

## McCain To Ask Legislature To Legalize Traffic Fines

President McCain will ask the 1957 Kansas Legislature to authorize K-State to assess fines for traffic violations, Gerry Day, student body president, reported to the Student Council last night.

The current system of penalties for traffic violations involves restriction on the student's use of his car and may result in his dismissal from college.

In a letter to Day, Dr. McCain stated "As I informed you and the traffic control board at the meeting held in my office on September 7, the College is not permitted under the laws of the state to

assess fines for traffic violations. An act of the Legislature will be required to give us this authority, and it is my intention to seek such legislation at the 1957 session of the Legislature."

He explained that the 1956 session will deal primarily with appropriations, hence the delay until 1957.

Thirty-one students were appointed to various committees by the council. The committees and the appointees were:

Campus beautification: John Ricklefs, LDs Jr; Charles Scholer, CE Sr; and Craig Fisher.

Faculty council on student affairs: Mark Drake, AH Sr; and Nancy Blackburn, MEI Jr.

Residence halls: Bob Westrup, BA Jr; and Denni Joy, EED Jr.

Campus development: Sue Wyant, CE Soph; and Leslie Appleby, Ar 04.

Marlatt Memorial Park (Top of the World): Al Steunenberg, Geo Jr; and Daniel Diamond.

Traffic board: Larry Rash, ME Jr; Sue Van Deventer, DIM Sr; Lawrence Wise, PrM Soph; and Lance Gilmore, TJ Soph.

Relations with high schools: Alice Schulze, HT Jr; and Dan Scoby.

Artist Series: Pat Craven, MGS Soph; and Arline Gray, Eng Jr.

Assemblies and Forums: Bob McDowell, Psy Soph; and Carolyn Eby.

College Activities Calendar: Kathy Regier, HT Jr; and Jeanice Blauer, HT Sr.

Friends of Art: Joan Guyer, HEA Jr; and Delaine Smith, HEA Sr.

Parents' Day: Marguerite Jahnke, EED Soph; Jean Cox, BMT Jr; Kay Benjamin; and Ruth Ann Gress, ChW Jr.

Endowment Association: Gerry Day, VM Sr.

Tribunal chancellor: Martin K. Eby Jr., CE Sr.

The Council also appointed four members to plan the Student Governing association assembly October 20. Committee members are Jim Graves, BA Jr; Bunny Cowan, Psy Soph; Newton Anderson, ME Soph; Pat Wilkerson, BA Jr; and Mackie Murphy, ChE Sr.

## Peron Flees To Paraguay

Buenos Aires —(U.P.)— President Juan D. Peron, ousted by a successful revolt against his nine-year rule as dictator of Argentina, headed for exile in Paraguay today.

See earlier story on page 3.

## Tryouts To Start For Cheerleader

Cheerleader hopefuls may attend a practice school today and Thursday at 5 p.m. in N105, said Jack Barrett, last year's head cheerleader.

Positions are open for four regular girl cheerleaders and one alternate. Boys may also tryout for four regular cheerleading positions and one alternate.

All upperclassmen including second semester freshmen are eligible. Tryouts will be Tuesday, September 27, at 7:15 p.m. in N105.

## Hill, Rankin To Head ROTC Units

Roger L. Rankin, AH Sr, has been appointed regimental commander of the Army ROTC and Donald R. Hill, Ec Sr, commander of the Air Force ROTC. Both will hold the rank of Cadet Colonel.

The following appointments and duty assignments for Military Science IV Cadets have been announced effective September 16, 1955.

Cadet Lieutenant Colonels: Frank M. Farrell, Gary B. Rogers, Barrie W. Thorp, Fred H. Woodbury, Gene B. Martin.

Cadet Majors: Edwin G. Rieg, Henry J. Windisch, Thomas Weselowski, Robert M. Esterl.

Cadet Captains: Pekka Martinen, Albert A. Kaine, Duane L. Ginter, William E. Rogers, Wendell D. Holt, Donald L. Reed, Richard H. Mosler, Elmer L. Karstenson, Peter H. Dahlquist, Herbert G. Webb, and Larry R. Nelson.

Cadet First Lieutenants: Dennis W. Holm, James D. Marsh, Wendell A. Wright, Charles Hutchinson, Donald V. Goeckler, (Continued on page 3)

ROGER RANKIN, AH Sr, (left) new army ROTC cadet colonel, discussed plans for the coming year with Don Hill, Ec Sr, air force ROTC cadet colonel.

## Governing Board To Hear Report About New Union

The Student Union governing board will have its first meeting of the fall semester today at 5 p.m. in the Cafeteria dining room, Loren V. Kottner, Union director has announced.

The agenda for the meeting will include a progress report on the new Union building, which is tentatively scheduled for opening February 1. Leon Armantrout, chairman of the board said yesterday.

Other items of business include a program council report, an introduction of new members of the Board and new staff members of the Union, a decision on a statement of purpose and, discussion on future items of business and decisions to be reached.

HERB LOCK

Only \$4 a Semester

# K-State Faculty Should Pay To Use New Student Union

An open-letter-type editorial to the Student Union governing board . . .

K-State students—past, present, and future—have been and will be paying the \$1,650,000 bill for the construction of the K-State Student Union. Now, as K-State eagerly anticipate the Union's opening, they find that they'll be paying \$4 a semester into the activity fund to help pay Union operating expenses.

Though we had no choice as to whether we would contribute to the cost of the Union, we think it's a good thing. And we don't mind paying \$4 toward operating costs.

In fact, we think we're getting a good deal, because we, at least, will get to use the Union for a while. Ordinarily, you pay your money and you take your choice. Not so with many former K-Staters—they just paid their money.

But, while we are satisfied that our money is well-spent, we are not satisfied with one thing . . .

This summer, a "Day at the Union" bulletin was sent to K-State faculty members. In this bulletin were listed various types of faculty functions which could be held in the Union.

If you think we're going to say that the faculty should be denied use of a student-financed building, you're wrong. Such a thought never has entered our mind. We have found that faculty members, as a rule, are human beings, and we have even liked and respected quite a few of them. We WANT them to use the Student Union.

Besides, when student union expert Porter Butts came here in November of 1950 to act as adviser for the Student Union, he took into consideration the opinions of faculty, alumni, and student. The Student Union was tailor-made for the K-State campus. The Student Union

Planning committee was satisfied with the uses for which the Union was planned, and we aren't trying to turn back the clock.

Our gripe concerns the \$4 operating fee. We'll overlook the fact that we're paying an operating fee and the Union isn't operating. But we would like to see the faculty members pay their share of this operating expense. We're sure they'll readily admit that they should pay.

Some members of the Student Union governing board have tried to push through a provision to this effect. We think they should pass a "them as pays gets" policy before the Student Union opens in February.

—Darrel Miller

## Readers Say Even Flint Hills Grass Is Dying

(Opinions expressed in letters are those of the writer. They do not necessarily reflect the Collegian's editorial policy. We reserve the right to edit letters to conform to the standards of decency and good taste upheld by most newspapers. No letter may exceed 250 words, and unsigned letters will not be published.)

Dear Sir:

I noticed in Friday's Collegian that some "turf expert" wrote a real sarcastic article entitled "K-State Grass Is Lawn Gone."

Before writing such drivel, did this author exercise any thought at all?

Look at the rest of the lawns in Manhattan. If most home owners couldn't or wouldn't keep their 20-foot by 30-foot plots green, the College could hardly be expected to keep its spacious acreage wetted down.

There is also a slight matter of the availability of that pitifully unappreciated and misunderstood liquid called cool clear water. The more that Manhattanites waste and expend on projects of doubtful value like extensive lawn watering (or frequent care washing etc.), the sooner we drink some one else's sewage from the river as do the poor souls at KU.

I think you'll find that the grounds crew gave a lot of consideration to this problem and made a sensible compromise by watering only selected areas of lawn and various valuable trees and shrubs.

The Flint hills around us turn brown every summer and green again in the spring, so don't give up hope for the campus.

William W. Gibson,  
Entomology Grad.

## A Wise Lion . . .

Ventura, Calif., (U.P.)—Mrs. Jessie Rhodes vowed today to always look before getting into her car.

Mrs. Rhodes climbed into her car Saturday night, and turned to find a mountain lion on the seat beside her. She screamed and the lion fled.

## Class Attendance Rules Explained

Rules for class attendance, as modified by the K-State Senate and announced by Dean A. L. Pugsley, are printed below for the information of new students at K-State. They are:

**ABSENCES**—Each student is expected to attend all meetings of the classes to which he is assigned.

**EXCUSING ABSENCES**—Absences may be excused only by the student's dean. A student who misses classes while under the care of student health will be issued an excuse from those classes by his dean on recommendation by the director of Student Health. It is desirable, where possible, that excuses be obtained in advance of the absence. The student's dean will notify the instructor of excused absences. The student is permitted to make up work missed during excused absences.

**ABSENCES FOR ACTIVITIES**—Each student who will be absent to participate in out-of-town or other College-sponsored activities must submit to his coach or sponsor of the event a complete form for each of his classes (Excuse Absence Notification to Instructor, obtained at the College Post Office). The coach or sponsor will compile a list of students authorized to make the trip on a separate sheet (Absence Notification to Deans) and present a copy of it and the Absence Notification to Instructors to the respective offices of the academic deans concerned at least 24 hours in advance of departure.

**EXCESSIVE ABSENCES**—A student may be withdrawn from a course by his dean for excessive absences. After due warning to both students and parents, the dean may report persistent absentees to the President with recommendation for suspension from the College.

**OPTIONAL ATTENDANCE**—Seniors have optional attendance. Juniors with a 2.0 grade point average the preceding semester have optional attendance. Summer school does not enter into this calculation. Instructors are not required to allow students to make up class work missed as a result of the exercise of this privilege. Abuse of the optional attendance privilege may result in loss of the privilege upon the recommendation of the instructor and at the discretion of the student's dean.

## Juan Peron Took Page From Mussolini's Book

By UNITED PRESS

Juan D. Peron, deposed Argentine president, picked up many of his political ideas from Benito Mussolini.

He liked to make speeches from a balcony to his followers massed in the streets below. Peron watched Mussolini in action when he was Argentine military attache in Rome. He listened and learned. He became a politician in uniform.

Like Mussolini, Peron is a great talker, and he had a knack of telling his listeners exactly what he thought they wanted to hear.

Once when Guy Ray, U.S. counsellor to Argentina, reproached him for an anti-American speech, Peron said: "You must always keep in mind the people I'm talking to."

Peron is handsome in a florid way. In recent years he kept his hair jet-black by the use of dye. He is husky in build, tending to pudginess in middle age.

# Dig That Cr-a-a-azy IBM Machine . . . . .

By DONALD KENDALL  
As Told to Crazy Auto

The professors gave me blank looks the first three days of roll calling—my name was not in the cards.

For awhile it looked as if the rascal (me) would be thrown out. But when a colleague of mine in journalism, Miss Carolyn Jones, told me that she was carrying 34 hours this semester, I began to suspect a Zulu in the igloo.

My college-trained steel-trap mind commenced to pulsate. Where had I run into Miss Jones before? Biology in Relation to Man II? Journalism picnic? Kite's? No, it seemed to be more recent and less frequent . . .

I made the rounds of my instructors again. No Donald M. Kendall was enrolled in any of their classes. I showed them my activity ticket marked "Paid"—they said I still need a ticket to their academic sports.

Finally, I contacted Miss Jones again. She told me she was enrolled (evidently by mistake) in men's physical education, but it looked like she would have to drop it as it conflicted with her course in music appreciation.

She also opined that when she and I were being assigned dur-

ing enrollment our class cards became mixed up resulting in her 34-hour schedule and me with a zero assignment.

I guess three-plus years of college training began to tell, for the next step was arrived at with logical exactness.

I went to see the dean. How-

ever, there was a line about six ax handles and a frog leap long and I just got as far as his secretary. She listened to my long story, as did the 42 persons behind me, and advised me to go see the wheels in the IBM room.

Another line, only this one was only about as long as the

CAROLYN JONES, TJ Sr, and Don Kendall, TJ Sr, relax on the steps of Kedzie as they work out enrollment problems.

Wildcat's rushing yardage last Saturday. Again Hogan's goat proved himself to be a fouled-up beast—the IBM attendant only handed me a double-fistful of cards with moth holes in them and told me to go back from whence I came.

Disliking the thought of going back to Leavenworth, I juggled my 220 pounds down the road to the dean's office again and pried through what looked like scholarship day at K.U.

Finally I spied one of the deans. I must say he was sympathetic. After crying on each other's shoulders for a time, he suggested that perhaps it would be easier for me to change my

name to Carolyn Jones, at least for this semester.

I said it would be all right with me but that Carolyn's boy friend might object. After having me repeat my story again to see if I would make any changes, the dean and I went over to the registrar's office.

I was careful to keep my story straight for him too, and after a few seconds of careful deliberation, the registrar told me to go on home and forget about it and maybe things would be better tomorrow.

I felt better after this uplift and I left with the hope that maybe tomorrow my name would be called in one of my classes.

## ONCE MORE UNTO THE BREACH

Today I begin my second year of writing this column for Philip Morris Cigarettes. Once every week during the coming school year I will take up, without fear or favor, issues that inflame the minds and quicken the hearts of college students everywhere. I will grapple with such knotty questions as: "Is compulsory attendance the reflection of an insecure faculty?" and "Is the unmarried student obsolete?" and "Are room-mates sanitary?"

While each week I make a bold assault upon these burning issues, I will also attempt to beguile you into smoking Philip Morris Cigarettes. Into each column I will craftily weave some

words in praise of Philip Morris. I will extol, obliquely, the benign mildness of Philip Morris's well-born tobacco, its soothing fragrance, its tonic freshness, its docile temperateness, its oh-so-welcome gentleness in this spiky and abrasive world of ours.

For saying these kind things about their cigarettes, the Philip Morris Company will pay me money. This is the American Way. This is Democracy. This is Enlightened Self Interest. This is the System that Made

Our Country Great, and anybody who doesn't like it is MALADJUSTED.

Perhaps it would be well in this first column of the year to tell you a little about myself. I am 36 years of age, but still remarkably active. I am squat, moon-faced, have all my teeth, and am fond of folk dancing and Lotto. My hobby is collecting mucilage.

I first took up writing because I was too short to steal. Barefoot Boy With Cheek was my maiden effort, and today, fourteen years later, I continue to write about college students. This is called "arrested development."

But I can't help it. Though I am now in the winter of my life, the problems of undergraduates still seem to me as pressing as ever. How to pursue a blazing romance with exams coming up next Friday in physics, history and French; how to convince your stingy father that life is a bitter mockery without a yellow convertible; how to subsist on dormitory food—these remain the topics that roil my sluggish blood.

And in this column from now until next June you will read of such things: of dating and pinning, of fraternities and sororities and independents, of cutting and cramming, of athletes and average-raisers, of extra- and intra-curriculum, of textbooks and those who write them and those who sell them and those who read them and those who don't.

And, slyly woven into this stirring tapestry, the story of Philip Morris, America's gentle cigarette, in the handy Snap-Open pack, in king-size or regular, at prices all can afford.

©Max Shulman, 1955

The makers of Philip Morris are happy to be back with you for another year of good reading and good smoking—with gentle Philip Morris, of course.

# Revolt Leaders Start Negotiating

Compiled from the Wires of the United Press  
By DICK CARR

Buenos Aires, Argentina—Leaders of the successful revolt to oust President Juan D. Peron began peace negotiations today with a 13-man military committee.

A terse official announcement said "negotiations on pacification" have begun.

The 13-man committee declared the day a holiday and urged the nation to remain calm.

The Peronista confederation of labor, whose 1,000,000 members supposedly were the backbone of Peron's support, told the workers they "should be calm and resume their work and cooperate in the maintenance of the public services and order."

A heavy guard was being maintained around Peron's suburban Palermo home but his exact whereabouts were unknown.

The Paraguayan embassy denied reports he had taken refuge there.

An announcement in Santiago, Chile, that a special transport plane carrying unidentified persons was expected from Buenos Aires couched off a flurry of speculation but at 7 a.m. the plane still had not arrived.

Lights had blazed nightlong at the Santiago airfield which was guarded by police.

The 13-man military committee announced it was taking over after Peron's forced resignation and the clean sweep of his government which followed.

George J. Yapp, group commander 8-10 section; Joe W. Hellstern, group commander 10-12 section; Donald H. Lenhart, group commander 1-3 section.

Captains: Donald V. Upson, adjutant; and William L. Rugels, public information officer.

Other Air Force cadet officers will be appointed tomorrow night by the cadet staff.

## Future Teachers To Meet Tonight

Students seeking teaching positions for the 1956-57 school year are to meet in Willard hall, Room 115, on September 27 at 4 p.m.

Teaching credentials are to be distributed at the meeting. Students will also discuss teaching opportunities and prospective salaries and other questions of teaching candidates.

Attendance is important because the school administrators need the information to select K-Staters for their yearly teaching vacancies.

By WALT KELLY

# Seven Kansas State Frats Have M

Seven fraternities have moved, are building, or remodeling here at K-State.

Three of the seven have moved into newly obtained buildings, two are remodeling their present homes, and two are building new homes.

Phi Kappa Tau fraternity has purchased a house at 1623 Fairchild. The fraternity moved into the new home on September 4th. The new home will accommodate 35 members.

Delta Sigma Phi fraternity purchased the former St. Mary hos-

pital annex on June 12th and moved into it on September 1st. It is located at 501 N. Eleventh. The home will accommodate 75 members.

The third fraternity to move to a new location was the 1834 Club, a colony of Delta Upsilon. The fraternity moved into the former Delta Sigma Phi house at 1642 Fairchild, on September 1. The house is being rented and will accommodate 28 members.

Tau Kappa Epsilon is remodeling their present house. Included in the remodeling is a new living

room, dining room, and new quarters for the house mother. The work will cost between 15 and \$20,000. Construction is to be completed by Homecoming.

Alpha Tau Omega is also remodeling. Plans call for the remodeling of the old house plus the building of a new wing, at \$75,000. The house will accommodate 52 members. Remodeling is expected to be finished in time for the second semester. The fraternity will have two men to a room. Two rooms will share a bath.

Farm House is building a new fraternity house at 1830 College Heights. Construction was begun last semester and is to be completed by the end of this semester. The new house will accommodate 56 members.

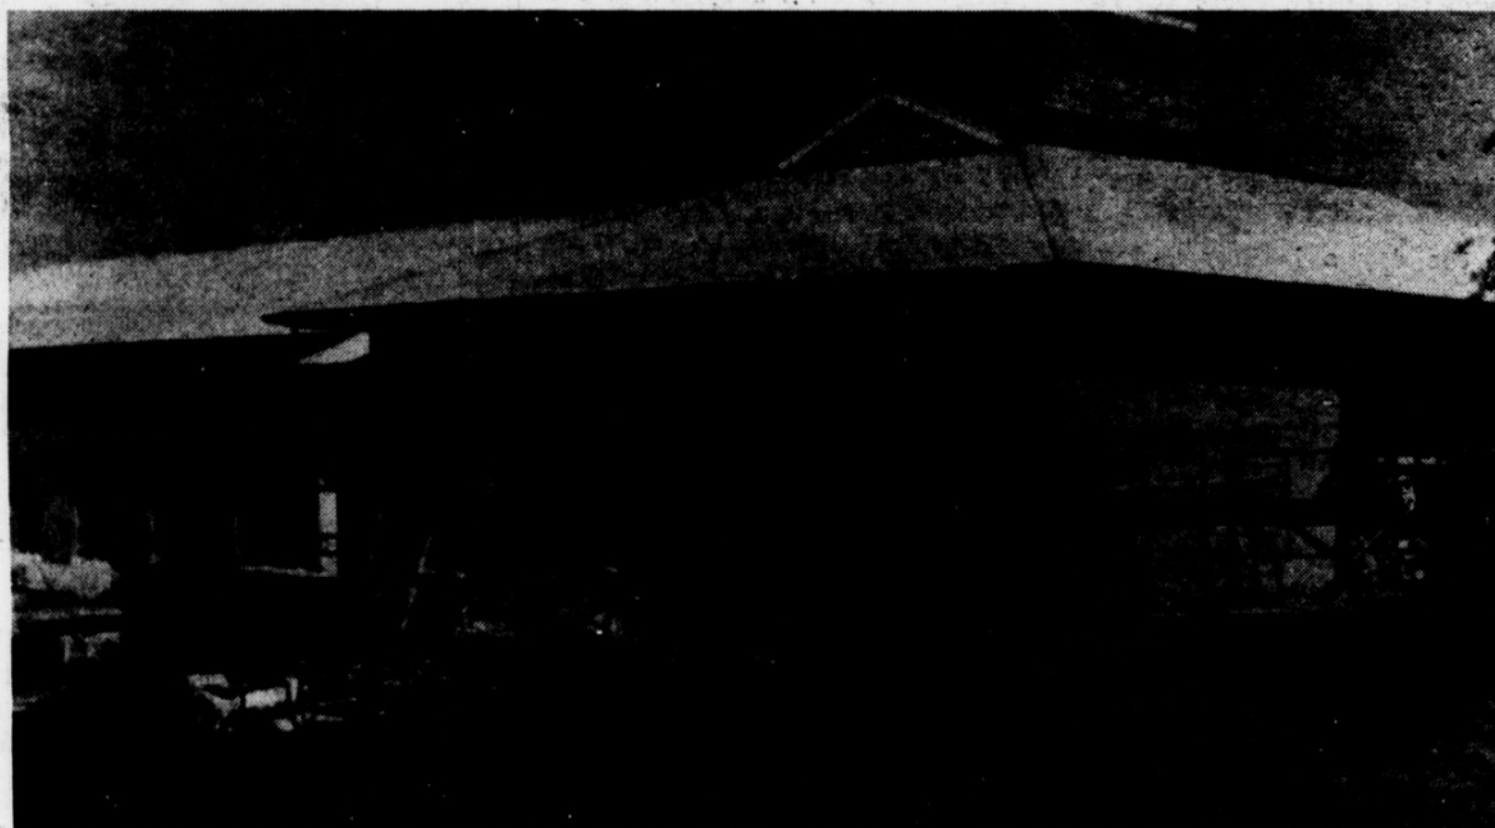

Acacia is building at the corner of Lee and Hunting. The house, which will be ready for the second semester, will accommodate 44 members. The building will cost \$102,00. Mayor N. D. Harwood, is chairman of the building committee.

**THE 1834 CLUB**, Delta Upsilon colony, moved into the former Delta Sigma Phi house (left) at 1642 Fairchild. Housing is available for 28 members.

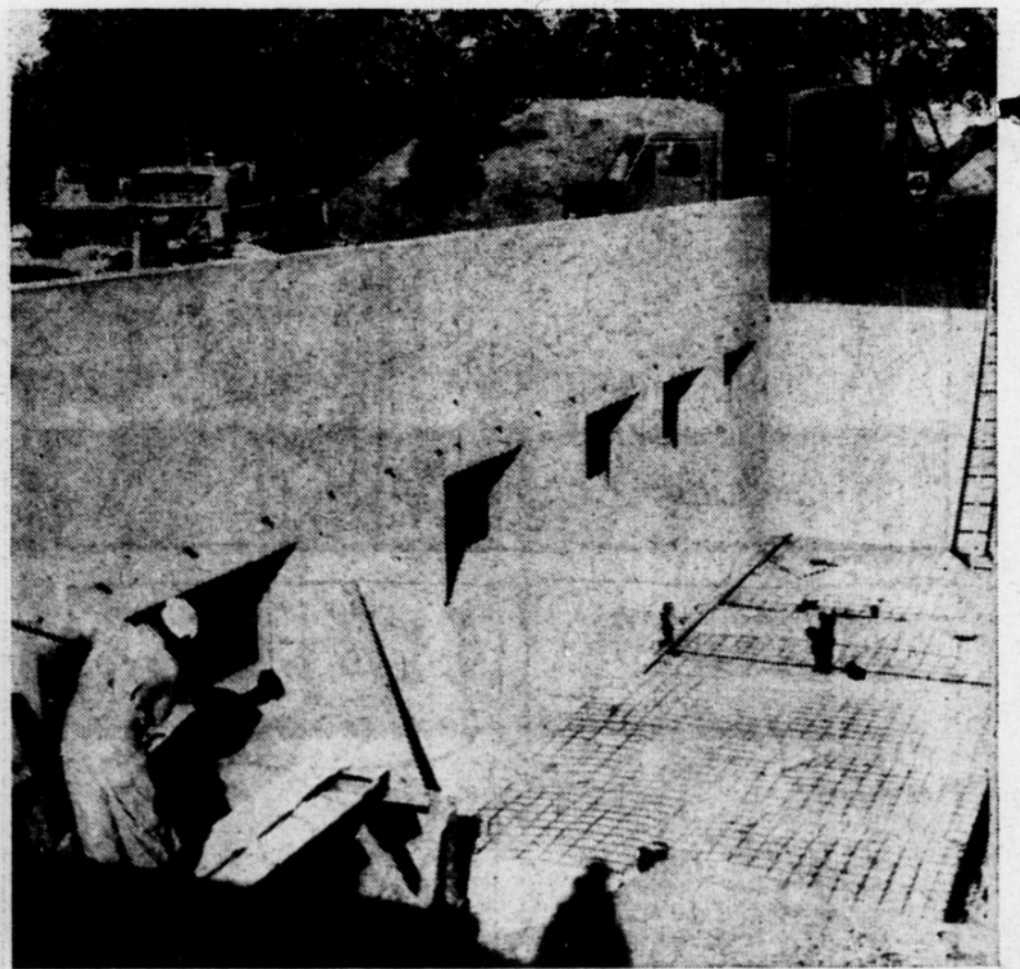

**ACACIA MEMBERS** will move into their new house (right) at the corner of Lee and Hunting the second semester. The new house will accommodate 44 members.

**NEW FARM HOUSE** building is located at 1830 College Heights road. The new house is expected to be completed near the semester's end. Workmen just finished shingling the roof. The structure will accommodate 56 members.

**DELTA SIGMA PHI** members have moved into the former St. Mary's hospital annex at 501 N. Eleventh street. The spacious house will accommodate 75 members. The Delta Sigs moved into the house September 1.

**ALPHA TAU OMEGA** is remodeling its house and adding a new wing. Both improvements are expected to cost \$75,000. The house will hold 52 members.

# Moved, Remodeled, or Are Building

PHI KAPPA TAU fraternity has purchased a house at 1623 Fairchild. The house was occupied a few years ago by the Beta Sigs. The house will accommodate 35 members.

# Marciano-Moore Bout Postponed

New York.—(U.P.)—Hurricane Ione's tardy arrival in New York today caused cancellation of tonight's Rocky Marciano-Archie Moore Heavyweight championship fight.

New York's share of the hurricane was originally expected last night, but the weather bureau explained that Ione's slow progress delayed the heaviest rain and winds until today.

In view of weather forecasts calling for strong winds and heavy rain for the New York area, promoter James D. Norris of the International Boxing Club announced the postponement at 10 a.m. edt.

The fight now will be held, weather permitting, at Yankee stadium tomorrow night. However, the fight, which was scheduled to start at 10:30 p.m., EDT tonight, will not start until 10:45 p.m. Wednesday because of broadcasting complications.

Should another postponement be necessary, the fight will be staged Thursday night.

The 24-hour postponement came as another frustration and perhaps a costly one for Moore, the long-thwarted, 38-year-old challenger who figured to be bothered more by the waiting than the placid Marciano.

The weather bureau's forecast for Wednesday was "Fair with moderate temperatures."

Unbeaten Marciano, now favored at the lengthened odds of 4-1, probably will zoom to 5-1 since the bout is postponed to tomorrow night, and perhaps higher if another delay moved it to Thursday.

Tomorrow night's starting time would be 10:45 p.m. because of a minor conflict with tomorrow night's middleweight fight between Bobby Dykes and George Johnson at Miami Beach, Fla.

The Marciano-Moore extravaganza will not be televised to homes; only to 128 theaters and four Veterans' hospitals in 92 cities on a closed circuit. However, some of the coaxial cables necessary for that circuit will not be available tomorrow night until after the Miami Beach fight, which will be televised nationally to homes.

The American Broadcasting company, scheduled to radio both fights nationally to homes, will present only the Marciano and Moore bout tomorrow night and eliminate the Miami Beach fight.

Promoter Jim Norris was uncertain how much a one-day wash-out would hurt the gate. He had

expected at least \$750,000 from 50,000 fans. The advance sale approximated \$600,000, and he figured additionally that at least \$50,000 worth of tickets already had been sold in outside consignments. Twelve thousand general admission seats at \$5 each were scheduled to go on sale at 7 p.m. today at the stadium.

Coincident with their arrivals, each issued a pre-battle statement in which he predicted victory. Moore declared, "I've said a lot of things about Rocky and this fight, and I meant every one of them." He apparently referred to his charge that Rocky was not merely a rough fighter but a foul fighter.

Rocky, denying, said, "I've never been a dirty fighter. Nothing, not even the heavyweight title, would make me stray from the way my parents trained me."

It was not until last October that Moore got a fight in Madison Square Garden, although he had been a top-flight boxer for 14 years, and had taken the light-heavyweight title from Joey Maxim in December, 1952.

Archie clinched the shot at Marciano by outpointing big Nino Valdes, then top heavyweight contender, in May, and by knocking out middleweight champion Bobo Olson in June.

## Cat Backfield Has Two Tots

Offering what is probably the smallest halfback two-some in major college football are K-State's Jerry Hayes and Keith Wilson. Hayes is shortest Wildcat at 5-4 and weighs 160; Wilson is lightest at 5-8 and 157 pounds.

The two "tots" ran side-by-side against Wyoming in the fourth quarter. Each carried once, Wilson gaining 12 yards and Hayes 2.

## Annual Mum Sale To Be Discussed By Mortar Board

Mortar Board will hold its initial meeting of the year today at 7:15 p.m. at the home of adviser Mrs. John F. Helm, 1841 Fairchild. Business of the evening will be discussion of the homecoming mum sale, according to Jan Boster, president.

Plans for the Mortar Board scholarship banquet in November are also to be discussed.

Another Mortar Board activity will take place Thursday, September 22, from seven to eight p.m. in freshman dormitories.

Panels will discuss freshman activities which will be profitable to girls. After the panel, small discussion groups will be held to answer further questions.

## Whitehead Sets New Punt Mark

Bob Whitehead, K-State quarterback, established a new kicking record in last Saturday's game against Wyoming when he quick-kicked 90 yards from his own five-yard line.

Former record for the Wildcats' longest punt was 85 yards by Doug Russell in 1933 against Nebraska. Whitehead, who will do most of K-State's punting this year, opened the season with an excellent 46.2-yard average on six punts against Wyoming.

## Grid Squad Works Hard In Practice

Another hard practice session is slated for this afternoon as the Wildcat gridgers prepare to take on Big Ten foe University of Iowa Saturday, September 24.

Coach Bus Mertes' charges worked long and hard yesterday afternoon practicing on tackling and defensive line play. The coach deems these two Cat weaknesses much to blame for last week's 38-20 defeat at the hands of Wyoming university.

"The team took the defeat against Wyoming real hard and is willing to work extra hard to put up a good showing against Iowa," Mertes said.

More scrimmage is on tap the rest of the week plus concentrated defensive practice, he said.

Coach Mertes singled out the excellent line play of Rudy Bletscher, 190-pound sophomore right guard, as a highlight for the Wildcats in the Wyoming game. Mertes also commented on the fine play of Kenny Nesmith, 185-pound junior halfback, and Bob Whitehead, senior quarterback.

Saturday's game might find three changes in the Cat starting lineup. At right tackle replacing Frank Rodman could be John Keelan, 215-pound sophomore from Johnstown, Pa. Ellis Rainsberger, 205-pound soph from East St. Louis, Ill., has a chance to start in the tackle slot and Don Zadnik, 187-pound sophomore left end from Cleveland, Ohio, shows promise of starting.

The Cats will have to slow down the efforts of Iowa's Earl Smith, Big Ten leading scorer in 1954 and all-American guard Calvin Jones in Saturday's contest which promises to be a thriller.

The Wildcats suffered no hampering injuries from last Saturday's fracas and will head into Iowa at full strength.

Ron Nery, K-State's all-conference tackle, took a quick look back to the Wyoming game, explaining "I don't think their linemen were any better than ours, it was just that they had so many of them."

Then he appraised the game in relation to the overall season. "What happened to us Saturday happened the past two years, too. We lost some we thought we should have won. Maybe it's good that it happened the first game this season."

The squad will work out here through Thursday, fly to Iowa City for a workout Friday, and then by bus to Cedar Rapids for Friday night.

## Ione May Interrupt Pennant Scramble

New York, Sept. 20—(U.P.)—This could be the "make or break" day in the American league pennant race, if Hurricane Ione permits the league-leading New York Yankees to get back to work.

The Yankees, two big games in front of the sagging second-place Cleveland Indians, hope to make hay by day and by night, too. After postponement of last night's game against the Washington Senators in Washington, the Yanks were scheduled to meet the Senators in a day game today and also in a night game.

The Indians are scheduled only for one game, at night, in Chicago against the third-place Chicago White Sox.

Incidentally, this could be the day the White Sox will be officially eliminated from the pennant race. One Yankee victory in either game, or an Indians' victory tonight, will wipe out Chicago's last chance.

But the spotlight is on the Yankees-Indians struggle and today's action could put the Yankees so far ahead as to virtually end the race, or it could put Cleveland back in contention.

If the Yankees win both games, and Cleveland loses, the Yankees will lead by 3½ games and their "magic number" for clinching the pennant, which now stands at "five," would drop all the way to "two."

But if the Yankees lose both games, and Cleveland wins, then the Indians will be only a half-game behind and the battle will be blazing hot again.

A Yankee split and a Cleveland win would cut the Yankees' lead to 1½ games; a Yankee split and a Cleveland loss would increase the Yankees' lead to 2½ games.

The Yankees will send righthander Don Larsen and southpaw Whitey Ford after victories today; the Senators will counter with lefty Mickey McDermott and probably righthander Bob Porterfield, an ex-Yankee.

The Indians aren't sure whether they'll start righthander Early Wynn or southpaw Herb Score, the rookies strikeout whiz, against

the White Sox. Southpaw Billy Pierce, ace of the Sox' staff, is due to make Chicago's "last stand."

### John Has Way

Ramsey, N.J. (U.P.)—Warehouse owner Fred John, who recently complained to city fathers that the street running past his warehouse had no name, was well satisfied with the borough council's action.

They named the street John's Way.

Patronize Collegian advertisers—they are your friends.

## Taylor Will Start For Los Angeles

Los Angeles, (U.P.)—Speedster Corky Taylor of Kansas State football fame has won a starting post with the Los Angeles Rams.

Coach Sid Gillman said Taylor will take over the left half slot of Skeets Quinlan, injured in practice last week end.

Taylor, in his first season of pro ball, averaged six yards in 10 carries last Saturday night in an exhibition game with the Philadelphia Eagles in Denver.

The Rams open their National Football league schedule this coming Sunday afternoon against the San Francisco 49ers.

## Iowa Picked For Second In Big Ten

The University of Iowa has been selected by sports writers around the Big Ten, to run a close second to Michigan in the Big Ten conference football race this season.

The squad includes eighteen major lettermen from the 1954 team. Foremost of the lot is Calvin Jones, 200 pound all-American guard, of last season's team.

Eddie Vincent, a senior running at the right halfback slot, was the number one rusher of the Big Ten with an average of 6.5 yards per carry in 95 attempts. He also holds the conference record for scoring a touchdown from rushing, on a 96-yard run against Purdue.

Running at the left halfback slot for Iowa is Earl Smith, leading scorer in the Big Ten last season with 48 points. Smith is a fleet back who specializes on long runs on punt returns and pass interceptions. In last season's game against conference champion, Ohio State, he scored Iowa's only two touchdowns on a 76-yard punt return and a 66-yard pass interception. Smith is also the Big Ten's champion broad jumper.

Iowa is coached by Forest Evashevski, former star blocking quarterback at Michigan in the late 30's. Evy ran interference for the great Tommy Harmon in his heyday at Michigan.

The Iowa running attack will feature a multiple offense, which includes the "T," split "T," and single wing. All three formations are run out of an unbalanced line.

Their defense appears to be extremely rough as they ranked third in the conference last season on pass defense.

## Big Seven Gridders Face Sad Weekend

Kansas City, Mo.—(U.P.)—Missouri added a touch of glamor to Big Seven opening games, but it looks like another sad day for Big Seven teams this Saturday.

Tough intersectional games are on schedule, with only powerhouse Oklahoma and Colorado, both opening their seasons, given much of a chance to win.

Missouri is at Big Ten Powerhouse Michigan. Even though the Tigers played a tremendous game against Maryland Saturday, outdoing Maryland in total offense in the 13-12 loss, Missouri fans saw little hope of a win this Saturday.

Oklahoma, tabbed as tops in the conference, ventures to North Carolina. Colorado stays at Boulder to meet Arizona, winner over Colorado A&M 20-7 Saturday.

Kansas State and Nebraska, both surprised in their openers, meet Big Ten powerhouses. K-State ventures to Iowa and Nebraska to Ohio State.

Nebraska gave the biggest surprise Saturday by crumbling before tiny Hawaii, 6-0, while K-State faltered before Wyoming, 38-20.

Kansas stretched its losing streak to 17 games against a tough Texas Christian university eleven, 47-14. The Jayhawkers open at home this weekend against the Washington State Huskies and it looks like loss number 18 coming up.

Iowa State fell before Skyline conference champion Denver, 19-7. The Cyclones set out this weekend and meet Illinois at Urbana October 1.

### THE STANDINGS:

### Monkeyin' Around

Chesterton, Ind. (U.P.)—Campers who come to the Indiana Dunes state park near here sometimes are startled into thinking road signs may have misdirected them to a tropical jungle.

The park superintendent says a large monkey, who recently escaped from his owner in the park area, keeps appearing from trees to steal or beg food from the visitors.

## Faculty Union Fees Debated by Board

By DON KENDALL  
Of the Collegian Staff

No action was taken last night by the Student Union Governing board on the issue of faculty assessments comparable to Union fees paid each semester by students.

Dr. Stuart Whitcomb, board faculty member, raised the issue by asking the group what it thought could be done after the question was brought up by an editorial in yesterday's Collegian.

The editorial suggested that the College faculty be required to contribute to the cost of the Student Union since they were going to use its facilities.

Whitcomb said the Faculty Senate had voted to support the new Union in every way, but added that financial assistance by the faculty was still under consideration.

Whitcomb suggested that the issue not be acted upon by the board at that time, but postponed until the Faculty Senate makes a recommendation for or against faculty participation in Union costs.

Board member, Lee Ruggels, TJ Sr, then moved that the faculty committee on faculty affairs—the sub-group of the Faculty Senate in which the matter is being debated—be invited to attend a meeting of the Union governing board "as soon as possible" to arrive at some sort of joint resolution.

This plan was approved by the board but no definite date was set for the joint meeting.

The new Student Union is still on schedule, according to Loren V. Kottner, director, and a February 1 opening date is still on the schedule.

The contractor will be done in

October, Kottner said. At that time, the building will be inspected and turned over to the College for furnishing, decorating, and installation of food service facilities.

The food service installation has been a problem, Kottner said. The original plans for food service facilities were not thought out well, he said, and major changes had to be made.

Kottner said the original plans for the food service facilities called for all custom-made equipment and that this lack of standardization made for inflexibility and inefficiency. It would have cost more to install the food service equipment as originally specified than to change it, he said.

Bowling alleys are definitely going to be installed in the new Union, Kottner said. The last meeting of the board before summer vacation voted for the bowling alleys.

The bowling installations will be bought from Brunswick, bowling equipment manufacturers, on the installation plan, Kottner said. He said the equipment would be paid for in five years.

Already give the nickname of "The Dive" by some enthusiastic admirers, a games lounge next to the bowling alleys will be splashed in bright color, Kottner said.

"Everything possible will be in red," Kottner said. Blue lights and bronze drapes will create an informal atmosphere for the students, he added.

The lounge, located on the south side of the first floor, has one entire wall of glass. The loud color effect will be striking from the outside, Kottner said.

## The President Says

# K-State To Seek Funds From Kansas Legislature For Campus Maintenance

By JOAN ALBERS  
Of the Collegian Staff

K-State will seek about \$50,000 for adequate maintenance of the campus from the 1956 Kansas Legislature, President McCain said yesterday.

"For adequate maintenance of the campus we need at least \$75,000 instead of the \$23,000 now allocated," the President said.

McCain said a board has been studying campus maintenance. This group recommended a minimum of \$380 per acre for maintenance. At the present time, \$121 is allowed. The average for schools in the Big Seven is \$317 per acre.

The board also recommended that the college employ a landscape architect for the campus. He would work through the physical plant and supervise the physical plant staff assigned to the work of grounds and

maintenance and also plan the landscaping for new buildings.

Much of the campus lawns will need to be reseeded. Because of the drought this spring, there was a time when sprinkling on the campus had to be discontinued, McCain explained. Maintenance crews were able to keep up appearances of the campus only where they were most likely to be seen.

"In my opinion, since we give training to students in this field, we should have a model administration of grounds," McCain said.

Since K-State hasn't adequate funds, however, this task is impossible, the President said.

Another problem facing the President is the landscaping of the new Union. In order to landscape the building as it should be a 175-car parking area will have to be cut off. This problem is now under the consideration of the Union building committee.

McCain said he is "willing to go along with the Student Union Governing board's decision on a name for the new Union Building." Only if the board decides to name the Union after an individual will the Board of Regents have to approve.

The Union will not be formally dedicated unless it is named for some individual. Instead there would be a formal opening sometime during the second semester. McCain feels that the students should take over the program for this Union.

McCain also reported that \$9 1/2 million worth of new buildings will either be occupied, dedicated, or begin construction within the next 18 months.

On October 5 the completed library will be dedicated.

On November 1 the new Extension building will be completed.

On November 7, K-State will let contracts for a \$1 1/2 million married students' housing unit.

On November 10 the new feed technology wing will be dedicated.

On December 1, K-State will let contracts for a new wing for Seaton hall. This wing would house agricultural engineering.

On February 1, 1956, the new \$1,650,000 Union will be ready for occupation, and on April 1 the new \$1 1/2 million addition to the chapel will be ready for occupation.

On September 1, 1956, K-State will let contracts for a new \$1 1/2 million home economics building, and on December 1 will let contracts for the first of three new men's dormitories which will cost \$1,300,000.

By April of 1957 the \$1,400,000 animal husbandry building should be completed, McCain said.

## Enrollment Up In Engineering 27 Per Cent

An increase of 27 per cent over last fall's enrollment in the School of Engineering and Architecture is reported by R. C. Potter, assistant dean of the school.

"This is more than twice the percentage increase of the College as a whole," said Dean Potter. E. M. Gerritz, registrar and director of admissions, had previously announced an 11 per cent increase in enrollment for the College.

"The School of Engineering and Architecture has 300 more students than it had at this time last year," continued Dean Potter.

## Student Directory Deadline Friday

Friday is the deadline for organizations, living groups, and clubs to get their names listed in the Student Directory. Presidents of these groups should come to Kedzie 103A with the necessary information, Doreen Cronkite, editor, said today.

## Homecoming Plans Ready

"Sooner or Later" will be the theme for the 1955 Homecoming. Phil Robertson, Homecoming committee chairman, said. It is not mandatory for houses to carry out the theme in their decorations, but they will be encouraged to do so, Robertson said.

Homecoming, October 29, will feature the usual tour of houses and judging of the decorations and other activities.

## 120 Firms To Interview 1956 Grads

More than 120 business and industrial firms have scheduled 160 interviewing dates on the campus to discuss employment opportunities with 1956 graduating seniors from the Schools of Engineering, Arts and Sciences, Home Economics, Agriculture, and Graduate School.

In order that placement information may be made available to company representatives, seniors seeking business and industrial opportunities should complete their personnel file for the placement office as soon as possible. Forms may be picked up in Room 110, Anderson hall. The placement office staff will also discuss employment problems with all seniors and other interested students.

# Sondra Tate Enjoys Competing in Queen Contest

Back on campus after a week in California competing in the national Miss Football contest, Sondra Tate, Art Soph, said, "I felt as though I was in a different world."

"Everything and everybody was so nice, and they treated us like royalty. Everywhere we went, people would stare, and we were followed with cameras," the pretty blond coed said.

Though Sondra was tired from the many activities of the week, she beamed happily as she told of her experiences. She flew to California and arrived there at 5:30 a.m., but started right out on a busy schedule.

Disneyland was one of the first

places visited. A small local band had Sondra and the other queen candidates march with them around Disneyland. When the band stopped, a crowd gathered, and as the band played, "Let Me Call You Sweetheart," the crowd sang to the girls.

Walt Disney talked to the girls and told them about Disneyland and how it was an answer to his childhood dream. He said that it had only been open eight weeks but over a million people had already been through it.

At the Warner Bros. studios, Sondra missed seeing Elizabeth Taylor by half an hour because

Sondra was late arriving there. She did tour the studio and saw upcoming stars at work.

Sondra flew to Oakland and rode in a parade through Oakland, Berkeley, and Albany. She visited places of interest in and around San Francisco.

At the Coronation ball, Sondra said all the girls dressed in long rather colonial style dresses. Each walked along a flood-lighted platform and was interviewed by sportscaster Ira Blue.

She said the TV cameras and radio mike were all over but since she couldn't see them, she didn't feel too different than if she were

before a large group of people.

At many times during the trip Sondra said they had TV and radio appearances and press conferences.

"All the girls were beautiful and so smooth. Four were from the South and it was easy to pick up their southern talk," Sondra said.

The art sophomore thought the girl from Oklahoma, chosen as queen, was sincere and beautiful.

Another part of the trip that Sondra enjoyed was the big fancy establishments she ate in.

"They were so pretty but hard

to describe. There were so many different dishes to choose from and everything tasted wonderful," Sondra said.

She received various presents while in California—a bracelet, stuffed bear representing the California Golden Bears, jewelry box, small turtle figurines, demitasse spoon, and Paris perfume.

One of the highlights of the trip for Sondra was when King Football, Tom Morish of the University of California, picked her as his date to the football game between Fort Ord and Fort Carson. This was the final event of the week.

"We're Always Willing To Bargain."

## Lawn Gone Campus Receives New Hope

Good news for campus lawns and shrubs came yesterday when President McCain announced that the College would seek more legislative funds for campus maintenance.

At the present, the College has \$23,000 a year or \$121 an acre budgeted for campus care. That figure doesn't compare favorably at all with the Big Seven average of \$317 an acre.

A campus committee recommended that a minimum of \$75,000 a year would be required for adequate campus maintenance. That figure would be about an average of \$380 an acre for the campus, and should make campus appearance about three times as good as it is now.

The College annually spends thousands of dollars in publishing booklets on soil, lawns, management, etc., which tell Kansas citizens how to make better lawns, better landscaping, etc. It's about time that some consideration is given to the condition of campus from which the information booklets come.

Campus beautification will not take place overnight, but with several years of reseeding, landscaping, etc., the old Alma Mater should look greener and better than it does now.

Gary Swanson

## No Action Taken

# Frosh Representation By Law Submitted to Student Council

By SAM LOGAN

A constitutional by-law amendment to allow freshman representation on the Student council was submitted to the Council Monday night by the committee on freshman representation.

Upperclass representatives would continue to be elected in the spring, but two freshman representatives would be elected in the fall.

The freshmen would be chosen between the sixth and ninth weeks of the fall terms. The term of office would be one year.

The representatives would be one boy and one girl with minimum grade averages of 1.2, based on 5-weeks grades.

Members of the committee on frosh representation are Chairman Bunny Cowan; Mackie Murphy; Beverly Sargent; Charlotte Henry; and Warren Nichols.

Proposed amendments:

Articles 2, Section 1, Part 1—The Student Council shall be responsible for the annual election of SGA officials in the spring, SGA freshman representatives in the fall, and the annual election of senior class officers in the fall. (This would insert "SGA freshman representatives in the fall".)

Article 2, Section 2, Part 1—Date: The Student Council in office shall set a date for the election of incoming SGA officials and senior class officers. For all SGA officials the date shall be at least five weeks prior to the end of the spring semester. For senior class officers, the date shall be not more than six weeks after the beginning of the fall semester. The date shall always be set in time so petitions of nomination may be properly circulated, signed, and turned to the respective school council or, in the case of class officers, the Student Council. It shall be after the release of grades for the preceding semester so that scholastic eligibility of the candidates can be checked

except in the case of freshman representatives. (This would add "except in the case of freshman representatives.")

Article 2, Section 2, Part 2—Apportionment of representatives: Representation for Student Council shall be based on the spring enrollment obtained from the registrar except in the case of freshman representatives. (This would add "except in the case of freshman representatives".)

Article 2, Section 3, part 3b—No one may sign more petitions than the number of representatives apportioned to his school. No one may sign a petition for a Student Council candidate not from his school. Seniors only may sign one petition for each class office. Petitions shall be checked by the respective school councils to see that they are valid. It shall take 25 signatures to make a petition valid, except that of the president, which shall require 50 signatures, except in the case of freshman representatives. (This would add "except in the case of freshman representatives".)

Article 3, Section 1, Vacancies—In case of transfer from one school in the college to another by a member, the member will automatically lose his membership in the council and a new member will be appointed from the school left without representation except in the case of freshman representatives. (This would add "except in the case of freshman representatives".)

Article 3 Section 2. Joint meetings—The Council-elect shall sit ex-officio with the outgoing Council at the two regular meetings following the general election and shall assume their duties following the second meeting, except in the case of freshman representatives. (This would add "except in the case of freshman representatives".)

## Economic Crisis Looms

# Can Great Britain Continue To Have Cake and Eat It?

By STEWART ALSOP

LONDON—Since the war the British have developed a habit, by now almost as ingrained as tea or fish and chips, of having an economic crisis every odd year. They are having one now. Its outcome will determine whether a nation—especially a nation like Britain which is absolutely dependent on exports—can have its cake and eat it too.

Ever since the coronation of Queen Elizabeth II, the British have been having their cake and eating it—and very good it has tasted too, thank you. There is no unemployment here at all. On the contrary, jobs are going begging—in mines, in office, and elsewhere. This has given the labor unions an unchallengeable bargaining position and wages have gone up and up.

At the same time, business has been booming merrily, while the state has been spending immense sums for defense and the social services. The result has, of course, been inflation of the pound; the real value of the pound has dropped about 30 per cent since the devaluation in 1949.

In theory, all this should have led long since to the loss of Britain's competitive position in world markets, and to another great economic crisis. In fact, the current crisis is very weak tea indeed, at least for the present, compared to the worldshaking crises of 1947, 1949, and 1951.

Chancellor of the Exchequer R. A. Butler denies that it is a crisis at all—it is only a difficulty which soon will be overcome.

The most important outward and visible sign

of the crisis or difficulty is the loss of something like \$500 million from the British gold and dollar reserves in the last nine months. At the same time, small and sinister whispers of a second devaluation have begun to be heard and the pound has shown signs of weakening on the world market. The crisis or difficulty is invisible, of course, to the ordinary Britisher. But the crisis is very real to responsible men in both British parties, and they are worrying more than they care to admit.

Indeed, it began to worry the able Chancellor of the Exchequer as early as last February, when he sharply raised the bank interest rate. This was supposed to have the effect of reining in the current boom. Instead, the boom broke into an excited gallop. At the end of July, Butler tightened the reins further by clamping down sharply on consumer credit. It remains to be seen whether this will down the boom.

Both Specialists and Conservatives are amazingly optimistic for the long pull. Labor men repeat, almost like a litany, that the Labor Party is going to have to adjust its policies to the fact that mass unemployment and mass poverty are things of the past.

An able Conservative politician remarked that he was not really worried about the present economic troubles because the last 10 years had proved that catastrophes always could be avoided by intelligent economic management by the state. This view, which now is widely shared here, amounts to the conviction that British can have its cake and eat it too, provided the cake is eaten with prudence and intelligence.

### Golf Meet on Saturday

## Intramural Events Being Scheduled

Plans for intramural golf, swimming, and touch football were discussed at a meeting of intramural managers, held Monday night on the third floor of Ahearn gymnasium.

The 22nd Annual Intramural golf tournament is scheduled to be held at the Stag Hill golf course Saturday, September 24, according to Frank L. Myers, Kansas State intramural director.

## Cats View Iowa Attack In Practice

The Cat gridders took their first look at the multiple offense utilized by Iowa university in scrimmage yesterday afternoon topping off a two-hour practice session.

The frosh squad ran numerous plays using Hawkeye formations during the scrimmage session in an attempt to ready the varsity for Saturday's game.

Coach Bus Mertes continued to sort out the best talent of the Wildcats, shifting Don Zadnick, 5-11, 190-pound sophomore to a first string left end slot. Another change saw senior lineman Kerry Clifford move from guard to center bolstering a weak pivot spot.

Mertes sees Clifford as probable second-string center for the Iowa contest. The 6-1, 180-pound Wichita lineman has never lettered, but has been a Cat squad member the past two seasons.

The coach plans to continue the heavy contact work through this afternoon to steel the Wildcats against hard-charging Iowa manpower.

Not satisfied with the physical condition of the team last Saturday against Wyoming, Mertes has worked the squad hard this week.

As a result, Wildcat linemen are getting leaner by the day. John Keelan, heavyweight soph tackle, who has moved to the first team, lost 15 pounds in yesterday's session but still tops the scales at 215 pounds.

Ron Nery, senior tackle, also dropped 12 pounds drilling in 90-degree heat.

"This may be rough working so hard in the heat but what we face Saturday could be even rougher—particularly if we don't get somewhere near ready," Mertes said.

## Officials Needed For IM Football

Anyone interested in officiating intramural touch football games are urged to attend a meeting to be held Thursday at 4 p.m., in room 204 of Ahearn gymnasium, Frank Myers, intramural director, said today.

The officials selected will be paid, he said.

## Track Meeting Thursday Night

Ward Haylett, track coach, announced today a meeting for all varsity and freshman trackmen and cross-country men would be held Thursday at 7 p.m. in room 116 of Ahearn gymnasium. All personnel interested in trying out for either the freshman or varsity teams are urged to attend the meeting.

## Yankees Close In Title Drive

New York, (U.P.)—The onrushing New York Yankees are now so close to the American league pennant that they can clinch at least a tie for it tonight.

If the fired-up New Yorkers can extend their "pennant drive" winning streak to eight games by beating Washington tonight, and if second-place Cleveland loses to Chicago under the lights, then the Yankees would be certain of at least a tie for first place at the end of the season.

The Indians made certain of that last night when they snapped a four-game losing streak with a "back-to-the-wall" 3-2 triumph over the White Sox. The victory did little more than prolong the agony however, as the Yankees beat the Senators 6-3 and 9-7, in a day-night doubleheader and went 2½ games ahead of the Tribe.

As a result, the Yankees' "magic number" is down to "three." Any combination of Yankee victories and Cleveland losses totaling three will clinch Casey Stengel's sixth flag in seven years. The Yankees have five games left while the Indians have four.

In Cleveland's victory over the White Sox last night, the Sox were eliminated from any chance of a pennant and are almost a certainty to finish in third place.

At Detroit, the Tigers stretched their winning streak to five games as they defeated Kansas City 7-3.

The onrushing Baltimore Orioles continued their winning string by knocking off the Boston Red Sox twice, 3-2 and 7-4. This stretched Baltimore's lead to two games over Washington, in their fight to avoid the cellar position.

Over in the National league, the World Series bound Brooklyn Dodgers knocked off Philadelphia twice, 6-1 and 6-3, by beating the two aces of the Phillie staff, Robin Roberts and Murray Dickson.

Willie Mays paced the New York Giants to two victories over Pittsburgh by hitting a home run in each game, bringing his total to 50 for the season. The scores were 11-1 and 14-8.

Milwaukee defeated Cincinnati 7-0, while the St. Louis Cards were defeating Chicago 2-0.

DIAL 8-2323 1219 MORO

## Fight Picture Same After Postponement

New York—(U.P.)—The "boner" postponement that sends Rocky Marciano and Archia Moore into the ring tonight for their Heavyweight championship fight left the odds unchanged at 4-1 but may boost the gate toward \$900,000.

With the weather lid lifted by a forecast of "cool and fair," officials of the international boxing club figured today's rush of ticket buyers might swell the crowd at Yankee stadium to 70,000. Fresh sales were in the ratio of nearly 5-1 to refunds.

The model T Ford was the first American car to be produced in quantity with left-hand steering.

# Juan Long Gone; Rebels Take Over

Compiled from the Wires of the United Press  
By DICK CARR

Buenos Aires, Argentina—Argentina rebels won unconditional surrender today from the ruling generals who took over power from fallen president Juan D. Peron. A new provisional government takes over tomorrow.

Gen. Eduardo Lonardi was named to head the new government, an official announcement broadcast over the state radio said.

An earlier announcement said the ruling junta of 14 generals "accepted all conditions made" by the rebels.

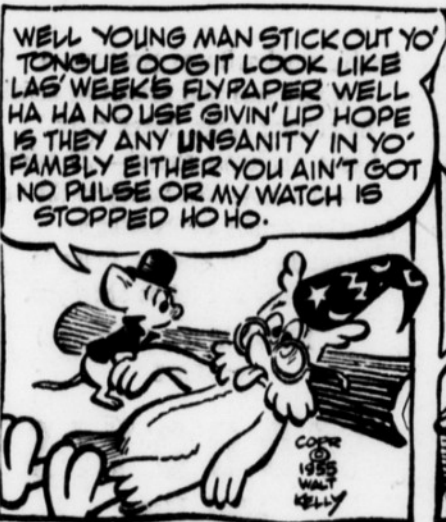

The announcement made no mention of Peron, but one of the rebel conditions was that he be surrendered to them to stand trial.

Person still was aboard the gunboat Paraguay in Buenos Aires harbor to which he fled yesterday. Technically, on board the ship, he was on Paraguayan territory but the rebels have announced they would not let the Paraguay sail with Peron on board.

The pier near which the gunboat was anchored was under heavy guard and rebel warships blocked any exit from the harbor.

The BOOTERY

# The Tale of 1 Man and 172 Coeds . . .

By MALCOLM COLDWELL

One man housed with 172 coeds on the K-State campus. Sounds great doesn't it, men? Don't get in line at the housing office though, certain qualifications are necessary.

John "Hoot" Gibson is the man who finds himself in this enviable position. He is enrolled as a freshman in the school of Veterinary Medicine. This is not his first year at Kansas State, however, as he was graduated from the School of Agriculture in 1952. Relax, Aggies, this is not one of the necessary qualifications.

Gibson is better known as "Hoot" at K-State. The basketball crowd liked to call to him by that name a few years ago. It wasn't necessary to be watching to know that Gibsen was in the game. Cries of "Hoot!" "Hoot!" always preceded him onto the floor. But do basketball players rate such preferred housing? No, not even those who played with the excellence which Gibson did.

Lend an ear all you envious men for here is the reason Hoot is housed with 172 upper class coeds.

Mary Gibson is the new dorm director at Van Zile hall this year and her husband is, that's

JOHN "HOOT" Gibson and his wife, Mary, talk over plans concerning the dorm girls. Hoot is taking his duties as "daddy" very seriously.

right, Hoot Gibson. They have taken an apartment in the west wing of the building. That is the simple explanation for this unusual situation.

Mrs. Gibson is also a graduate of K-State. She graduated in 1953 with a sociology and psychology degree. It was at K-State that she met Hoot. They were married after her graduation in 1953.

On Hoot's departure from Korea as a First Lieutenant in the Field artillery, Mrs. Gibson returned to K-State and applied for a dorm directorship. Last year she was assistant dorm director of Southeast hall.

She took graduate work in counseling this summer and was asked to return as dorm director of Van Zile hall this fall. Upon Hoot's decision to return to Kansas State to enroll in vet school, the Gibsons installed themselves in Van Zile. This makes Hoot a "dad" to 172 girls.

The system of having a house "dad" is something new to dorms at K-State. Dorm parents; however, are the rule in many of the campuses across the nation.

## To Inspect 'Study Home' In Wichita

Thirty-five K-State Home Ec students will be in Wichita Friday, September 22, to inspect houses featured in the National Home Week exhibits there.

Among the houses they plan to inspect will be a "Study Home," designed in part by Doretta Schlaphoff, dean of home economics, and Tessie Agan, professor of household economics. The "Study Home" is a house designed to meet the needs of an average family throughout a 40-year period.

Dean Schlaphoff and Professor Agan made a study to determine what different family situations would arise during 40 years in an average family. They took into consideration the ever changing needs of a family during the 40-years period.

From this information Harold W. Himes, an architect, James L. Gardner, a project builder, and Robert K. Smith, a custom builder-architect, planned the house... Miss Verda Kessler, an interior decorator for Innes Department store, selected the furnishings.

The Home Ec students will also visit other houses priced from \$14,000 to \$20,000 in Country Acres, which is two miles west of Wichita, and houses priced at \$25,000 and above in Woodlaw Village in Wichita.

# Kansas State Collegian

VOLUME LXII

Kansas State College, Manhattan, Kansas, Thursday, September 22, 1955

NUMBER 6

## Architectural Exhibit Open To All Students

An architectural exhibit is now on display on the second floor of Seaton hall, Prof. T. A. Chadwick, chairman of the exhibit, said.

Originally placed there for the benefit of freshmen and transfers, the display is now open for viewing by all college personnel. It will be open until October 1.

"The purpose of the display is to give students an opportunity to observe the work done in the department of architecture and allied arts," said Professor Chadwick.

Current work of the previous year is included in the exhibit, he explained. The house plans which are included were designed for women students in the domestic architecture class. Junior and senior men students planned the houses to meet the specifications set by the domestic architecture students. The senior class in architectural design then made scale models of the houses.

## Pepsters' School Today at 5 p.m.

A second practice school for cheerleader hopefuls will be today at 5 p.m. in N105. First cheerleading school was held Tuesday.

All students are eligible to compete for the five cheerleading posts. Cheerleader try-outs will be Tuesday at 7:15 p.m. in N105.

## Need Coeds For AFROTC Honor Flight

Applications are being taken for membership in the Angel's Flight, girls' marching organization sponsored by the AFROTC. John Slaughter, cadet major in charge, said today.

Membership is open to any K-State coed, and a group of about 80, the same number as last year, is planned. The girls will be instructed primarily by cadet officers at a drill every Thursday with the largest drill period coming at 4 to 5 p.m. although others are scheduled. They are to perform during wing reviews.

Application blanks have been distributed to sorority houses and dormitories and are available in the dean of students office for other interested girls, Slaughter said.

## Young to Play At Jazz Concert

Norman Granz, president of the "Jazz at the Philharmonic," has sent word that saxophone player Stan Getz has become ill with double pneumonia and will be unable to appear when the group comes to Kansas State October 16. Granz said that in Getz's place will be Lester Young. The jazz concert will be held in the Ahearn Field House.

## Heavy Rains Hit Eastern, Mid-Kansas

Heavy rain, measuring up to more than five inches in some localities, drenched much of Kansas today, with more in prospect.

In the southeast part of the state, Moran recorded 5.13 inches of rain in a 24-hour period and Eureka topped that amount with 5.66.

Other reports included: Oswego, 1.02; McCune, 1.18; Independence, 1.11; Toronto, 3.21; Iola, 4.15; Chanute, 1.86; Erie, 2.63; Walnut, 2.52; and Fort Scott, 2.94.

In Central Kansas, rain amounts ranged to 2.56 at Belleville, 2.55 at Inman, and 2.03 at Hutchinson, with Haddam, Scandia, Wakefield, Florence and Hudson all reporting amounts between one and two inches.

In the West, Dodge City got only .13 inches, with hail.

Manhattan received a .59-inch rainfall last night.

## College Teaching To Be Subject Of New Seminars

Two new seminars, designed to improve the preparation of graduate students for college teaching, are being offered at K-State this year.

They are "Principles of College Teaching," to be offered the fall semester, and "Problems of College Teaching," for the spring semester.

"The purpose of the program is to enable the prospective college teacher to supplement his preparation in his field of specialization by seminars dealing with the understanding and skills basic to the processes of communicating knowledge to college and university students," stated E. E. Edgar, head of the K-State department of general studies and coordinator of the seminars.

The courses are without prerequisite and both carry two hours of graduate credit. Harold Howe, dean of the Graduate School, said all students planning to enter college teaching are being urged to enroll for the courses.

Seminar leaders for "Principles of College Teaching" include President James A. McCain, A. L. Pugsley, dean of academic administration; Arnold Jones, dean of financial administration; Ellsworth M. Gerritz, registrar and director of admissions; Sumner B. Morris, director of the counseling center; George A. Olson, professor of education; Donald F. Showalter, professor of psychology; and Edgar.

## AFROTC Riflemen Win Second in National Meet

K-State's five-man AFROTC rifle team bettered 202 other college teams last spring to win second place in the annual AFROTC national shooting match.

Team members Stanley Brame, Paul Parsons, Floyd Bayer, Terry Poling, and John Gangel will receive medals from the department of the Secretary of the Air Force. Bayer will also receive an individual marksman trophy for placing second highest during the shooting match, and Gangel will be recognized as being the sixth best shot in the match.

Memphis State nosed out K-State by five points, shooting

1910 out of a possible 2000, while K-State shot 1905.

Sponsored by the National Rifle association, the AFROTC team shot at the firing range at K-State. The targets were sent to Washington and tabulated, as were the cards of all other colleges and universities taking part in the match.

Two hundred and four teams took part in the match, with 1,020 contestants turning in targets.

Plans are under way for the formation of this year's team. The match is an annual event, and is sponsored locally by the department of military science.

## Several Jobs Open On Union Committees

Several positions are open on the eight committees of the Union program council. Bob Alexander, council advisor, has announced.

In answer to many questions of how to obtain positions on the various committees, Alexander said that application blanks may be obtained at his office, A203. The returned applications will be looked over, and it is hoped that in the next three weeks announcement of the new committee members can be made.

Alexander explained that "for the most part the Union program council takes the place of the former social and recreational committee. He said that the new

council will have more work, due to the new building and new facilities.

Chairman of the council is Ed Gillette, who also has a place on the Union governing board. Vice-chairman is Sharon Diamond. Various committees and their chairmen are:

Dancing, Conrad Smith; promotion, Carolyn Clark; music, library and arts, Delaine Smith; hospitality, Roger Tointon; photo and crafts, J. R. McLeland; games, Pete Patchin; movies, Gary Rumsey; and special events, Carl Dahl.

The dance, promotion and movies committees have met early this week, and other committees plan meeting in the near future.

HERB LOCK

### The Time Is Nigh

## Staters Should Have Say In Choosing Union Name

As it now stands, the official name of the new Union will be the K-State Union.

But, that name may be changed by the Union governing board, subject to President McCain's approval.

This brings us down to the question—What name do students think the new structure should bear?

President McCain has said that he will approve any name within reason which is accepted by the Union board.

The name K-State Union was given to the new Union in 1954 when \$1 million in bonds were issued. That name probably was tacked on just to provide the building with a name for bond-issuing purposes.

Union Director Loren Kottner has

said that the name K-State Union will stand as official unless the Union board takes action favoring another title.

Many K-Staters have been in the dark concerning the true name of the Union. The Union has been referred to in publications, wooden signs, and other media as the College Union, K-State Union, and Student Union.

The time is drawing nigh for a name change, if students, alumni, and other persons involved want one. Since the Union is student-financed, it is only right that students should have a vociferous say in the matter.

It may be that K-State Union will be the name most popular with everyone. That's all well and good, but if students favor another name they deserve to be considered.

What name does the majority of those involved want for the Union?

The Collegian hopes to serve as a sounding platform for ideas regarding the subject. Let's hear what you have to say.

—Gary Swanson

## Smith Was Correct About Red Espionage

Washington (U.P.)—Gen. Walter Bedell Smith can take a bow on his shocking appraisal of Communist espionage back in 1952 which caused a ruckus in the Eisenhower-Stevenson Presidential campaign.

Smith swore then that he was morally certain Communists had infiltrated practically every security organization of the government, including the Central Intelligence Agency. Smith was CIA chief at that time.

Smith was on the target. Two days previously, September 27, 1952, Moscow dispatched hurry-up orders to its MVD spy masters abroad to bore into U.S. and other security and counter-espionage organizations.

A report by the Australian Royal Commission on Communist Espionage, just published, exhibits copies of this and other similar directives.

### Over the Ivy Line

## Go Steady? Then Your Home Life Probably Is Unhappy, Expert Says

By ANN WEATHERS

Do you go steady?

If so, you probably come from an unhappy home, a family sociology professor at the University of California says. He found that adolescents from unhappy homes have less confidence in associating with the other sex, date fewer partners, but go steady with the ones they do date.

Young adults from happy homes generally start dating earlier, have more frequent dates, and are more confident in associating with the opposite sex than those from unhappy homes, he said.

The campus of the University of Oklahoma now is rocking to the strains of an ancient circus callopie.

The instrument was purchased in 1934 by Kappa Kappa Psi, honorary band fraternity, and when it wheezed to a stop in 1943, it collected dust under the stadium until recently resurrected. Now it wanders around the university playing selections ranging from circus to Sousa.

One OU professor was heard to remark that, with almost twice as many faculty cars as there are parking spaces, the little red sticker on his car is more of a hunting license than a parking permit.

It looks like the faculty isn't alone with its automobile woes. Freshmen at Indiana university have been denied the use of cars completely.

According to the Indiana U board of trustees, "the possession and use of automobiles is a distracting influence to serious study and a handicap to proper adjustment to college life."

They've found that 50 per cent fewer

freshmen who possess automobiles on campus qualify for scholastic honoraries, and 30 per cent more must be placed on academic probation.

If there seems to be undue discrimination against freshmen this season, at least a more important discrimination problem is being cleared up—that of racial segregation in schools. For instance, this is the last year of segregation for Texas university.

Next fall, the university will be completely open to all races. According to the Daily Texan, "the ensuing year will be a time to smooth deepseated antipathies and prejudicial pains."

The University of California is doing its bit toward nonsegregation by removing the signs on men's and women's clubrooms in the union, opening them to students of either sex. Let's hope they don't get too carried away in their disposal of "ladies" and "gentlemen" signs.

Have you heard the one about the farmer who invited the pastor of his church home for Sunday dinner?

The farmer's wife had fried two young chickens for the meal. Before the farmer and his wife had finished helping themselves to the vegetables on the table, the pastor had completely devoured both chickens. Just as the minister pushed his plate back from the table, a rooster crowed loudly in the farmyard.

"That rooster sure sounds like he's proud of himself," observed the pastor.

"Well, he dern sure should be," quipped the farmer, "after all, he has two sons in the ministry."

Oh, well. . . .

## Readers Say Wells, Sprinkler Simplify Watering

(Opinions expressed in letters are those of the writers and do not necessarily reflect the policy of the Collegian. The Editor reserves the right to edit the letters to conform to public law and to the standards of decency and good taste upheld by most newspapers, and to fit space limitations. No letter may exceed 250 words. Unsigned letters will not be published.)

Dear Sir:

I read in last Tuesday's Collegian about some other "turf expert" in regard to our spacious lawns at Kansas State. With all of the large automatic sprinklers the college now owns it takes very little time to water a large area.

As for sources of the "unappreciated and misunderstood liquid called cool, clear water," the College has several wells on the campus which are in use. The cost of watering is very small, as the College generates electricity to pump water.

Maybe the College should go to the large expense of eradicating all the spacious lawns and pave them and then convert them all to parking lots, thus eliminating the great parking problem here at Kansas State. This would be much to the delight of a few students who hate to walk to and from classes, but who would rather drive up to the door and go to their various classes, then come out and drive to the next class.

Yes, maybe the grounds crews did use some consideration in the watering of valuable trees and shrubs. But the picture looks quite unbalanced with green trees and shrubs and a background of either the bare earth or brown, dried-up grass. It seems, if the crews were watering the "valuable trees and shrubs," the grass in that locality also would get some of the controversial water.

In the interest of all the engineers on the campus who do surveying during these months, it would be pleasurable to see some green grass once in a while. Therefore it seems desirable to keep our spacious lawns green.

Gordon Courtright,  
Vincent Weythman.

## Record Enrollment In Kansas Colleges

Topeka (U.P.)—Record enrollments in Kansas' 23 colleges and universities have been reported.

The total to date is 32,395—up 12 per cent from last year—and still more students are due to sign up in the next several days.

Among the 4-year schools, the University of Kansas registered both the largest total enrollment and the biggest numerical gain over 1954. Registrar James K. Hitt, listing 7,788 students, said late enrollments likely will bring the figure to 8,000. KU had 7,154 enrolled last fall.

Kansas State is expected to attain an enrollment of 6,000. Last year's enrollment was 5,203.

Emporia State college showed the biggest percentage gain from the fall of '54. Enrollment climbed to 2,022, a 26 per cent boost.

The newspaper survey listed record enrollments at these other schools—Friends university, Pittsburg State college, Fort Hays State, Wichita university, and St. Mary college.

## Calendar

### THURSDAY, SEPTEMBER 22

Today's World News

## Bulganin Sends Letter to Big 3

Compiled from the Wires of the United Press  
By DICK CARR

Paris—Soviet Premier Nikolai Bulganin has sent President Eisenhower a long letter aimed at breaking the deadlock over world disarmament, authoritative sources said today.

Soviet charge d'affaires Alexander Anikine delivered a copy of the letter this morning to French Premier Edgar Faure along with a note calling attention to it. British prime minister Sir Anthony Eden got a copy last night.

French sources said the Bulganin letter to Mr. Eisenhower covered 11 pages. It was one of the first major Soviet diplomatic moves to prepare the way for the Big Four foreign ministers conference in Geneva next month.

Faure was reported to have looked with favor on the Soviet move. But the French foreign office did not release the text of either the letter to Mr. Eisenhower or the covering note.

It raised immediate speculation that Russia is making new proposals to break the deadlock which has continued in the United Nations disarmament subcommittee in New York.

The key dispute between East and West always has been over how disarmament should be verified and controlled.

### Argentinian Rebels Clean Up Peron Regime

Buenos Aires—Victorious rebels began removing the last vestiges of the Peron regime from Argentina today. But the main prize—the person of former president Juan D. Peron himself—continued to elude them.

Gen. Eduardo Lonardi, devout Catholic and Peron-hater since at least 1950 takes over in a ceremony tomorrow as head of a provisional regime pledged to uphold the constitution, to restore freedom of speech, religion and press, to return property unjustly seized during nine years of Peron dictatorship.

Plans for Lonardi, 59, to take over today were abandoned. An official announcement said the 24-hour postponement was caused by demonstrations being held in his honor in Cordoba.

Additional high-up officials of the former dictatorship were falling into rebel hands but the man most wanted stayed just beyond their reach aboard the tiny gunboat Paraguay in Buenos Aires harbor.

It was expected that one of Lonardi's first tasks would be to determine Peron's legal status as a refugee.

### Adenauer Asks Protest of Berlin Agreement

Bonn, Germany—Chancellor Konrad Adenauer said today he has asked the West to protest the new Soviet-East German agreement that gives the Communists control of all approaches to Berlin.

In a report to the Bonn parliament on his recent mission to Moscow, the West German chancellor also said he would consider it an "unfriendly act" if any western nation established diplomatic relations with Communist East Germany.

Adenauer was emphatic in asserting that only the Bonn government can speak for all of Germany as he started off parliament's debate of the agreement he brought home from Moscow a week ago.

### British Airliner Crash Kills 15

Tripoli, Libya—A British airliner carrying 47 persons clipped a tree in a midnight landing attempt today and crashed in the desert, killing 15 of those aboard.

## 37 Handicapped Students Receive Government Aid

To 37 students enrolling this fall at K-State, the procedure was a bit different than to most students.

These 37 enrollees are going to school under provision of Public Law 113. This law provides payments from partial assistance to complete payment of school expenses.

This vocational rehabilitation program makes schooling possible for handicapped persons who otherwise could not have afforded college.

To be eligible for this aid a prospective student must undergo a complete physical examination

and take certain aptitude tests. The program is tax supported.

A vocational rehabilitation student may hold an outside job while attending school if he keeps up his college work.

If at any time the student's grades are unsatisfactory his aid may be cut.

Though federal aid is used by the program, it is set up on state basis. Each state is divided into sections with an appointed person handling duties in that area. K-State falls within the Topeka district.

The district supervisor is on the campus from time to time to interview trainees and discuss their problems.

Fees, room and board, books, and maintenance are all expenses the program may fully or partly cover.

K-State's all-time mark in forward passes for major colleges in 1953 was unequalled in the '54 season. The Cats averaged 23.5 yards for each of 26 completions. Six of these went for touchdowns. The old record was 23.3 set by Clemson U. in 1950.

## Art Exhibit Being Shown In Anderson

New approach to design through media experiments is the theme of the exhibit on second floor of Anderson hall.

This exhibit, sent by the American Crayon company of New York, is sponsored by the home economics and art department and will be shown for the next two weeks.

Included are 25 different plates showing how designs are developed from simple items to complicated designs in many colors.

## Fraternity Finds Old K-State Papers Under Cornerstone

"Manhattan, with a population of 4,500, enjoys all the conveniences of a modern city except street cars, and this has a substitute in an efficient ten cent hack line."

This quote was taken from a Students Handbook published by the K-State YMCA and YWCA in 1906.

The handbook was one of many papers found when the cornerstone was taken from the new Delta Sigma Phi fraternity house during repairs.

Another interesting item found in the handbook was the official K-State yell.

"Jay rah, Gee haw!

Jay, hawk, saw!

K. S. A. C.

Kaw! Kaw! Kaw!"

A copy of the Students Herald for August 14, 1907, also was among the papers. According to the Herald, Mike Ahearn was the football coach at that time.

The cornerstone was sealed August 19, 1907. It also contained a Kansas City Times of July 31, 1907, and some daily YMCA bulletins dated February and March of 1907.

Delta Sigma Phi expects to turn over all YMCA and YWCA material that was found in the cornerstone to the College YM and YW, Gus Larkin, alumnus of the chapter, said.

## Pre-Law Students Told About Chancery Club

The purpose of the Chancery club is to make it possible for pre-law students to have closer contact with the law schools, A. D. Miller told the club Tuesday night.

Mr. Miller, faculty adviser for the club, pointed out that before the Chancery club came into being, it was up to the student formation of the club, dents to contact the law schools, many law schools have made contact with the club, he said.

The meeting opened with a welcome to the club members from Jo Forbes, president of the club.

The national meeting of Chancery clubs was discussed at the meeting. Oklahoma university is anxious to have the meeting held at Norman, Miller said.

Oklahoma university and Oklahoma A&M have both shown interest in the Chancery club, and apparently the national meeting will be held at Norman sometime during the last of October, he said.

Mr. Miller showed a Chancery club key that is to be given to members of the club who have a certain grade average and have belonged to the club for a certain length of time. The standards for receiving the key will be decided by the national meeting, Miller said.

## Wampus Cats Plan Smoker For Thursday

The Wampus Cats, men's pep organization, plans a smoker for prospective members Thursday in T 209 at 7:15 p.m., according to Dean Nehrig, president.

All men students are eligible for membership, and are invited to attend the smoker, he said.

Feature of the evening will be the showing of a movie of last Saturday's football game against Wyoming by head coach Bus Mertes or by one of his assistants.

In a drive to increase membership, the Wampus Cats have scheduled an active program for the year, Nehrig said.

## Four Additional Staff Members Announced Today

Four new staff appointments, all but one effective during September, were announced today by James A. McCain, president of Kansas State college.

They include Robert Oren Corkill Jr., as instructor in the library; Gerald L. Zachariah, instructor in agricultural engineering; Martin V. Sussman, assistant professor in chemical engineering; and Robert W. Clack, instructor in machine design.

Zachariah's is the only appointment not yet effective. He will report November 1.

## Dames To Meet Today at 8 p.m.

The Dames, national association for student wives, will meet today at 8 p.m. in Rec center.

Mrs. Larry Maley, publicity chairman, said the program will include introduction of officers and sponsors, a business meeting, get-acquainted party, and selection of interest groups.

Officers of the Dames are: Mrs. Helen Pollart, president; Mrs. Betty Kruger, vice-president; Mrs. Betty Gillan, secretary; Mrs. Margaret Hachmeister, treasurer; Mrs. Wynona Marsh, hostess; and Mrs. Jean Lindemuth, historian. The sponsors are Mrs. Walter Robohn and Mrs. James Cary.

## Name 4-H Building For Former Dean

First major building at Rock Springs Ranch, state 4-H center, will be named in honor of the late L. C. Williams, former dean of extension here, H. S. Hinrichs, chairman of the camp executive committee, announced.

The dining hall and administration building, a limestone structure which will accommodate 500 persons at one time, will become a memorial to Dean Williams.

Replacing the present open-air dining hall, the new building will double the capacity of the center

and allow year-round camping.

Williams was a native Kansan and a K-State graduate. Before 1947, when he became dean and director of the Extension Service, he held several extension positions, including that of assistant state 4-H club leader.

At the time of his death he was a member of the Kansas Committee on 4-H Club work and the board of trustees of the Kansas 4-H Foundation.

"Since it is largely because of Williams' efforts that Rock Springs Ranch has developed into the 348 acre leadership training center for all Kansans, it is fitting and proper that this first major building be named in his honor," said Hinrichs when the announcement was made.

## McCain Plans Weekly Talk Over KSAC

KSAC will offer a new radio program called "From the President's Office" every Wednesday from 5:15 to 5:30 p.m. starting October 5.

The new program will center on events concerning President McCain's office. The president's speaking itinerary will be given along with excerpts from his speeches. Also included on the show will be information concerning scholarships.

### Spuds in Spotlight

Washington (U.P.)—Whether you mash 'em, hash 'em, boil, bake, or fry 'em—the Agricultural Department wants you to eat more potatoes.

If you've figured out some new way to use potatoes, that's fine with the department, too.

This was made known yesterday by Sen. Frederick G. Payne, comes from potato-growing country in Maine.

KANSAS STATE COLLEGIAN

Thursday, September 22, 1955-4

# Zadnik Plugs Gap At End Position

By ROGER MYERS

As a result of fine all-around play in last Saturday's game with Wyoming, Don Zadnik, sophomore end, had bettered his chance of breaking into K-State starting football lineup.

Playing his first varsity game for the Cats Don gave the Wyoming ball carriers much to worry about. His defensive play stood out as one

of the Wildcats bright spots during the game as on five occasions he broke through the Cowpoke secondary to throw their carriers for losses totaling 20 yards. On one play he set them back for a fifteen yard loss to their own six yard line only to have the play nullified by a K-State penalty.

Offensively, Zadnik also sparked the Cats as he broke through Wyoming's line and caught two passes good for 24 yards. He also attempted to convert after one on the Cat's touchdowns but the attempt failed.

Zadnik has the potential to be a great football player as he has a good attitude and a great desire to play the game," said Bus Mertes, head football coach.

"Don is rugged and tough, and not likely to get hurt," said Paul DeWeese, K-State sports publicity director.

Last season, Don was a starter on the freshman grid team. Originally he ran from the halfback slot, but due to lack of depth at the end position he was converted to end. However, the position is not new to him as he played end as well as halfback while serving in the Navy.

Don lettered in football three years while attending high school in Cleveland, Ohio. He also has had some experience in boxing, having advanced as far as the semi-finals in the Golden Gloves tournament in 1947.

In the classroom he also maintained the same hustle that he showed on football field. He is majoring in business administration and had a 1.5 grade average last year, this should cause Coach Mertes no worry about his scholastic work.

Don pointed out that over confidence in the second half and that Wyoming out hustled the Wildcats as the reason for Saturday's loss to the Cowpokes.

## PEK To Meet In 'K' Room

Phi Epsilon Kappa, men's honorary physical education fraternity, will meet Monday, September 26, at 7:30 p.m. in the Ahearn Field House "K" room, according to Veryl E. Snyder, faculty adviser.

Officers elected last spring include Gene Youngstedt, president; Joe Powell, vice-president; Dave Winter, secretary; Lyle Harrell, treasurer; Fritz Schneider, guide; Dale Misak, sergeant at arms; and Jim Pollon, historian and editor.

Plans for the annual physical education mixer will be discussed at the meeting, Snyder said.

## Officials Needed For IM Football

Anyone interested in officiating intramural touch football games are urged to attend a meeting to be held today at 4 p.m. in room 204 of Ahearn gymnasium, Frank Myers, intramural director announced.

The officials selected will be paid, he said.

## Sooners Set For Opener On Saturday

By UNITED PRESS

Oklahoma's Big Seven champions went into action today for the first time this season, but it won't be until Saturday that the Sooners show opponents just what they'll have this year.

The Sooners boarded a plane at Norman, Okla., to fly to Duke university for an afternoon workout. The 46-man squad goes on to Chapel Hill to meet North Carolina starting at 1 p.m. CST, Saturday.

Colorado, Kansas, Missouri, Nebraska, and Kansas State also buckled down for a tough slate of games this week end.

Coach Don Faurot of Missouri primed his pupils on mistakes made in last week's Maryland game via movies. He also said halfback Sonny Steinger, injured last week, may be able to go against Michigan Saturday. The Tigers leave by plane tomorrow.

Kansas held what Coach Chuck Mather called "the best practice I've seen since I've been here in preparation for Washington State Saturday."

In other Big Seven camps, the Colorado Buffaloes, only single wing team in the circuit, were busy preparing to open at home against Arizona Saturday and Nebraska, gamely fighting back from last week's blanking by Hawaii, prepared for Ohio State.

## Schedule Change For IM Football

The starting date for intramural touch football has been moved back to Thursday, September 29, at 4:15 p.m., Frank L. Myers, intramural director, said.

Postponement is due to the use of the military drill fields until 5 p.m. on Tuesday, and also because of the swimming meet to be held on Monday, Tuesday, and Wednesday, September 26, 27, and 28, according to Myers.

### A Bloody Battle

# Marciano Retains Crown; KO's Ancient Archie in Ninth

New York (U.P.)—Rocky Marciano, battered and worn after his roaring ninth-round "million dollar" knockout of Archie Moore, may follow in the footsteps of Gene Tunney and Joe Louis and retire as undefeated heavyweight champion.

"Yes, it's true that I'm considering retirement," admitted the Brockton blockbuster, who had to get off the floor in the second round before flooring Moore four times and knocking him out at 1:19 of the ninth round of their title bout last night.

"My mother and my wife are urging me to retire, strongly,"

### MARCIANO'S STATEMENT

"Yes, it's true that I am considering retirement. My mother and my wife are urging me to retire, strongly. I'm not saying I will retire, though. I just don't know.

"This was one of my toughest fights and one I wanted worse than any of them. I was dazed for a moment when he knocked me down in the second round. I think it surprised me more than anything. I had trouble getting started and he surprised me by taking some very good punches and coming back.

"It was a short right hand that put him away. I knew it was the ball game."

Rocky disclosed after the fight. "I'm not saying I will retire, though. I just don't know."

Richer by about \$472,760—the biggest purse of his career—Rocky realized that his handlers were planning another title defense for him in June.

"But I just don't know," Marciano said. "It'll take some time for me to make up my mind."

But his manager, Al Weill, who was in the champ's corner last night, angrily denied that Rocky would retire.

"He'll make his next defense in June," Weill promised.

He named Bob Baker, Hurricane Jackson and Nino Valdes as possible challengers.

Marciano, who had appeared off-form in the latter stages of training, was not impressive last night. He suffered the second knockdown of his career in the second round, but kept hammering away at his 38-year-old opponent until the knockout.

Their weather-postponed fight was a good one and it drew the biggest gate in nine years—\$948,117.95—largest since the second Joe Louis-Billy Conn extravaganza attracted \$1,925,564 in the same stadium on September 19, 1946.

Theatre network television drew an estimated \$1,125,000 from some 320,000 fans in 129 theatres in 92 cities last night. And the radio fee for home sets was \$35,000. Total receipts—before the movies are distributed—approximate \$2,100,000 and that is not far below the receipts for the second Jack Dempsey-Gene Tunney fight at Chicago in September 1927. They were \$2,658,660—the richest in ring history.

The enthusiasm of the crowd for this "battle of the decade" between heavyweight champion Rocky and light heavyweight ruler Archie recaptured some of the ring-classic glamor of the roaring twenties.

Moore's 175-pound crown was not at stake—only Rocky's because each weighed well above the light-heavy limit. Marciano, the

ring's first perfect-record heavy champ, weighed 188½ pounds. Moore, who hoped to be the first light-heavy king to step to the heavy throne, registered 189.

Fighting grimly in the white patch of ring-light in the cavernous and roaring stadium, Moore dropped Rocky with a "sneaker" right to the chin for a count of four in the second round. And he bloodied Rocky's tender nose and nicked his left brow in that same session.

But Rocky kept marching forward with his short-armed hooking attack against his backpedaling, and bobbing-weaving opponent in round after round. Rocky missed his experienced and elusive opponent with almost as many punches as he landed until the years and the punches began to catch up with him in the sixth session.

Then Rocky dropped him twice—with a right for a count of two, and with a series of punches for a count of nine. Dr. Vincent Nardiello examined Moore in his corner, and permitted him to continue.

In the seventh, a right to the chin dropped the challenger to one knee for what would have been a

### MOORE'S STATEMENT

"I made my mistake when I tried to rush Rocky off his feet after flooring him in the second round. I should have tried to pick him off, instead of trying to rush him off his feet.

"I wasn't warned up yet in that second round. I should have taken it easier.

"There's no sense in making excuses. I suppose I could fence with you guys and tell you a lot of things. But that would take something away from Marciano. His consistency just overpowered me. He's a great fighter.

"Sure, I'd like to fight him again."

four-count, but Referee Harry Kessler, wealthy steel industrialist of St. Louis and New York, ruled

it a "slip" and not a knockdown.

The bell saved Archie at the count of six as the eighth round ended. A right had sunk him near the ropes. Again Dr. Nardiello examined him.

In the ninth, Moore still was fighting desperately with his back against the ropes in his own corner, and had landed four good rights; but Rocky's barrage ended with a right-left to the chin that dropped him on his haunches for the full count. The finishing punch was the left hook that followed the right.

It was Moore's 20th defeat and fifth knockout in 145 professional bouts, and it was Rocky's 49th straight victory as a professional and his 43rd kayo. It was his sixth successful defense of the title he won from Jersey Joe Walcott in 1952.

Moore, whose right eye was completely closed at the finish, said Marciano was the strongest fighter he ever met. He said he wasn't sure the champ was the hardest hitter he ever faced, "but he certainly hits hard enough." Archie also received his biggest paycheck—about \$236,380.

Without conviction, he said he would like to fight Rocky again. He was uncertain if he would return to his own class and make another defense of his crown soon.

## Enos (Country) Slaughter Most Popular of A's

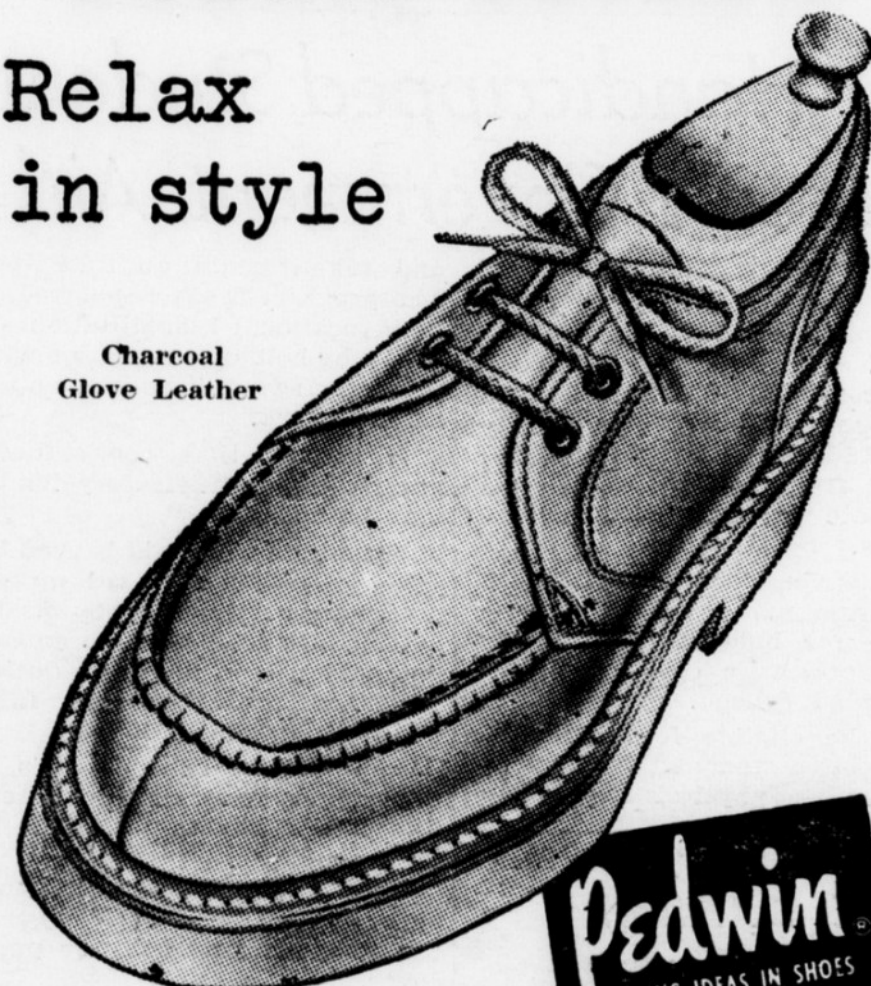

Kansas City, Mo., (U.P.)—Outfielder Enos (Country) Slaughter of the Kansas City Athletics was presented with a \$5,400 automobile Sunday as winner of a contest for the "most popular" member of the A's. Slaughter nosed out first baseman Vic Power and second baseman Jim Finigan in the balloting.

## PIGSKIN PROGNOSTICATIONS

K-State vs. Iowa

Score	.....	.....
1st Downs	.....	.....
Yards Rushing	.....	.....
Yards Passing	.....	.....
Name.....	Phone.....	

(The Pigskin Prognostications contest has been set up for the benefit of the many Saturday morning experts at K-State. Clip this, write your predictions, and put it into the wooden box near the Collegian distribution point in Anderson hall. All entries must be in by Saturday at noon. The K-State football expert of the week will be announced Monday.)

## Four Sophomores On Cat First Team

Three more sophomore gridders have been promoted to the Wildcat starting eleven, bringing the total to four that are now seeing action on the first team.

The latest addition includes Don Zadnik at end; John Keelan at tackle; and Ellis Rainsberger at guard. All three men saw extensive action in the Wyoming game, last Saturday.

The four sophomores on the starting eleven is Rudy Bletcher, who gained a starting berth during the fall workouts.

Jim Furey, team captain and center was shaken up in Tuesday's scrimmage and was withheld from practice yesterday. Kerry Clifford, a senior, who only Tuesday was switched from guard to center to bolster the center position, ran with the first team unit at the center spot.

Heavy contact work was held in yesterday's practice as the Cats tapered off for Saturday's game with the Iowa Hawkeyes. Coach Mertes announced that there would be no contact work today.

## Track Meeting Today at 7 p.m.

Ward Haylett, track coach announced Wednesday that a meeting for all varsity and freshmen trackmen and cross-country men would be held today at 7 p.m. in room 116 of Ahearn gymnasium. All personnel interested in trying out for either the freshman or varsity teams are urged to attend the meeting.

## How They Stand

### American League

Chicago 7, St. Louis 5 (13 innings, night)

There are no major league games scheduled today.

## Last Season's Leaders Win First Games

New York, (U.P.)—Now that the early returns have been tabulated on the 1955 college football season, pass and punt pundits today agreed that UCLA, Mississippi and Arkansas once again will rank high on the national ladder this year.

All three teams turned in impressive triumphs during the week end and should be ready to shoot the works when the ball starts bouncing all over the nation this week.

UCLA, the number 1 team in the United Press ratings at the conclusion of the 1954 season, opened its new campaign with a 21-0 rout over Texas A&M. The Uclans next run into Maryland, a 13-12 victor over Missouri, in an interesting East-West meeting at College Park, Md., next Saturday.

Mississippi hopes to follow up its 26-13 spanking of Georgia with another victory at Kentucky, while Arkansas, which presented new coach Jack Mitchell with a 21-6 triumph over Tulsa, will play the Oklahoma Aggies at home.

The remainder of last year's top 10 teams, with the exception of Miami, launch new drives for national recognition next week end. Rose Bowl champion Ohio State will entertain Nebraska, Oklahoma will be at North Carolina, Notre Dame hosts Southern Methodist, Navy entertains William & Mary, Army plays Furman at home, and Wisconsin hosts Marquette.

Miami, beaten by Georgia Tech, 14-6, in their nationally-televized opener at Atlanta, will have two weeks to think about that setback.

The Hurricane has an open date this week, then will warm up against Florida State before meeting Notre Dame at home October 7.

In this week's other major games, Illinois will be at California, Washington at Minnesota, Georgia Tech at Florida, Michigan State at Indiana, Missouri at Michigan, Boston U. at Penn State, Pittsburgh at Syracuse, Mississippi State at Tennessee, Tulane at Texas, Baylor at Villanova, Washington State at Kansas, and Kansas State at Iowa.

Last week end's games proved once again that a new coach always provides his team with added incentive, at least in opening battles.

Paul Dietzel, former assistant coach at Army, gleefully watched his LSU squad turn back Kentucky 19-7; former Pittsburgh star Johnny Michelosen made a successful debut at his alma mater when the Panthers scored a 27-7 victory over California, and Oregon State blanked Brigham Young, 33-0, for new coach Tommy Prothro.

## Yanks Draw Closer

# Yankees One Win Short Of Copping A.L. Pennant

New York (U.P.)—There's only one question left today in the once-blazing American league race: Will the New York Yankees have enough champagne to go around?

For, the relentless Yankees' "magic number" was down to "one" and it'll be cork-popping time sometime during the four-game week-end series with the Red Sox in Boston. The Yankees need only one victory in the series to wrap up Manager Casey Stengel's sixth pennant in seven years.

The Yankees, rolling to their eighth consecutive triumph and their 15th in 19 games in a magnificent September stretch drive, clinched at least a tie for the flag when they beat the Washington Senators, 7-3, last night while the Cleveland Indians bowed to the Chicago White Sox, 7-2.

The Yankees rolled out their siege guns to win last night's game, Billy Martin blasting a homer and Bob Cerv and Bill Skowron belting triples. Fireballer Bob Turley received credit for his 17th victory and raised his strike-out total to 206 but he needed help from rookie Rip Cole-

man in the seventh inning and Bob Grim pitched the last two frames.

The Yankees rolled up a 4-0 lead in the first three innings and clinched the decision in the fifth when Joe Collins and Elston Howard walked and Martin followed with an inside-the-park homer.

Jack Harshman, who has only a 6-5 record against the rest of the league, beat the Indians for the fifth time this year with a five-hitter embellished by seven strikeouts.

Bob Lemon protected a 1-0 Cleveland lead until the fifth inning when a double by rookie Carl Peterson, a walk, George Kell's single and a sacrifice fly put the White Sox in front, 2-1. A walk, six singles, a sacrifice fly and a hit batsman added up to five runs in the eighth when the White Sox turned the game into a rout.

The Baltimore Orioles—hottest team in baseball except for the Yankees—scored their seventh straight triumph when they shaded the Boston Red Sox, 8-7, in 13 innings and the Detroit Tigers defeated the Kansas City

A's, 10-1, in the other American League games. Willie Miranda singled across the winning run for the Orioles while Dick Marlow pitched a seven-hitter for Detroit.

In the National League, the Giants clinched third place with 7-2 and 7-3 victories over the Pittsburgh Pirates but may have lost the services of Willie Mays in their last three games. Mays, who leads the majors with 50 homers, crashed into the center field wall in the first inning of the second game and suffered a bruised left hip and stiff back. Willie, who had three hits in the opener, was trying to catch a 455-foot drive by Dale Long.

Don Liddle pitched a four-hitter for his 10th win of the year and Ramon Monzant tossed a three-hitter for his fourth triumph.

Ted Kluszewski slammed his 47th homer and Gus Bell knocked in eight runs with a grand slam homer and two other hits in leading the Cincinnati Reds to a 14-5 rout of the Milwaukee Braves. The Chicago Cubs rallied for four runs in the 13th inning to down the St. Louis Cardinals, 7-5, in the other N.L. game.

## Twenty Stations Air Cat Athletic Events

Some 20 Kansas radio stations are broadcasting K-State athletic events this year over the K-State sports network. The network originated over station KSAC, Kansas State college and is a service offered to the commercial stations by the college department of extension radio.

The network is staffed by a five man crew, consisting of Dev Nelson, play-by-play announcer; Ken Thomas, provides the color; Bernie Holbert, is the engineer; and two spotters. This crew travels several thousand miles a year to bring accounts of K-State athletic events back to Kansas.

Dev Nelson graduated from Kansas State in 1949. He has five years of commercial broadcasting experience in sports and news at stations KSEK, Pittsburg; KWHK, Hutchinson; KSAL Salina; and KFOR-TV, Lincoln, Neb. This is his second year with the sports network.

Ken Thomas, who handles the color and pre-game information, received his Master's degree in radio from Kansas State in 1952. He was program director at station KJCK in Junction City about one year before coming to K-

State. Ken is head of the radio extension department. This is his second year with the sports network.

Bernie Holbert was a former student at St. Benedict's college at Atchison. Bernie worked for K-State in the 1930's then in 1942 took over as chief engineer in the radio department.

## Mays' Record Bid Hampered

New York (U.P.)—Willie Mays' chance to set a new club record for home runs in one season was jeopardized today when a bruised hip and stiff back made him a doubtful starter in the New York Giants' final three games of the National league season.

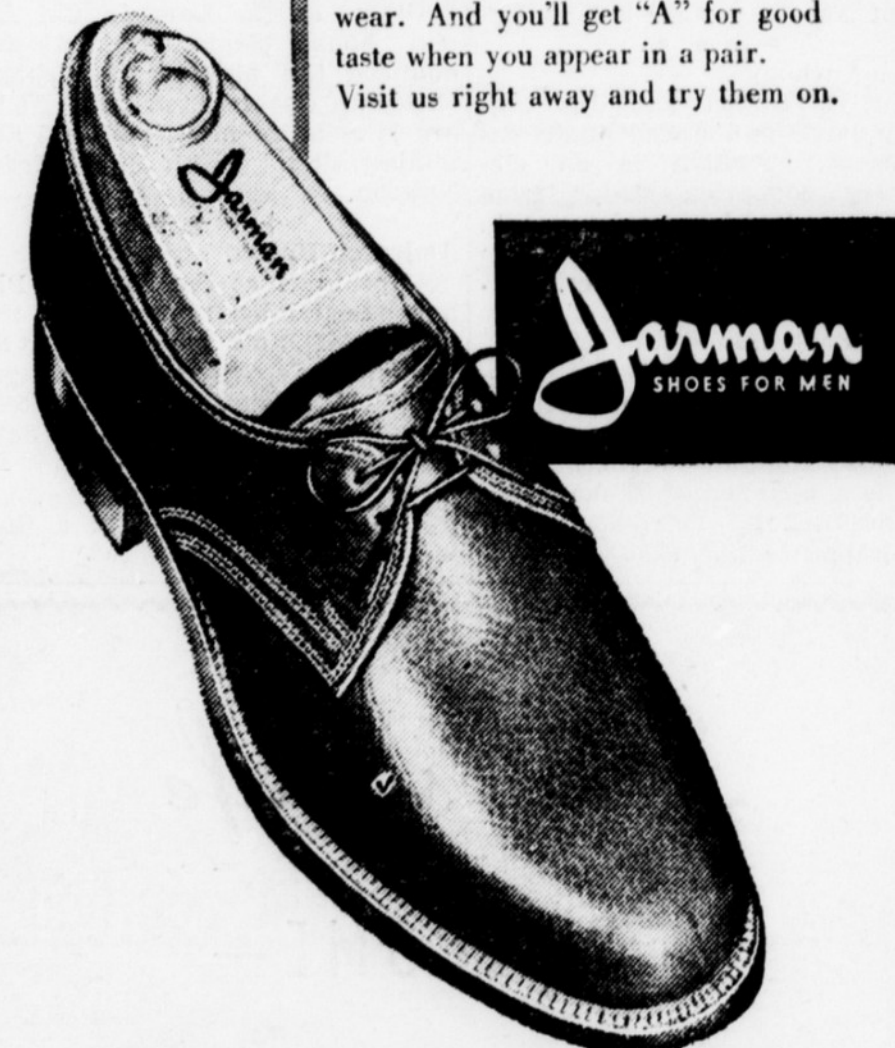

Mays, who leads the majors with 50 homers and needs only one more to equal Johnny Mize's club record, smashed full tilt into the center field bleacher wall during yesterday's doubleheader with the Pittsburgh Pirates.

You'll be pleased with a Collegian want ad.

## With the NEW low silhouette...

## Upson-Hunt

Barbara Louise Upson, Ottawa, and Donald W. Hunt, Arkansas City, were married August 7 at Arkansas City. Donald is a senior in animal husbandry and a member of Farm House.

♦ ♦ ♦ ♦

## Dietrich-Weese

The wedding of Betty Dietrich, AEC senior from Manhattan, to John Weese, '55 graduate in mechanical engineering, took place June 5. Betty is a member of Alpha Xi Delta.

♦ ♦ ♦ ♦

## Hanneman-Stamm

Ethel Hanneman and James Stamm, senior in milling were married this summer. James is a member of Farm House. Both are from Washington.

♦ ♦ ♦ ♦

## Smith-Baker

Jeanne Smith, Osborne, and Dick Baker, Hays, were married this summer. Dick is a senior in agricultural education and a member of Farm House.

♦ ♦ ♦ ♦

## Herd-Wells

Myrna Herdt and Kenneth Wells have announced their pining.

Kenneth is a sophomore in engineering and architecture and an Alpha Kappa Lambda. Both are from Russell.

♦ ♦ ♦ ♦

## Cilek-Martinez

Patricia Cilek, Hutchinson, and Ed Martinez, Marysville, were married May 29 in Hutchinson. Both are former students.

♦ ♦ ♦ ♦

## Enegren-Jewett

Mildred Enegren, junior in med tech from Conway Springs, and Melvin Jewett, ArE from Halstead, were married September 11 in Danforth chapel.

♦ ♦ ♦ ♦

## Helander-Stearns

Rita Helander, junior in English from Chicago, and James W. Stearns, BA Jr, from Arcadia, were married August 13 in Danforth chapel.

♦ ♦ ♦ ♦

## Fitzgerald-Salter

Barbara Fitzgerald, TJ Jr, and Richard Salter, BA Sr, both from Turon were married July 17 in Turon. Barbara is a member of Kappa Delta and Richard is a member of Lambda Chi Alpha.

♦ ♦ ♦ ♦

## Moffitt-Burnett

Dianne Moffitt and Bill Burnett, both of Kansas City, Mo., were married August 28 in Kansas City. Bill is a senior in electrical engineering and a member of Lambda Chi Alpha. Dianne is a student at Baker university.

# Rings, Rings Rings, Rings Rings, Rings

## Roberts-Dawson

The engagement of Nancy Roberts, BA sophomore from Neodesha, to Norman Dawson, BA senior from Elmdale has been announced. Norman is a member of Sigma Nu.

♦ ♦ ♦ ♦

## Swanson-Johnson

The engagement of Jaquelin Swanson and Stanton Johnson has been announced. Jaquelin is a junior in music education. Both are from Axtell.

♦ ♦ ♦ ♦

## Hammer-Mitchel

An announcement has been made of the engagement of Ruth Hammer and Farrell Mitchel. Ruth is a junior in home economics and teaching. Farrell is a sophomore in pharmacy at KU. Both are from Eldorado.

♦ ♦ ♦ ♦

## Urban-Nelson

Rosa Lee Urban from Miltonvale and Vern Nelson from Concordia have announced their engagement. Rosa Lee is a sophomore in home economics and art. Vern is in architecture and a member of Acacia.

♦ ♦ ♦ ♦

## Oltjen-Anthony

Marilyn Oltjen and Jim Anthony have announced their engagement. Marilyn is an elementary education senior from Robinson. Jim is a sophomore in business administration and accounting from Smith Center.

♦ ♦ ♦ ♦

## Weathers-Gallion

The engagement of Ann Weathers, HE Jr from Topeka, and Dick Gallion, Govt Sr from Garden City was announced August 31. Ann is a member of Alpha Delta Pi and Dick is a member of Alpha Kappa Lambda.

# Pinnings Prove K-Staters Still Romantic Lot

## Leap-Hosney

The pinning of JoAnn Leap of Kansas City and Carl Hosney, MCh Sr, from Coffeyville was announced with the passing of cigars at the Delta Tau Delta house last Wednesday.

♦ ♦ ♦ ♦

Chocolates at the Kappa Delta house and cigars at the Theta Xi house Sunday, September 18, announced the pinning of Judy Williams, HEJ sophomore from Hutchinson, and Glen O. Taplin, AEd senior from Waterville.

♦ ♦ ♦ ♦

## Magers-Parrish

Cigars at the Lambda Chi Alpha house September 14 announced the pinning of Don Parrish to Loretta Magers. Loretta is a freshman in home ec and Don is a sophomore in architecture. Both are from Kansas City.

♦ ♦ ♦ ♦

## Thurman-Miller

Cigars at the Lambda Chi Alpha house September 14 announced the pinning of Richard Miller to Carole Thurman. Richard is a junior in agricultural administration. Both are from Newton.

♦ ♦ ♦ ♦

## Anderson-Upson

Chocolates at the Pi Beta Phi house September 18 announced the pinning of Janis Anderson, Clo Sr from Kansas City, to Don Upson, senior in accounting from Hutchinson. Don is a member of Beta Theta Pi.

You'll be pleased with a Collegian want ad.

# Frat, Dorm Parties Top Social Activity

Beta Sigma Psi's are having a pledge party Saturday at the Skyline.

♦ ♦ ♦ ♦

Alpha Delta Pi held an open house from 3 until 5 p.m., Sunday, September 18, for all the fraternities. It was a get-acquainted party in honor of the new pledges.

♦ ♦ ♦ ♦

Northwest hall will entertain Friday evening, September 23, at its annual open house. The theme of the party is September Circus and will be from 9 to 12 p.m.

♦ ♦ ♦ ♦

The Sigma Chi's will entertain their dates with a patio picnic at the chapter house next Saturday night, September 24, at 6:30 p.m.

♦ ♦ ♦ ♦

The Phi Delt's honored their pledges with a party Friday, September 16.

♦ ♦ ♦ ♦

A buffet supper will be given Saturday evening for Kappa Sigma fraternity members and their dates.

♦ ♦ ♦ ♦

The residents of Van Zile had a back-to-school party September 14. Mr. and Mrs. John Gibson, the new houseparents, were introduced.

♦ ♦ ♦ ♦

New pledges of the Sigma Phi Epsilon fraternity were honored at a banquet on Monday, September 12. Formal pledging ceremonies were held following the banquet.

♦ ♦ ♦ ♦

A house party honoring the new pledges of Sigma Phi Epsilon was held at the house on Tuesday evening, September 13.

♦ ♦ ♦ ♦

The Delta Tau Deltas entertained their parents after the K-State-Wyoming game Saturday with an open-house and buffet dinner.

♦ ♦ ♦ ♦

Pi Kappa Alpha members were hosts to a party given in honor of their new pledge class Tuesday.

day, September 13. Sixty-five couples attended.

♦ ♦ ♦ ♦

Clovia sorority held their preferential dinner Wednesday, September 21, following the formal pledging of 14 girls. The new pledges are: Ruth Ann Barnes, Betty Childs, Phyllis Clark, Mary Lou Ficke, Velma Finkenbinder, Dorothy Fox, Shirley Hundley, Gaynelle Koci, Patricia McClelland, Patricia Schnelle, Betty Sellers, Margaret Seeliger, Shirley Suderman, and Geraldine Woodward.

♦ ♦ ♦ ♦

Kappa Sigma fraternity honored its pledges with a party Tuesday, September 20.

# Officers Named

New officers elected at the Sigma Phi Epsilon house for the fall semester are Joe Fife, vice-president; C. I. Moyer, pledge trainer; and Bill Swenson, assistant pledge trainer.

♦ ♦ ♦ ♦

Jim Gammell has been elected president of the Farm House pledge class. Other officers are Jim Flanders, vice-president; Leon Sucht, IPC representative; Delmar Conner, social chairman; and Paul Faidley, corresponding secretary.

♦ ♦ ♦ ♦

Bernard Zecha has been elected president of Hill's Heights. Other officers are Melvin Barton, vice-president and social chairman; Robert Feltz, treasurer; Fred Carra, IOHC representative; and Harold Brune, intramurals chairman.

# KS Living Groups Entertain Guests

Max Johnson, '54, and Everett Mulkey were week-end guests at the House of Jerichos.

♦ ♦ ♦ ♦

House guests at the Alpha Kappa Lambda fraternity house this week end were John Kohn of Kansas City, Mo., Gordon Dickerson of Ottawa, Neil Hanzlick of Holisington, and Wayne Stockebrand of Garnett.

♦ ♦ ♦ ♦

Jean Bartley, Great Bend, was a week-end guest at the Alpha Chi Omega house. Sunday dinner guests were Mrs. C. E. Bartley, Great Bend; June Fegley and Shirley Scott, Topeka; and Ida True, Kansas City.

♦ ♦ ♦ ♦

Betty Tillotson was a week-end guest at Clovia. She is a nursing student at the KU medical center.

♦ ♦ ♦ ♦

Glee McCauley was a Sunday dinner guest at the Phi Kappa Tau house.

## LITTLE MAN ON CAMPUS

by Dick Bibler

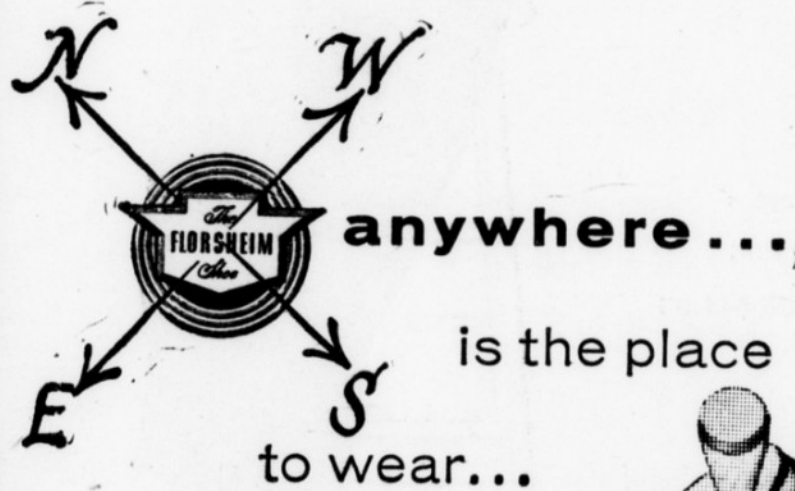

### Manufacturers in Dutch Over Fifth of Scotch

Hollywood (U.P.)—Robert T. Shubert, a New York fishing tackle manufacturer, faces trial on charges of refusing to pay \$28 for a fifth of Scotch at a swanky Hollywood nightclub.

Shubert, charged with attempt-

ing to defraud an innkeeper, appeared yesterday before municipal judge Charles Griffin, who set trial for October 7. Shubert, who demanded a trial, was released on \$100 bail.

A Texas hunting license costs \$2.15, but none is required for hunting in the county of residence.

FLORSHEIM

Slip-Ons

No wonder you see so many of them worn around the town, because they're styled with a new degree of smartness and dignity that imparts an air of good taste anytime—any place!

Stevenson's  
SHOE DEPARTMENT  
"HOME OF BETTER SHOES"

### The big news breezes in...

Two new campus styles arrive, via Arrow.

This button-down shirt, with soft roll collar, marks a great advance—a new full-length back pleat for never-before comfort. As a fitting companion, Arrow offers a new chino slack with tapered legs, pleatless front and adjustable back strap. Chino slacks in black, tan and grey, \$5.95. Oxford shirt, \$5.00, in stripes and solid colors.

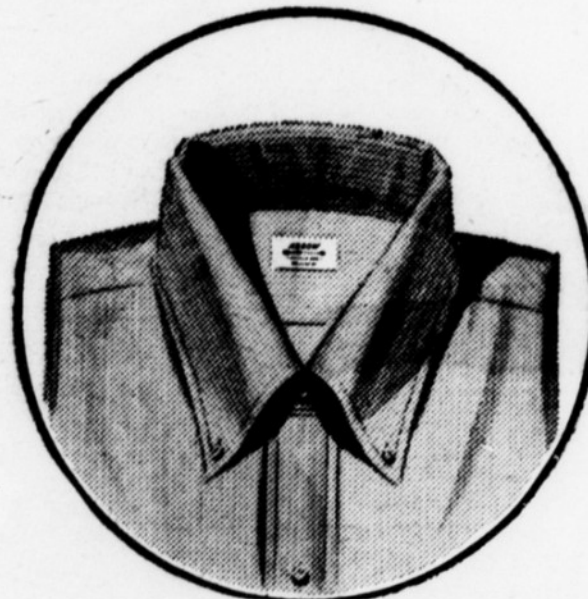

—ARROW—

—first in fashion

SHIRTS • TIES • SLACKS

### The big news is headlined "ARROW"

This new button-down oxford shirt shows why it's a privilege to offer Arrow shirts. It fits perfectly and has all the fine details that would make the reputation of a custom shirtmaker: unlined collar for smart flair, back-collar button, and—really new—a full-length box pleat! In white, solid colors, candy stripes, \$5.00.

## AFROTC Names 132 Cadet Junior Officers

Ratings were given to 132 AFROTC cadets Wednesday by order of Colonel Charles H. Wilkins, commanding officer, according to Lieutenant Oakley, service information officer.

Effective September 22, the following named cadets were appointed to the following

grades:

Cadet Captain Jackie D. Barrett, Rodney E. Bentson, William H. Black, Duncan E. Dodds, Mark K. Drake, Martin K. Eby Jr., Bill D. Ericson, Irl L. Franklin, Seth B. Hodges, Glen R. Horton, Leon F. Lunt.

Hubert B. Mansfield, Harvey J. McCarter, Donald G. McDonald, John L. Oltjen, Richard D. Parks, James E. Pollom, Richard A. Rockwell, Richard D. Shimer, Phillip R. Stiles, Frances R. Stone, Jerry E. Van Zant, and Gene L. Youngstedt.

Cadet First Lieutenants Bernard F. Albers, George W. Atkeson, Harvey D. Benson, Roderick B. Booth, Grant E. Brollier, Roger B. Carlson, John R. Coupe, Lloyd E. Craig, Vaden E. Davis Jr., Charles E. Dolsberry IV, David W. Evans, Freddie W. Figge, Lavern J. Kratch, Thayne L. Kraus.

Jerry L. Laird, John C. Landon, Leo C. Lesser, Ross E. Meyer, Bobby L. Moore, Joseph A. Moss, William C. Piper, Charles F. Scholer, George E. Shute, Donald E. Smith, Lowell E. Socolofsky, Norvin G. Stunkle, Thomas E. Wakefield, Orlo D. Welch, Arthur D. Willis, Eldon W. Zeller.

Cadet and Lieutenants Dennis C. Albright, Robert A. Boyd, Stanley W. Braman, Melvin L. Brose, Starr A. Byarlay, William A. Dickson, George L. Eib, Phillip C. Gregory, DeWayne E. Hamilton, Freeman L. Higgason, James D. Hotchkiss, Delburn R. Hutchinson, Ralph T. Johnson, Jay R. Keeling.

Ralph F. Kenworthy, Warren C. Lynn, Charles R. Mansfield, Paul L. Miller Jr., Roger F. Orban, Thomas E. Quint, John E. Ricklefs, James R. Schafer, Jariel D. Schmidt, James D. Stamm, Norman J. Tetlow, Ralph L. Webb and Cletis L. Wilson.

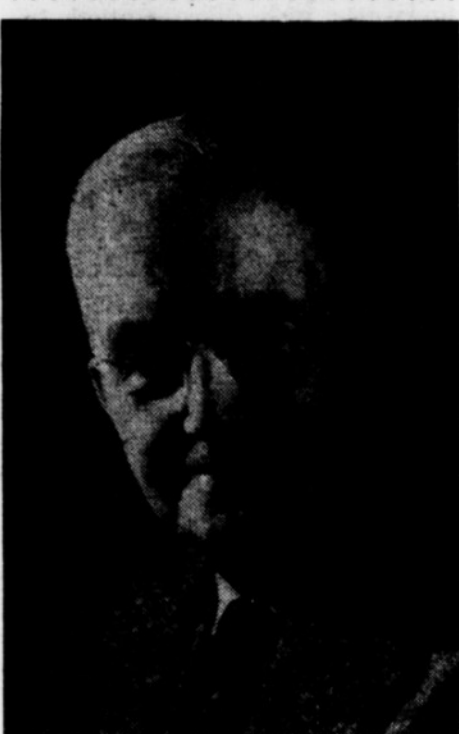

Cadet Technical Sergeants Charles M. Copple, Dale E. Dickson, Eddie R. Fowler, Gene W. Geil, James W. Gooble, William C. Hanna, Ray E. Mad-

## Nine Stations To Broadcast Game

Nine Kansas radio stations have contracted with the K-State Sports network to broadcast the Wildcat-Iowa university football game direct from Iowa City, Iowa, tomorrow afternoon.

Game time is scheduled for 1:30 p.m. For complete details see story on page seven of today's paper.

A. P. DAVIDSON

## Voc Ed Prof To Receive FFA Award

A. P. Davidson, head of teacher education in agriculture at K-State, will be granted an honorary American Farmer degree at a 28th national convention of the Future Farmers of America, to be held in Kansas City, Mo., October 10-13.

Davidson assisted with the organization of the Future Farmers of America in 1928.

He has served continuously as State Executive Adviser and State Deputy Adviser of the Kansas Association of FFA since its organization in 1929.

During his 27 years of leadership, the Kansas Association of FFA consistently has ranked high in regional and national FFA activities.

## Registrar Says

# Enrollment Won't Hit 6,000 Mark

By JOAN ALBERS  
Of the Collegian Staff

K-State's enrollment probably will not reach 6,000, Registrar E. M. Gerritz said today.

"Enrollment now stands at 5,961 and I doubt if we will get many more late enrollees," Gerritz said. "We had 31 more late enrollees after a comparable time last year, and I don't expect that many this year."

Through the end of the regular registration period 4,410 men and 1,425 women had enrolled. This is an average of three men to every girl.

Highest enrollment is in the School of Arts and Sciences. A total of 2,247 had enrolled at the close of the regular registration period. There were 1,540 men enrolled and 808 women.

The School of Engineering, which had a 27 per cent increase in its enrollment over last fall, had enrolled 1,150 at the close of the regular registration session. Ten of these enrollees were women.

The School of Agriculture had 883 enrollees. These included four women.

The School of Home Economics had 547 women enrolled and nine men, a total of 556 enrollees.

Graduate school had 336 enrollees. Fifty-four of these were women and 292 were men.

The School of Veterinary Medicine had the smallest enrollment with a total of 253. The enrollees included two women.

There have been an additional 126 late enrollees since these calculations were made, Gerritz said.

## HE Dean Injured In Stairway Fall

Dr. Doretta Schlaphoff, dean of the School of Home Economics, is recovering in Riley County hospital from a spinal injury suffered in a fall down the stairs in Calvin hall Monday afternoon. She will be in the hospital until next week.

## Student Health

Two boys are patients at Student Health today. They are Robert Grant and Lawrence McDonald.

## Al Steunenberg Awarded \$600 Scholarship

Albert Steunenberg, Geo. Jr., is the first holder of a recently established \$600 Cities Service scholarship, M. A. Durland, dean of the School of Engineering and Architecture, announced.

The scholarship is for a junior in either engineering or geology, and is awarded on the basis of scholarship, extra-curricular activities, and individual characteristics.

## Counseling To Offer Study Help

The first of study skills courses offered by the counseling center will begin either the sixth or seventh week of school, Sumner B. Morris, director of the Student Counseling center said.

There will be six class meetings, two times a week for three weeks, and similar sessions will be offered periodically during the year.

The topics to be studied and discussed will be "How to study effectively and efficiently," "Time scheduling," "Note taking," "Preparing for exams," "Concentration and motivation," "Techniques of studying an assignment," and "Reading habits."

Enrollment is held down to approximately 15 a class, for maximum participation which is on a voluntary basis, Morris said.

Anyone having trouble studying in any way is urged to attend, Morris said.

## Directory Listings Due Tomorrow

President of all campus organizations and living groups are asked to register their organization for the Student Directory by noon Saturday. Information should be taken to K103A or phoned to extension 283.

Living groups must register their phone and post office box numbers. Organizations need a listing of president and faculty advisors.

## No Longer a Secret

# Queen To Be Announced Before Homecoming

The name of the 1955 Homecoming queen will be released earlier this year as a feature of what should be the most different Homecoming in years, Phil Robertson, chairman of the Homecoming committee, said today.

The names of the queen and her attendants will be announced Thursday evening, October 27, a change from a previous policy of keeping the names secret until the Homecoming game Saturday, he added.

Blue Key, senior men's honorary which announces the queen and attendants each year, decided on the early release to allow state newspapers to get pictures and stories before game time, which was impossible under the old policy.

In a meeting yesterday after-

noon in Anderson hall, the homecoming committee outlined tentative plans for activities. To begin the long Homecoming week end, a faculty student talent show will be held in the auditorium Thursday night. Bob Newlin and Bob Balzerick are in charge. At the show, which will begin at 7:30, Blue Key will announce the queen and her attendants.

It was suggested at the council meeting dress for school Friday be the clothes worn Thursday night by students working on homecoming decorations, pending approval by school officials.

House decorations, using the Homecoming theme "Sooner or Later," will be turned on from 6:30 to 9:30 p.m. Friday, according to present plans, and displays will be judged then, the

committee said. Fraternities and sororities will be judged separately by two groups of judges, with three judges in each group. A common form for judging entries is planned by the committee, so entrants will be judged on an equal basis.

A viewing route is being planned for automobiles. In previous years, traffic jams have resulted from the number of cars that show up to view the houses.

"This year, we strongly urge students to walk the viewing route to avoid the traffic congestion," Robertson commented. "They would probably find it to their advantage, since it will take much less time."

At 9:30, a "noise rally" is planned in the city park. At the rally, organizations will compete with each other to make noise,

using anything from dishpans to sirens, the committee said. High explosives and firearms are taboo, however, they added.

After the rally, students should be wearing the same work clothes, and again these clothes will be dress, this time at a dance in Nichols gym. The dance is a "strictly stag" affair, and as an added attraction, house decorations winners will be announced. Trophies, however, will not be presented at that time.

Saturday from 10 a.m. to noon, alumni will register at Anderson hall. At 10 a.m., the Homecoming parade will begin in downtown Manhattan, going from there to Aggieville. The three K-State pep clubs are in charge of the parade, which will include the floats, the K-State band, and the queen and her at-

tendants. The floats will be judged during the parade, and just before game time, trophies floats for decorations will be presented.

At halftime, the queen will be crowned by President McCain. The K-State band will perform, and halftime will be lengthened 20 minutes.

Saturday evening, at 8 p.m., Homecoming will come to a close with the Hmoecoming ball, sponsored by Blue Key. At the dance, in the friehouse gym, the queen will be formally presented.

"Our goal this year has been to make homecoming different and more exciting than any previous year," Phil Robertson said. "The homecoming committee has been working on Homecoming since mid-April and I'm sure it will be a success."

Water Plentiful,  
But It Costs

(Opinions expressed in letters are those of the writers and do not necessarily reflect the policy of the Collegian. The Editor reserves the right to edit the letters to conform to public law and to the standards of decency and good taste upheld by most newspapers, and to fit space limitations. No letter may exceed 250 words. Unsigned letters will not be published.)

Dear Sir:

I have read the editorials appearing in the Collegian during the past week, and find that most writers know very little about the cost and volume of water the campus uses each month.

Here are a few facts on the water situation here on the campus:

1. During the month of August (no school, remember) we used 19,308,900 gallons of water.
2. The College does not have any wells in operation at the present time. Pumping from the wells was discontinued in 1942.
3. The two pumps with which we pump water from the city mains are rated at 300 gallons a minute each, but with both pumps running, the capacity will be about 450 gallons a minute. Incidentally, the pumps were installed in 1923.
4. The water is purchased from the city of Manhattan at a rate of \$1.50 per 1,000 cubic feet, which amounted to \$3,221 for the month of August.
5. Since school has started, the water consumption is about 100,000 cubic feet a day.
6. The standpipe (water tower) has a capacity of 101,820 gallons.

6. Those are the facts. You may draw your own conclusions.

Some of you "turf experts" might figure out how much water is required for each square foot of campus—excluding parking lots, buildings, sidewalks, etc.—and send it in. Maybe a few people will appreciate the green lawns we do have.

## Crazy Auto Says . . .

Mau Mau Terrors  
Told in Bloody Book

By R. R. CARR

A Collegian columnist of several years ago declared that his ambition in life was to fill the Grand Canyon with empty beer cans.

That's the most ridiculous thing I ever heard of. Any fool knows that it would be impossible for one man to consume that much beer.

I myself have selected a smaller depository—Mammoth Cave in Kentucky.

Now let us turn to something even more horrible than the pithy patter with which I usually begin this column.

This horror of horrors that we will now examine is a book called Something of Value, which has been bloodying (I don't mean the British kind of blood, like "bloody hot weather we're having." I mean the blood what comes from veins.) Where was I? Oh yes! . . . anyway that's what the book's been doing to the best-seller list for many weeks now.

Written by Robert Ruark, the novel tells, with perverted vividness, of the Mau Mau terrors in Africa. It so shook the Book of the Month Club selection committee that for the first time in history they selected a book without unanimous approval.

Massacres, tortures, and native oath-taking and initiation rites, horrible beyond description, characterize the novel. You think I'm kidding? The tortures in this book are so horrible that my editor tried them out on me after he read the first draft of this column.

And he doesn't piddle around with just any old torture. Do you know what it feels like to be run through a printing press?

To be perfectly frank with you, I am in favor of the printing and sale of any book which a publisher has seen fit to accept, no matter how offensive, if it is closely based on facts and serves any good purpose other than sadistic satisfaction. (Come to think of it, that's exactly how I feel about editors.)

I now propose an antidote to this gruesome palaver. It's the reissue of a Technicolor movie that's been an all-time favorite ever since it was produced in 1939. It's called The Wizard of Oz, and will be at the Coed theater through Saturday. Some of its stars are Judy Garland (in her teens), Ray Bolger, Jack Haley, Bert Lahr, and Frank Morgan.

Decca has out a record album of seven of the movie's hit songs, including "We're Off To See the Wizard," "Ding Dong, the Witch is Dead," and "Over the Rainbow."

You can tell by the songs that it's a happy sort of fantasy with less sex and violence in it than anything Hollywood's produced in the past 20 years.

But who wants to see a movie without sex and violence?

Commie Peace Move  
Has Ulterior Motive

By JOSEPH ALSOP

WASHINGTON—The President's highest scientific advisers have warned him, in the Killian Committee report, that the Soviet Union now is overtaking the United States in the crucial air-atomic weapon race.

Meanwhile, America's leading diplomatic policymakers interpret several of the most important recent Soviet moves, including the abandonment of the Soviet military base at Porkkala in Finland, as maneuvers in a campaign to advance the moment when the famous "American lead" will become a Soviet lead.

In this manner, two patterns that appear to be flagrantly contradictory—the pattern of the summit meeting at Geneva, and the pattern of the energetic and successful Soviet air-atomic buildup—actually fit together with remarkable neatness.

In order to see where and how the fit occurs, it is only necessary to analyze a few of the facts that led the Killian Committee to its bleak conclusions.

In the present period, according to the Killian Committee, we are in a transitional phase. The United States, while still having the edge in strength, is losing that edge to the Soviets.

This is happening, in this period, because of the re-equipment of the Soviet strategic air force and air defense command with the new, high-quality Russian longrange jet bombers, and extremely superior day and night fighters.

Production-wise, the United States as yet is doing very little to reverse this trend. Output of American B-52s is now far below Soviet output of a similar plane. A substantial increase has been ordered. But even after the new level of B-52 production has been reached, Soviet output of true intercontinental jet bombers will still be ahead of American output.

The American production picture in high-quality day and night fighters is even more melancholy. This is why the one hope of maintaining a sort of precarious balance is the U.S. Strategic Air Command's large component of about 1,500 B-47s.

According to official American estimates, the loss of present overseas bases would cut the U.S. Strategic Air Command's sortie rate by something like 70 per cent—which means that SAC's striking power would thereby be cut 70 per cent.

Here, of course, is where the air building pattern and the Geneva pattern fit so neatly together. The overseas bases are threatened by Soviet plane buildup, on the one hand.

On the other hand, if anything positive has come out of Geneva, it is the new impetus given to disarmament. Point No. 1 in the Soviet disarmament program is the abandonment of all overseas bases—and especially all American overseas bases.

If the Soviets can only get their way on this one point, they will cripple SAC, which is the only threat to the Soviet Union.

The Porkkala base in Finland is not very useful any longer, in the era of the new weapons. Our allies, of course, will be more anxious than ever to believe that "the Soviets are going home, so perhaps it will contribute to peace if the Americans go home, too.

Strong-Man

SGA Outlines New  
Traffic Penalty Plan

To K-State Drivers:

Because of the high number of traffic violations during the academic year of 1954-55, a special traffic regulations committee was established by the Student Council last spring to study the problem.

The large number of violations indicate a general lack of respect among the students toward the old traffic control system. The attitude of the student body seemed to stem from lack of a good penalty system, inconsistent enforcement, bad publicity, and misunderstanding of regulations.

Using the experience gained from past traffic systems and the experiences of the Tribunal, the committee recommended a first plan and an alternate plan. The first plan was a strict fine system, but the attorney general of Kansas declared the system illegal. The alternate plan was a penalty system, which reads as follows:

**Tickets one and two are courtesy tickets and cannot be appealed. When the third ticket is issued, the student and his car will be restricted from further campus driving and the student must report to the dean of students within 48 hours.**

**This third ticket may be appealed by the student within 48 hours after it is issued. If no appeal is made within 48 hours, the ticket will be considered valid.**

**If a student receives a fourth ticket, he is subject to expulsion from school for one semester unless he can prove the ticket invalid.**

This plan was approved by the Student Council and the traffic control board. It was presented to President McCain and was approved by him. We hope that the plan will relieve many of the problems of the old systems. We ask your help and cooperation in making it a success.

John Watt, SGA Attorney General

Today's World News

## Ike Is Studying Bulganin Letter

Compiled from the Wires of the United Press  
By DICK CARR

Fraser, Colo., (U.P.)—President Eisenhower today studied an 11-page letter from Russian Premier Nikolai Bulganin. But the temporary "White House" said there will be no official comment for the time being.

Assistant press secretary Murray Snyder said the Bulganin letter probably will be made public simultaneously with Mr. Eisenhower's reply. He did not know how soon that would be.

Although there was no comment in any way on the letter, or reports as to its contents, it was considered significant that Secretary of State John Foster Dulles had seen its contents before his speech to the United Nations general assembly in New York today.

The optimistic tone of Dulles' remarks indicated there was nothing in Bulganin's letter to discourage U.S. hopes for a slackening of the cold war.

Snyder said the text of Bulganin's letter will not be made public until it is evaluated by the U.S., and release is agreed upon by the two governments.

Mr. Eisenhower received an English translation of the original letter yesterday at the guest house where he is vacationing high in the Rockies.

The President talked with Dulles by telephone after reading the letter. He also has been studying it further, Snyder said.

## Lonardi To Take Over Argentina

Buenos Aires, Argentina—Gen. Eduardo Lonardi officially takes over the government of Argentina today under Spartan conditions and with a promise to render former President Juan D. Peron harmless.

The 59-year-old provisional president, a retired major general who became "chief of the liberating revolution," flies here from Cordoba. He will find a flag-draped but heavily guarded city still under a state of siege and an 8 p.m. curfew.

Authoritative sources said Lonardi's new cabinet was expected to include Alfredo L. Palacios, an old-time socialist, as minister of labor; Zavala Ortiz, a radical, as minister of economics; Vicente Solano Lima, a conservative, as minister of foreign affairs; and J. J. Uranga, an army man, as minister of army.

The report was considered significant because of the wide representation of political parties long in disfavor under Peron.

Troops, tanks, and police patrolled the streets in expectation of new outbreaks such as those of last night. Joyous crowds surged through the streets last night chanting "Peron has gone" and "long live liberty."

## Drillers Strike Oil in Israeli Desert

Tel Tel Aviv, Israel—The Israeli government announced today that drillers, including numerous American investors, have struck oil in the barren Negev desert—oil of a quality that may equal that of the rich Arab states to the east.

A rich oil find in the red and rocky wasteland of Biblical renown has been one of this young nation's strongest hopes in its quest for economic self-sufficiency.

The ancient Aztecs of Mexico used captives as human sacrifices to their gods. Often the prisoners lived in luxury and ceremonial splendor for a full year before the sacrificial ceremony.

## Air Science Has Three New Officers

Air force ROTC has three new officers on its staff. They are Col. Charles H. Wilkins, who succeeds Col. Milford Itz as head of air force ROTC; Capt. Dudley G. Kavanaugh, assistant professor of air science; and 1st lieutenant Gerald D. Scheusler, instructor of air science.

Both Colonel Wilkins and First Lieutenant Scheusler were stationed at the Air University, Maxwell AFB, Montgomery, Alabama, where they underwent training in the academic instructor school, prior to coming to K-State.

Captain Kavanaugh was an aircraft instructor at the Goodfellow AFB, San Angelo, Texas.

## Orientation Test Results Ready Now

Any new student wishing to know the results of his orientation tests should make an appointment with the counseling center, Sumner B. Morris, director of the Student Counseling center, said today.

These results are confidential, and only available to the individual who took the test, and to the faculty.

"The purpose of this testing has nothing to do with admission to K-State," Morris said. "It is to give information helpful to both students and staff in the students' scholastic adjustment."

## Dance Classes To Be Offered

All girls interested in learning the techniques of modern dance are invited by Orchesis, modern dance club, to attend practice sessions Monday and a week from Monday, September 26 and October 3, from 7:30 to 8:30 p.m. in room N1, Nichols gym.

There are no requirements for attending the sessions and girls are invited even if they do not know how to dance at present.

## For First Time

# Shorthand, Typing Courses Offered

Shorthand and typing are being offered for the first time during a regular semester at K-State.

A need for shorthand and typing classes first became apparent in the education department, according to Dr. Samuel T. Keim, head of the department of business administration.

High school teachers must have 12 hours of college credit in shorthand and typing to qualify for commerce certificates. Therefore, the business administration department recommended that these courses be offered.

The speech department is offering 11 new courses this semester.

Dr. John Keltner, head of the department, said the changes were made to develop various areas of the speech department. Greatest changes were made in the areas of public speaking and conference leadership.

Since reorganizing, the speech department offers a major in public speaking with a staff equipped to handle advanced students, Dr. Keltner said.

The structural difference between hardwood plywood and solid wood is that the grain of any ply of plywood runs at a right angle to the grain of each adjacent ply while all the grain of solid wood goes in the same direction.

## HE Association To Discuss Plans

Officers and committee chairmen of the Kansas Home Economics association will have a business meeting in Calvin lounge, Saturday, beginning at 9:30 a.m.

This association is composed of home economists who live in Kansas. The business meeting will include all committee reports and plans for the coming year.

Miss Alpha Latzke, head of the clothing and textiles department, is the state association president.

You and your wife (if you have one) can play one semester for \$7.50. Or, if you prefer, green fees are .75 and \$1.00. Clubs for rent, soft drinks, and golf supplies at the club house.

C. N. SHUSS, Manager

You can't "talk" quality  
into a diamond...

Quality is either there or it isn't! True, all diamonds claim to be brilliant, but there is a big difference in the amount of brilliance. That's why the quality of a diamond you select is so important. For only in the finer quality diamond do you get the extra brilliance and beauty she is hoping for. This is most evident in our selection of Genuine Orange Blossom rings.

# Jewish Group To Celebrate Day of Atonement Sunday

By GAYNELLE KOCI

The B'nai B'rith Hillel foundation, often called "The Jewish Community on campus," is celebrating this week one of the most important religious period of the Jewish New Year which started last Saturday, September 17, and ends with The Day of Atonement next Monday, September 26.

The president of the club is Daniel Chajuss, MT So, from Tel Aviv, Israel. Most of its members are foreign students.

Hillel Foundations now exist at 200 U.S. colleges and are sponsored by the national fraternal order of B'nai B'rith, which was formed nearly one hundred years ago. The foundation started at the University of Illinois in 1923.

The Foundation is named after a famous Rabbi and teacher, Hillel, who in 50 B.C., once summed up the contents of the Bible by stating, "Do not do unto thy neighbor what thou wouldst not have done unto thyself. This is the whole Bible. The rest is commentary."

American Jews are divided into orthodox, conservative, and reform groups, each of which is represented in the local Hillel Foundation. The Orthodox Jewish services are conducted entirely in Hebrew, and the world of the Bible is strictly conformed with; whereas the Reform services are conducted in English, with more liberal interpretations of the Biblical codes.

Some holidays of the group are the Feast of the Passover, which coincides with Easter, and the

annual Feast of Lights, which occurs in December.

In previous years the regular religious services of the group were held in Danforth chapel, but services are now attended at Fort Riley, in cooperation with the Jewish Chaplain there.

When the organization was formed at K-State, the faculty adviser was Dr. Fritz Moore, but for the past eight years the faculty sponsor has been Dr. Max Milner.

Membership in the B'nai B'rith Hillel Foundation is open to anyone who wants to participate in its activities.

Jewish students and their

friends are invited to participate in the Day of Atonement service at Fort Riley Sunday, September 25. The chanting of the traditional prayer of "Kol Nidre" marking the Day of Atonement will take place in Chapel 5, 10th and E streets in Camp Funston, at 5:30 p.m.

The foundation will hold a get acquainted brunch meeting at 11 a.m. Sunday at the residence of their faculty adviser, Dr. Max Milner, 530 Wickham road. Officers will be chosen and the semester's program will be planned.

MEMBERS of B'nai B'rith Hillel foundation talk over plans for attending Day of Atonement services at Fort Riley Sunday.

## Several K-Staters Receive Diamonds

Pickett-Smith

Ruth Pickett, junior in home economics and teaching from Topeka, was engaged to Bob Smith, K-State graduate in physical education from Hope, September 20. Ruth is a member of Delta Delta Delta and Bob is a member of Sigma Alpha Epsilon.

O'Neal-May

Chocolates at Van Zile September 14 announced the engagement of Judy O'Neal and Harley May. Judy is a junior in food and nutrition. Harley is a chemical engineering junior. Both are from Kansas City.

Simmons-Porter

Margaret Simmons and Neal Porter have announced their engagement. Margaret is a junior in elementary education from Cottonwood Falls. Neal is a music education junior from Emporia.

The engagement of Janet Farrar and Hubert Wilson was recently announced. Janet is a sophomore in elementary education from El Dorado and Hubert is a junior in physical education from Manhattan.

Women were permitted to enroll for the first time in the Yale University Graduate School in 1892 as candidates for the Ph.D. degree. The Yale School of Medicine first accepted women medical students in 1916 and every class since that time has included at least one distaff member.

## Be Social—Be Chicken

A. M. Guhl of the department of zoology was principal speaker last night at the 16th annual Mentone Eggposition at Mentone, Indiana.

His subject was "Social Customs of Chickens."

Oldest Protestant institution for women in the United States is said to be Moravian college.

# Church Groups Begin Year's Activities

Speaker at the Kansas State Christian Fellowship meeting Tuesday night was Bob Mann. Mann, a graduate of the college in 1953, is KSCF staff member for this area. The fellowship meets every Tuesday night in Rec-Center from seven until eight.

The Latter Day Saints student group, also known as the Church of Jesus Christ, is very active this year at K-State, with two meetings each week.

Recreational services are held each Thursday evening from 7:30 until 9:00 at the home of Professor T. D. Bell, the faculty advisor. At this meeting, a study class usually takes place first, followed by recreation, folk dancing, and group singing.

The devotional services for this group are held at Danforth Chapel on Sunday mornings at 10.

The Lutheran Student Association will meet at the First Lutheran church, 928 Poyntz, Sunday September 25 at 5 p.m. for a picnic. Following the picnic a talk, "Stewardship for Christ," will be given by James Smart, PrV Jr, Bertrand.

The Lutheran Student Association will hold meditations Tuesday, September 27 in Danforth chapel at 5 p.m. Janet Wilkins, Hst Gr, Pittsburgh, Pa., will conduct the services.

The Roger Williams Fellowship will meet Sunday at 5:15 in the Fellowship hall of the First Baptist church. This week's program is "Of what value is your church to you."

Church school at the First Baptist church is at 8:45 each Sunday morning with the church service following at 11.

Rides for the evening meeting will be available at the dorms at 5 p.m. or call Ray Fritzemeyer at 85341.

The United Presbyterian Youth Fellowship will have a watermelon feed Saturday night. Those interested in attending will meet at the United Presbyterian church between 6:30 and 6:45. Rides will be provided.

The Sunday evening meeting will be held from 7 to 8 p.m. in the Educational building north of the United Presbyterian church. Harold Nelson is in charge.

The members of Sigma Theta Theta Epsilon, the Methodist Men's club, will meet at 8 a.m. Sunday. The ushers meeting called for Sunday morning has been postponed until a later date.

The Rev. B. A. Rogers is preaching at the 9:50 church service. The regular church school classes will be held at 11:00. The Bible study class and the Wesley council will meet at 4:00 p.m.

Beverly Miller and Cecil Vining are leaders of the fellowship at 5:00. The cooks in charge of the 5:30 lunch are Martha Evans and Don Jarchow. Forum at 6:00 will include devotions by Warren Lynn, special music by Betty Ann Joss, and the topic, "You and Methodism," led by John

Wright. It will feature a colored movie about John Wesley.

Interested girls are invited to Kappa Phi, the Methodist girls club, Tuesday September 27. at 7:30 p.m. The program will be based on the theme, "Sing a new song." Cabinet supper will be at 6:00.

There will be a breezy hour Wednesday from 3:00 to 5:30 with refreshments and fellowship for everyone.

The College class will meet at Westminister house at 9:30 a.m. Sunday. The theme of the lesson will be "Gods Knowledge of us."

There will be a recreation clinic at Westminister house at 4:30 p.m. for those interested in learning to lead recreation.

At the fellowship supper at 5:30 p.m., Dr. and Mrs. Loyal Payne will speak on "Our Experience in the Church." Dr. Payne is a retired head of the poultry husbandry department of the College and an elder of the First Presbyterian Church.

The annual Mens' Chicken Barbecue will be held at Westminister House at 6:15 p.m. on Monday, September 26. Tickets are available at the office in Illustrations building or at Westminister house.

The program will include the film, "Stranger in the House."

The annual picnic of the Canterbury Association will be this Sunday at 5 p.m.

Transportation will be provided, and the group will leave from Canterbury House for the picnic site.

A charge of 50c will be made.

The College Baptist Youth Fellowship will have a mixer in the College Baptist church at 7:30 Saturday evening. The evening program will feature a short talk by Dave Haworth, recreation, refreshments, and group singing. The group has extended a warm invitation to all youth.

Youth meetings will be held in the College Baptist church every Sunday evening at 6:30. This Sunday the Reverend Ironsides

will start a new series of lessons on the book of Revelation to be illustrated by large platform charts.

"How do we become a part of the church," is the topic of a discussion to be led by Earl Hammond at the Sunday evening meeting of the United Student Fellowship.

The group, composed of Congregational, Christian and Evangelical and Reform students, will meet in Pioneer hall of the First Congregational church at 5:15 for the evening meal followed by the discussion.

Rides will be available at Anderson hall at 5 p.m. or call the Kannars at 59463.

The take-off event of the St. Luke's Lutheran College group, Gamma Delta is a picnic, Sunday, September 24. They will meet at St. Luke's Church at 5. The picnic will be at Sunset park. All new students as well as old members are welcome.

The group also sponsors a service at Danforth chapel each Thursday at 5 p.m.

Devotions will be held in Danforth chapel Monday through Friday from 7:30 to 7:50 a.m. This program will continue indefinitely throughout the school year.

Speakers for the coming week are: Monday, the Rev. John Ironside; Tuesday, the Rev. Roy Turner; Wednesday, Harold Kanarr; Thursday, Janet Wilkins; and Friday, Warren Rempel.

These meetings are sponsored by the YMCA and the YWCA under the direction of Judy Crawford, PEW Soph, and Don Gier, TA Jr, student religious leaders of these two organizations.

Theta Epsilon, a sorority for Baptist women, has set the date for their annual rush tea for all Baptist preference girls on Sunday, September 25, from 4 to 5 p.m. The function will be held in the Fellowship Hall of the First Baptist church.

# Touchdown Conversions Boost Rusher's Scoring

By BILL WHISTLER

When Jim Rusher converted on eleven straight point after touchdown attempts last season, he was given the nickname, "Mr. Automatic" by his teammates. These eleven conversions plus two others and two touchdowns which he scored, made him K-State's second high point scorer last season.

Jim transferred to K-State in 1953, but sat out the first season, when he was plagued with an infection. Last year he gained a starting berth at left end where he helped the Wildcats compile a season's record of 7 wins and 3 losses.

Prior to his entering K-State, Jim played his football at Daniel Webster high school in Tulsa, Okla., and Miami junior college in Miami, Okla.

He played third string ball his senior year in high school, but progressed rapidly as he made the first team at Miami juco. That season he played fullback on a team that went undefeated.

From his play last season, Jim made honorable mention on the all-Big Seven team in a poll conducted by Associated Press. He made the second team in polls conducted by the Kansas

City Star and Great Bend Tribune.

"Jim's blocking has improved more than 50 per cent this past year," Coach Mertes said, in commenting on the talents of the big left end.

"He is a good kick off man and an excellent place kicker," Mertes continued, "in fact he has come along faster than we expected him to."

When asked about the defeat at the hands of Wyoming last Satur-

day, Jim said, "Mind you, I'm not alibiing but the team is a lot better than what was seen last Saturday. We didn't reach half our potential and I think we have as good a team as last year's."

Jim is majoring in vet medicine, and although he has four more years of college work ahead of him, this is his last year of athletic eligibility. He hopes to play some professional football after getting out of school.

JIM RUSHER  
Wildcat Left End

## Major Conferences To Open Saturday

By UNITED PRESS

The Pacific Coast conference kicks off the season's first full week end of college football tonight when Southern California plays Oregon, and then four other major conferences get into the act tomorrow along with a host of inter-sectional matches.

UCLA's Bruins, defending National champions, will be seen tomorrow in one of several top-drawer inter-conference games. The Bruins are slight favorites in their game with Maryland, which had to battle all the way last Saturday to squeeze out a 13-12 victory over unheralded Missouri.

Southern Methodist's touring Mustangs take on Notre Dame with the Irish seven point favorites. Baylor's Bears are expected to romp over Villanova in a night game at Philadelphia, while other inter-conference games find Rice and Texas of the Southwest conference two touchdown choices over Alabama and Tulane, respectively, of the Southeastern conference.

Indiana and Michigan State game rated a tossup, while the open up the Big Ten race in a Atlantic Coast conference gets underway with Virginia against Clemson, South Carolina picked over Wake Forest and Duke picked over North Carolina State.

All other Big Ten teams are playing outside games. Illinois is a slight pick over California, Iowa should get by Kansas State, Minnesota gets the nod over Washington, Ohio State is picked over Nebraska, Purdue's Boilermakers are a three touchdown pick over visiting College of Pacific, Michigan a solid choice over Missouri, and Wisconsin can pick its score over Marquette.

Stanford is expected to trounce Oregon State in a night contest, while in the east Army and Navy are solid choices over Furman and William and Mary, respectively.

## Wants Another Shot at Rocky

New York (U.P.)—The "brain guys" behind Archie Moore will soon offer Rocky Marciano a guarantee of \$350,000 for a return heavyweight title defense in June, it was learned reliably today.

Such a whopping guarantee—the largest in 23 years—would wrap up a repeat performance of the great Marciano-Moore fight

staged at Yankee stadium Wednesday night before 61,574, the Moore men think.

If such an offer were made and accepted, it probably would be a secret deal to prevent tarnishing Promoter Jim Norris' proposed elimination tournament to determine the June challenger.

# One Yankee Victory Would Cinch Pennant

By UNITED PRESS

The streaking New York Yankees get three big chances to clinch the American league pennant today.

Already assured of at least a tie for the flag, the fired-up New Yorkers can put the flag under lock and key by winning either their day game or their night game against the Boston Red Sox in Boston. Of they could lose both and still clinch today if second-place Cleveland loses its day game to the Detroit Tigers in Detroit.

The "magic number" is only "one"—one Yankee win or one Indian loss.

"If we don't clinch the flag today, I'll be awfully disappointed," Yankee manager Casey Stengel admits.

"We should have that old pennant in the bag this afternoon or tonight," said Stengel as he named righthander Don Larson to make the afternoon try and southpaw Tommy Byrne to follow at night. Meanwhile, the Yankee clubhouse man put the champagne on ice, all set for the big celebration.

The 1955 pennant would be the sixth for the Yankees in the record of league domination, and

their 21st in baseball's modern era.

It also would be the sixth flag for Manager Stengel. Clinching in Boston would give gnarled old Casey an extra kick, because he operated in the "Hub City" for several sad seasons as manager of the downtrodden Boston Braves.

Out in Detroit, the Indians could only do their best against the Tigers and, at the same time, keep an eye on the scoreboard to see how the Yankees are doing in Boston. All Cleveland hope is at the vanishing point, but manager Al Lopez won't yell "uncle" until the last mathematical chance is gone.

The Yankees must lose all their remaining four games and the Indians must win all their remaining three for the two teams to finish in a tie for the pennant. In that event, they would meet in a single game playoff in Cleveland on Monday.

(The Pigskin Prognostications contest has been set up for the benefit of the many Saturday morning experts at K-State. Clip this, write your predictions, and put it into the wooden box near the Collegian distribution point in Anderson hall. All entries must be in by Saturday at noon. The K-State football expert of the week will be announced Monday.)

## Nine Stations To Air K-State Iowa Tussle

Nine Kansas radio stations have contracted to air the Kansas State-University of Iowa football game Saturday via the K-State Sports network, according to Kenneth E. Thomas, radio department director.

These stations will carry the game: KMAN, Manhattan; WIBW, Topeka; KXXX, Colby; KSDB-FM, Manhattan; KGGF, Coffeyville; KSAL, Salina; KNCK, Concordia; KANS, Wichita; and KMBC, Kansas City.

"The listings is by no means complete since stations are allowed to join the network on short notice. We anticipate several more stations joining shortly before the broadcast of each game," Thomas said.

Prof. Thomas said the network has grown considerably in recent years. In 1953, one station carried the Wildcat's opening game. Last year five stations broadcast the opener and 15 aired the Wyoming contest last week.

The network originates broadcasts of all Cat football games for member stations in Kansas. Traveling with the grid squad, Dev Nelson, play-by-play announcer, and Ken Thomas, network director, air on-the-scene accounts of the game.

This season the network will carry the complete 10-game schedule of the Wildcats from Iowa City, Iowa; Milwaukee, Wis.; Ames, Iowa; Lawrence, Kans.; Columbia, Mo.; and Stillwater, Okla., in addition to the four home games in Memorial stadium.

Thirteen stations will air the Nebraska game October 1, eight the Marquette game October 8, eight the Colorado game October 15, ten the Iowa State game October 22, twelve the Oklahoma game October 29, five the Kansas game November 5, thirteen the Missouri game November 12, and six the Oklahoma A&M game November 19.

## Huskers in Lineup Shift for Buckeyes

By UNITED PRESS

Nebraska coach Bill Glassford, who withstood a wave of criticism following last week's 6-0 to Hawaii, today shifted four players into his starting lineup for tomorrow's Ohio State game.

The second day of decision is tomorrow, and it looks like a black Saturday with three Big Ten teams on scheduled against weaker Big Seven teams.

Of his new probably starters, Glassford moved tackle Jerry Wheeler, who didn't even see action against Hawaii, into the first string. Others making the top squad were guard Bill Taylor, center Doran Post and halfback Harry Johnson.

Johnson apparently replaced Willie Greenlaw, the Huskers' leading ground-gainer of last year's Orange Bowl team.

Missouri coach Don Faurot drilled the Tigers on the kicking game. "That's what beat us last week," Faurot said, "and we're going to improve that department." He named Jerry Curtright to replace the injured halfback Sonny Stringer in the starting lineup against Michigan.

Kansas State worked behind closed gates on defense against Iowa's "multiple offense." A 37-man Wildcat squad left for Iowa City this morning, including center Jim Furey who had been injured.

## Cats Invade Iowa Saturday

# Traveling Squad of 37 Men Make Trip for Iowa Game

A 37-man traveling squad of Wildcat gridders left this morning for Iowa City, Iowa, to tangle with the University of Iowa on Saturday.

Coach Bus Mertes took the following players:

Halfbacks—Tony Addeo, Dick Allen, Bill Carrington, Jerry Hayes, Kenny Nesmith, Ralph Pfeifer, and Keith Wilson.

Fullbacks—Ray Glaze and Doug Roether.

Quarterbacks—Dick Corbin, Bob Whitehead, and Bob Willibey.

Ends—George Laddish, Jim Rusher, Don Zadnick, and Chuck Zickefoose.

Tackles—Tito Cordelli, Ed Dunn, Chuck Farinella, Tom Gowing, John Keean, Len LeGault, Ron Nery, Ellis Rainsberger, Harold Riechers, Frank Rodman, and Jon Walker.

Guards—Rudy Bletscher, Wally Carlson, George DeBitetto, Bob Hiliard, Burt Schmidt, and Andy Stewart.

Centers—Jim Furey, Ralph Graham, Ronald Haney, and Kerry Clifford.

Coach Mertes will be accompan-

ied by Assistant Coaches Pat Naughton and Herb Cormack.

Assistant Sol Kampf will be at Columbus, Ohio, to scout Nebraska against Ohio State. Coaches Steve Susic and Ed Cavanaugh will scout the Marquette-Wisconsin game at Madison, Wis.

Adding interest to tomorrow's tussle between the Cats and Hawkeyes is the fact that Coach Bus Mertes will be challenging his alma mater. He played at Iowa in 1941 and 1942 and received his bachelor's and master's degrees there.

The game tomorrow will be the opener for the powerful Hawkeyes who are picked to run a close second to Michigan in the Big Ten conference this year. It will be the season's second game for the Cats who dropped their opener 38-20 to Wyoming university last week.

Iowa is rapidly becoming a national football power under the tutelage of Forest Evashevski. The Hawkeyes finished with a

4-3 record in Big Ten competition last season and held a 5-4 overall mark.

Iowa's three conference defeats last year were near misses—to Michigan, 14-13; to Ohio State, 20-14; and to Minnesota, 22-20. Eighteen lettermen are back to bolster the Hawkeye squad this year.

The only previous meeting between the Cats and Hawkeyes was in 1951 with Iowa on the long end of a 16-0 score. In that game, Iowa outrushed the Cats 246 yards to a minus 21 yards. Their passing attack netted 147 yards to 89 yards for the Cats. Iowa also scored a safety.

The Iowa running attack will feature a multiple offense including the "T," split "T" with unbalanced line, and single wing formations. Coupled with experienced quarterbacking and good backfield speed, this "all-ways" offense should be effective.

**NEW Skyway TOTE-ALLS**  
FOR AIR TRAVEL

You CAN take it with you All 4 only 40 lbs.—PACKED!

22" Dues-Tote \$22.50

12" Junket \$10.50

### NEW PLAN BRINGS YOU OUTSTANDING SELECTIONS WITH FREE BONUS RECORDS REGULARLY

Let us enroll you in the new Columbia @ Record Club, to receive free the Club's interesting monthly Magazine describing its top Selections of great records in the four musical Divisions: Classical—Listening and Dancing—Broadway, Movies, Television and Musical Comedies—Jazz.

You'll have your pick of every kind of music, performed by world-famous artists—all on 12" high fidelity Columbia @ records, which you can play on any 33 1/3 rpm phonograph. Records are mailed to you direct from the Columbia factory, and billed at list price (usually \$3.95, occasionally \$4.95) plus a small mailing charge. And you receive a FREE BONUS RECORD for every two records you buy. Your only obligation is to accept at least four Club Selections a year, from nearly 100 offered. Start your membership NOW with a FREE RECORD from the above list. Mail the coupon, phone, or come in. We'll gladly help you enroll.

WATERS, Manhattan, Kam.

Please send me as my FREE gift for joining...

(TITLE OF RECORD DESIRED)  
...and enroll me in the following Division:

My only obligation as a Member is to accept at least four Columbia @ records within the next 12 months from the Club's monthly Selections and alternate recommendations, as described in the Columbia @ Record Club Magazine, which will be mailed to me free each month. These records will be mailed to me at the regular list price, plus a small mailing charge, and, for every two records I purchase, I am to receive a Bonus record FREE. I may purchase records in any Club Division, with the same credit toward Bonus records. I reserve the right to cancel my membership after buying four records.

## ISA To Have Regional Meeting

A regional meeting of the ISA to be October 14 and 15 at Laramie, Wyoming, was discussed at the ISA meeting Wednesday night.

Any ISA member may attend the regional meeting, Roger Tointon told the assembly. Tointon is the regional ISA president.

The assembly voted to have their meetings the second and fourth Wednesday of each month.

## Weekly Meetings For KS Debaters

Students interested in the debate team are urged to attend its weekly meeting each Tuesday at 7 p.m. in J8.

The team's first meet will be an audience debate with Kansas university November 4 just prior to the KU-K-State football game. This is to be an annual event on a home and home basis starting this year.

K-State last year competed in 239 decision debates winning 126 and losing 113. The total number of tournaments attended was 17. The team took third place at the Notre Dame Invitational tournament.

## K-State Coed Only Girl Graduate of Boys' Town

By MARY FABIN

A girl who was graduated from the eighth grade at Boy's Town is among students at K-State this year.

She is Joel Ann Glessman, DIM Jr., who transferred here from Omaha university and who now is living at Van Zile hall.

Jody, as her friends call her, hails from Omaha now, but orig-

inally lived near Boy's Town.

Her father is on the grounds maintenance crew at the nationally-known school for boys.

Jody is the only girl ever to be graduated from the eighth grade at Boy's Town.

Though she attended a school for employees' children, it was a part of the town itself and her diploma attests to the fact that she was graduated there.

In addition to attending classes at Boy's Town, she worked in the filing and posting department for two summers.

One of her most vivid memories of the town is of Father Flannagan, whom she knew well. She says he truly was as wonderful with the boys as he was publicized to have been.

## Grad Students To Have Picnic

The Graduate Student's association will have a picnic for all graduate students at the shelter house in Sunset park Sunday, September 25 at 4 p.m.

Those who plan to attend are requested to meet at the west end of the Temporary Student Union.

## The Taproom

Welcome back students to the same old Taproom with a new look. You new students come in and get acquainted.

Remember "FMAT." Once a month our "Favorite Man at the Taproom" get all the beer they can consume.

## NOTHING IN ITS FIELD CAN MATCH CHEVROLET FOR ACCELERATION!

Great Features back up Chevrolet Performance: Anti-Dive Braking—Ball-Race Steering—Out-rigger Rear Springs—Body by Fisher—12-Volt Electrical System—Nine Engine-Drive Choices.

When you need a quick sprint for safer passing, this V8 delivers!

It's pure dynamite, and you have to go way, way up the price ladder before you ever find its equal.

The proof was burned into the sands of Daytona Beach at the NASCAR\* trials earlier this year. In acceleration tests, Chevrolet walked away from everything else in its field. Plus all the high-priced cars except one!

It's the big reason Chevrolet's been taking all comers in short track stock car events this season. Sizzling acceleration along with handling ease and cornering ability—things that mean safer, happier highway driving. Come on in and let a new Chevrolet show you what we mean.

\*National Association for Stock Car Auto Racing

NOW'S THE TIME TO BUY! LOW PRICES—BIG DEALS! ENJOY A NEW CHEVROLET

Drive with care... EVERYWHERE!

NUMBER 8

## Howard Is New KS Drum Major

Nancy Howard, EEd Soph, has been appointed drum major for the Kansas State band, Jean Hedlund announced to band members Friday night. She will replace Marlene Young, EEd Soph, who last year was the first girl drum major in K-State history.

Miss Howard has previous band experience, and is a musician herself. She plays

Nancy Howard

flute, piccolo, and piano. She was drum major for Topeka high school in her junior and senior year.

"I had always sort of wished I could be drum major in college," Miss Howard said. "But I was really surprised when I found out I had been appointed." Her first appearance before the public will be at the Nebraska game Saturday.

In addition to the new drum major, the band will have three new twirlers. All freshmen, they include Karen Blume, Lynn Mech-esney, and Joyce Brower.

Other new personnel announced by Hedlund are Larry Nelson, librarian; and Jerry Watt, in charge of instruments, uniforms, and special equipment.

## Free Movie Slate Named For Semester

Free movies for first semester have been selected by the Union movies committee. Gary Rumsey, committee chairman, announced the following schedule:

September 30, "Back to God's Country;"

October 7, "Never Give a Sucker an Even Break;"

October 14, "The Milkman;"

October 28, "The Red Inn;"

November 4, "Christopher Columbus;"

December 3, "Mr. Smith Goes to Washington;"

January 6, "Sally and St. Anne;"

January 13, "Bend of the River."

## Stocks Drop Sharply Today

New York (U.P.)—President Eisenhower's illness over the week end today set off the most severe break in stocks since November 6, 1929.

The drop wiped out nearly \$7,000,000,000 in paper and real profits.

It was accompanied by the most active trading in many years with 3,400,000 shares appearing up to noon.

Transactions were slow to open. Deluge of selling orders could not be matched readily with buying orders. Some stocks were still opening in the early afternoon.

## Ike's Condition Reasonably Good

Denver, Sept. 26 (U.P.)—President Eisenhower's top heart specialist said today prospects are "reasonably good" for the President's complete recovery and that barring unforeseen complications he should be able to run for his second term.

## Bus Mertes Says

# Cats Look Better Saturday, Will Be Ready for Nebraska

"The boys never quit hitting after trailing 21-0 at halftime in Saturday's grid game with Iowa," Coach Bus Mertes said. "They were hitting on defense from the start and never let up. We are proud of the boys for their showing and with the improvement the team has made. They will be ready for Nebraska next Saturday."

Iowa university struck for one touchdown in the first quarter and two more in the second quarter to grab a 21-0 halftime lead over K-State, then settled for a 28-7 victory as each team scored once in the final quarter.

The Wildcats had the ball only twice in Iowa territory, but were able to shove over a touchdown on one occasion in the final quarter. Both times the Cats reached Iowa territory came as results of Iowa fumbles.

Jerry Reichow was the big noise in Iowa's attack as he operated almost flawlessly from the quarterback slot. He accounted for the 147 yards Iowa gained through the air, as he completed 8 of 12 passes, and picked up 88 yards rushing in 10 tries.

The Hawkeye's first touchdown came on a 91-yard drive that was covered in 13 plays. Reichow's operation of the option play was the main factor in this drive as he carried twice for 29 yards. Jon Janda, reserve fullback, went over from the nine-yard line for the tally.

K-State came out in the second half and held the Hawkeyes scoreless until the final quarter, when Reichow hit Earl Smith with a 12-yard pass for the final Iowa score.

Soon after the Hawkeye's final touchdown, Dick Allen, K-State's sophomore reserve left halfback, went to work for the Cats. The Cats took Iowa's kickoff but could not move in three tries, at this point Allen booted for 75 yards, a

kick that carried from K-State's 17 to Iowa's 8-yard line. After Iowa worked the ball to their 12, Allen recovered an Iowa fumble that set up K-State's only touchdown.

Bill Carrington and Tony Addeo both picked up three yards for the Cats, then Dick Corbin went over for the touchdown on the keeper play.

Early in the third quarter Iowa went all the way to K-State's one-half yard line but the Cats defense stiffened at that point and kept the Hawkeyes from shoving the ball over for a touchdown.

Although K-State spent most of the afternoon in its own territory the Cats defense was much sharper than against Wyoming in the season's opener. Several times the Hawkeyes broke through the Wildcat's front line to have a man in the secondary bring them down.

The line play of the Cats was

## Sixteen To Vie For RP Queen

Sixteen girls have been chosen to represent K-State organizations as Royal Purple queen candidates.

The candidates and their sponsoring organizations are: Martha DeGraff, Alpha Xi Delta; Jolene Boehner, Alpha Chi Omega; Ruth Pickett, Delta Delta Delta; Betty Childs,

Clovvia; Joan Smith, Waltheim; Jackie Wade, Kappa Delta.

Marilyn Doran, Kappa Kappa Gamma; Sondre Tate, Pi Beta Phi; Libo Parker, Chi Omega; Phyllis Pratt and Pat Roberts, Van Zile Hall; Lou Ann Sheldon and Patti Penrod, Northwest Hall; Kathleen Schults and Kay Thompson, Southeast Hall; and Carole Homquist, Alpha Delta Pi.

Candidates were chosen early this year so that the 1956 Royal Purple could have a color group picture of the candidates taken in the formal garden. The picture was to have been taken yesterday but was rained out.

The queen and her attendants will be chosen later this semester and crowned at the RP Ball.

Last year's queen was Margaret Slaughter.

## Bob Grant, Polio Victim, Doing Okay

Robert L. Grant, CE Soph, was taken to Winter Veterans hospital in Topeka Friday night with polio.

"He was doing okay yesterday, and using a respirator has not been necessary," Dr. B. F. Lafene of Student Health, said today.

"The paralysis has only reached the stage where it is difficult for Grant to swallow," Lafene said.

## Student Health

Two boys and one girl are patients at Student Health today. They are: Lawrence McDonald, Merle Converse, and Loni Ballard.

## Soils Expert To Talk Here November 29

Charles Edwin Kellogg, a soils expert, will open the forum on land use at K-State college.

Kellogg is administrator in charge of the soil survey division of the United States Department of Agriculture.

His knowledge of soils and their use began taking him abroad in 1935 when he was delegate to the Third International Congress of Soil Science at Oxford, England. Since then he has attended the General Assembly of the International Institute of Agriculture at Rome, Italy, in 1938; the Second Inter-American Conference of Agriculture at Mexico City in 1942; the Seventh Pacific Science Congress in New Zealand in 1949.

He was a guest of the Academy of Science of the USSR for its jubilee anniversary sessions in Moscow and Leningrad in 1945 and was a guest scientist in France, the Belgium Congo, and Britain in 1947 and 1948.

## Assignment Slips Ready For Students

Students who registered during the regular registration periods are urged to pick up their IBM assignments in Rec center Monday and Tuesday, E. M. Gerritz, registrar, said.

Students in veterinary medicine should pick their assignment sheets in the dean's office.

The assignment sheets, which formerly have been mailed to the students, list the courses and credits to which a student has been assigned.

Unless changed by a "change of assignment," grades will be turned in for the courses listed and for no others, Gerritz said.

Since these assignment sheets were prepared immediately following registration, no "changes in assignments" are included, Gerritz said.

If there are corrections to be made other than through reassignment the individual student should report to the registrar's office.

Collegian photo by Elmer Kerstensen

DICK ALLEN, Cat halfback, is brought down hard by Iowa tacklers after a short runback of an intercepted pass late in the game Saturday. Coming over to block for Allen are Wally Carlson (62), Kerry Clifford (54), and Len LeGault (76).

## Unsigned Letters Can't Be Printed

An unsigned letter to the editor has been received from "A Teed-Off Freshman."

Since it is the Collegian's policy not to print unsigned letters, the freshman will not see his letter in print.

If he will come to the Collegian office and identify himself as the letter's author, however, the letter will be printed without his signature. Reason for this is so that we know the letter is legitimate.

—Gary Swanson.

## That's Life ...

London (U.P.)—A 33-year-old spinster wrote the Sunday Chronicle that she would like to see Parliament make polygamy legal in Britain.

Ethel Gray said she "wouldn't mind being in the harem . . . even though I might not rank as favorite. Better to have played on the second team than not at all."

### GOP Concedes

## Ike May Be Out of Race For President

By LYLE C. WILSON  
Of United Press

Washington—Dismayed Republican leaders privately were conceding today that the heart attack which struck President Eisenhower shortly would compel him to withdraw from the 1956 Presidential campaign.

They feared the magic Eisenhower luck had faded. Democrats privately echoed this belief. Their bleak Presidential prospects for next year suddenly shone like a desert sunrise.

Democrats and Republicans alike proclaimed business-as-usual in government during Mr. Eisenhower's illness.

## Who Runs U.S. While Ike Is Ill?

By LEE NICHOLS  
of UNITED PRESS

Washington—President Eisenhower's illness has raised an ancient question: Who runs the government when the President is ill?

The Constitution provides that the powers of the Presidency "shall devolve" on the Vice-President in case of the Chief Executive's death, resignation, or "inability to discharge" the powers and duties of his office.

But no legal body ever has decided what constitutes "inability" to handle the Presidency, nor who shall decide when a President is in such a state.

It was disclosed yesterday by White House Press Secretary James C. Hagerty that the problem of finding someone to make decisions for the President, if it becomes necessary, is under consideration.

Hagerty has asked Deputy Attorney General William P. Rogers for an opinion on "any action that might be necessary at any time for any delegation of powers" by the President, and "if any are permitted."

Thus far in American history, only two Presidents—James A. Garfield, and Woodrow Wilson—have been unable to discharge their official duties for considerable periods of time.

Garfield was disabled July 2, 1881, when he was shot by an assassin. He died the following September 19. Wilson collapsed September 26, 1919, while on a speaking tour defending the Versailles treaty. He did not recover sufficiently to call his cabinet until the following April.

### World News

## Reds May Dam Bering Strait

London, Sept. 26 (U.P.)—Radio Moscow said today that "engineers with imagination" are considering a project to reclaim Arctic wastelands by damming up Bering Strait and pumping warm Pacific water into the Arctic ocean.

The broadcast said North America and Europe would share in the benefits, as well as the Soviet Union.

The commentator was identified as a member of the USSR Academy of Science's institute of energetics.

"What is now barren and frozen wilderness would blossom with fields and orchards and sparkle with myriads of electric lights," he said.

### 104 Dead in Hurricane's Wake

Miami, Sept. 28 (U.P.)—Hurricane Janet, with at least 104 persons dead in its wake, flung gales toward Jamaica today while its top winds of 110 miles per hour steered through the open Caribbean sea.

Authorities reported 80 persons were known dead on Grenada and 24 on Barbados, which were hit by 124-mph winds in the hurricane's sweep across the windward islands.

The death toll was feared rising. Entire families were reported crushed to death when landslides buried their dwellings, or drowned in floods that cascaded upon the islands' populous villages.

## Today's Quotes ...

Prominent persons made these comments on President Eisenhower's illness:

Queen Elizabeth: "I am deeply concerned to hear of your illness. My husband and I send our warmest good wishes for your speedy recovery."

Soviet Premier Buganin: "I deeply regret from the bottom of my heart the news of your illness, and sincerely wish you as speedy a recovery as possible."

A Vatican spokesman for Pope Pius XII: "He prayed for the precious life of this man, who means so much for world peace among all men."

Sen. Estes Kefauver (D-Tenn.): "That's terrible. . . . I'm awfully sorry. . . . He's been going mighty hard. . . . He's badly needed."

Adlai Stevenson: "The news of his heart attack is very distressing. . . . I'm sure all Americans, regardless of political and other differences, share my anxiety and earnestly pray for his speedy and total recovery."

Soviet President Voroshilov: "I was very sorry to hear of your illness. I sincerely wish you a speedy recovery."

Jack Kroll, director of the CIO political action committee, a long-time political foe of the President: "We join with the rest of the nation in putting aside politics and expressing our heartfelt wishes for the good health and speedy recovery of the President."

# Will Jacobs Wins Weekly Grid Poll

Response to the "Pigskin Prognostication" contest has picked up and this week's contest produced one winner. Willis Jacobs was the winner as he came close to guessing the right score of 28-7. Willis picked Iowa to win 27-7, and was only 18 yards off on Iowa's total yardage as he guessed 454 yards, but they made only 427.

A total of 25 entries were received for this week's contest, with only three of the entrants

picking K-State to win. This is an increase of eight entries over last week.

This contest is a student affair, and although there are no prizes given for the winner, lets all get into the game and submit our entries.

Entry blanks can be found in the sports section of the Collegian of each Thursday and Friday, and should be deposited in the box at the south end of the Collegian rack in Anderson hall.

## Pride Returned To Conference

Kansas City, Mo., (U.P.)—Pride returned to the Big Seven in a big way, and may be here to stay.

The week end schedule is anything but weak, with two opening conference games on tap—along with three tough inter-sectionals.

Biggest contest, on a national scale, befalls Oklahoma. The Sooners downed North Carolina 13-6 Saturday—and meet powerful Pittsburgh at Norman this week end. "This may well be our toughest foe all season," said coach Bud Wilkinson.

Colorado, which salvaged some Big Seven prestige in opening games by downing Arizona, 14-0, plays Kansas at Boulder in a conference game.

Those Kansas Jayhawks, who weathered a victory drought, came through proudly to snap their 17-game losing streak, 13-0, at the expense of Washington State.

Nebraska, where football hit a record low in a 6-0 loss to Hawaii a week earlier, almost shocked Ohio State, 28-20. It was a fine showing for the Huskers, who play at Kansas State in the other conference game this week end.

K-State lost again, bowing to Iowa, 28-7. Missouri, which lost to Big Ten powerhouse Michigan 42-7, returns home to meet Utah and for the first time this season was given a chance of winning. Iowa State, idle last week end, meets Illinois.

## 16 Former Staters Get Nurses' Caps At Med Center

Sixteen former K-Staters were among the 47 new student nurses at the KU Medical center who received their caps in exercises September 16.

Receiving their caps were Donna J. Brown, Joann Howell, Nancy Jo Johnson, Judy Lippitt, Beverly Marvel, Bernice Miller, Verna Miller, Martha Morgan, Beverly Morrow, Jessie Schmittlein, Donna Seidler, Wanda Stalcup, Betty Tillotson, Maurine Ulrich, Carol Vallentine, and Sue Van Deventer.

These students are all candidates for BS degrees with certificates as registered nurses. They transferred from Kansas State to the Medical center for hospital and clinical training.

## Scholarship Applications Deadline Set

K-State students interested in applying for scholarships for study in foreign countries this coming year should do so immediately, Harold Howe, chairman of the committee which processes these applications, advised.

Deadline for application for Rhoades scholarships or Fulbright grants, both of which are processed by Howe's committee, is October 17.

Though applications for Marshall scholarships, for study in England, and Institute of International Education scholarships for study in Mexico, are not processed locally, students interested may secure information from Howe.

## Whi-Purs Election At 5 p.m. Today

Whi-Purs officers for the '55-'56 term will be elected at 5 p.m. today in Willard hall, according to Janice Graham, past president. All new Whi-Purs members are to attend.

The great winter wheat crop of Kansas is actually an immigrant. The first hard winter wheat to be planted in Kansas was brought from Russia by German Mennonites.

## K-State Players To Have Tryouts

Tryouts for three one-act plays to be presented by K-State Players in late October will be Tuesday, September 27, at 7 p.m. in G206.

The three plays are: "Aria da Capo," by Edna St. Vincent Millay; "Opera, Opera," by William Saroyan; and "Red Peppers," by Noel Coward.

## Court Quickly Settles Rita-Aly Kahn Dispute

Reno (U.P.)—A Nevada court took just five minutes to settle a lengthy squabble between actress Rita Hayworth, and Aly Khan over their five-year-old daughter, Yasmin.

District Judge A. J. Maestretti approved an agreement drawn up by attorneys for Rita and the Moslem prince, establishing condi-

KANSAS STATE COLLEGIAN  
Monday, September 26, 1955—4

tions under which Yasmin could visit her father in France.

The compromise dismissed an action filed by Aly against the actress August 10 seeking to compel Rita to produce Yasmin for a visit with her father.

## Plans Discussed For Student Union

Tentative plans for use of the new Student Union were discussed last night by the Student Union governing board at its weekly meeting.

Loren Kottner, Union director, submitted topics for the board to discuss. No final decision on these were reached by the board, but information was furnished members so that they might be able to study the tentative plans.

The suggested topics were:

1. **Smoking** — Smoking may be permitted in all parts of the building except in dancing areas during dances and in areas during movies.
- (a) There are a number of areas in the building where cigarettes could damage the floor if they are crushed out on the floor instead of put into ash trays.
2. Users of the building are urged to use the check room for books and coats. This probably will not be mandatory, but only only a service suggested to the students.
3. Alcoholic beverages and gambling are not permitted in the Union.
4. Who may use the building? Kottner suggested three general groups which may use the building. These are student-related groups, college groups, and outside groups. They will have priority to the building's use in this order.
5. Assignment of space in the activities center.
6. Check cashing—"There is currently no place except the temporary Student Union on the campus where students may cash checks. As long as a limit on the amount of the check and a careful procedure is setup so that we don't have a flood of rubber checks, I feel that this a service which the Student Union should provide," Kottner said.

Some of the members thought that a \$5 limit should be set, while others said they thought \$10 or \$15 would be better.

7. **Hours of operation**—The budget was drawn on the following basis of hours of operation: Monday through Thursday-7 a.m. to 11 p.m.; Friday-7 a.m. to 1 a.m.; Saturday-7 a.m. to 1 a.m.; Sunday-7 a.m. to 11 p.m.

Consideration was given to coordinate the closing of the Union during weekdays with the hours at the dorms, which close at 10:30 p.m. No decision was made.

Kottner said the budget was also set up on the basis that the building would be closed immediately after summer school until approximately September 1 in order that vacations could be taken by the Union staff and to provide them for heavy cleaning.

# Three SC Members Out; One Ineligible, Two Resign

Two members of the Student Council resigned and a third was declared ineligible at a meeting of the Council last night. Student body President Gerry Day presented letters of resignation from Mike Cornett (Integrity) and Joyce Larson (Integrity) and said that Jack Barrett (All-College) had been removed from the Council because of scholastic ineligibility.

Mackie Murphy (Integrity) was elected to replace Barrett as vice-chairman of the Council, and Beverly Sargent (Integrity) was named corresponding secretary, succeeding Miss Larson. The latter election added a touch of humor to the otherwise

routine meeting. Bunny Cowan (Integrity) first nominated Charlotte Henry (Integrity) who in turn nominated Miss Sargent. Miss Sargent replied by nominating Miss Cowan. Miss Cowan withdrew from the race saying she already had too many activities and couldn't spell. To this, President Day added, "You're right. She can't spell anything."

Three new replacements on the Council will be selected by the school councils.

Newton Anderson (Integrity) moved that Council recommend to President McCain that the instructors' names be included in the line schedules. However, Pat Wilkerson moved that the motion be tabled and a committee be appointed to talk to department heads. Bill Kennedy (Integrity) seconded the motion, and it carried, with one dissenting vote by Anderson.

The committee will be composed of Don Hunt, chairman; Merton McIlvain, and Warren Nichols.

The Council also voted that class elections will be October 20 and 21.

In reply to a question from Murphy, Day said that President McCain definitely would not have his office moved into the new Student Union. "A letter about this from the President to the Collegian will be forthcoming," Day said.

The constitutional by-laws amendment enabling freshman representation on the Council will be placed before the school council again. The amendment was ratified by all but the Ag Council and the Arts and Sciences Council last spring. The motion was made by Keith Swenson (Integrity).

The Council voted to maintain four student members on the traffic control board. A letter from R. F. Gingrich pointed out that the board had three student members last year, and the Council had appointed four this year.

Bill Kennedy (Integrity) moved to retain four members and said that the board was "one of the hottest things on the campus. If we need students anywhere, it's there."

Four students were retained on the student activities board and three new members appointed. The new members are Midge Mulkey, Janet Easson, and Dwight Bennett. The old members are Pat Lloyd, Joyce Graham, Ilene Dondlinger, and Gary Rumsey.

The committee on a book store in the Student Union reported that a study was being made of Kansas university's union store. The group also reported that Alpha Phi Omega, honorary scouting fraternity, had offered to furnish help in the used book department if and when a store was placed in the Student Union.

"I'll bet they will," chairman Mark Drake added.

## Angel Flight Needs More KS Coeds

Coeds may still join Angel Flight, John Slaughter, organizer of the group, announced. Anyone interested in joining may meet on the ROTC drill field this Thursday at 4 p.m., Slaughter said.

One practice session a week will be held. Dress for these sessions will be determined by the girls.

Slaughter said that there are enough uniforms for about 95 girls. The girls will wear white skirts and blouses with blue capes and caps.

## Kansas State Collegian

Kansas State College, Manhattan, Kansas, Tuesday, September 27, 1955  
VOLUME LXII NUMBER 9

### Drought Routed As Rains End

Topeka, (U.P.)—Sunshine and rising temperatures today replaced another round of rain in Kansas, where the drought has been put to rout in some fortunate areas and beaten back in most others.

A few final thunderstorms remained in the extreme southeast this morning. They were due to end in the early afternoon.

The weatherman said seasonal temperatures are returning, meaning highs in the upper 70's.

The rain produced about an inch of moisture over the eastern half of Kansas. The general cut-off line of precipitation westward was from Concordia to Salina to Pratt, although there were a few showers beyond.

Heaviest rain reported to the state weather bureau was 2.10 inches at Trading Post on the eastern edge of Kansas.

### Parents Day Postponed; To Be Oct. 15

Parents Day at K-State will be October 15, not October 1, Bob Alexander, Union program chairman, announced.

It was previously printed on the tentative calendar put out by the Union that Parents Day will be October 1. Alexander said that a few students have already purchased tickets for their parents for the earlier date.

October 15 will also be Band Day and Editors' Day. K-State will play Colorado university here.

General chairman of the Union's parents day committee is Dean Nehrig. Other chairmen are Kay Benjamin, program; Ruth Gress, co-ordinator; Jean Cox, publicity; and Sheila Dicken, secretary.

### Ike Continuing To Gain Steadily

Denver, (U.P.)—President Eisenhower continued to gain steadily today in his fight against heart disease.

The text of a brief 8 a.m. (CST) bulletin said:

"The President had a very good night. He slept almost continuously from 8 o'clock last night until 6:15 this morning."

The Chief Executive, who looked and felt like anything but a sick man, had a long, restful evening at Fitzsimmons army hospital where he has been a patient since Saturday.

## 'Tiny,' the Elephant, Given Checkup by K-State Vets

Tiny in the Doctor's Office

### Pachyderm's Diet Is Not Peanuts

The services of K-State's veterinary clinic have been extended to include, of all things, an elephant.

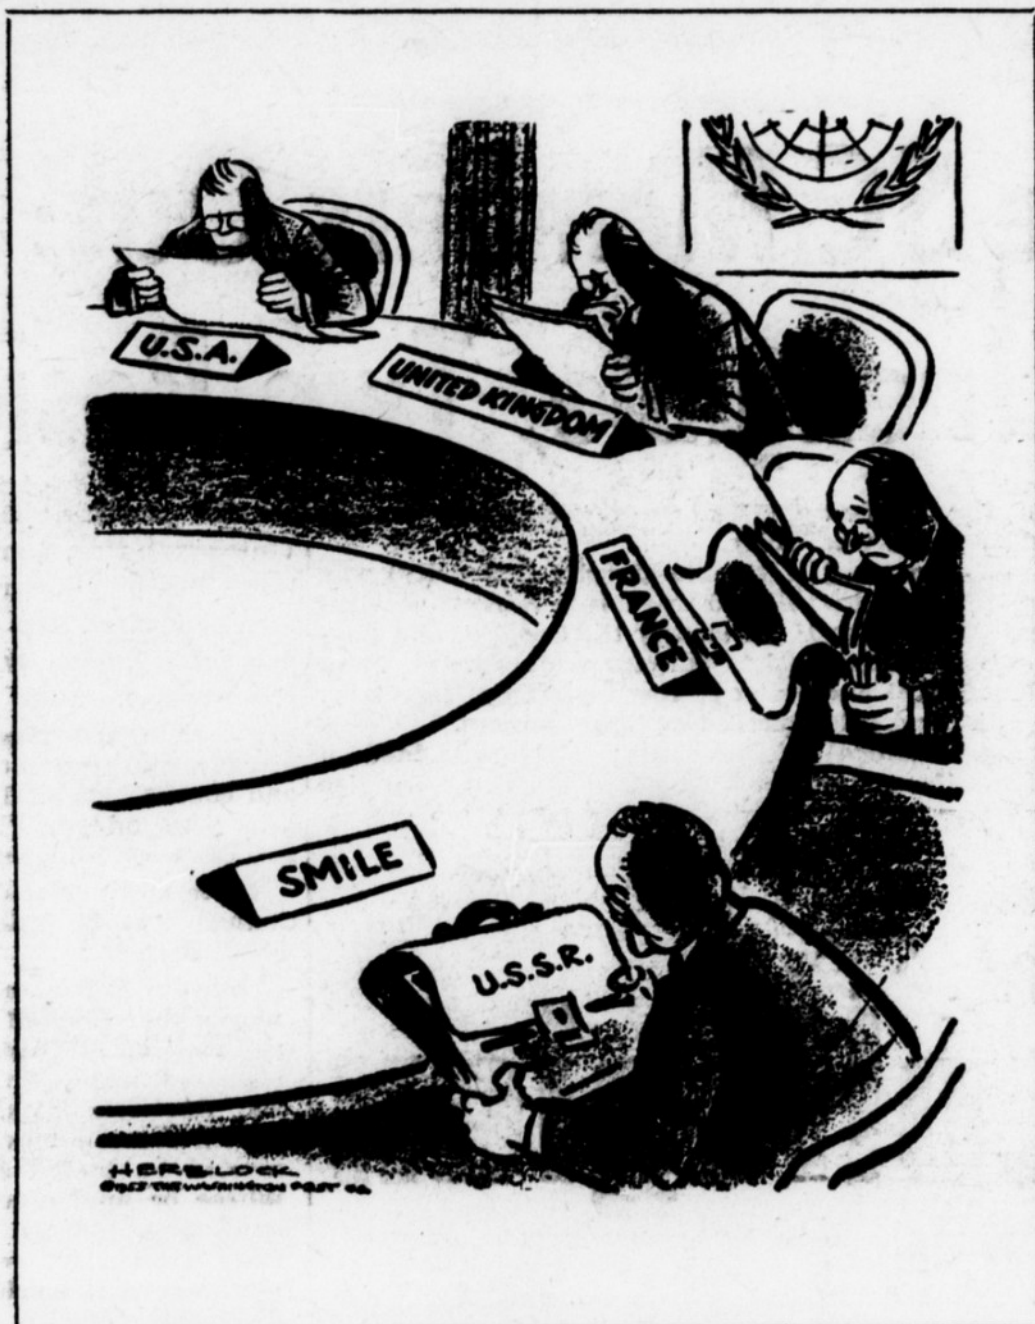

"Tiny," a three-year-old Indian elephant has made himself comfortable in a horse stall and currently is undergoing a general checkup. "Tiny" is relatively small as elephants go; he tips the scales at a mere 500 pounds.

Up to now he has ignored the traditional diet of peanuts. His meals usually consist of timothy hay and various grains.

"Tiny" arrived in Seattle last summer and was purchased by his present owner, an animal trainer at Junction City, who values the miniature pachyderm at \$4,000.

Photo by Gary Haynes

### Why Not Here?

## Legal or Not, Some Colleges In Kansas Do Fine Drivers

Avid K-State proponents of the fining system for traffic violations should move west a little to Fort Hays Teachers college, where a new system of fining was set up this year.

A news story to the Topeka Daily Capital from Hays says:

"Parking on the Fort Hays State college campus is closely regulated by the student council this year for the first time.

"Students and faculty members now pay 50 cents for parking permits. A speed limit slows traffic to 20 miles an hour except for crosswalks, where vehicles must slow to 10 miles an hour and stop if pedestrians are in the line.

"Fines of \$1 to \$5 go to the Student council fund. To enforce the regulations, the college has hired a full-time campus patrolman."

Attorney General Harold Fatzer has ruled that, in his opinion, a fining system for traffic violations would be illegal, yet at least two of the five state-supported schools (Hays and KU) have fining systems. Why not K-State?

Plans have been made to ask the 1957 Legislature for a law which would approve a fining system. If other schools are doing it now, why not K-State? After all, how would a traffic fine differ from a library fine? Many persons contend that if

K-State would set up a fining system without a specific law approving such a system, enforcement would be a major problem.

I know a fellow who didn't pay a library fine. When he went to enroll the next semester there was a little slip on his dean's card which said that he couldn't enroll until he paid the fine. A similar method could be used in enforcing the traffic fining system.

It looks like somebody is getting bluffed.

Gary Swanson

### That's Life ...

Milwaukee, Wis., (U.P.)—Mrs. Norbert Seidlitz telephoned police yesterday to tell them "there's an alligator in my back yard."

Police were skeptical, but found an 18-inch alligator staring at them when they arrived at the address. A piece of wire around its neck indicated it was someone's pet.

### Today's Quote ...

Soviet Communist party chief Nikita S. Khrushchev on his government's attitude toward religion:

"We remain atheist and we do everything we can to liberate a certain part of the people from the opium attraction of religion which still exists."—U.P.

### Readers Say K-State Spirit At Rock Bottom

(Opinions expressed in letters are those of the writers and do not necessarily reflect the policy of the Collegian. The Editor reserves the right to edit the letters to conform to public law and to the standards of decency and good taste upheld by most newspapers, and to fit space limitations. No letter may exceed 250 words. Unsigned letters will not be published.)

Mr. Editor:

From the amount of controversy which ensued from "Our Grass Is Lawn Gone," one might think that our chances of winning the Big Seven title hinge on how green our grass is.

The title of this letter probably should be "The Spirit Finally Moves Us. . . ." or maybe better still, "The Lack of Spirit Moves Us. . . ." to write a letter to the editor.

Having played four years of football in high school and one year of small college football, I know from personal experience just what school spirit means to a team—and brother, I want to tell you it means a lot. Also, I can say that the school spirit at K-State has dropped to the lowest I've seen anywhere.

There was no pep rally before the Wyoming game, nor before the Iowa game. (Incidentally, our neighbors down the Kaw had a big pep rally and won their last game.)

So I've had my say, and the students can do as they please—either let the team do the best it can without the moral support it needs, or get out and literally cheer it on to victory.

However, whether spirit is shown or not, the success or failure of the team will be published in the Sunday papers for all the world to see; and the success or failure of the team reflects the true loyalty of the student body.

As for me, I want the team to win.

Very sincerely,  
Robert S. Reece, PEM Sr.

### Pep Rally Needed!

Dear Editor:

An activity at K-State is much like the weather—everybody talks about it, and nobody does anything about it. This has been the "trend of the times" at K-State for too long.

Take, for example, the K-State football teams of the past three seasons. For the first time in two decades, K-State has had winning football teams. But who cares? Whenever we are faced with big competition the attitude is, "Ah, we can't beat them anyway." Where is our spirit?

We would like a few questions answered. Who is supposed to get a pep rally going? It is our understanding that this is a job of the pep organizations. Are we right? And how about the fraternities and sororities? Don't they help promote school spirit?

The pep organizations were at the game last week. Excuse us—some were there. Oh, excuse us again—there were so few that the ushers permitted non-pepclub members to sit in their sections. Are we correct when we say that the only reason for being a Purple Pepster (or what have you) is to sit on or near the 50-yard line? We think so!

We feel that a few of these organizations should get on the ball and show their spirit by giving us a rip-roarin' pep rally Friday night.

So, college organizations, call a rally to take place in the city park about 7 Friday night! We'll whoop it up for an hour or so, then Saturday we'll make the Cornhuskers wish they had stayed in Lincoln.

Let's not settle it there, however. Let's give a pep rally before every game to give our team a needed lift. They will appreciate it.

Sincerely yours,  
M. P. Thompson, DM Sr;  
Dolan Leverton, DM Jr;  
Jerry Sleeper, DM Jr.

### Yugoslavs Think So

## Is 'Bourgeoisization' Of Russia Possible?

By STEWART ALSOP

BELGRADE—Yugoslavia is living proof of how far the process of change can go in a Communist state, once it gets started. All qualified observers agree that some sort of process of change has started also in the Soviet Union. It is tempting to speculate whether the change in Russia might go as far as it has here.

Make no mistake about it—Yugoslavia is a Communist state, and a dictatorship. But it is a different sort of Communist dictatorship than it was seven or eight years ago, when Yugoslavia was threatening Trieste, and shooting down American planes.

In those days, according to reliable witnesses, the Tito regime was in some ways tougher than Stalin's. The suppression of all vestiges of liberty was as total as in Russia. Now, Tito's Yugoslavia presents a startling contrast even to the milder post-Stalin Soviet Union.

Take, as an example, the party that dictator Tito threw one night for the Greek king and queen. If the late King Alexander had been around he would have applauded the impeccable full dress of the Yugoslavia officials.

No such scene could possibly have occurred in the Soviet Union, where even the simple dinner jacket is condemned as a symbol of "bourgeois decadence," and official receptions are about as elegant as a bear hug.

To be sure, there are in Belgrade the same dreariness and drabness which apparently are inseparable from Communism. But, in sharp contrast to Moscow, there are pretty girls on the streets, dressed with a certain sense of style. And there is an atmosphere of casual human easiness here that still is utterly lacking in Russia.

You can have a meal alone with a Yugoslav official or newspaperman. You can talk with him, argue with him, joke with him, in a way wholly impossible in Russia. The Yugoslavs are even capable of making jokes about the sacred doctrine.

Actually, Yugoslav leaders take their own special brand of Marxist doctrine very seriously indeed, though unlike the Russians they are capable of joking about it. According to the Yugoslavs, they discovered in about 1950 that the Russian system of total dictatorship from the center and ruthless agricultural collectivization just didn't work. So they have elaborated their own brand of Marxism. Its catchwords are "decentralization" and "economic democracy."

The Yugoslavs are perhaps the cockiest people in the world. By the same token, they are quite sure that—far from Yugoslavia being attracted back to the Soviet way of doing things—the Soviets eventually will see the wisdom of emulating the Yugoslavs, adopting "decentralization," "economic democracy," dress suits, jokes, arguments among themselves about politics, and all the other aspects of Yugoslav life.

### That's Life ...

Los Angeles (U.P.)—Mrs. Geraldine Mawhinney, who entered the hospital for "some sort of abdominal ailment," said she was very surprised when she gave birth to a 6-pound, 6-ounce girl.

Her husband also was surprised. "We're really green," he said. "We don't know anything about this. We've been married 10 years but this is our first baby."

# Wildcat Marching Band Composed of 112 Staters

The K-State Wildcat band is composed of 112 students. Names were released by Director Jean Hedlund today.

Led by Nancy Howard, new drum major, members are:

Baton twirlers—Karen Blume, Lynn Mechesney, and Joyce Brower.

Coronet—Ronald Erhart, William Lieber, Robert Lundquist, Sondra Cool, William Brethour, and Joan Skonberg.

Trumpet—Loren Anschutz, Ray Whipple, Lowell Novy, David Frey, John Levin, Curt Leigler, Benny Brent, Melvin Morton, Bruce Stover, Terry Fanning, Steve Ahrens, and Stanley Harris.

Clarinet—Bruce Quantin, Dale Lumb, Tom Allbright, Clinton Peirce, John Furrer, Willie Hil-

bert Jr., David Clark, Donald Gier, William Crawford, Karen Chapman, Janet Teague, Linda Drenon, Janice Wolverton, Mynie Mundhenke, Louise Reboul, Anita Fulhage, Sharon Knox, Donna Loomis, Karen Bennis, Kermit Harper, Paul Bocquin, Bobby Jones, James Walker.

Saxophone—Larry Pigg, Ruby Franklin, Carl Stevens, Martha Drantam, Kay Linder, Patricia Fletcher, Kathleen Harden, Marian Boucek, Nyla Arents, Lila Orme, Lynne Hofman, Paula Beason, Lucele Schmitz, Carol Fleming, Edith Lancaster, Larry Greene, William Chapman, Dale Norris, Delores Northway, Nellie Bowman, Nancy Blackburn, Joe Balaun, and Marcia Petracek.

Trombone—Glen Lewallen, Donald Heaton, Herman Kraushaar, Gordon Butte, Donald Haun, Wendell Cowan, Larry Willis, Arvin

Hoffman, Darlene Wilson, Rhonda Johnson, Robert Mayer.

Baritone—Norma Bollinger, Connie Laird, Keith Landis, Laurence Schafer, Karl Johnson, Donald Hassler, Richard Adelson, David Pearce.

French Horn—Virginia Cowan, Rodney Cole, and Robert DeCon. Bass Horns—Stanley Cowan, Gary Boelling, and Thomas Baucke.

Tuba—Delmar Reiger, Linda Bair, and Wilford Severance.

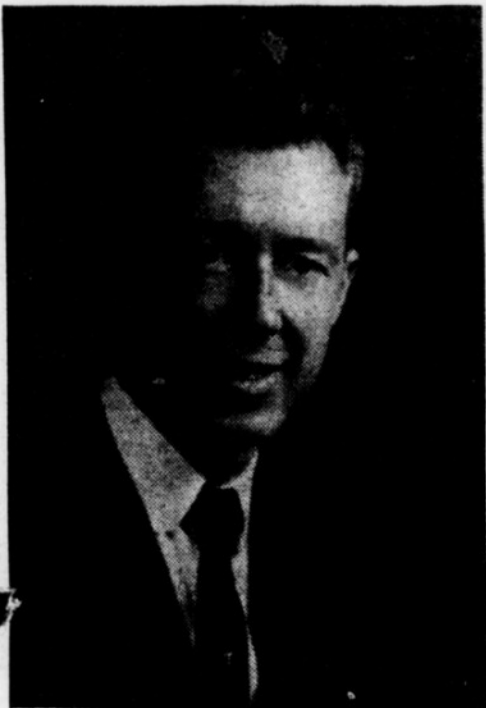

Bells—Jane Franz and Joyce Rust.

Flutes—Nancy Howard, Donal Helles, Sonia Brown, and Dia Bolton.

Piccolo—Hazel Hassebroek and Joyce Simpson.

Snare drum—Loren Dolezal, Eleanita Royer, Ronald Dailey, Gail Meyer, and Wallace Brown. Bass drum—Dean Ebel.

## Dr. W. H. Hastings Named Milling Prof

Dr. W. H. Hastings

Dr. Waldon H. Hastings, formerly a biochemist on the University of Washington staff, has been named associate professor in the department of flour and feed milling industries, John A. Shellenberger, department head, has announced.

Dr. Hastings' primary responsibility will be in connection with the recently-established feed technology curriculum, Shellenberger said.

A native of Franklin, Maine, Hastings received his BS from the University of Maine in 1934, his MS from the University of Minnesota in 1938, and his PhD in feed technology from the University of Massachusetts in 1940.

Karachi, capital of Pakistan, has had a population increase of over 400 per cent in five years, from 300,000 to 1,200,000.

## YM-YW To Meet At 4 p.m. Today

The first meeting of the YMCA and the YWCA will be held today in Rec center at 4 p.m.

The program will consist of folk singing, vesper service, and an interpretation of the year's program, said Warren Remple, YMCA executive secretary. "It will be a 'get acquainted' meeting, with an opportunity for non members to join. All interested students are invited," Remple said.

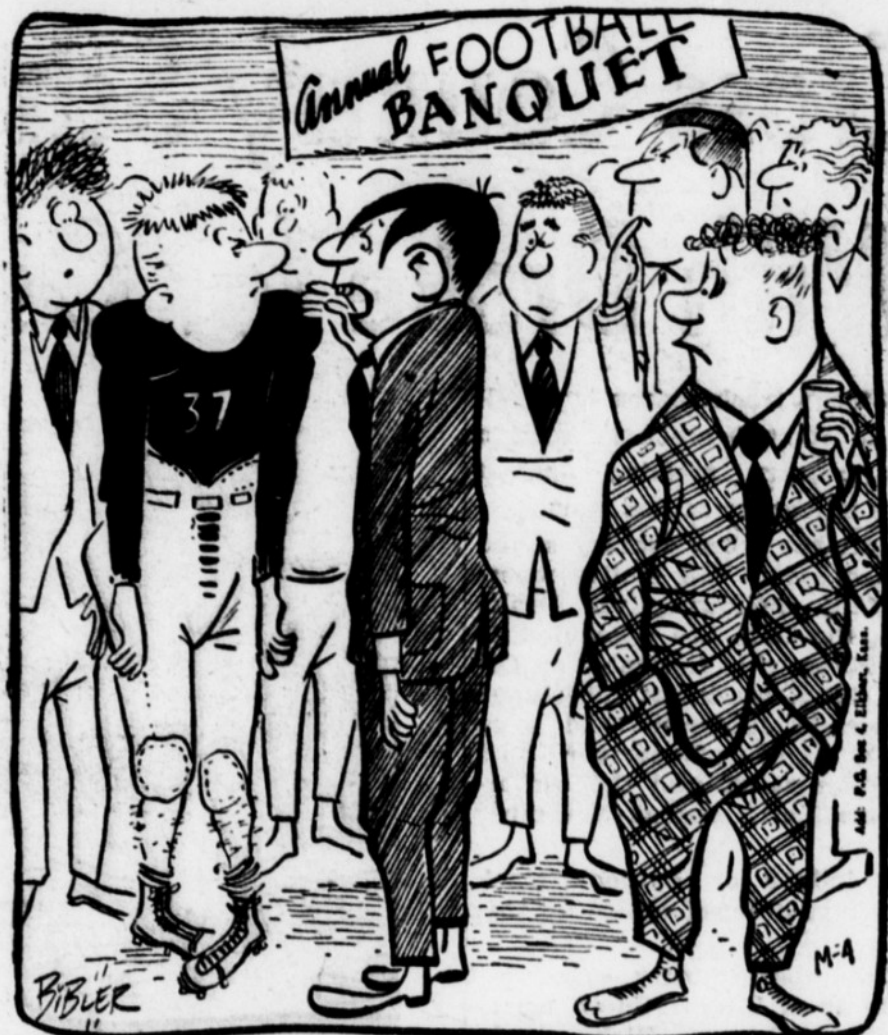

Margery Cornwell, Eng Jr, and Harold Stauffer, AEd Jr, are in charge of the meeting.

Nearly 40 per cent of Michigan's total population resides in Wayne county.

filter cigarette!

# Cross Country Scheduled With Drake for Oct. 14

K-State's track season is scheduled to start October 14 with a cross country meeting against Drake university at Des Moines.

In all the cross country squad is scheduled to run in five meets this fall. Following the Drake event, the Cats are scheduled to meet Missouri at Columbia on October 22, Nebraska at Lincoln on October 28, Colorado and Iowa State at Ames on November 5 in a triangular meet, and the conference meet at Ames on November 12.

No indoor or outdoor track meets have been scheduled for this fall.

The cross country squad is made up of Hubert Guest, Glen Taplin, Whitney Hicks, and Gene Youngstedt, all members of last season's squad. Others on the squad are Arlan Stackley, Terry Turner, and Jesse Unruh from the freshman squad of last season and John Murnigham a junior college transfer.

"This is the strongest cross country squad we have had for sometime," track coach Ward Haylett said, "but the irony of it all is that the other conference members have also improved, so the overall results will be the same with only an improved quality of performance."

A look at the entire track squad shows 17 returning lettermen. Four of them, Bill Carrington and Kenny Nesmith of the football team and Joe Powell and Gene Wilson of the basketball team, are not out for practice this fall.

Those now out for practice include Dolan McDaniel, sprints; Guest, 880 yard run; Taplin and Youngstedt, mile and two-mile runs; Ray Russell, Mike Cornett, and Gary Doupnik, hurdles; Allen Muecke, shot put; Ray Beikman, broad jump; Paul Miller, pole vault; and Marvin Chiles, Joel McGill, and Jerry Sartorius the 440 yard dash.

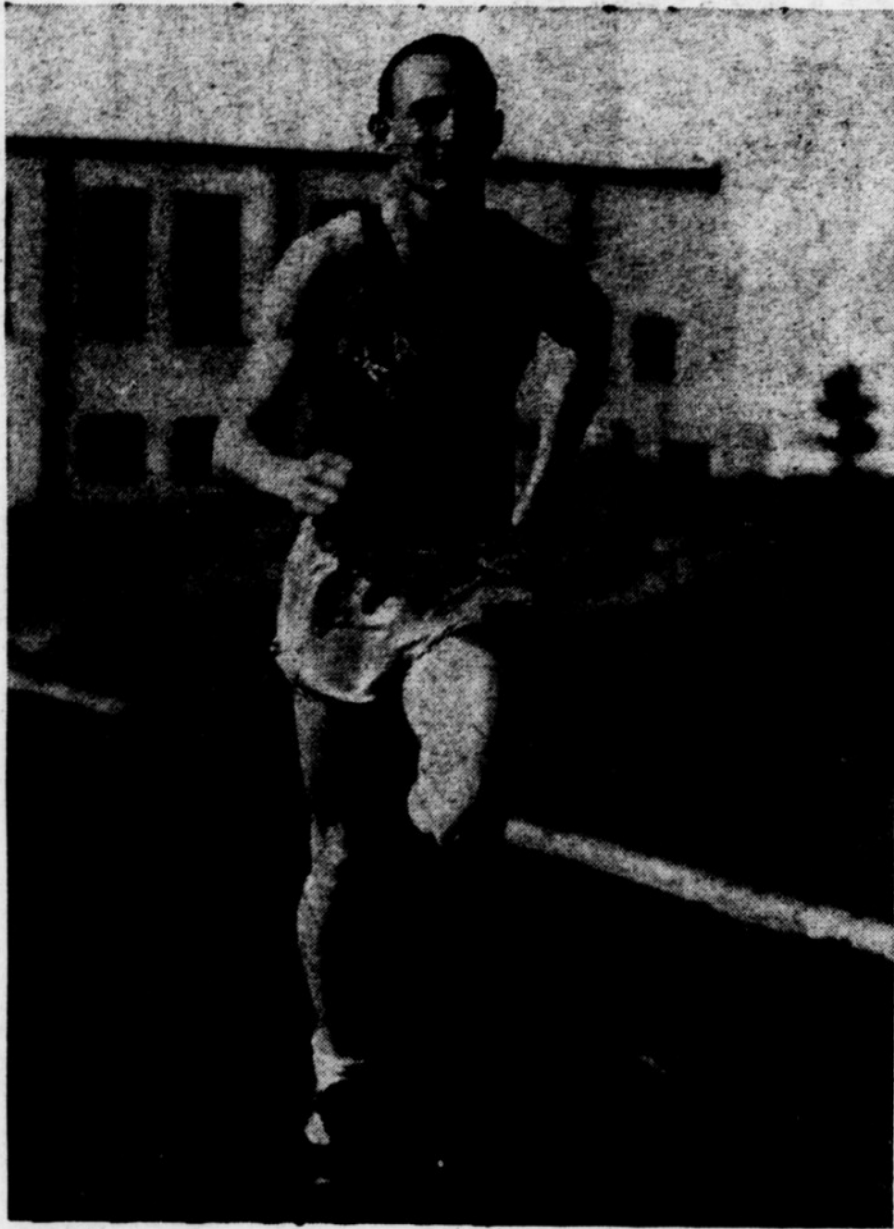

Other members from last season's squad, who are not lettermen are Whitney Hicks, mile and two-mile runs; Jim Delker, high jump; Tony Addeo, broad jump; and Charles Zickefoose, shot put.

Addeo and Zickefoose are not out for practice as they are playing varsity football.

The prospects from last season's freshman squad and transfer students are: Stanley Knowles, hurdles; Larry French and Jon O'Connor, 440 yard dash; Dennis Johnson, discus; Karl Lindenmuth, pole vault; and Ralph Willard, shot put and javelin.

Henry Pierce and Marvin Hornbostel, high jump; Hornbostel and Dick Corbin, now out for football, broad jump; LeClair Slade, Lawrence Brady, Gary Peterson, Stan Reed, Henry Renolett, Lewis Binum, and Unruh, 880 yard run; Unruh, Stackley, Turner, and Murnighan, two-mile run.

"We have more balance and depth on the squad than we have had for sometime, which will help us in dual and triangular meets," coach Haylett said. "Yet we do not have the individual brilliance with which to score in the tough meets."

MARVIN CHILES—K-State senior from Zenith is a two year letterman on the Wildcat track team.

## Big Seven Primes

By UNITED PRESS

Big Seven grid teams settled down to an arduous week of practice, with four of the teams priming for their first taste of conference blood.

Kansas meets Colorado at Boulder, and Kansas State and Nebraska clash at Manhattan in the first season tests of league mettle.

At Lincoln, Nebraska coach Bill Glassford ran squad mem-

bers who saw little or no duty against Ohio State last Saturday through a rugged workout yesterday.

At Manhattan, K-State coach Bus Mertes reported only one member of his short-manned squad missed a stiff workout on soggy turf that ended in a driving rain.

Little Keith Wilson, 157-pound second-string halfback, twisted an ankle in last Saturday's 28-7 loss to mighty Iowa at Iowa City.

## Sig Alphs, Hillbillys Win IM Golf Meet

Sigma Alpha Epsilon and the Hillbillys won the fraternity and independent championships annual intramural golf tourney at Stagg Hill golf course Saturday.

The Sig Alph foursome shot a 322 total to top 12 other Greek entries, while the Hillbillys took first in the Independent division with a composite score of 359.

Individual and team scores in the fraternity division were:

Sigma Alpha Epsilon—Dave Smith 75, Jerry Smith 80, Joe Downey 81, Stan Knowles 86.

Sigma Chi—Jerry Hendricks 80, Don Bolen 82, George Hooper 84, Dick Arnold 90.

Beta Theta Pi—Bob Conrad 83, Pete Lindsay 84, Bill Laude 90, Larry Larson 92.

Phi Delta Theta—Guy Stanley 88, Joe Headley 87, Bruce Stover 89, John Gorman 119.

Pi Kappa Alpha—Howard Sherwood 88, Don Klock 88, Al Kaine 104, Larry Beggs 105.

Delta Tau Delta—Total 399.

Tau Kappa Epsilon—Total 438.

Sigma Nu—Total 430.

In the Independent division these four foursomes finished:

Hillbillys—Max Richardson 81, Ron Young 83, Phil Nemeth 95, Marvin Everist 100.

Jr. A.M.V.A.—Fred Wingert 90, Lee Mills 88, Dan Brewster 92, Judy Swalley 101.

Jones Boys—Bill Nelson 90, Don Whelpley 91, Ron Sibbett 99, Charles C. Hudson 102.

Vets—Clavin Glenn 95, Bob Jankovitch 97, Curtis McCulley 98, Don Butcher 124.

## Two Orioles Undergo Tonsil Surgery Today

Baltimore (U.P.)—Don Leppert and Bob Hale, both members of the Baltimore Orioles, will undergo tonsilectomy operations today at Union Memorial hospital.

# Odds Favor Yanks To Capture Series

New York (U.P.)—The torrid New York Yankees and the stumbling Brooklyn Dodgers marshalled their forces for workouts in their home parks today with the American League champions six to five favorites to win the World Series.

The Yankees were also six to five choices to win tomorrow's opening game at Yankee stadium.

In establishing the Yankees as favorites, the odds-makers were going for the team which will go into the Series red hot. The Yankees won nine of 10 games to clinch the pennant. The Dodgers, on the other hand, have been coasting along with pitching miseries ever since they clinched the National League pennant on September 8.

Manager Casey Stengel of the Yankees has only one player problem before the series opener—the condition of his centerfield star, Mickey Mantle. Mantle pulled a muscle in his thigh September 23, and hasn't played since.

Stengel's colorful conversation often confuses his listeners but his crystal-ball was as good as his baseball this year.

Before the season began, he predicted 95 victories would win the American League pennant. New York's Friday night triumph was its 95th. Early in August, he said one of the contenders in the close race would take the pennant by winning eight straight games. That's what the Yankees did to break the race open before invading Boston for their last four contests.

Manager Walt Alston of the Dodgers has three questionable pitchers—right hander Carl Erskine and Billy Loes and southpaw Johnny Podres, who have been of little use since mid-season because of injuries. Alston said, "as of right now, Loes is my No. 2 pitcher." Previously he had been figuring on Erskine, an 11-game winner, to hurl the second game of the Series.

Erskine, who has had trouble with his right shoulder since July, now is expected to hurl Thursday when the series switches to Ebbets field, Brooklyn. Podres, who has a rib injury, or southpaw Karl Spooner may pitch the fourth game—unless Brooklyn is losing the series by that time.

Dodger ace, Don Newcombe, with a 20-5 record, will face southpaw Ed (Whitey) Ford in the first game.

## Cadets Choose Falcon Symbol

Denver (U.P.)—All athletic teams representing the new U.S. Air Force academy will carry the nickname of "The Falcons." The storied bird was chosen as the symbol of the Academy yesterday by an almost unanimous vote of the 296 cadets in the first class.

Doug Roether  
Top defensive star . . .

## Roether Chosen Top Cat in Iowa Tussle

Doug Roether, 190-pound senior fullback, has been selected as Wildcat "Player of the Week" for his tremendous defensive play in last Saturday's football game with Iowa university.

In selecting Roether, Coach Bus Mertes cited the alternate captain's interception of an Iowa aerial at a crucial time as the top defensive maneuver of the game.

"Roether spearheaded our defense and did an excellent job of tackling and blocking during the game. His blocking was instrumental in two of the Cats' best offensive gains against Iowa," Coach Mertes said.

Roether shared the fullback slot with Bill Carrington and Ray Glaze against the Hawkeyes but still managed to play about 45

minutes or three-fourths of the game.

The bruising senior was second-leading Wildcat back last season with a 498-yard net to average 6.4 yards a carry. He gained 152 yards against Drake university last year and made honorable mention of the Associated Press all-Big Seven squad.

Roether specializes in coupling his offensive power with excellent linebacking on defense. He has been particularly effective with the latter in two games this year.

Roether has lettered two years for the Cats.

## Yankee Starters Problem for Casey

New York (U.P.)—Manager Casey Stengel was juggling the starting lineup of the favored New York Yankees yesterday, with Mickey Mantle and Phil Rizzuto his big problems on the eve of the first game of the World Series against the Brooklyn Dodgers.

"I don't know who's in the outfield and I don't know who's in the infield," Stengel admitted. "But I do know I got two pitchers ready—Whitey Ford and Tommy Byrne."

Pint-sized Ford, a southpaw who won 18 games and lost 7 and has "a lot of nerve," according to Stengel, is certain to start tomorrow's game at Yankee stadium. He will be opposed by huge Don Newcombe, Brooklyn's blaze-balling right-hander with the best won-lost record in the major leagues—20 victories against only 5 defeats.

Rizzuto, who will be playing in his ninth world series, is an uncertain starter at shortstop for the Yankees simply because of weariness. If Stengel doesn't think tiny Phil is ready, skinny Jerry Coleman will start at short.

By contrast, manager Walter Alston, making his first appearance as a series pilot, has the Dodgers' opening game lineup all set. It features seven right-handed hitters to face the southpaw slants of Ford, with only big Duke Snider and Newcombe batting left-handed. Alston is expected to keep the same lineup for the second game when Byrne, another southpaw, is the probable Yankee hurler.

# K-Staters Cop Three Top 4-H Style Show Awards

Three of four style show champions in 4-H competition at the Hutchinson State fair are K-Staters. They are: Carol Gillen, HT Soph, Tom Swearingen, PrV Fr, grand champion, and Ben Handlin, Ag Soph, reserve champion.

The three 4-H'ers spent last Sunday in Hutchinson, being reviewed by a panel of judges. Entrants in both the girls' style show and the boys' best groomed contest were 4-H'ers who had previously earned the championships in their home counties.

Miss Gillen, 19, modeled an aqua wool jersey princess style dress. Completing her ensemble was an all wool gray tweed coat, which she also made princess style. Miss Gillen made the hat she wore of the same tweed fabric.

Miss Gillen's home is route 2, Independence, where she is an eight year member of the West Brownies 4-H club.

Reserve and grand champions of the 4-H best groomed boys both wore charcoal black wood suits.

Champion Tom Swearingen, 19, from Horton, wore a white shirt and black shoes with his single breasted suit. Pink in the

tie and socks added color. A 4-H'er for eight years, Tom's club is the Willis All-Star club in Brown county.

Ben Handlin, 19, winner of the reserve title, sported a mint green shirt. Green was the accent color in the socks and tie he wore. A ten year 4-H'er of the

Wide Awake club in Ellsworth county, Ben was one of the four Kansas 4-H'ers who attended National 4-H camp in Washington, D. C., last spring.

Miss Gillen and Swearingen have been awarded trips to National 4-H Club Congress at Chicago in November.

Tom Swearingen

## Fulbright Awards' Deadline Set For October 17

Application blanks for Fulbright scholarships for a year's study abroad may now be obtained from Harold Howe, dean of the graduate school and Fulbright adviser. Applications must be submitted by October 17.

Fulbright scholarships are set up as a part of the educational exchange program of the department of state. Objectives are to promote better understanding of the United States abroad, and to increase mutual understanding between the people of the United States and of other countries.

Applicants must be United States citizens, hold a college degree or its equivalent at the time the award is to be taken up, and have a knowledge of the language of the country to which they are going.

Howe said the committee on fellowships and scholarships would assist students in making out their applications.

Jane Compton, a 1955 K-State graduate, holds a Fulbright scholarship for a year's study in England. Two 1954 K-State graduates, Bill Barr and Frank Andrews, have just returned from study under Fulbright awards.

## 24 Coeds Counsel Freshmen in Dorms

The counseling programs for freshmen coeds in the dorms are underway on the campus. Twenty-four upperclass coeds enrolled in Introduction to Student Personnel help the freshmen girls with problems that face newcomers on the campus.

There are 12 counsel groups in each dormitory. Each group is made up of from 12 to 20 girls.

Counselors this year for Northwest hall are Karen Andrews, EEd, Ottawa; Alice Schulze, HT Jr, Independence; Barbara Root, MAV Jr, Carthage, Mo.; Marta Schroer, EEd Jr, Randolph; Lois Force, EEd Jr, Topeka.

Mary Fitzgerald, FdN Jr, Kansas City, Mo.; Marge Badcker, DIM Jr, Overland Park; Arline Gray, Eng. Jr, Kansas City; Ruth Ann Bott, HT Sr; Alexander; Esther Hauptli, EEd Jr, Salina; Pat Henry, Ent Sr, Lyons; and Phyllis Loseke, HT Jr, Gem.

Southeast hall counselors are Jan Follmer, HEJ Sr, Wichita; Jo Ann Kranz, ChW Jr, Brownell; Ruth Kohn, HE Jr, Salina; Doris Wierenga, HDA Sr, Cawker City; Jan Thompson, Hst Jr, Watertown, South Dakota; Jane Kamisato, HEJ Sr, Kaneohe, T.H.

Darlene Nelson, EEd Jr, Bridgeport; Louise Wilson, HE Jr, Rush

Center; Carolyn Lusk, Eng Sr, Olivet; Donna Hall, Sp Jr, Belleville; Arvilla Kruger, HE Jr, Soldier; and Judy Ortel, Eng Jr, Downs.

## Sports Equipment May Be Borrowed At Student Union

Picnic and sports equipment may be rented or borrowed at the temporary Student Union again this year.

Equipment for softball, volleyball, handball, tennis, horse shoes, chess, and playing cards may be borrowed. Charcoal burners may be rented for a small fee.

The equipment may be borrowed for a short time, or, with special permission, over weekends. Activity tickets are required when borrowing tennis rackets.

At 40 miles an hour, automobiles in 1930 averaged 15 miles to the gallon. Twenty years later the average is just under 20 miles to the gallon.

## Assignment Slips In Rec Center

Students who didn't pick up their assignment slips yesterday should pick them up in Rec center today, E. M. Gerritz, registrar, said.

Students in vet medicine should pick up their assignment sheets in their dean's office, he said.

## Dairy Judgers To Waterloo For Nationals

The Kansas State dairy judging team will attend the nationals at Waterloo, Iowa, October 3, said G. B. Marion, associate professor of dairy husbandry and team coach.

Team members who will make the trip are Rodger Hoyt, DH Sr, Robert W. Bozworth, DH Jr, George W. Atkeson, DH Sr, and C. Ancel Armstrong, DH Jr., alternate.

The team placed sixth at Hutchinson. K-State individual scores in their respective divisions were: George Atkeson, tied for first in judging Jerseys; Roger Hoyt and George Atkeson, tied for third in Guernseys; Roger Hoyt, third, Ayrshires; and George Atkeson, first, Milking Shorthorns.

## Politicians To Discuss Mock Convention Tonight

Plans for a mock political convention are being formed at K-State.

A meeting to discover the attitudes and ideas of students toward these plans will be tonight at 7:30 p.m. in J228.

Nominations and balloting at these affairs are carried on just as they are in the Republican and Democratic conventions. At the end of the convention a

ticket is chosen with a president and vice president.

Mock political conventions have had a great interest for students on other campuses. If one is held at K-State it will be the first for this section of the country.

Interested students are invited to contact Prof. Charles Goetzinger, speech department, or Prof. Louis H. Douglas, department of history, government, and philosophy.

## Heintzelman Is Acting Art Director

J. Cranston Heintzelman of the department of architecture and allied arts at K-State, has been named acting director of the Kansas Federation of Arts, Arbid Jacobson, federation president, announced today. John F. Helm of the K-State staff has been acting director and secretary.

## Alpha Kappa Psi To Meet Thursday

Alpha Kappa Psi, professional business fraternity, will meet Thursday at 7:30 p.m. in J22 according to Bill Kennedy, active president of the organization.

## Picnic, Initiation Set For Phems

Phems, women's physical education club, will hold a picnic and initiation for all new PE majors and instructors Thursday at 5:00 p.m. at Sunset park.

An unusually high total of 26 girls are enrolled in PE this semester, according to Barbara Puhr, Phems' program chairman.

# IFYE Applications Due on October 1

Applications from students interested in being International Farm Youth Exchange delegates in 1956 are due in the state extension office October 1, said Miss Virginia Balthrop, assistant state 4-H leader.

Called the IFYE program, this exchange of young people of the United States and 40 other countries is designed to promote world understanding and peace through cultural means. Delegates live and work on farms in the country they choose to visit.

Requirements are that the delegates be between 20 and 30 years old, high school graduates, single, and have a knowledge and be experienced in farm work. Upon return to the states the delegates must be willing to present talks of their experiences.

Delegates' home counties must give financial support so applicants should obtain approval from their county extension agents before applying. Additional information can be obtained at the 4-H office in the extension barracks.

Since 1948, 61 Kansas youths have gone abroad in this two-way exchange of grassroots ambassadors, Miss Balthrop said. Of these 61, 34 have been K-Staters.

## Medlin To Speak At Yearbook Meet

Prof. C. J. Medlin, manager of student publications at K-State, has been invited by the Florida scholastic press association to conduct four discussion groups on yearbooks at Florida's northern district conference in Tallahassee, Fla., Saturday, October 15.

Medlin's discussion groups, to be held on the Florida State u. campus, will cover such topics as writing and editing annual copy, getting pictures to tell the story, planning the annual in detail, and the school annual and its theme and function.

The FSPA News, publication of the sponsoring group, gave Medlin front page coverage in their September issue and told of his success with the Royal Purple, 19 consecutive all-American ratings.

Medlin, author of "School Yearbook Editing and Management," has conducted yearbook short courses at various conferences throughout the country the past several years.

He recently aided the Associated College Press' yearbook staff in Los Angeles and will speak at their meeting in Detroit this fall.

## Jobs Plentiful For '55 Grads, Peters Reports

Top salaries for 1955 graduates went to engineers and other science majors, according to a placement bureau report. Engineers were hired at average starting salaries of \$395 monthly, an increase of \$25 per month over last year.

The average yearly salaries for all secondary education graduates were up about \$100, with men instructors starting at \$3400, the women at \$3200. Business and liberal arts graduates were averaging \$330 per month, an increase of \$20 monthly over 1954.

Increased salaries for all graduating students indicated the need for qualified personnel in all fields. The demand for engineers, scientists, and teachers is heavy. Two thousand business and industrial jobs and 4100 teaching vacancies have been listed.

"The lack of sufficient graduates to recommend for many of the reported job opportunities was largely responsible for filling only 1205 positions," said Chester E. Peters, director of the placement bureau. "Also, the indefinite nature of ROTC commitments hindered some non-technical graduates from obtaining jobs," he added.

## K-State Prof Finds Cave While Exploring in Iceland

The discovery of a hidden branch of one of Iceland's major caves has brought recognition to Prof. Harold H. Munger of Kansas State.

Munger, an associate professor of applied mechanics, stumbled onto the unexplored branch while surveying a cavern on Iceland's southern coast.

The details of the survey, along with photographs of the cave, will be published in a physical geography textbook to be used at Iceland's National university.

While working with armed forces construction projects from 1952-1954, Professor Munger became interested in exploring the cavern. Learning that a survey

had never been made, he took a party of men to undertake the job.

When Munger returned from the survey, he was surprised to learn that he had mapped an unknown branch of the cave. The findings were subsequently reported in an Icelandic journal.

Professor Munger was invited to address the historical society of Iceland while there.

Munger feels sure that he is the only American ever to publish scientific material in the Icelandic language. His lecture to the history society was later published in an Icelandic journal causing considerable comment among geologists there.

### See the New Aristo Slide Rule!

- Made of Daracell that will not chip, discolor or swell
- Features "Automatic Cleaning" without Recalibration
- New easy to see scale indicators
- New expansion design plus many other features
- Reasonable prices.

## Eight Join Staff At Student Health

Student Health has two new staff members; Dr. Charles F. Haughey, staff physician, and Mrs. Esther L. Jacobson, physical therapist.

Dr. Haughey is a graduate of Kansas university and also has his masters and Phd, from there.

Mrs. Johnson is a graduate of the University of Minnesota, with training at the K.U. Medical center, and at the Mayo clinic.

Five nurses are new also; Mrs. Myrtle MacFadden, head nurse, Mrs. Charlotte Ellisiminger, Mrs. Evelyn Kilkland, Mrs. Bertha A. Lind, and Mrs. Evelyn J. Schaffer.

Mrs. Alice Meek Peterson, a K-State graduate, is a new lab technician.

**NEW CHEERLEADERS**—Cheerleaders for this year elected last night are front row, Marilyn Adams, DeAun Mackie; second row, Rachel Pickett, Jean Cooper, Sondra Tate, Dave Larson; back row, Larry Youngdoff, J. M. Thies, Dale Scott and head cheerleader Phil Stiles.

#### Phil Stiles Named

## Ex-Hawk Chosen Head Cheerleader

Last year's head cheerleader at KU, Phil Stiles, BS Sr, was named head cheerleader at K-State last night.

Ten cheerleaders, including two alternates, were selected at Nichols by the Purple Pepsters, Wampus Cats, Whi-Purs, and the Student Council.

They are: Sondra Tate, Art Soph; Jean Cooper, BMT Soph; DeAun Mackie, PEW Jr; Marilyn Adams, EEd Soph; Stiles; Dave Larson, BA Jr; J. M. Thies, BA Soph; Larry Youngdoff, AA Soph; and alternates, Dale Scott, EE Jr. and Rachel Pickett, MET Soph.

Phil Stiles, last year's head cheerleader at KU, was elected to fill that position here. Phil says that "K-State will have a better cheerleading squad this year than KU."

The ten cheerleaders were chosen from a field of thirty-four candidates.

#### Ike Improves; No Complications

Denver, Sept. 28. (U.P.)—President Eisenhower's doctor reported at 8 a.m. CST today that "for the second consecutive night the president slept comfortably throughout the night."

Mr. Eisenhower is quite irritated and frustrated by his hospital diet. He has to subsist on things like hot cereal and soft boiled eggs when he would like to be eating fried rainbow trout from his deep freeze.

#### Kidnaped Baby Returned Today

Stockton, Calif., Sept. 28 (U.P.)—The frantic search for little Robert Marcus ended early today when a distraught blonde woman who "wanted a baby of my own" surrendered the child to a Catholic priest here.

A few hours later officials confirmed through footprints that the 11-day-old baby was the same one stolen from a hospital crib in San Francisco nine days ago.

#### Regents Okay College Budget For 1956-57

President McCain announced today that the Board of Regents has approved the College budget for the fiscal year beginning July 1, 1956. The budget will be submitted to the 1956 Kansas Legislature.

The budget provides for a 5% increase for salary and nonsalary items, \$150,000 to hire staff members in anticipation of enrollment increases, and \$500,000 for new projects.

#### KS-Iowa Movies To Be Shown Thursday at 7:30

Movies of last Saturday's K-State-Iowa U. game will be shown to the students in the Auditorium Thursday at 7:30 p.m. One of the football coaches will narrate the films.

This is a continuation of a feature started last year and will continue as long as student interest warrants it, Bus Mertes said. These films are in color and concern the entire game.

## Sixteen Ag Queen Candidates Named

Sixteen girls have been chosen to represent campus organizations as Ag Barnwarmer queen candidates.

The number of candidates will be narrowed to five tomorrow at the Ag seminar in the Auditorium at 4 p.m.

The candidates and their organizations are: Cicely Bennett, Alpha Delta Pi; Carol Gillen, Alpha Chi Omega; Virginia Herzog, Alpha Xi Delta; Pat Craven, Kappa Kappa Gamma; Janie Fulton, Delta Delta Delta; Barbara Lewis, Chii Omega; Nancy Irvine, Pi Beta Phi; Rae Weidenbach, Kappa Delta.

#### Jim Windle To Be Editor Of 4-H Book

Jim Windle, AA Jr, will edit the 1956 Who's Whoot, 4-H yearbook published annually by Collegiate 4-H Club members.

Assistant editor will be Jim Perkins, AA Jr, who is president of the club.

Marilyn Pence, HE Soph, is advertising manager and her assistant is Gavona Michaels, HEN Jr.

County page editor is Elin McCandless, DIM Soph, assisted by Ann Grothusen, EEd Soph, and Gerald Calohun, AEd Soph.

In charge of special features is Ardella Rusk, HE Sr, with Emith Booth, FdN Soph, assisting.

Collegiate 4-H will have a section in the yearbook, which Virginia Devinish, HDA Jr, will edit. Her helpers are: Elizabeth Grimble, HE Soph, and Dorothy Fox, HE Soph.

Ben Handlin, AEd Soph, will be sales manager and will be assisted by Lynn Perkins, Ag Soph.

#### Student Health

Three girls and five boys are patients at Student Health today. The girls are Lonie Ballard, Lynne Joines, and Patti Penrod. The boys are James Gryden, Alden Dunkelberger, Merle Converse, Lawnece McDonald, and Joe Holbert.

Dorothy Fox, Clovia; Diane Whitley, Waltham; Annie Laurie Gish and Ann Pederson, Northwest hall; Gavonna Michaels and Margaret Scherling, Van Zile hall; and Sally Carney and Diane Higley, Southeast hall.

The queen and her attendants will be crowned October 8 at the Ag Barnwarmer. Jimmy Pierson's band from Topeka is scheduled to play at the dance.

The Barnwarmer and the queen contest are a part of Ag Week, which starts Monday. During this week the "aggies" traditionally dress in blue jeans, plaid shirts, and red bandanas. A horse tank is set up for those "aggies" who fail to comply with the traditional dress.

Mark Drake is in charge of the Barnwarmer and Ag Week activities.

Ag Week committee heads are: Brent Adair and Jack Van Tilburg, fire control; Nelson Galle, music and entertainment; Ray England, cleanup; Bob Long, refreshments; Gilmore Dahl, decorations; George Atkeson, properties; Virgil Norton, tickets; Estel Schultis, horse tank; Bob Cullins, queens; Gary Nellan, publicity; and Norman Collins and Milton Manuel, advisors.

## Hutchinson Heads KSDB; Latter on Air Early

Dickinson (left), Hutchinson

Kay Hutchinson, Sp Sr, will be general manager of KSDB-FM and Gene Dickinson, Sp Jr, will be program director for the fall semester, George Carroll, instructor in speech announced today.

Other members of the radio staff appointed by Hutchinson are: Annalou Shaw, Sp Sr, continuity; Sterling Gunter, Sp Jr, sports; Karen Chapman, EEd Jr, music; Don Whan, EE Soph, engineer; David Dary, Sp Sr, news; Alexander Jump, Eng Jr, publicity.

Donald Latter, Sp Soph, special events; Don Lancaster, Sp Jr, talent; Mary Shafner, Sp Sr, women's feature; and Merton McIlvain, Sp Gr, dramatic.

Hutchinson and Dickinson will announce the traffic chief, chief announcer, and daily directors later.

#### An Early Worm Gets the Bird

If you plan to be a disc jockey, get a nighttime show.

That is the advice of Don Latter, Sp Jr.

A classmate told Latter that KSDB-FM was to begin operations early Monday morning. So Latter dragged sleepily out of bed at 5 o'clock the past Monday and Tuesday morning and went on the air at 6:30—at least that's what he thought he was doing. He wasn't too happy when he learned later that KSDB-FM doesn't go on the air until next week.

"If you're going to make mistakes," says Latter, "make them on a nighttime show."

Better Early Than Lat(t)er

## Readers Say

Planning a Pep Rally Is Not  
As Easy as It May Seem

(Opinions expressed in letters are those of the writers and do not necessarily reflect the policy of the Collegian. The Editor reserves the right to edit the letters to conform to public law and to the standards of decency and good taste upheld by most newspapers, and to fit space limitations. No letter may exceed 250 words. Unsigned letters will not be published.)

Dear Editor:

To perhaps alleviate other persons' concern as to why a pep rally hasn't been organized and to explain the seeming lack of effort on part of the pep clubs, we write this letter.

We are trying for a rally Friday morning. But before an organized, good rally can be attained, many persons must be contacted. The band must be notified, the physical plant, Dean of Students, and academic dean, all must be asked for permission.

As for the pep section at the Wyoming game, we, too, felt the lack of pep members. But since school had been in session only two days, it was impossible to fill

the 400 seats reserved for the pep clubs. The reasons?

1. Whi-Purs could not organize, as they have a complete turnover of members each year.

2. Both Purple Pepsters and Wampus Cats must recruit new members by a complicated method set up by the National Pep Council. Quotas are set by the chapters and only when each fraternity, sorority, dorm, and independent house knows its limit, can actual work begin. Then each of the 36-odd organizations must vote and elect pledges to the clubs, who then must be informally initiated before they can sit in the section.

We, too, want pep and spirit, as is our purpose on campus (not sitting on the 50-yard line. Please learn the facts before you condemn anything—or join up. Don't worry, we're all working for the same goal, only in a different way.

Marylyn McCready,  
President, Purple Pepsters  
Dean Nehrig,  
President, Wampus Cats.

## Inquiring Reporter Finds . . .

Most KS Faculty Members  
Favor Paying To Use Union

With JOAN CAMPBELL

Question—"Do you think faculty members should pay a fee to use the new Student Union?"

A. D. Miller, associate professor of history, government, and philosophy—"Faculty financial assistance should be based on the use by the faculty of the building."

Earle Davis, professor and head of the English department—"I think it is a privilege to be permitted to pay fees. It will be a place to meet students and further campus relationships."

Oscar W. Alm, professor of psychology—"I am sympathetic with the idea that the faculty should pay for the use of the building."

M. J. Harbaugh, professor of general studies—"If he wishes to use the Union he should pay for such use. I don't believe in free-loading."

Dorothy Harrison, professor of foods and nutrition—"Many faculty members have been students at K-State and have paid fees for the Union. However, I feel that if the faculty member uses the Union he should support it."

Dorothy Gudgell, assistant professor of business administration—"Why, sure. Why not? If the students pay why shouldn't the faculty? I would have no objection."

W. F. Baehr, librarian—"I have two boys who paid for the Union during 11 years, and I have three more girls coming, which will make a total of 24 years. I say No!"

Helen Hostetter, professor of journalism—"Those who want to use the Union should pay a fee, but those who do not expect to use it should not have to pay."

A. R. Jones, dean of financial administration—"I don't care to express an opinion."

## Today's Quotes . . .

Dallas (U.P.)—Etiquette authority Amy Vanderbilt told a woman's forum conducted by the Dallas Times-Herald that it is proper in these modern times for ladies to cross their legs.

The only occasion when the practice is taboo: "When the lady is sitting on a dais in a short skirt."

Today's World News  
**British Cabinet  
Due for Shakeup**

Compiled from the Wires of the United Press  
By DICK CARR

London—Prime Minister Anthony Eden will reshuffle his cabinet within the next week to anchor the government for a hard autumn ahead, political circles predicted.

Eden wants to put a "young blood" stamp on the cabinet he inherited from Winston Churchill with three or four major changes and a few minor ones.

Informants said Eden hopes to get the reorganization completed before the annual Conservative Party conference to be held this year at Bournemouth, on October 5-8.

**GOP Hopes Ike Can Referee Its Program**

Washington—Administration officials hoped today that President Eisenhower would be well enough by the end of the year to referee any administration arguments over new programs to be presented to Congress next January.

On the basis of past experience, experts said the Chief Executive's firm hand will be most needed in the final stages of fiscal 1957 budget planning, preparation of new legislative programs, and the state-of-the-Union message.

The budget was given as an example.

Treasury Secretary George M. Humphrey, in a budget-balancing mood, has taken a dim view of heavy foreign-aid expenditures. Last year, he was disputed by Secretary of State John Foster Dulles, foreign aid chief Harold E. Stassen, and to some extent by Defense Secretary Charles E. Wilson. The main disagreement was over a new Asian aid program.

Mr. Eisenhower stepped in and settled things. Both sides gave a little, and a compromise was reached.

**Jap Leader Denies Report He Never Heard**

Tokyo—Prime Minister Ichiro Hatoyama has denied press reports that he had received an invitation to go to Moscow to discuss Japanese-Soviet relations.

"I have not received an invitation from the Soviet Union," he said. "Neither have I heard that such an invitation has been extended to me through Japanese Diet members who visited the Soviet Union."

## Injury Plague Hits Gridders

By UNITED PRESS

Missouri, Kansas, and Nebraska reported players disabled with injuries ranging from a broken leg to a fractured calcium deposit.

Missouri, seeking its first victory of the season after successive losses to Maryland and Michigan, was hardest hit of all.

Certain to miss Saturday's game with Utah here were quarterback Jimmy Hunter, out with a knee injury, and halfback Sonny Stringer, still nursing a sprained ankle. On the doubtful list were halfbacks Bill Rice, George Cramer, and Jerry Curt-right.

At Lawrence, the sun of brightening football hopes at Kansas slipped behind the clouds again. Standout guard George Remsburg suffered a fractured calcium deposit on a femur bone of the leg. He will be out for a month or six weeks.

At Lincoln, Neb., Cornhusker guard Jim Murphy suffered a broken leg in heavy drill practice yesterday and will be lost to the Nebraska squad for the season.

Murphy was scheduled to start in Saturday's game against Kansas State at Manhattan.

The loss was a bad omen for Coach Bill Glassford, who has had trouble with the K-Staters in the last two years, being unable to score a touchdown against the Wildcats.

Pete Wimsatt, Vets, \*1:32.2; and Walt Weatherford, Vets, 1:47.

100-yard free style, fraternity division: David Dicken, Sigma Alpha Epsilon, 1:05.6; Hank Pierce, Beta Theta Pi, 1:06.3; Dave Pfuetze, Beta Theta Pi, 1:06.4; and Tom Coblenz, Sigma Phi Epsilon, 1:06.7.

Independent division: Don Mat-suaka, Hui O Makules, 1:02.9; Tom Landis, Jr. A.V.M.A., 1:15.2; Bill Cole, Hui O Makules, 1:17.7; and Tim Potter, West Stadium, 1:23.2.

Tuesday night's results:  
120-yard medley relay, fraternity division: Sigma Alpha Epsilon, 1:15.3; Beta Theta Pi, 1:22.4; Delta Tau Delta, 1:24.7; and Sigma Phi Epsilon, 1:27.6.

Independent division: Hui O Makules, 1:17.1; Jones Boys, 1:33.6; and Jr. A.V.M.A., 1:36.2.  
160-yard free style relay, fraternity division: Sigma Nu, 1:30; Delta Tau Delta, 1:33.3; Sigma Phi Epsilon, 1:33.5; and Beta Theta Pi, 1:35.9.

Independent division: Hui O Makules, 1:26.8; Jones Boys, 1:51.8; Jr. A.V.M.A., 1:54.4; and O.K. House, 2:05.

80-yard individual medley, fraternity division: Dave Dicken, Sigma Alpha Epsilon, :56.2; Marvin Giersch, Delta Tau Delta, :57.2; J. B. Moser, Kappa Sigma, :58.1; and Wilbur Newman, Delta Tau Delta, :58.4.

Independent division: Jim Nolan, Hui O Makules, :59.9; Ira Kaminski, Hui O Makules, 1:01.8; Charles Hudson, Jones Boys, 1:04; and Robert Eshelbrenner, Jones Boys, 1:10.

## Britons May Run In States in 1956

London (U.P.)—Britain's four-minute millers, Chris Chataway and Brian Hewson, may compete in the United States during the 1956 indoor track season. Jack Crump, secretary of the British amateur athletic board, said he has received an invitation from the AAU but declined to discuss the possibility that either or both will compete at this time.

## Gymnastic Team To Be Formed

Frank Thompson, K-State gym coach, requests all men interested in trying out for freshman or varsity gymnastics, report to his office in room 212 of Ahearn gymnasium or leave name at the desk in physical education office, room 206 of Ahearn gymnasium.

**K-CLUB MEMBERS** Gene Youngstedt, Joe Powell, and Fritz Schneider paint cow bells, which will be sold by the lettermen's organization at the game Saturday. "We're going to help raise K-State spirit," Powell said.

## Pep Rally Planned For Friday Night

President McCain, Coach Bus Mertes and Athletic Director Moon Mullins will speak at K-State's first pep rally of the season, Friday at 7 p.m.

The rally for the Nebraska University game will begin in Aggieville in front of the Palace drug store, Marylyn McCready, Purple Pepsters president, announced.

There will be an introduction of the football captains, team and cheerleaders, Miss McCready said.

All members of the Whi-Purs, Wampus Cats and Purple Pepsters are to attend.

A pep band under the direction of Jean Hedlund will perform at the rally.

## 'HS Days' Scheduled Over KSAC

KSAC will carry the program "High School Days" for the twelfth straight year this season.

The half hour show is offered to high schools all over the state. The usual program consists of band music with the high school's band furnishing the music. The participants of the show are given a tour of the K-State campus while in Manhattan.

The program will be heard from 4:30 to 5 p.m. every Tuesday starting October 4.

## 'Hams' Will Meet Thursday at 7 p.m.

The Amateur Radio club, an organization for radio "hams" and those who wish to become "hams," will meet Thursday at 7 p.m. in MS3.

The Amateur Radio club was organized to aid those interested in becoming a licensed radio operator. Group discussions conducted by the members help the exchange of ideas, said Weber.

## Student Health

Four girls and five boys are patients at Student Health today. The girls are: Lonie Ballard, Lynne Joines, Barbara Niccum, and Patti Penrod.

The boys are: Joe Holbert, Lawrence McDonald, Waymer Strahm, Alden Dunkleberger, and James Gryden.

## Band Plans Frown, Smile For Mullins

Whether Moon Mullins will frown or smile during this coming Saturday's football game will be partly the responsibility of the Wildcat band.

Halftime ceremonies at the football game will find the Wildcat band saluting the athletic department and its director, Mr. Laurence A. Mullins.

The band will form the word M-O-O-N, and then make a likeness of his face, all to the strains of "Jolly Good Fellow."

Then, the question of whether Moon will smile or frown or perhaps both will be answered when the PA announcer interviews Moon's likeness.

A customary N in formation, accompanied by a few bars of "Dear ole Nebraska U." will welcome the folks from the Cornhusker state.

Pregame entertainment will find the band playing that old favorite, "When the Saints Go Marching In."

## 86-Voice a Cappella Choir To Perform 'Bruckner Mass'

The K-State a cappella choir will have a membership of 86 this fall, William R. Fischer, director, announced today.

The choir plans to perform the "Anton Bruckner Mass in E Minor" as its first major production at Christmas Vespers, December 11, on the campus.

"It will be the first time this mass has been presented at Kansas State and probably the first time in the state," Mr. Fischer said.

The a cappella choir also will join with the College chorus in the Christmas performance of the "Messiah" and the Mozart "Requiem" during music week. The choir will make its annual tour March 12-15.

Membership of the choir includes:

Soprano I—Marilyn Doran,

NUMBER 11

## Farrell Library Dedication To Be Wednesday Morning

The Kansas State library will be known officially as the Farrell library after October 5 when it is named in honor of F. D. Farrell, president-emeritus of the College. A citation will also be pre-

sented Dr. Farrell in honor of the occasion.

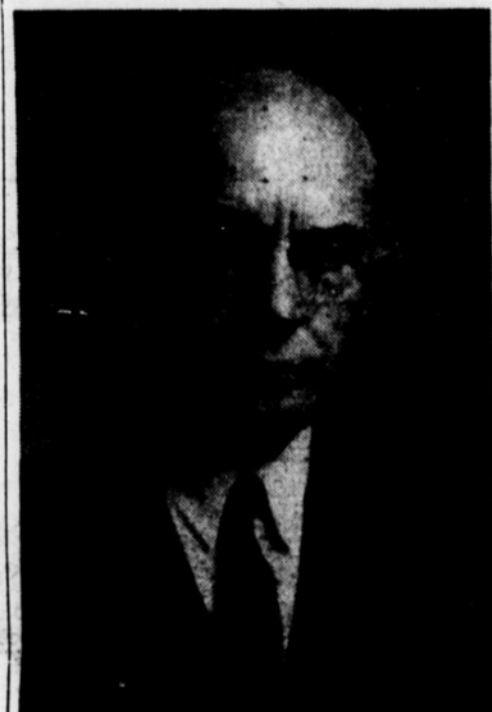

The ceremony at which the structure will be named for Farrell will be held in connection with a regular all-College

assembly at which Clarence H. Faust, president of the Ford Foundation Fund for the Advancement of Education, will be principal speaker. Prior to his association with the Ford Foundation in 1950 he served as dean of the college, as dean of the graduate library school, as director of libraries, as dean of humanities and sciences, and finally as acting president of Stanford university.

Farrell, the son of a Utah rancher, came to K-State in 1918 as dean of agriculture and director of the Kansas agricultural experiment station, and in 1925 became the eighth president of the institution. He resigned in 1943 because he felt the College "needed a young president." Even so, he served as head of the college for more than 18 years, longer than any other president.

In recent years Farrell, now 72, has devoted his time to an intensive study of rural institutions in Kansas. And, in spite of the fact that he reached the age of full retirement two years ago, Farrell still maintains regular office hours.

The main portion of the College library was erected in 1927, shortly after Farrell became president, at a cost of \$270,000. It was enlarged in 1954 by the construction of a stack addition at a cost of \$340,000.

F. D. Farrell

## Assignment Slips Still Available

Students who failed to pick up their assignment schedule slips may still obtain them by applying at the registrar's office.

"Only 20 per cent of the student body made use of the booth," E. M. Gerritz, registrar, said. "The students should know that the grades they receive are to be based on these schedules. They should be picked up and checked for possible errors."

## 'Trumpet,' New Alumni Publication

A new Kansas State College publication, "Trumpet," will make its appearance this week.

Successor to The Industrialist, the Trumpet runs four pages, 8½ x 11 inches, and is printed on slick paper. Purpose of the bi-monthly publication is to keep alumni, former students, and friends of the College informed of current happenings on the campus.

A photograph of a campus scene or building is to be featured in each issue. Eisenhower hall, the new classroom building, is pictured in the September Trumpet.

## 'Huskin Bee,' College Dance, This Saturday

The first all-College dance will be held Saturday night in Nichols gym from 9 to 12, Conrad Smith, chairman of the Union dance committee, said.

The theme of the dance is a "Huskin' Bee" and dress for the dance will be casual, Smith said. The theme was chosen in honor of K-State's Saturday football opponents, the Nebraska Cornhuskers.

Music will be furnished by Matt Betton and his orchestra.

## Ike Spends 'Good Night,' Doctors Say

Denver (U.P.)—President Eisenhower's doctor reported today that he spent "a very good night" as the Chief Executive continued his rally from a heart attack to the point of beginning to inquire about the state of affairs outside his hospital room.

The 8 a.m. CST bulletin on the President's condition said: "The President had a very good night. He slept almost continuously under the oxygen tent from 9 p.m. to 6:15 a.m."

As regards his inquiries about what is happening outside the hospital, the President has been told merely that "everything is fine," it was learned.

The President had another comfortable day yesterday, "without complications" and was able to spend 13 hours outside his oxygen tent at Fitzsimmons Army hospital. He was returned to the tent during the night but only as a routine measure to help him rest, the doctor said.

President Eisenhower's heart attack has sent men over 40 to their doctors' offices in numbers described by one specialist as "fantastic," it was learned today.

The New York Heart association said its telephone information service has received three times its usual number of calls each day since the president was stricken.

The Mountains Around Denver

### Pep Rally Friday

## School Spirit at K-State Responsibility of Students

So you think school spirit at K-State is at an all-time low? Well, if that is true after Friday night, you'll be partly to blame.

A pep rally has been set for 7 p.m. Friday in Aggieville. President McCain, Director of Athletics Moon Mullins, Coach Bus Mertes, and football captains Jim Furey and Doug Roether will give talks. The pep band will be present, as will members of Purple Pepsters, Wampus Cats, and Whi-Purs. The newly-elected cheerleaders will be introduced.

Recent letters to the editor have charged that school spirit here never has been worse. Pep club leaders have explained that organizing a pep rally isn't easy. They say that many details must be worked out, and that the pep organizations must re-organize each fall.

Trying to say who is right would be senseless (and dangerous). The important thing is that this Friday night K-State pep could be and should be at an all-time high.

And it's important right now that K-Staters show some enthusiasm for their football team. With a record of two losses in two starts, and with a seemingly tough opponent coming to Manhattan Saturday, it would be easy to take a dim view of K-State prospects. But they ain't necessarily

bad, and a little pep could make the difference.

Just look back to two years ago—the year of the football renaissance at K-State. We opened by smashing Drake, 50-0, then lost to Colorado A&M, 13-14. Who would like to bet that we couldn't beat both teams this season?

With the Wildcats making another step upward in big-time football this year, a few losses are to be expected. Wouldn't you agree that you learn faster when the competition is toughest? Wyoming and Iowa certainly are tough.

We're just swinging into Big Seven competition. Our sophomores have picked up a lot of experience against two top-notch foes. With the proper backing the Wildcats could go all the way to the league championship. That's the only way to look at our prospects.

See you Friday night.

Darrel Miller

### That's Life . . .

Seoul, Korea (U.P.)—The government has warned Republic of Korea army generals to get rid of their mistresses or lose their stars, Korean newspaper report.

The newspapers said the army planned a massive drive to "enhance the prestige of the service" by ending the ancient practice of taking concubines.

## 'Damn Yankees' Combines Yankees, Faust, Heart

"Damn Yankees!" Besides being the favorite expression of many Dodger fans today after the Yankees won yesterday, 6-5, this is the name of a musical comedy that's been packing 'em in on Broadway for many months.

The play's producers must have had unusually accurate crystal balls. While adding song and dance to the novel from which the play was taken, quite some time before the baseball season began, they decided not to use the title of the book for their stage production.

The name of the book is The Year the Yankees Lost the Pennant. Brooklyn should live so long!

### 'Damn Yankees' Is Play

Damn Yankees is the play from whence comes such songs as "Whatever Lola Wants, Lola Gets," and that ridiculous thing called "Heart." (Can you imagine anyone with "miles and miles of heart"?)

The book (and play) concern Joe Boyd, a middle-aged real estate salesman. Joe rashly comments that he'd sell his soul to the Devil to get his favorite team, the Washington Senators, a pennant, and particularly to get the Yankees out of their seemingly permanent position in first place.

Sure enough, the Devil, in the person of a sinister fellow named Applegate, arrives by way of a manhole to strike a bargain.

The deal is that, for his soul, the Devil will change Joe Boyd into Joe Hardy, a baseball player extraordinary.

Joe accepts, with the condition that he can back out any time before September 21, and he soon is batting over .500 for the Washington Senators.

That's where Lola comes in. She is the Devil's creation to help Joe decide to keep the bargain. But, in spite of her constant efforts, Joe kinda misses his wife.

### Satan Proves Tricky

Before the novel ends, Satan performs every trick he knows and Joe tries every method of resistance he can muster.

If you want to know how it all turns out, you have three alternatives. You can go to New York and see the Broadway production, or see a road-show production that I understand is coming to Kansas City.

Or you can read The Year The Yankees Lost the Pennant, a Book-of-the-Month Club selection last fall. Or lastly, you can get a good idea of the doings of Joe and the Devil, not to mention Lola,

by throwing a little modern interpretation on Goethe's classic poem Faust. (I don't want to come right out and say author Douglas Wallop swiped Goethe's plot, but as a matter of fact that's exactly what he did.)

However, I'm sure Goethe will not make an unpleasant fuss over the matter. He's been dead for some 123 years.

Faust, in Goethe's story, is an aging professor who mourns his repititious, unexciting life and yearns to be young again. The Devil or (get a load of this monicker) Mephistopheles, as Goethe calls him, whumps up a few fair maidens with unfair ideas and sets the rejuvenated prof in amongst 'em, and all for the price of Faust's soul.

### 'Heart' Is Appropriate

In a situation like this, the modern show hit song, "You've Got To Have Heart," (among other things) is very appropriate. Too bad Goethe didn't think of that in 1769 when he first conceived the idea for Faust.

The reason I tell you about Goethe is to dispel any impression you might have that Eddie Fisher wrote the play. No, Old Miles and Miles of Heart just cut the one record and probably made himself more popular than Goethe ever was in his entire life.

But how many of Fisher's records do you suppose will be around 123 years from now?

## Newspapers Agree Ike Won't Run

By UNITED PRESS

A cross-section of the nation's newspapers has agreed that President Eisenhower probably will not run again in 1960. Vice-President Richard M. Nixon is the most prominently mentioned substitute candidate.

Many of the editorial writers hesitated to make a flat prediction that Mr. Eisenhower's heart attack will force his retirement from politics.

But others said an Eisenhower candidacy next year is "inconceivable."

Vice-President Nixon, who is already taking over some of the President's duties, was regarded by many as the most probable Republican candidate if Mr. Eisenhower bows out.

## Calendar Presidency Proves To Be Hazardous

By LYLE C. WILSON

Of United Press

Washington—On the record of the past 55 years, the Presidency of the United States is as hazardous as any occupation on earth.

Five of 10 Presidents since the turn of the century have died or been stricken in office. William McKinley was assassinated in 1901. Warren Harding and Franklin D. Roosevelt died in office, both of cerebral hemorrhage, although Harding also was suffering from pneumonia.

Woodrow Wilson was partially paralyzed during the latter months of his second term, and for long was unable to discharge the duties of his office. President Eisenhower was struck down by a heart attack last Sunday, but is recovering.

Theodore Roosevelt had some illness, but vigorously survived almost two White House terms only to be pinked by an assassin's bullet when he sought re-election as the Bull Moose candidate in 1912.

An assassin shot at President-elect Franklin D. Roosevelt in 1933. The bullet killed Mayor Anton Cermak of Chicago.

Two Puerto Ricans stormed Blair House while President and Mrs. Truman were in residence there, but were unable to reach Mr. Truman.

The record of the past 55 years is impressive. Dr. Karl C. Wold had that in mind when in 1949 he wrote a book called, "Mr. President—How Is Your Health?"

# K-State Weddings, Pinnings Still Fill Social Calendar

## Weddings

### McKelvy-White

Barbara McKelvy, HET '55 from Leoti, and John White from Lubbock, Texas, were married July 31 at Scott City. John is a student at Texas U. Mrs. White is teaching in the Austin, Texas public schools.

### Hair-Filbert

Ruth Hair, HEA Soph from Ness City, and Airman Eddie Filbert of Ness City, were married June 18. Eddie is a graduate of Fort Hays and a member of the TKE fraternity.

### Lentz-Pultz

Carolyn Lentz, junior in clothing and retailing from New Point Mo., and Daryl Pultz '55 from Horton were married August 7 at New Point. Daryl is a member of the Sigma Nu fraternity.

### Johnston-Reece

Nancy C. Johnston, EEd Jr, from Wichita, and Jerry Reece, BA '55 from Hiawatha, were married May 29 in Wichita.

### Ronquillo-Sand

Delores Ronquillo, Tucson, Ariz., and Robert Sand, Nehawka, Neb., were married September 5 in Tucson. Delores is a '54 graduate of the University of Arizona. She did graduate work here last year. Robert is a sophomore in veterinary medicine and a member of Alpha Gamma Rho.

### Mentgen-Martin

Mary Mentgen, Marysville, and Elden Martin, Frankfort, were married August 27. Mary was enrolled in home economics and nursing last year. Elden is a '54 graduate.

### Fetherston-Penner

Edna Fetherston and Keith Penner were married September 3 at Great Bend. Edna is a home economics and teaching junior. Keith is a senior in chemistry. Both are from Great Bend.

### Dellett-Marrow

Norman Marrow was married July 10 to Marjorie Dellett. Norman is a freshman in vet medicine, and is affiliated with Delta Sigma Phi fraternity. Marjorie attended Wichita university last year. Both are from Garfield.

### Talley-Renner

Marion Talley, TJ '55, and Wilbur Renner will be married in Zurich October 2. Both are from Zurich.

### Elliott-Taylor

Barabra Elliott, White City, and Eugene Taylor, Sheldon, were married last summer. Barbara was enrolled in elementary education. Eugene is a '55 graduate and a member of Sigma Alpha Epsilon.

## Engagements

### Elliot-Tredway

Nancy Elliot, HE Jr from Wilmot, and Richard Tredway, Ag Ed, Sr from Cambridge announced their engagement in June. Nancy is a member of Alpha Delta Pi.

### Howell-Eads

Engagement of Joan Howell of Coats to Richard Eads of Cullison has been announced. Miss Howell was at K-State last year and is enrolled in the University of Kansas Medical center. Eads is a junior in business administration at K-State.

### Warner-Kerbs

The engagement of Janice Warner and Jerry Kerbs was announced at the Sigma Phi Epsilon house September 23. Janice is a Kappa Kappa Gamma pledge from Dodge City, majoring in home economics. Jerry is a member of Sigma Phi Epsilon from Great Bend and is majoring in biological science.

### Pultz-Prillwitz

The engagement of Joyce Pultz, Horton, and Roy Prillwitz, Berrien Springs, Mich., has been announced. Joyce is a senior in music education. Roy is a member of Farm House at Michigan State.

### Wahl-Peterson

Caroline Wahl, home economics and teaching senior from Gor-

ham, and Donald Petercon, Clifton, have announced their engagement. Donald, a '55 graduate in technical agronomy, is now stationed at Malden Air Base in Missouri.

### McLeod-Paulsen

The engagement of Shirley McLeod to Bob Paulsen was announced at the TKE house. Shirley is studying nursing at St. Luke's hospital in Kansas City. Bob is a pre med. Both are from Kansas City.

## Pinnings

### Sargent-Howard

The pinning of Joan Sargent and Howard Sherwood was announced September 24 at the Pi Beta Phi and Pi Kappa Alpha house. Joan is a philosophy major and Howard is a business administration major, both from Wichita.

### Badeker-Day

Cigars at the Delta Tau Delta house September 22 announced the pinning of Marjorie Badeker, DIM Jr, from Overland Park, and Gerry Day, VM Sr, from Emporia.

### Badeker-Day

Chocolates at Northwest hall and cigars at the Delta Tau Delta house Thursday, September 22, announced the pinning of Marjorie Badeker, home ec Jr from Overland Park, and Gerry Day, vet medicine Sr from Emporia. Marjorie is a member of Alpha Phi sorority.

### Marcotte-Chizek

The pinning of Marce Marcotte and Gaylord Chizek has been announced. Marce is from Salina. Gaylord is a junior in agriculture from Ramona and an Alpha Kappa Lambda.

### Gamber-Janne

The pinning of Keith Janne and Vivian Gamber was announced at the Beta Sigma Psi house. Vivian graduated from Emporia State Teachers college,

## Students Keep Busy With Parties, Guests

Kappa Delta sorority and Theta Xi fraternity had a picnic supper Tuesday evening, September 20, at Sunset park.

Alpha Tau Omega entertained their dates with a picnic last Saturday night at Sunset park.

Guests during the week end at Alpha Gamma Rho fraternity were Mrs. Beatrice DeVore and Ruth Comstock, both of Winfield.

Mrs. Werner Gladhart and Rita Transmaier were guests at Van Zile last week.

Ed Cotner, Marian Oliver, and Stan Rieb were Sunday dinner guests at the Alpha Chi Omega house.

Weekend guests of the Alpha Chi Omega sorority were Orrinne Zimmerman and Faustine Koehn, both of Dodge City.

Guests at the Sigma Nu house Sunday, September 25, were Mr. and Mrs. Owen Sutter of Wichita and Mr. and Mrs. Garold Van Pelt of Beloit.

Sumner B. Morris, director of the Student Counseling Bureau, was a dinner guest at Lambda Chi Alpha Wednesday night.

The Rev. Roy S. Turney, Episcopal chaplain, was a Tuesday night dinner guests at Alpha Xi Delta.

Clinton L. Stalker was a weekend guest at the Sigma Phi Epsilon house. Clinton graduated from K-State in 1955.

Week-end guests at the Alpha Xi Delta house were Lois Steadman and Ellen Welsh, both from Great Bend.

# Offensive Punch Needed, Wildcat Grid Coach Says

Well ahead of the current football season, Bus Mertes, new grid boss at Kansas State, pointed up a need for more offense from Wildcat gridders this season.

After two games K-State coach has not changed his mind on the subject. "Because we had to get ready to stop Wyoming's single-wing and Iowa's 'multiple' offense, we have paid more attention to defense than offense," Mertes said. "After watching our men stop a bigger and more experienced Iowa team, I feel we may have arrived so far as defense is concerned. We are stressing offense now."

Does that mean new split-T plays for use against Nebraska Saturday? Yes, says the K-State coach. In an attempt to bolster the Wildcats' offense and make best use of the Cats' backfield talents, new plays are being installed at this week's drills.

"I think we have 'jelled' as a team—our men never quit against Iowa. They were blocking and tackling well, and even after trailing 0-21, they played it to the hilt," the Wildcat coach explained.

No line-up changes were made in the K-State first team at early-week drills. That could mean four sophomore linemen among the starters when the Wildcats open Big Seven play against Nebraska here Saturday. Both starting guards Rudy Bletscher and Ellis Rainsberger, starting right tackle Jack Keelan, and starting left end Don Zadnik are yearlings. Their play against Iowa was a highlight.

"Bletscher did a tremendous job," Mertes said. "He handled Iowa's All-America guard Calvin Jones, and that takes some 'doing'."

Only one man missed this week's workouts because of injuries suffered against Iowa. That was little Keith "Alabam" Wilson, 157-pound halfback, who twisted an ankle against the Hawkeyes. He is expected back in action before Saturday.

Filling the second team left halfback post vacated by Wilson has been Dick Allen, 190 pound sophomore. Allen saw his first college action against Iowa Saturday and turned in a creditable performance, averaging 44 yards each on five punts—one of them a booming 74-yarder intercepting a pass, recovering a fumble, and gaining 12 yards on 3 carries. Allen's 44-yard average ranks him sixth in the nation as a kicker.

Looking to the Nebraska game, Mertes allowed that "We are both hurting from two losses and need this one. That should mean a great ball game. We are pretty well matched, too, so breaks may make most of the difference."

**DICK ALLEN**, Wildcat sophomore halfback from Knoxville, Tenn., had one punt of 74 yards against Iowa last Saturday. In the first two games played this season, Allen has an average of 44 yards per kick in five kicks.

## KS Punts Average 41.1 Yards a Kick

Three Kansas State punters who have toed 18 kicks for the Wildcats in their two games all average 40 yards or more. Dick Allen leads with a 44 yard average on 5 kicks; Bob Whitehead has a 40.1 average from 12 kicks; and Kenny Nesmith has kicked once for 40 yards.

The K-State football expert of the week will be announced Monday.)

## Moore to Fight Turpin Jan. 10

New York (U.P.)—Archie Moore's next fight will be his defense of the Light Heavyweight crown against Randy Turpin at London, January 10, Manager Charley Johnston said today.

Archie weighed 188 pounds last week when knocked out in the ninth round by Heavyweight Champion Rocky Marciano, but Johnston said he could still be strong when pared down to 175 for a light-heavy defense.

The London fight will be his fifth defense of the crown he won from Joey Maxim on December 17, 1952. He defended twice against Maxim and against Harold Johnson and Middleweight Champion Bobo Olson.

## Makules and Delts Win Swim Meet

Hui O Makules and Delta Tau Delta won the first place awards in the three day intramural swimming meet, completed last night.

The Hui O Makules scored 82 points, high in both divisions, to win the independent division crown. The Delta Tau Deltas' scored 53 points to win the fraternity division.

In team races, points are awarded on the basis of ten points for first, eight points for second, six points for third, four points for fourth, and two points for fifth, said Frank Myers, intramural director.

In individual races, five points are awarded for first, four points second, three points for third, two points for fourth, and one point for fifth.

Final standings and total points in the fraternity division:

Delta Tau Delta, 53; Sigma Alpha Epsilon, 50; Beta Theta Pi, 44; Sigma Phi Epsilon, 37; Sigma Nu, 35; Phi Delta Theta, 28; Sigma Chi, 27½; Kappa Sigma, 15; Pi Kappa Alpha, 14; Lambda Chi Alpha, 14; Acacia, 11; Alpha Tau Omega, 11; Phi Kappa Tau, 9; 1834 Club, 6; Phi Kappa, 5; Delta Sigma Phi, 3 and one half; Beta Sigma Psi, 3; and Tau Kappa Epsilon, 1.

Final standings and total points in the independent division:

Hui O Makules, 82; Jones Boys, 36; Jr. A.V.M.A., 22; O. K. House, 8; West stadium, 8; and vets, 6.

## NCAA Approves Ten Bowl Games

Kansas City, Mo., (U.P.)—The National Collegiate athletic association today approved 10 post-season bowl games and nary a one fell on New Year's day.

That's because January 1 falls on Sunday this year, Walter Byers, executive director, explained.

Games in the major bowls, Rose, Sugar, Cotton and Orange are scheduled for Monday, January 2.

Also scheduled January 2 are the Prairie View bowl at Prairie View, Tex., Sun Bowl at El Paso, Tex., and Tangerine Bowl at Orlando, Fla.

Others approved by the NCAA extra events committee were the Refrigerator bowl at Evansville, Ind., December 4; Gator bowl at Jacksonville, Fla., December 31, and Corn bowl at Bloomington, Ill., November 24.

Byers said this is the fifth year the extra-events committee has certified the bowl games

## Loes vs. Byrne In Series Today

New York (U.P.)—Casey Stengel, having gambled and won with his first southpaw starter, nominated a second one, Tommy Byrne, to face the Brooklyn Dodgers today.

Dodger Manager Walt Alston countered with right-hander Billy Loes, who has proven Brooklyn's most consistent pitcher during World Series competition against the Yankees.

Stengel took a chance with left-hander Whitey Ford in the opener yesterday and Ford was credited with the Yankees' 6-5 victory although right-hander Bob Grim mopped up in the ninth inning.

If Loes stops the Yankees today, the Dodgers will square the Series at one game and be in a strong position when the Series shifts to Ebbets Field for three games starting tomorrow.

## Start of IM Football Scheduled for Today

The Intramural touch football season is scheduled to open today with four games scheduled for 4:15 p.m. and four more to start at 5:15 p.m.

Today's 4:15 schedule includes: Sigma Alpha Epsilon against Lambda Chi Alpha at Northwest corner of drill field; Farm House against Sigma Phi Epsilon at north center of drill field; Alpha Kappa Lambda against Alpha Tau Omega at Northeast corner of drill field; and Alpha Gamma Rho against Phi Kappa Tau at southeast corner of campus.

The 5:15 schedule includes: Theta Xi against Sigma Chi at northwest corner of drill field; Tau Kappa Epsilon against Beta Sigma Psi at north center of drill field; Phi Kappa against 1834 Club at northeast corner of drill field; and Sigma Nu against Delta

Tau Delta at southeast corner of campus.

In order to get complete coverage of the games, each team manager turn a final score sheet in to the Collegian sports desk or contact Rogers Myers at phone number 283.

In 1655, Joseph Jenks, a blacksmith at America's first successful ironworks at Saugus, Mass., received a patent for an improvement on the scythe. But today, the scythe is essentially the same as it was in Jenks' day.

# What's doing

at Pratt & Whitney Aircraft

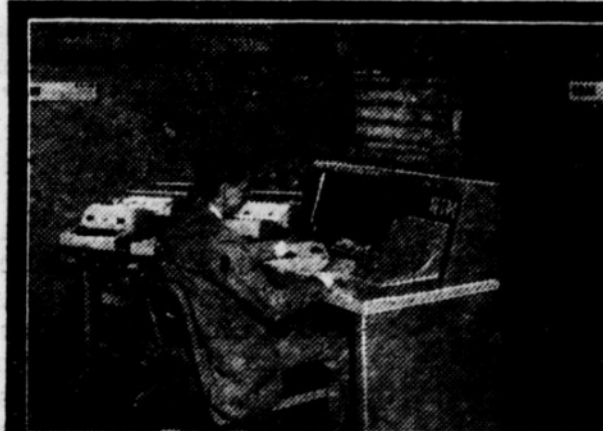

Working engineers of P & W A, waiting for classes to begin at R.P.I.'s new graduate center. Courses include Aeronautical Engineering, Physics, Mathematics, Nuclear Technology, Management Training.

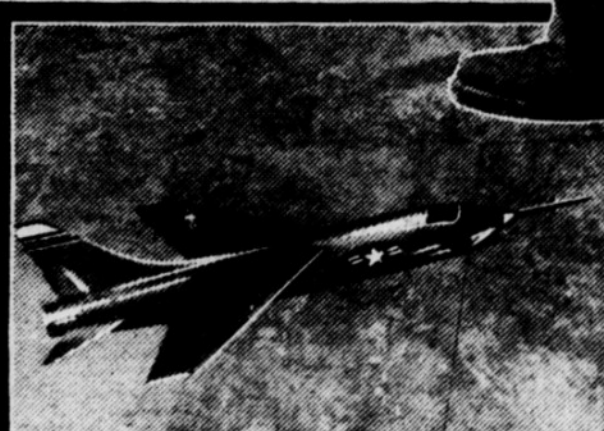

Here's something unique in education.

Near the Pratt & Whitney Aircraft plant in East Hartford, Conn., a full-fledged graduate center was established this fall by Rensselaer Polytechnic Institute. Located 115 miles from R.P.I.'s home campus in upper New York State, the new graduate facilities will enable working engineers from Pratt & Whitney Aircraft and other companies in the Hartford area to continue their studies. Without interrupting normal employment, it will be possible for students to obtain advanced degrees in specialized fields from the nation's oldest engineering college.

Designed to raise the level of knowledge and to broaden the base from which advanced research can be approached, this entire program will simultaneously lead enrolled engineers to greater achievement in their careers.

First 702 Computer in East. Just installed, this advanced I.B.M. computer joins earlier electronic marvels that played a vital role in the development of Pratt & Whitney Aircraft's famed J-57 jet engine.

Newest Supersonic Fighter. The Chance Vought F8U, latest in a growing group of military aircraft to fly faster than sound. Like most other record-breakers, it is powered by a P & W A J-57 turbojet.

Last Wasp Major, most powerful piston engine ever developed, is shipped by P&WA. This marks the end of an era as turbojets take over as the source of power for heavy bombers, transports and tankers.

World's foremost  
designer and  
builder of  
aircraft engines

# Hurricane Janet Heads for Mexico

Mexico City (U.P.)—Hurricane Janet picked up new power today in its trek across open sea and bore down on the Mexican mainland with the killer force that wrought death and destruction over the Yucatan peninsula and the Caribbean islands.

The storm, tenth and worst of the season, followed a west-north-west course which brought it within striking distance of populated areas shortly after dawn.

Just before it cleared the open stretch of water between the peninsula and the mainland, its maximum wind force was estimated at 115 miles an hour. But weather officials said it was constantly generating new power, and might strike land with a force almost equal to the 150-mile-an-hour punch it loosed on Yucatan.

## Soviets Soon To Release 5,000 Germans

Saint Laurent Sur Mer, France (U.P.)—Inhabitants of this village near Omaha Beach, where Gen. Dwight Eisenhower stepped ashore on D-Day, prayed for their hero today.

Mayor Albert Legallois said the village was following reports of President Eisenhower's illness "with interest and anxiety." He said no message had been sent to Mr. Eisenhower "because we heard soon after that he was recovering."

## French Village Prays for Ike

Bonn, Germany (U.P.)—Chancellor Konrad Adenauer said today the first group of 5,000 German war prisoners will be released by the Soviets "in the very near future—probably next week."

Adenauer told newsmen that "great majority" of these 5,000 will be sent by the Soviets to West Germany.

Only a small number will remain in the Soviet zone of Germany, where their families live, Adenauer added.

Asked to comment on last night's announcement that the Supreme Soviet had "amnestied" 8,877 of the 9,626 German war prisoners still held in the Soviet Union, Adenauer said, "Naturally I am glad, but I do not want to say any more at the moment."

## American Troops Leave Austria

Brenner Pass, Italy (U.P.)—American occupation troops withdrew from Austria over this historic invasion route today to join Allied defense forces in Italy.

The troops, removed under the Austrian independence agreement, will plug the defense-line gap in northern Italy just south of this Alpine pass.

The first units of the 5,500-man U.S. force made the frontier crossing shortly after dawn. Riding in jeeps and trucks, the 200 officers and men from the first battalion of the 350th Infantry were headed for Vicenza.

The U.S. forces entering Italy will be grouped under a new command, the Southern European Task Force, commanded by Brig. Gen. John H. Michaelis.

The command will be part of Allied Land Forces, Southern Europe, commanded by an Italian general, Clemente Primieri.

## English Governor To Visit Peiping

Hong Kong (U.P.)—The English colonial government announced today that Hong Kong Governor Sir Alexander Grantham will pay an unprecedented visit to neighboring Communist China next month.

The announcement said the trip will be a "strictly private visit." Grantham and his wife will be guests of the British charge d'affaires in Peiping for about eight days, the government said.

Britain, one of the first major powers to recognize the Peiping government, has maintained a charge d'affaires in Peiping for several years.

# New KS Dean of Students Served on MacArthur's Staff

By JOE HOLBERT

Dr. Herbert Wunderlich, new dean of students, revised the text books of Japan after World War II as part of the staff of SCAP, the Supreme Commander of Allied Powers in Japan under MacArthur following the war.

Doctor Wunderlich was responsible for setting up the mechanics necessary to revise the Japanese text books in order to remove the quantity of biased material which they contained.

"The text books of Japan were filled with material that was designed to influence the minds of Japanese students greatly in the matters of nationalism, militarism,

and Shintoism," Wunderlich said.

"The text books had been so written as to convince a Japanese student that his was a superior race in every respect."

"If a student read the text books used before we revised them and believed all that he read, he would be convinced that the Japanese people were a superior race in nearly every aspect of life," Wunderlich said.

The books formerly used in Japan promoted a belief in Shintoism, which was the belief that all Japanese were descended from a divine sun god, which led to their belief in the war that the Japanese

should be rulers of the entire world, Wunderlich said.

The national law, the "horei," was also used to promote the "superman" cause in the Japanese schools, Wunderlich said.

The government had inspectors that visited all of the schools to check up on the teachers to make sure they were teaching the propaganda in the text books exactly as prescribed by the government.

Wunderlich said, "After the occupation the teachers were usually quite glad to have the books rewritten without the propaganda, because they were free then to teach the truth."

## Klod-Kernel Host Husker Agronomists

Nebraska's agronomy club will be guests of the Klod and Kernel club at a picnic and the NU game Saturday, President Kenneth Munkres announced.

Saturday morning the visiting agronomists will tour the College and Ashland agronomy farms. They will be noon guests at a picnic in Sunset park.

"20 Years of Progress in Manhattan"

## ANYONE FOR FOOTBALL?

Pancho Sigafos, pale and sensitive, first saw Willa Ludovic, lithe as a hazel wand and fair as the morn, outside a class in money and banking. "Let us not hem and haw," said Pancho to Willa. "I adore you."

"Thanks, hey," said Willa, blushing prettily. "What position do you play?"

"Position?" said Pancho, looking at her askance. (The askance is a ligament just behind the ear.)

"On the football team," said Willa. "Football!" cried Pancho, his lip curling in horror. "Football is violence, and violence is the death of the mind. I am not a football player. I am a poet."

"So long, mac," said Willa. "Wait!" cried Pancho, clutching her lissome young forearm. She placed her foot on his pelvis and wrenched herself free.

"I only go with football players," she said and walked, shimmering, into the setting sun.

Pancho went to his room and lit a cigarette and pondered his vexing problem. What kind of cigarette did Pancho light? Why, Philip Morris, of corris!

Philip Morris is always welcome, but never more than when you are weary and sore beset. When a fellow needs a friend, when the heart is dull and the blood runs like sorghum, when darkness prevails, then, then above all, is the time for the mildness and gentleness that only Philip Morris can provide.

Pancho Sigafos, his broken psyche welded, his fevered brow cooled, his synapses restored after smoking a gentle Philip Morris, came swiftly to a decision. Though he was rather small for football (an even four feet) and somewhat overweight (370 pounds) he tried out for the team—and tried out with such pluck and perseverance that he made it.

Pancho's college opened the season against the Manhattan School of Mines. The Miners were always a mettlesome foe, but this year, strengthened by four exchange students from Gibraltar who had been suckled by she-apes, they were especially formidable. By the middle of the second quarter, the Miners had wrought such havoc upon Pancho's team that there was nobody left on the bench but Pancho. And when the quarterback was sent to the infirmary with his head driven into his ribcage, the coach had no choice but to put Pancho in.

Pancho's team-mates were not conspicuously cheered as the little fellow took his place in the huddle. "Gentlemen," said Pancho, "some of you may regard poetry as sissy stuff, but now in our most trying hour I can think of no words more apt than these lines from Milton's *Paradise Lost*: 'All is not lost; the unconquerable will and study of revenge, immortal hate, and courage never to submit or yield!'"

So stirred was Pancho's team by this fiery exhortation that they threw themselves into the fray with utter abandon.

As a consequence, the entire squad was hospitalized before the half. The college was forced to drop football. Willa Ludovic, not having any football players to choose from, took up with Pancho and soon discovered the beauty of his soul. Today they are seen everywhere together—dancing, holding hands, smoking, smooching.

Smoking what? Why, Philip Morris, of corris!

©Max Shulman, 1953

The makers of Philip Morris, who bring you this column each week, remind you that the perfect companion to watching a football game is today's gentle Philip Morris.

## Parents Sent Travel Permits For KS Coeds

Girls at K-State will soon have an idea of what type of transportation they may be taking out of Manhattan, according to Dean Helen Moore, dean of women.

Permits are now being sent to parents of undergraduate, unmarried women students. These permits are sent back marked with permission or denial, to travel by plane or train, out of Manhattan.

# KS Organizations Announce Plans

## Home Economics Clubs

A get-acquainted party for members of the Home Economics dietetics and commercial demonstration clubs is planned for Thursday at 4 p.m. in the Thompson hall cafeteria dining room. Refreshments are to be served.

## Mortar Board

Mortar Board will meet Thursday at 7 p.m. in the home of Miss Gertrude Lienkaemper at 826 Sunset.

## Business Students Association

Business Students association will have a picnic in the city park Thursday at 5 p.m. The picnic is free to all BSA members and their wives. A softball game between accounting majors and business administration majors is planned.

## Journalism

Journalism students will picnic at Top of the World Thursday at 4 p.m. Underclassmen will play seniors and faculty members in a softball game. Transportation will be provided from Kedzie hall. Tickets can be purchased in K103a.

## Amvets

All veterans have been invited to an Amvet organizational meeting in the downstairs section of the Community building Thursday at 8 p.m.

## American Guild of Organists

The K-State chapter of the American Guild of Organists plans an organizational meeting at the College Auditorium Thursday at 5 p.m. All former members, students registered for organ lessons, and others interested in organ playing have been asked to attend.

## B'nai B'rith Hillel

The executive committee of B'nai B'rith Hillel is to meet at the Milner residence Thursday at 8:30 p.m. The year's activities will be planned.

## Ag Engineers

An ag engineer watermelon feed will be held in Sunset park Thursday at 4 p.m. An invitation has been extended to all ag engineering freshmen. Transportation will be available at E 130. In case of adverse weather, the feed is to be held inside the ag engineering barracks.

## Home Ec Journalism

The Home Economics Journalism club meeting scheduled for Thursday at 4:00 p.m. in K207 has been called off, Gaye Fryer, president, said.

Anyone interested in joining the club and all old members are invited to attend the journalism picnic, Thursday, at 4:00 p.m. at the Top-of-the-World.

## Home Ec and Art

The Home Economics and Art club will meet Thursday at 4:00 p.m. in A 221. All girls in Home

Economics and Art curriculum or others interested are invited to attend. Refreshments will be served.

## Geology

Plans for the first meeting of the Williston Geology club and the Sigma Gamma Epsilon initiation were discussed by the Sigma Gamma Epsilon member at their last meeting.

The Williston Geology club is open to all geology majors, and Sigma Gamma Epsilon is the geology honorary organization.

## Geology

A watermelon feed for all geology majors and their families will be held Friday at 5:30 p.m. in the pavilion at Sunset park, said Dick Hooker, geology honorary organization president.

## Mortar Board

Business to be discussed at Mortar Board meeting tonight will include plans for the mum sale for homecoming. The scholarship dinner and the coming picnic with Blue Key will also be planned.

A vote will be taken on the report of the constitution and by-laws committee as amended and accepted by the 1955 national convention in July.

## Wampus Cats

The Wampus Cats, men's pep organization, will have a picnic today in Sunset park at 5 p.m., Dean Nehrig, president, announced. Students interested in joining are invited.

## YM-YWCA Plan Religious Services In Danforth Chapel

Interdenominational devotions will be held every morning, Monday through Friday, in Danforth chapel from 7:30 to 7:50 a.m. This program will continue indefinitely throughout the school year.

These services are sponsored by the YMCA and the YWCA under the direction of Judy Crawford, NEW Soph, and Don Gier, TA Jr., student religious leaders of these two organizations.

Each week the speakers are provided by a different religious group. The week beginning October 3 will be the Christian Church, followed by the Roger Williams Fellowship, College Baptist, Presbyterian, etc. A list of the individual speakers for the coming week will be available in the church activities news of the Collegian.

## LITTLE MAN ON CAMPUS

by Dick Bibler

## Army ROTC Radio To Begin Operations

The Kansas State Military Affiliate Radio Station Radio club, under the direction of the College Army ROTC, is about to begin operations for the year.

The cadets and other interested students will meet at 7:30 p.m. Thursday, September 29, to discuss membership, organization of the club, and activities for the coming year.

The club operates a MARS radio station from the Military Science building using call sign AAOWAL, and "works" other MARS and amateur stations throughout the country.

Members of the club participate in a world-wide program designed to create interest and further training in military radio communications, to coordinate amateur radio procedures with those of military radio and to provide a source of trained radio personnel in a national emergency.

In addition to their regular practice sessions, the club passes "MARS traffic" consisting of personal messages of military personnel overseas to their families, and in case of disaster would help

set up emergency communications. All students interested are invited to attend the meeting.

Perhaps the oldest road on earth winds across the Near East between the valleys of the Euphrates and Nile River. Camel trains and marching armies packed down this ancient caravan route thousands of years before the Christian era.

## Callahan Heads Entomology Club

Philip S. Callahan, Ent Gr. recently was elected president of the K-State Entomology club. He formerly was vice-president, and succeeds William W. Gibson as president.

Spiro J. Louloulos was named vice-president; Lallan Rai, treasurer; and Salah el Din Rashad, secretary. All are entomology graduate students.

If four years of schooling can be regarded as near-illiteracy, says a Twentieth Century Fund report, then over 20 per cent of the people in Virginia, the Carolinas, Georgia, Tennessee, Alabama, Mississippi, Arkansas, Louisiana and New Mexico were beneath this level in 1940.

## Law Club Selects Key For Chapter

The Chancery Club selected a gold key as the official key of the chapter at their meeting last night. The key was designed and produced by L. G. Balfour company, Attleboro, Mass.

The Chancery club will take the key to the national meeting in an effort to get it accepted as the national key.

The club decided to visit either the Washburn or KU Law School. The choice will depend upon which school will be able to have them at the time. A. D. Miller, faculty adviser, said.

Four members were chosen to represent the club at the Citizenship League Clearing House to be held October 12. They were Larry Bean, Dan Farrell, John Neff, and Jim Graves.

The Clearing House will be an inside look at the workings of politics, Jo Forbes, president of the club, said.

The club voted that all members must wear a coat and tie to the meeting or be assessed a fine. After a lengthy discussion, the law was amended to exclude female members.

## New York Reporter To Visit KS Campus

Mademoiselle magazine's campus reporter, Miss Pat Moores, will be on the K-State campus October 13 and 14, according to Dean Helen Moore.

Miss Moores will come from New York City to get acquainted with coeds interested in art, fashion, journalism, advertising, and creative writing and to select K-

State members for Mademoiselle's College Board.

She also wishes to interest students in the various contests of the magazine—in sketching, fiction writing, and reporting.

Miss Moores will be hostess at an informal tea Thursday, October 13, in recreation center for prospective board members.

VOLUME LXII

Kansas State College, Manhattan, Kansas, Friday, September 30, 1955

NUMBER 12

**BILL JOHNSON**, Geo Sr, and **Marylyn McCready**, Eng Jr, were elected to the Student Council yesterday as representatives from the School of Arts and Sciences.

## Council Elects Two Members

Marylyn McCready, EEd Jr, and Bill Johnson, Geo Sr, were elected by unanimous vote yesterday to the Student Council as representatives from the School of Arts and Sciences.

A representative from the School of Engineering will be elected next week. The Engineering Council will hold a special meeting Thursday for the purpose of electing a new member to the Student Council.

Bob McDowell, PrL Soph, was unanimously elected as president of the Arts and Sciences Council. Other officers elected were: Steve Weckel, ME Sr, vice-president; Connie Taylor, HEJ Soph, secretary; Chuck Broman, PrM Sr, treasurer.

A motion to allow freshman representation on the Student Council was discussed and voted down. A committee was set up to investigate the reorganization of the Student Planning Committee as an aid in educating freshmen in student government.

## Ed Rees Says Ike Will Run Next Year

Ed Rees, Kansas congressman from the 4th district, said he thinks Eisenhower will run in the 1956 presidential race because the American people expect him to finish the task he has begun.

In Rees' opinion, Nixon will be Eisenhower's running mate in the 1956 elections.

Congressman Rees spoke last night at the opening Young Republicans club meeting on the need for young people in political work, the accomplishments of the Eisenhower administration, and how legislation is handled on a national level.

## Hall Invited To Attend Homecoming

Gov. Fred Hall has been invited to take part in the Homecoming parade and to crown the Homecoming queen at halftime, Don Janes, chairman of the Blue Key Homecoming committee, said today.

A pep rally, followed by a dance in Nichols gymnasium, is planned for the Friday night before Homecoming. The student union parking lot has been reserved for the rally.

A bonfire and speeches from some of the members of the team and coaching staff are planned as highlights of the rally. Dress for the dance will be "come as you are," Janes said.

It was originally planned to announce the house decoration winners at the dance Friday evening but the final decision is to announce the winners at half time during the game.

## Athletics Council Positions Open

Student appointments to the athletics council, alumni committee and senior honor committee will be made at the Student Council meeting Monday at 7:30 p.m. The meeting will be held at the home of President McCain.

Cards or letters of application to any of these councils may be brought to the Student Governing association office in A112 or sent to CPO 134.

**AG BARNWARMER** queen finalists are (left to right) Marguerite Scherling, HE Soph; Diane Higley, PEW Fr; Janie Fulton, EEd Fr; Diane Whitley, HE Jr; and Dorothy Fox, HE Soph.

## Aggies Vote

## Five Barnwarmer Finalists Selected

By **JOAN ALBERS**  
Of the Collegian Staff

Five finalists for the Ag Barnwarmer Queen contest were chosen yesterday in Ag seminar.

The finalists are Marguerite Scherling, HE Soph, Van Zile; Diane Whitley, HE Jr, Waltheim; Janie Fulton, EEd Fr, Delta Delta Delta; Dorothy Fox, HE Soph, Clovia, and Diane Higley, PEW Fr, Southeast.

These girls were chosen from the sixteen candidates and one dog (uninvited) who were guests in Ag seminar.

The girls were asked questions to determine their knowledge of farming. Sample question—If papa bulls eats three bales of hay and baby bull eats one bale of hay per day, how many bales does mama bull eat? Answer—(and the girl knew it) there are no mama bulls.

After being introduced and questioned by Bob Cullins, chairman of the queen committee, the girls were voted upon by the students. The dog, whom the Aggies had assumed to be the Vet Medicine students' queen, received two votes.

The finalists will perform various farming chores such as building a pig trough and driving a tractor on the quadrangle in front of Anderson hall next Thursday.

The queen and her two attendants will be crowned at the Barnwarmer dance October 8.

The queen contest is part of the Ag Week activities which start Monday and close with the Barnwarmer dance.

## Student Health

Two girls and three boys are patients in Student Health today. The girls are Lynne Joines and Barbara Niccum.

The boys are Robert Self, Waymer Strahm, and Lawrence McDonald.

## Chiari Compares

## Dates Family Affairs in Italy

By **ROYANNE McMULLEN**

When a boy asks a girl for an evening date in Italy, he can plan on some member of her family coming along.

Chiara Bini, 21-year-old student from Italy, said that in the daytime, however, the couple may have a date without a chaperone. Italian girls do not date as much as American ones, she added.

Girls here are much freer than Italian girls, Chiara thinks, because they can work, drive cars, and do other things on their own. In Italy they stay more in the family and help their mothers.

Chiara is a short, dark-eyed girl with an enthusiasm for all the new things she experiences. She's a guest of Pi Beta Phi, which is furnishing her board and room. The Federated Women's Club pays her school tuition.

"It's difficult for me to give my opinion of America because everything is so different from my country and I have not been here very long," Chiara said.

She did think that American people were happy, and that life was on a higher level here.

"The land is rich and everyone can have what they want if they try and are a little

smarter than others," Chiara said.

She likes the idea of living in a sorority house and thinks the girls are friendly and nice to her. Beautiful was her description

**Chiara Bini**

of the girls, and she uses this adjective in describing anything she particularly likes.

Chiara is studying medical technology and wants to find out

the methods of laboratory technicians in America to take back to her country. She is going to help one of her professors in his laboratory when she returns, and he is having her look up many books here for him. She also writes long letters to him about her experiences.

Although Chiara is classified as a freshman here, she attended University of Bologna a year. Her school credits do not transfer between the two countries and when she returns to Bologna she will be a sophomore.

"I want to learn about the beginning of life and of life, itself," said Chiara, "so I can go back to my country and tell them everything I have learned that will help them."

A difference that Chiara has noticed between American and Italian students is their dress. In Italy they dress up to go to school. Boys wear jackets and ties. Girls wear hose and heels. Flats are only worn on rainy days.

"Wearing flats to school makes my feet tired," Chiara said.

Chiara comes from a large family and has four brothers and two sisters. Her family runs a wine industry in the city of Bologna.

"Help! Ambulance! Lawyers!  
We've Been Run Down!"

In 2084 Game . . .

## Kanscats Whip Nebaska, 12 to 7, In Thought-Projection Football

(If you think football is out of the hands of the students now, you haven't heard anything yet. Following is the tale of a K-State game in 2084, the 100th anniversary of 1984. You can read the outcome yourself.)

The home team was training, 7-6. Sub, coach-quarterback for the Kanscats was worried. His thought projections which spurred the home crowd to piercing screams were being blocked by his opponent's.

As the eight robots lined up in front of him, he concentrated mightily to overcome the thought-barrier of Nebaska, the genius from the North Sector who all but had the game in his pocket. "Only time for three more plays," thought Sub. "If my thought projections aren't strong enough to activate the crowd-reaction device, against Nebaska will thwart my efforts to amke a first down."

In the day of thought-projection football, only one man was needed on the field. This was usually the coach—the robots were just for effect, a carry-over from the decadent days when men were men, and women were glad. Now, the schools pooled all their money to buy a coach—his IQ was important, as this was the day of the battle of mental giants.

The two opposing quarterbacks would advance the ball by literally outthinking the opponent. If one quarterback's thought projections were stronger or more elusive than his opponent's, they would activate the crowd-reaction device which would pour current into the metal seats on which sat the spectators supporting that team. The resulting cheers would be plotted for intensity and duration by IBM machines—the total being the sole factor in determining the winner of the contest.

The Kanscats were in second place in conference play. Kanzaz the perennial league champion, was again leading the pack. For 42 years, Kanzaz has reigned supreme in the Magnasept. This was due largely to the college having had the good fortune to have as its coach-quarterback a refugee named Fogg from the East Sector school of Mass-tech who had been a mathematical specialist for the United Nations Interstellar committee.

But, after capping the Magnasept conference for years, Fogg was getting old and his thought-projections, which had been so potent in past seasons, were becoming weak and ponderous.

"This is the year," Sub thought as he planned his last play. "If we can just beat Nebaska, then next week we'll play Kanzaz. I'm sure I can win against old Fogg. Especially with my new super-duper brainwashing technique that one of the new government professors passed on to me."

The last play of the game was a huge success for the Kanscats. Sub eluded his opponent's mental blocks so effectively that the crowd-reaction device poured 220 volts at 30 amps into the home crowd.

The reaction was supreme—no cheers ever had been heard like those before in Memorial stadium. And none would ever be heard again. The home crowd was exterminated by this might effort, Sub had no team to field against Fogg, and Fogg went on to take his 34th championship.

Moral—If you don't use your head at a ball game, you'll get it in the end.

Don Kendall

### Over the Ivy Line

## If You Eat Pie For Breakfast You Feel Unloved, Prof Says

By ANN WEATHERS

An assistant professor of home economics at Wayne university claims she can tell what kind of a person you are by what and how you eat.

"Substitute eaters" who like pie for breakfast, and dessert before the main course show they have grown up feeling insecure and unloved, she claims. They let food take the place of affection. So does the "anxious eater," who has a long list of foods that upset him.

Then there's the "ritualistic eater" who must always eat on time and was probably always protected from drafts and made to wear his rubbers. The "spoiled darling," often considered frail and pampered, gets a kick out of food fad cults.

The "indifferent eater's" parents made him eat what he was served. Now he pays no attention to his food, preferring drink.

While a child, the "irrational eater" rebelled against authority, the professor says. Now he would rather disobey his doctor and suffer from ulcers than go on a diet.

Recognize anyone you know???

Colorado A&M is experiencing a "first" in class scheduling this year. In order to relieve the problem of classroom space and campus eating facilities, classes will be held during the noon hour.

Noon-hour classes are designed for freshmen and students not having 11 a.m. or 1 p.m. classes.

See if you can figure out this little piece of doggerel from the University of North Dakota. It's in phonetic spelling.

Seville, Dair Dago,  
Tousan Bussis Inuro.  
No Jo Demis Trux;  
Summit Cousin,  
Summit Dux.

Don't fight it—we couldn't figure it out either. Here's the translation:

Frog club tryouts, Nichols pool, 7:30 p.m.  
Pershing Rifles, MS 204, 7 p.m.

## That's Life . . .

Detroit (U.P.)—Elmer Moore told a policeman who arrested him while trying to break into an auto that he was looking for something to eat.

When the policeman arrived at headquarters with his prisoner, he found that Moore had eaten the lunch he had left in the back seat of the patrol car.

See, Willie, there they go,  
Thousand buses in a row.  
No, Joe, them is trucks;  
Some with cows in,  
Some with ducks.

"The wetter the better" and "Duck tny neighbor" seemed to be themes of the annual University of Wyoming freshman-sophomore tug-o-war when it turned into an all-school free-for-all. Seems they held the tug-of-war in a pond.

An anguished cry for more individuality in men's dress comes floating up the Kaw from an institution which shall remain nameless.

Someone thinks that college men have adopted a uniform—Ivy League. What with most males wearing pleatless trousers, three-button coats, Chesterfield topcoats, and striped ties, all the Twentieth-century college male needs is a raccoon coat, this individual says.

The TGIF'ers 23rd Psalm:

"The bartender is my shepherd; I shall not want.

"He madeth me to lie beneath bottle-scarred tables; he leadeth me beside distilled waters.

"He restoreth my equilibrium; he propelleth me down the path to the plumbing for my health's sake.

"Yes, like unto a cotton plant liberally sprayed with DDT, I shall fear no weevil; only pink elephants and multi-colored serpents; and he utilizeth his rod and his staff to aid me in beating them off.

"He divesteth me of ready cash and prepareth a table for me in the presence of mine creditors; my stein sloppeth over.

"Surely Schlitz, Schenley, and Schnapps shall cheer me all the days of my life, and I shall thrill to the kiss of the hops, and dread the hiss of the cops, even unto the ripe old age of 30 or thereabouts."

### Everyone Works

## Red Satellite Countries Wage Fight Against Food Shortages

Berlin (U.P.)—East German Communists recently ordered farmers, workers, students, housewives, and even old age pensioners to work seven days a week from dawn to dusk harvesting grain and picking potatoes.

Such drastic harvest-time labor typifies the desperate fight being waged in Soviet satellite countries against an old bogey of communist regimes—food shortages.

Before World War II, the area of Germany now under Red control was known for its exports of agricultural products. Today one of its most important staples—potatoes—is being imported. With 9,000 tons of potatoes needed daily for coonsumption, only 3,000 are available from home markets.

At the same time, Communist Hungary is passing through its worst food crisis since the end of the war. Hungary was once Europe's most important wheat and grain reservoir. Now wheat and grain are being imported.

Communist Newspapers in Hungary, meanwhile, complain about a shortage of meat and about a shortage of fruits and vegetables. They bitterly criticize the bad quality of the little produce that is available.

In Czechoslovakia, which has a comparatively high standard of living, a program for stepping up farm production failed for the most part, and food is still short.

## Soviets Release German PW's

Moscow (U.P.)—The Soviet Union kept its promise to West German chancellor Konrad Adenauer and East German premier Otto Grotewohl yesterday and ordered the return of 9,626 German war prisoners. Some will remain prisoners in Germany.

A decree of the Presidium of the Supreme Soviet, Russia's parliament, said it could not remit the sentences of 749 of the prisoners "in view of the especially grave crimes they have committed against the Soviet people." The decree said 8,877 will be released.

### Tropical Storms Lash Mexico, Japan

Two tropical storms piled up new death tolls in Mexico and Japan today.

Hurricane Janet, one of the greatest hurricanes of all time, amassed a death count of at least 473 before she pounded herself to death against the mountains of Central Mexico.

In Japan, savage typhoon Louise had killed at least 21 persons, injured 115 more, and left 11 missing. Five ships were sunk, four others were grounded, and damage in the battered southern Japanese area was estimated in many millions of dollars.

### Commies Withdraw Six Divisions from Korea

Tokyo—Communist China's announced withdrawal of six army divisions from North Korea during October will tip the military balance in favor of the Republic of Korea and its U.N. allies, an informed source here said today.

American officers said before the announcement by Peiping radio that the Communist and anti-Communist ground forces in Korea were equally balanced at about 775,000 men each.

Thus, observers said, a new troop reduction by the Chinese Communists would leave the U.N. side in the stronger position from the standpoint of manpower.

## 5,329 Students Receive Check-Up By Student Health

Student Health had a total of 5,329 students through the hospital during the weeks of orientation and enrollment.

Dispensary visits accounted for 3,570; entrance physicals, 1,267; football physicals, 60; wrestling physicals, 8; track physicals, 31; basketball physicals, 28; food handlers (to work for college), 65; and heart and lung checks, 360.

## Advance Degree Hopefuls To Meet

Graduate students who will receive a Master's or Doctor of Philosophy degree at the end of the semester are asked to meet at 5 p.m. Friday in F-102, Harold Howe, dean of the Graduate school announced.

Mimeographed instructions will be passed out concerning applications for the degrees, and Dean Howe will give oral instructions.

In restoring Berlin's Tiergarten an English gardener is to be laid out with plants, trees and bushes contributed by 20 nursery gardens in England, many private citizens and the king.

## Suicide May Be Link in Allen Case

Aubrey (U.P.)—A dramatic suicide by a 45-year-old farmer near here touched off today a renewed investigation into the fatal shooting two months ago of Mrs. Wilma Allen, a Kansas City housewife.

Shouting, "go ahead and shoot me, I'd be better off dead," farmer Fred Wilson pointed the shotgun at his chest and fatally shot himself before encircling Johnson county sheriff's deputies near here late yesterday.

Wilson was wanted by authorities on a warrant charging two counts of Statutory rape of his step-daughters, ages 17 and 14.

But of greater interest to authorities was the proximity of Wilson's farm to the spot where the body of Mrs. Allen was found, trussed and nude, August 7.

Sheriff Norman Williams said

the Wilson farm is two and one-half miles on a line from the pasture where the body of the attractive housewife was discovered. Police had believed the Allen murder was sex-motivated.

# IM Touch Football Started Yesterday

Opening play in the 1955 touch football season saw 16 fraternity teams in action yesterday.

Sigma Chi defeated Theta Xi 30-0. Norvin Stunkel, Warren Bullock, and Darrel Smith scored for Sigma Chi.

Beta Sigma Psi scored a 33 to 12 victory over Tau Kappa Epsilon. Bob Schumann scored twice for the Beta Sig's, with Kenneth Blase and Raleigh Meyer each scoring once.

Dale Misak and John Dorst scored for the TKE's.

Sigma Alpha Epsilon defeated Lambda Chi Alpha 13-0. Jim Pollom threw two touchdown passes to Bill Sinderson and passed to Bob Doebele for the point after touchdown.

Alpha Gamma Rho defeated Phi Kappa Tau 26-6 as Charles Michaels, Jack Van Horn, and Jerald Draney scored for Alpha Gamma Rho. Merle Moreland scored for Phi Kappa Tau.

Sigma Nu bowed to Delta Tau Delta 20-6. Bill Patton, Wayne Windsor, and George Rood scored for the Delt's. Sigma Nu's lone touchdown was scored by Galen Ward.

Phi Kappa defeated 1834 Club, 14-6. Jim Kastens passed to Clement Wahrman for one touchdown and Bob Esterl to Lowell Damond for the other. Bill Helvey intercepted a pass to score for the 1834 Club.

Alpha Tau Omega passed for three touchdowns to gain an 18-6 decision over Alpha Kappa Lambda.

Sigma Phi Epsilon won a 2-0 forfeit victory over the Farm House.

Today's 4 p.m. schedule includes: Beta Theta Pi against Phi Delta Theta at northwest corner of drill field; Y.M.C.A. against House of Williams at north center of drill field; Jr. A.V.M.A. against Wesley Foundation at northeast corner of drill field; and Jones Boys against Sigma Phi Nothing at southeast corner of campus.

The 5:15 p.m. schedule includes: Acacia against Pi Kappa Alpha at northwest corner of drill field; Brewster Boys against Phi

Alpha at north center of drill field; West Stadium against House of Brec at northeast corner of drill field; and D.S.F. against VETS at southeast corner of campus.

## Yanks Battle Jinx Today In Brooklyn

Brooklyn, (U.P.)—The New York Yankees had a 52-year-old jinx and Bob Turley going for them today in the third game of the World Series while the Brooklyn Dodgers only hope was that a switch to Ebbetts field might also bring about a change in their fading fortunes.

The Dodgers, down two games already and well aware no team ever has won a seven-game World Series after losing the first two games, nominated southpaw Johnny Podres, to pitch today.

Professional odds makers quoted the Yankees as 19 to 5 favorites to win the series. Largely because of the site switch from Yankee stadium to Ebbetts field, they quoted the Dodgers as 11 to 10 favorites for today's game.

Past-masters at four-game sweeps in World Series competition, the Yankee players couldn't help thinking along those terms after southpaw Tommy Byrne pitched and batted them to their second straight victory, 4-2, over the Dodgers yesterday.

If the Yankees do make it a clean sweep, it will be nothing new for them. They have done so six times previously in World Series play. They first beat Pittsburgh in four straight games in 1927; they made it two years in a row by taking St. Louis in four straight in 1928; they swept the Chicago Cubs in 1932 and 1933; Cincinnati in 1939 and the Philadelphia Phillies in 1950.

How Hungry Can One Get?

# Wildcat, Husker Gridders Looking for First Victory

"We are both hungry for a win, and the outcome may depend on who is hungrier," Kansas State grid coach Bus Mertes said of Saturday's Big Seven opener between Nebraska and K-State.

Both teams have taken two losses, both dropping decisions to Big Ten foes last week end after having lost season home openers. The Cornhuskers opened at home with a 6-0 loss to Hawaii and then rallied to scare a rugged Ohio State team 20-28. That sends Coach Bill Glassford and the 'Huskers into this one looking for their first win. But that hardly sets them apart from the Wildcats, who after losing 20-38 to Wyoming, went down 7-28 to Iowa university last week.

Mertes plans only two changes in the K-State starting line-up for use against the 'Huskers, but forecast that his Wildcats would show a stronger offense in the game. He moved 214-pound Bill Carrington from right half to fullback, where he will provide reserve strength behind starter Doug Roether and shifted sophomore Ralph Pfeiffer into the right half post of the starting backfield.

The Wildcats will use three sophomores in the starting line, running Rudy Bletscher and Ellis Rainsberger at guards, Don Zadnik at left end.

Nebraska's offense came through with a boom last week as the 'Huskers gained a 327-yard total against the Buckeyes, 189 yards of it through the air. Four Nebraskans were pitching against Ohio State with junior halfback Willie Greenlaw hitting 4 of 4 for 91 yards. Quarterback Don Erway completed 4 of 14 pass attempts to gain 43 yards.

Since Iowa completed 8 of 17 passes against the Wildcats, the 'Husker passing attack may be a major factor in the conference opener.

Should K-State manage a win over Nebraska it would mark the first time in history the Wildcats have dominated the 'Huskers three successive seasons. In 39 years the two have competed, K-State has scored two-in-a-row wins over Nebraska only twice—winning in both 1941 and '42, and repeating with the 1953 and '54 games.

The K-State football expert of the week will be announced Monday.)

## So. Cal, Texas To Meet In Opening Game of Week

By UNITED PRESS

Southern California, undefeated in two starts and the nation's eighth ranked team, is a 13-points favorite over once-beaten Texas in their intersectional clash at Los Angeles tonight as college football launches its second big week end.

Saturday's program is a bit more crowded with the Maryland at Baylor game heading the list. The Terrapins, the nation's top ranked team, are favored by one touchdown, while the Bears, who like Maryland have won both starts this season, are primed for an upset. Maryland just did squeeze past Missouri, 13-12, in its opener

and then whipped UCLA, the 1954 champion, 7-0 last Saturday.

Tenth-ranked Ohio State, the Rose Bowl champion and 28-20 winner over Nebraska in its season opener, is the 10-point pick over Stanford in the nationally televised game of the week from Palo Alto, Calif.

Second-ranked Michigan, with an easy win over Missouri under its belt, is a strong 13-point pick over Michigan State in a Big Ten meeting, while third-ranked Georgia Tech is only a seven-point favorite over Southern Methodist in another intersectional game.

## Races Today At Great Bend

Great Bend (U.P.)—An estimated 700 souped up hot rods were on hand today for the opening of the first National Drag Race championships at the Great Bend airport's 8,000-foot runway.

A match race between "Bustlebomb" and "Slingshot," rated 1-2 among the nation's drag racing machines, was a feature of the annual event. Mickey Thompson's "Slingshot" has been clocked at 151.26 miles an hour, while Lloyd Scott's "Bustlebomb" is a twin-engine machine. It is powered by an Oldsmobile motor in front and a Cadillac in the rear.

## Now! The New Aristo Slide Rule

- Made of Duracell—therefore resistant to severities of climate, water, atmospheric moisture, acids and alkalies.
- Proof against warping, shrinkage and expansion, thus insuring a silky, touch-responding movement of the slide.
- Non-inflammable.
- Highly elastic, hence virtually unbreakable.
- Neat, sharply defined and non-fading graduations of life-long precision.

Inspection of these rules is a must for the discerning student.

# Church Groups Plan Many Activities

## Ev. Un. Brethren

There will be a picnic for all Evangelical United Brethren students, families, and friends at Sunset Park Sunday, October 2, at 5 p.m.

Meet at the picnic area on the southeast area of the park rather than at the shelter house as was indicated on the notices which were mailed out. If you did not receive a notice, do not hesitate to come as we may not have had your name.

Anyone needing a ride should meet on the east steps of Anderson Hall at 5:45 p.m. Come and get acquainted with the other E.U.B.'s at Kansas State.

♦ ♦ ♦ ♦

## Sigma Eta Chi

Sigma Eta Chi, Congregational women's sorority will hold a dinner for girls interested in becoming new members on Tuesday, October 4. The dinner will be at the home of Mary Perkins, 1616 Humboldt, at 6:00 p.m.

♦ ♦ ♦ ♦

## Kappa Phi

"Let Us Sing A New Song" was presented at the year's theme at the first fall meeting of Kappa Phi, held Tuesday, September 27. Kappa Phi is an organization for all girls of Methodist preference.

Donalee Meyers presided at the meeting assisted by Sara Schrenk and Betty Winkley, who were in charge of devotions and meditations. Special music was given by Marjorie Roark, Patsy Darling, Darlene Larkin, and Martha Nordquist.

♦ ♦ ♦ ♦

## College Baptist

The College Baptist Youth Fellowship will hold its weekly meeting in the basement of the College Baptist church Sunday at 6:30 p.m.

At 9:45 each Sunday morning a bible class is taught for all college students by Lt. David Haworth, who is a psychologist at Fort Riley. The college Baptist Church group also holds choir practice at 8 every Friday night. After the singing refreshments are served with recreation in the basement of the church.

♦ ♦ ♦ ♦

## Christian Science

The Christian Scientists will meet for the first time Tuesday, October 4 at 7 p.m. in Danforth Chapel. This will be a business meeting for the adoption of a constitution.

♦ ♦ ♦ ♦

## Gamma Delta

"What kinds of ideas do people have of death" will be the topic of the discussion led by Delbert Schultz, youth advisor, for the Gamma Delta meeting, Sunday, October 2. The supper will begin at 5 p.m. Installation of officers and the discussion will follow the supper.

♦ ♦ ♦ ♦

## KSCF

Kansas State Christian fellowship is having a picnic at the bottom of the "Top of the World" Friday night, September 30. Everyone is invited. Rides will

be furnished from Anderson hall at 6 p.m.

Gordon Wakefield, Fort Riley, was speaker at the last Tuesday's meeting. The fellowship here at K-State is part of the widespread Inter-Varsity religious programs.

♦ ♦ ♦ ♦

## Wesley Found.

Carolyn Lusk and George Dick-erhoff are in charge of the Wesley picnic Friday, September 30. Meet at the Foundation at 5:30. The meals will be \$.35, and everyone is invited. Bob Circle and Virginia Eaton are host and hostess for the open house after the picnic.

Beverly Ringey and Max Mech-ner are in charge of the Saturday night open house from 8 to 11.

The Rev. S. Walton Cole is preaching on, "The Christian Home," at 9:50 Sunday morning at Wesley Foundation. Carol Snodgrass will have the special music. The church school classes will follow at 11. The instructors for the three classes are: Dr. Roy Langford, Dr. Frank Fornoff, and the Rev. B. A. Rogers. The married students have been having different instructors according to the units they are studying.

The Bible study class will meet at 4 p.m. Sunday.

The fellowship at 5 will be led by Betty Straub and Don Jarchow. Cooks for the lunch at 5:30 are Carolee Fox and Carl Poston. Mr. Russel Reitz, Kansas Conference lay leader, will speak on, "This I Believe," at the forum at 6. Rachal Pickett will lead devotions, and Ralph Mattingly will have the special music.

Any Methodist preference boys interested in attending the Sigma Theta Epsilon picnic should meet at Wesley Founda-tion Monday, October 3, at 5:30.

The Rev. Ray Wonder is speak-ing at the ushers meeting Mon-day at 8 p.m.

Jewell Britt will be hostess at the Breezy Hour Wednesday from 3 to 5:30. Everyone is welcome.

## Latter Day Saints

Church school will be at 10 a.m. Sunday October 1, followed by two church services at 11 a.m. and 6 p.m. at Danforth Chapel.

This Sunday is the day of the Sacrament service, and blessings, business, and testimony will be held.

Everyone is invited and urged to attend any Latter Day Saints service.

## United Student

"What is U.S.F.," is the topic of discussion to be led by the Harold Kannars at the Sunday evening meeting of the United Student Fellowship.

The group, composed of Con-gregational, Christian, and Evan-gelical and Reformed students, will meet in Pioneer hall of the First Congregational church at 5:15.

The evening meal will be at 5:30 and the discussion will fol-low.

The young peoples discussion class will meet at 9:45 a.m. Sun-day in Pioneer hall. Church ser-vices will follow at 11 a.m.

Rides will be available for the morning services by calling the church. Rides for the evening meeting will be available at An-derson hall at 5 p.m. or call the Kannars at 59463.

## Westminster

A picnic is planned for West-minster Fellowship on Friday at 5:30 p.m. They will leave from Westminster house. Reservations may be made at the office in Illustrations hall.

"The Peacemaker" is the sub-ject for discussion at Sunday School on Sunday at 9:30 a.m.

The recreation clinic will be held at 4:30 p.m. Sunday.

Westminster Fellowship will meet at 5:30 p.m. Sunday. The program will consist of the film, "Village of the Poor." This is a film showing how three persons (a farmer, a shepherd, and a temple dancer) come under the influence of a mission center.

The graduate study group will meet Tuesday at 6:15 p.m. to hold the first in a series of dis-cussions on the development of protestantism.

## Disciples Student

"What Disciples Believe" is the theme for the Disciples Stu-

dent Fellowship evening program. The first lesson in the series is a typical disciple worship service. Walter Able will bring the ser-mon. The evening program, held at the church, begins at 5:30 p.m. with a meal at 6 p.m. followed by the worship service.

A coffee hour at 9 a.m. at the Foundation, 1633 Anderson, will begin the Sunday morning activi-ties. Sunday school will be held in Koller hall at the First Chris-tian church at 9:45 a.m. The topic for discussion will be "Pol-itics and Love." Rides to the church will be furnished from the Foundation.

Church is at 10:45 a.m.

♦ ♦ ♦ ♦

## Newman Club

The Newman club will attend communion services at the 10 a.m. mass, Sunday, October 2 at the Seven Dolors church.

A coffee hour at the church will follow the service.

The club will begin a series of conferences October 3 consist-ing of discussion groups for any-one interested in Catholicism. They will meet at 7 p.m. in J-15.

♦ ♦ ♦ ♦

## Lutheran Students

The regular meeting of the Lutheran Student association will be held at the First Lutheran church, 928 Poyntz, Sunday, Octo-ber 2 at 5 p.m. A discussion on "Aspects of Worship," will be conducted by Darlene Nelson, EED Jr, Bridgeport. Devotions will be given by Norman Sawyer, Ag So, Conway.

Devotions for the Lutheran Student association will be given by Caroline Wahl, Ht Sr, Gor-ham, at Danforth chapel, Tues-day, October 4, at 5 p.m.

## Roger Williams

The Roger Williams Fellow-ship will meet Sunday at 5:15 in the Fellowship hall of the First Baptist church. This week's pro-gram is "Baptists and Baptist Beliefs." All students, and Fort Riley personnel are cordially in-vited.

Church school will be at the First Baptist church at 8:45 Sun-day morning with the church service following at 11.

Rides will be available at the dorms at 5 p.m. or call Ray Fritzemeyer at 85341.

## Hillel Foundation

Alfred Grossman, Bac Sr, was elected president of the B'nai B'rith Hillel foundation at the "Get Acquainted Brunch" held Sunday at the residence of their faculty adviser, Dr. Max Milner. Other officers are Stuart Weiss-man, vice-president; Neil Bood-man, secretary; Daniel Chajuss, treasurer; and Jay Black, pub-licity chairman.

♦ ♦ ♦ ♦

## Un. Presbyterian

"Practicality of Christianity" is the subject to be discussed at the Sunday night meeting of the United Presbyterian Youth fel-lowship. Harvey Benson, AgE Sr, is in charge of the program. The meeting will be held from 7 to 8 p.m. in the education build-ing north of the United Presby-terian church at 1000 Fremont.

# Canterbury Association Has Full-Time College Chaplain

By CAROL WARD

The arrival of an Episcopalian college chaplain, the Rev. Roy S. Turner, is a big event this year for members of the Canterbury association.

Father Roy, as the students call him, came here from Pewee Valley, Ky., because he was interested in working with college students. He is an alumnus of the University of Kentucky and this year graduated from the General Theological Seminary of the Episcopal church in New York City.

This is the first year there has been a full-time Episcopal chaplain at K-State for college work. Until two years ago, when Canterbury house at 1729 Fairchild was acquired, work was carried on from St. Paul's Episcopal church downtown, of which the Rev. James E. Leach is now rector.

"The Canterbury association, which is the Episcopalean ministry to members on campus, is for both students and faculty," Father Roy stressed. President of the club is Charles Billings, ME Jr. Faculty advisors are Prof. F. W. Atkeson, Dr. Kenneth O'Fallon, and Mrs. Wayne Sieh. There are 30 faculty and 165 student members including a number of foreign students.

The local Canterbury Association is a member of a nationwide college group, the National Canterbury association, and of a

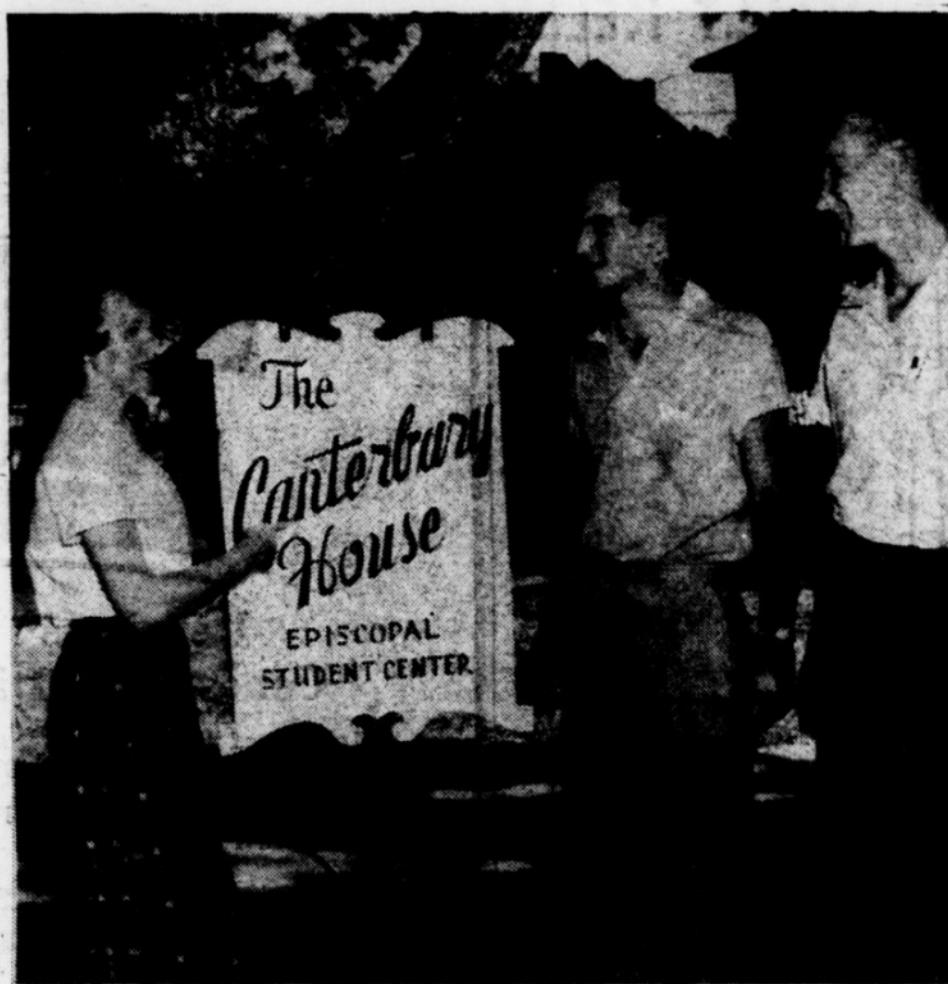

worldwide Anglican student movement.

Although the Episcopalian student movement has been carried on all the time, the name Canterbury work has been assumed within this century. It takes its name from Geoffrey Chaucer's stories of a group of pilgrims, "The Canterbury Tales," because it is a mission to churchmen away from home.

The local Canterbury associa-

tion meets every Sunday evening at 5:30 p.m. at Canterbury house, 1729 Fairchild. This week's meeting will be the annual picnic with rides furnished from Canterbury house.

Other events sponsored by the group include the regular Wednesday morning holy communion services in Danforth Chapel at 6:55 a.m. and the annual Shrove Tuesday pancake supper in the winter.

CANTERBURY CLUB members Gerrie Gray, Chuck Billings, president, and Darrel Smith look at the sign in front of the Canterbury house at 1729 Fairchild.

## H. V. Beck Named To Geology Post

Henry Beck, assistant professor of geology and geography, was elected secretary-treasurer of the Flint Hills Geological society recently.

The Flint Hills society is composed of the professional geologists in northeast Kansas. They hold monthly meetings during the winter months.

America's oldest continuously operating iron mine, which has been going for over 200 years now, is situated in three hills near Lebanon, Pa., says Steelways Magazine.

# Purple Pepsters Initiate 61

Purple Pepsters, women's pep organization, is having informal initiation today for sixty-one pledges, Marilyn McCready, president, announced.

Actives and pledges met in Rec center at 6:30 this morning to begin initiation activities. All

Darlene Beeman  
"The Fat Lady"

pledges were in costume and wore signs explaining what their costume represented.

When the pledges are not in class, they are to be in the Canteen selling cigarettes, candy and gum. Each pledge also has a paddle which has to be signed on both sides by athletes, Wampus Cats, cheerleaders and Purple Pepster actives.

## Extension Club To Meet Monday

The K-State Extension club will hold its first meeting of the year Monday, according to Jon Herod, president.

The meeting will be in Extension Barracks 116, at 7:30 a.m., Herod said. It will consist of a short business meeting and election of officers.

Recreation will be directed by Miss Shirley Bessey, state recreational leader.

At 5 p.m. the pledges are to meet at the Canteen and proceed to Nichols gymnasium, where they will receive their Purple emblems.

Purple Pepsters pledges are Carol Gillen, Joline Boehner, Bobby Rhynalds, Carolyn Snell, Barbara Starns, Barbara Ericson, Eleanor Gorman, Cicely Bennett, Betty Ann Benson, Ruth Kirtland.

Virginia Herzog, Jan Kraft, Lou Ann Oberhelman, Connie King, Carol King, Nancy Hayes, Ardella Rush, Patricia McClelland, Glennis Unruh, Janet Frey, Kay Broman, Marcia Hesler, Janet Kugler, Darlene Beeman, Kay Berg, Pat Craven, Natalie Harwood.

## Union Committees To Select Members

Applications for positions on the Student Union program council committees have been closed and selections of new members will be made about the middle of next month, Bob Alexander, council adviser, said yesterday.

He said the council hoped to begin personal interviews with the applicants within the next week and a half. Interviewing will take several days.

Approximately 50 positions on the council are available. Alexander explained that this included both replacements for vacancies and additional members necessitated by the expansion of the council's work.

## C. H. Faust To Be Assembly Speaker

Dr. Clarence H. Faust, president of the Fund for the Advancement of Education, will be the principal speaker at the all-College assembly October 5. Dr. Faust will introduce his own topic.

During the assembly the College Library building will be officially named in honor of F. D. Farrell, president of Kansas State from 1925 to 1943.

Dr. Faust became president of the FAE at its conception by the Ford foundation in 1951. Its purpose is to work with schools at primary, secondary, college, and university levels in the improvement of formal education.

Before accepting the FAE presidency, Dr. Faust had been associated with Stanford university. He joined the Stanford faculty in 1947 as director of the university's library and was named

Dr. C. H. Faust

Dean of the Faculty of Humanities and Sciences in 1948.

Dr. Faust served 17 years on the faculty of Chicago university before joining the Stanford faculty. He was Dean of the Graduate Library School at the time he left Chicago U.

Dr. Faust holds MA and PhD degrees in English from the university of Chicago. He also has a BA degree from North Central college and a BD degree from the Evangelical Theological seminary.

His publications include Jonathan Edwards, Jonathan Edwards and Science, Emerson's Literary Theory and Practice, and From Edwards to Emerson.

### The President Announces

# K-State To Ask Legislature For Nuclear Reactor Funds

K-State will have a nuclear reactor if the Legislature approves a \$20,000 item in the 1956-57 College budget, President McCain has announced. The amount is marked for preliminary engineering planning and has been approved by the Board of Regents. The actual installation of the reactor on the campus will cost

between \$300,000 and \$600,000, McCain said. Slightly more than half of this amount would be for the reactor and for auxiliary equipment. The remainder would provide a building to house the reactor and its control equipment. Proposed site of the building is about one mile from the campus. The \$20,000 will be used to

make final plans for the reactor and to make the necessary arrangements with the Atomic Energy commission. McCain stated that it would take over a year to plan and design the reactor and its facilities.

"K-State is in an excellent position for the proposed nuclear reactor program since there are, on the staff, more than 30 persons who have been actively engaged in research or teaching involving nuclear energy during World War II and since," McCain said. Following encouragement by the AEC, K-State established a curriculum in nuclear engineering three years ago, becoming one of the first schools in the nation to do so. The first graduates from the new curriculum will receive their diplomas next spring.

McCain revealed that a reactor planning committee had been studying the problems related to establishing the reactor for the last year. On March 1, 1955, the College signed a contract with the AEC so the commission could supply the College with assistance and information relating to the design and construction of the reactor.

The style of reactor under consideration would use enriched uranium, or a similar compound, for fuel. These fuels are available from the AEC at no cost to the College.

"A nuclear reactor can make incalculable contributions to many of the research programs which K-State undertakes," McCain pointed out. "Several staff members are now carrying on research using radio-active isotopes for plant and animal studies."

"While many Kansas industries now base their operations here because of the state's excellent reserves of gas and oil," McCain pointed out, "there is every indication that nuclear energy will become the most important source of power in the years ahead."

"Those states and those areas which maintain leadership in the rapid developments taking place in this field will be the natural centers for those new industries which will be a result of the research."

## Guided Tours Of New Union Being Planned

Tentative plans are being made for a "Promotion Week" sometime in November to allow students to tour the nearly-completed Student Union building, it has been announced.

Exact date will depend upon when the building is turned over to the College by the contractor. At the time of the tour, furnishings will not have been installed, but students who "can't wait" will be able to get an idea what the building is like.

In addition to tours of the building, a movie will be shown concerning a Wisconsin Student Union, and pictures of other unions will be on display. It is planned that each committee of the Union program council will tell of the jobs it will do.

## Student Health

Four girls and six boys are patients in Student Health today. The girls are: Marjorie Bower, Lynne Joines, Twila Irvine, and Beth Fulton.

The boys are Robert Self, George Davidson, Robert Jedwabny, Fred Benson, Frank Edwards, and Willard Hawkins.

# Kansas State Collegian

Kansas State College, Manhattan, Kansas, Monday, October 3, 1955  
VOLUME LXII NUMBER 13

## A. B. Cardwell Is Appointed Research Head

Dr. A. B. Cardwell has been re-appointed as Director of the Bureau of General Research, President James A. McCain announced today.

Established by President McCain in 1954, the bureau is set up to handle basic research projects and grants in aid which do not logically belong in either the engineering or agricultural stations.

At the present time 14 projects from commercial, governmental and philanthropic organizations have been established. These projects cover work in physical science, biological science, social science and the humanities.

## Application Due Today at 5 p.m.

Student applications for appointments to the athletic council, alumni committee and senior honors committee must be brought to the Student Governing association office in A 112 by 5 p.m. today, Gerry Day, student body president, said.

## BULLETIN

New York (U.P.)—The New York Yankees jumped on southpaw Karl Spooner for 5 runs, 3 of them scoring on Bill Skowron's homer, in the first inning of the sixth World Series game. Brooklyn scored once in the fourth, and the Yankees led 5-1 after 4 1/2 innings.

## Apportionments To Be Set Today

The Apportionment board will meet today in the Dean of Students office at 4 p.m. to decide on final apportionments for the 1955-56 school year, Gerry Day, Student body president, said.

Protesting groups may present their cases on a first-come, first-serve basis. No individual time appointments will be made.

## Look Ma—No Hands

# Frosh Unicyclist Is Lucky, Has No Parking Problems

By LANCE GILMORE

Looking for a new hobby?

Try the unicycle, a one-wheeled machine which is made to order for maneuverability and experimental riding.

This is the favorite pastime of Evan Davies, MT Fr from Roswell, N. M.

"My first attempts to ride one were on homemade ones I constructed from my own plans," Davies said, "and it was several days before I could even mount one successfully."

Not long after he had learned to ride his homemade ones, Davies met a rider in a parade who had a precision unicycle made by a Bicycle company in Wichita.

Davies investigated and purchased a \$50 machine which he now rides. It is made almost entirely of imported parts.

"A good rider can change to reverse from forward motion and can wheel around at a standstill, but I haven't quite reached that stage yet," Davies said.

Learning to ride the unicycle comes in four stages, according to Davies. The first is mounting, then comes forward motion, learning to stay upright while at a standstill, and finally, riding in reverse.

Dismounting is no trick at all, he said. The rider simply falls forward off the seat, catching the unicycle in one hand.

"The unicycle can wind easily in and out of crowds, but one of its greatest drawbacks is that it is difficult to ride over curbs," Davies said.

Davies has no plans for professional riding. At he put it, "Riding the unicycle is just a hobby with me, like playing tennis or collecting things."

# Names of Faculty Members Should Be on Line Schedule

A committee report on a matter of interest to most K-Staters—printing instructors' names beside line numbers in the schedule of classes—will be heard by the Student council at tonight's meeting.

A motion was made at the last Council meeting to recommend to President McCain that future enrollment line schedules bear the name of the instructor printed next to the course line number.. That motion was tabled and a committee appointed to investigate faculty feelings about the plan.

Since the Student Council is supposedly representing the students, why wasn't the committee appointed to investigate STUDENT feelings concerning the matter? In effect, the Council appointed the committee to ask the faculty if it would be okay.

This idea of letting the students pick their instructors is a good one.

Just as some students are a little sharper than others, the same situation prevails in the teaching profession here. It wouldn't take too many semesters to find

out who the poor teachers are if their names were on the line schedule. They would be facing empty rooms the first day of class each semester.

Many instructors are noted for their knowledge in a particular branch of study. Students interested in this particular study could well benefit from that teacher's education and experience.

There are many more reasons why the instructors' names should be on the line several reasons. There would be disadvantages to putting the proposed system into effect, but they could be taken care of fairly easily.

The Council meets tonight at 7:30 in Anderson hall. Maybe if some of the Council's constituents would show up, the Council would take positive action regarding this situation.

Gary Swanson

## Today's Quote . . .

"What a lousy week end. There wasn't a very big crowd at the pep rally, we lost the football game, and we didn't even have Marlene to lead the band."

## GOP Is Panicky

# Republicans Still Are Hoping To Run Eisenhower Again

By Stewart Alsop

Washington—Even while President Eisenhower is courageously struggling with his illness in his Denver hospital bed, the drive is already taking shape to make him run again despite his heart attack.

Chairman Leonard Hall of the Republican National committee has declared that he still hopes the President will head the party ticket in 1956. Hall's subordinates swear that Hall really means what he says. They also give all sorts of elaborate reasons why Hall's hopes may turn out to be well-founded, if the President makes the good recovery the whole country prays for.

Chairman Hall is not alone, either. Among the Republican leaders and in the party rank and file, everyone is automatically repeating Dr. Paul D. White's statement that the President will be theoretically fit to run again, if his recovery progresses satisfactorily.

Dr. White's opinion has already become a sort of Republican slogan. And this sort of thing will quite certainly become more and more widespread and overt, as the President's health improves.

In fact, however, it is obviously unrealistic and even pretty shocking to continue the pressure on the President to seek another term. In the first place, the Republicans had portrayed it as a wicked act for President Roosevelt to seek a fourth term when he was not in tip-top physical condition.

Yet, when Roosevelt accepted the nomination, he was no more than a little wearied by the burden of his office. Contrary to common legend, he had had no warning heart attack or any other recent illness more serious than bronchitis.

Furthermore, he had just been certified as entirely sound by battalions of doctors, including the great and incorruptible Dr. Frank Lahey of the Lahey Clinic. And Roosevelt in 1944 was more than three years younger than Eisenhower will be in 1956.

It is an open secret that even before his heart attack, Eisenhower was reluctant to run, while his wife and son were bitterly opposed to his doing so. He had just about made up his mind that he would have to run, all the same, because of the continuous pleas by Gov. Sherman Adams, Chairman Hall, and almost everyone else around him that "it was his duty to finish the job."

By any honest assessment, in truth, the growing talk about the President running again in spite of his heart attack is nothing more nor less than a symptom of Republican disarray. The Republican leaders have no idea, for the moment, which way to turn or what to do or where to look.

Yet by the normal rules of politics, this Republican surrender to panic is almost ludicrously premature. The world's seemingly peaceful state may be phony or it may be real. But for practical political purposes, the Republicans in 1956 will still be able to use "peace" as one glorious plank in their platform.

Unless things go very wrong in the next 12 months, they will also be able to use "prosperity" as the other glorious plank.

Most political carpenters believe that a platform that has those two planks hardly needs any others. Why, then, does panic prevail?

The answer seems to be that the terrible misfortune of the President's illness has brought the Republicans face to face with the terrible folly of their own self-indulgence. Until now, they have left almost the whole task of vote-getting to the President.

They have not undertaken the hard and necessary task of transforming their party into an Eisenhower party. The proof of thier folly came to them in the 1954 Congression election, but they went right on relying on the President to win for them in 1956.

There is no visible reason, however, why the Republican leaders cannot now do what they ought to have done before. They have no right to plead with the President to run again.

A candidate who can be presented as a true Eisenhower man, a party that the country believes is truly an Eisenhower party—these are the only requirements the Republicans must fulfill, in order to regain their former confidence. And they are not impossible requirements to fulfill, either.

## Geneva, U.S. Prisoners Linked in Red Threat

Tokyo (U.P.)—Communist China hinted strongly today that the United States must agree to Communist demands to expand negotiations at Geneva if it expects to get back all of the American civilians still held by the Peiping government.

The hint of blackmail appeared in the official Communist newspaper, Peiping People's Daily. The paper's "observers" criticized American "stalling tactics" at Geneva. It also attacked U.S. refusal to discuss UN trade embargo of Red China, or a possible meeting of Chou En Lai and John Foster Dulles.

### France Shaken by Political, Diplomatic Crises

Paris—A series of major political and diplomatic crises racked France today, threatening its international position and periling the government of Premier Edgar Faure.

Open warfare broke out in Morocco; revolt threatened in Algeria; France recalled its permanent delegation from the UN; and relations with the Soviet Union were suddenly less friendly.

Informed sources said Faure and Foreign Minister Antoine Pinay were postponing a planned trip to Moscow. France is angry because the Soviets joined the nations voting in favor of UN debate on Algeria. This was the fuse that touched off the whole series of crises.

### Typhoon Hits Japan; Flood Threatens Tampico

Typhoon Marge roared toward the heart of Japan today and winds of 100 miles an hour were expected to hit one Japanese island late tonight.

Marge, 15th Pacific howler of the season, was expected to hit Shikoku island at midnight.

At the same time, storm-torn Tampico, Mexico, flooded through most of September, began reinforcing sandbag dikes today as a new rise in the Panuco river threatened to inundate the entire city.

Thousands of refugees just returning to their homes were met by the new threat.

### Union Committees To Meet Tonight

At least three subcommittees of the Student Union program council will meet tonight and the council will hold its regular meeting Tuesday evening, Bob Alexander, council adviser, announced.

The dance committee will discuss the forthcoming "Jazz at the Philharmonic" concert to be presented October 16. Other committees holding meetings will be those of promotion and of movies.

All three Monday evening meetings will be in the Temporary Student Union, and will start at 7:15 p.m.

# NU Breaks Jinx With 16-0 Victory

K-State's two-year jinx over Nebraska was stopped Saturday as the Huskers rallied for 16 points in the last half to take a 16-0 victory over the Wildcats.

The game was played on even terms the first half, as neither team could put together a sustained drive. The last half was a different story though as Don Erway, Nebraska's quarterback, put on a one-man show, he scored all 16 points for Nebraska.

Fumbles and penalties played a big part in the Wildcat's downfall as each time they started to drive down field they were stopped by a fumble or were set back so far by penalties that they had to kick.

The Huskers gained their first touchdown after recovering a Wildcat fumble on their own 22 yard line. The drive of 78 yards was covered in 12 plays. The scoring opportunities was set up when the Wildcats were called for pass interference on their own 4 yard line after the Huskers had attempted a fourth down pass with 10 yards to go for a first down. Erway bucked over from the 2 on the third try.

K-State took the following kick off on it's own 2 yard line and advanced to the Nebraska 26. At this point they were penalized 15 yards for holding but Nebraska declined the penalty as K-State had taken a 5 yard loss on third down and were faced with making 9 yards in one play. On the next play, Bib Whitehead attempted a pass to George Laddish, that went incomplete and Nebraska took over.

Two plays later Dick Corbin recovered a Nebraska fumble on the Nebraska 39 yard line but K-State relinquished the ball as Harry Johnson intercepted a Whitehead pass and returned it to the mid-field stripe. After gaining a first down on the K-State 25, the Huskers were held for 3 yards in 3 plays, then Erway toed the ball from the 30 yard line, for a field goal that put the Huskers out in front 10-0.

Whitehead took the following kickoff on the K-State 3-yard line and returned it to the 37, but on the second play the Wildcats were penalized 15 yards for holding and once again they were in trouble. Whitehead gained 14 of the 15 yards back on the next play but on the third down he was nailed for a 13 yard loss. Dick Allen went back to kick on fourth down but fumbles on a high pass from center and Nebraska recovered on the 3 yard line. Two plays later, Erway went over from the one yard line for the final score. His attempted point after touchdown was not good.

In the third quarter after the Wildcats had marched to the Husker 20 yard line, they fumbled on third down but recovered on the 31 yard line.

## Steve Eddy Wins Weekly Grid Poll

Steven Eddy, AH Jr, is this week's winner in the Piskin Prognostication contest. Eddy picked Nebraska to win over K-State 20-7. Not only was he closest in guessing the score but his total yardage for both teams was the closest. He had a total of 249 for the Huskers and 160 for the Wildcats.

COACH MERTES watches the action as Nebraska is making Saturday's grid game a gloomy one for the K-Staters.

## Five Shutouts Posted In IM Grid Games

Shutouts were the story in Friday's Intramural touch football games as five of them were scored in the eight game schedule.

Beta Theta Pi defeated Phi Delta Theta, 37-0, as Rich Wilbur, Hank Pierce, Les Brown, Jim Hall, and Bob Boyd scored for Theta Pi.

Curtis Eicher, Jay Reid, Lyman Goetsch, and Karl Lindemuth scored for the Brewster Boys as they shut out Rho Alpha 33-0.

Bill Setzekorn scored a touchdown for Pi Kappa Alpha as they downed Acacia 6-0.

The House of Williams defeated Y.M.C.A. 12-0 and the Jones Boys won 2-0 on a forfeit from Sigma Phi Nothing.

In other games, West Stadium eked out a 7-6 win over House of Breck and the Disciples Student Fellowship scored a 19-13 win over the Vets.

Games previously scheduled for play tonight have been postponed due to the weather, and will be played at the end of the season's schedule.
